BETTER ROADS FOR COUNTY OF CARBON

And Opening of Stage Line to Vernal Early, Is McKune's Good Word.

Better roads for Carbon county and the opening of the stage line through to Vernal July 1 is the good word brought from Price by Robert McKune, a commission man of the county seat.

"The reopening of the state line from Price to Vernal will be one of the best things that has happened to eastern Utah in many months," said Mr. McKune Friday. "Citizens of Price have been working for two years to re-establish the stage line, and, through the members of the Price Commercial club, a company has been financed to resume the operation of the line. In the last few years Price has lost a lot of business because the travel from Salt Lake to the reservation country was diverted by way of Mack, Colo. Carbon county will vote on a question of issuing bonds for road improvements in the near future and there is every indication that the measure will pass. The need for good roads is fully realized in our part of the state, and within a year we expect to have steel bridges, with concrete piers, on many of the principal roads of the county."

Mr. McKune is just starting to build a new warehouse at Price and building operations are active there. Real estate has advanced in value during the last year as the result of the rapid growth of the town, and the new electric light plant will be in operation next September.

TRIAL OF ALLEGED LAND FRAUD SUIT ON

The trial of the case of E. J. Gills against Jonathan Lovell and Thomas Homer was commenced before a jury in Judge Armstrong's division of the district court Friday. The action was brought to recover damages in the sum of $25,000 for alleged false representations made by the defendants to Gills in the sale of a farm near this city.

It is claimed by Gills that Lovell, who is his brother-in-law, and Homer represented to him that the farm was worth $5500 and that it had plenty of water for irrigating the land, and that there was a certain amount in orchard, whereas, he afterwards found, the land was worth only $3000 and there was not sufficient water for irrigating purposes and there was only half the amount planted in orchard which was claimed. He agreed to purchase it for $5000 on time and paid $1000 cash to bind the bargain.

Census Taker Ill.

Mrs. E. R. Harris, a member of the corps of census enumerators, became ill Friday and found it impossible to continue her work, and her place was taken by a substitute. The Ninety-sixth district was Mrs. Harris's district, and her work will be continued by Mrs. S. Locander, who was originally assigned to the Sugar House district and who has completed her work. The work of taking the census is progressing satisfactorily and the returns are coming in regularly.

Leader of Idaho Catholics Honored for Years of Service

Special to The Tribune.

BOISE, Ida., April 22.—Marking the twenty-fifth anniversary of his labors as bishop of Idaho and the Boise diocese, Right Reverend A. J. Glorieux celebrated in this city on Tuesday his silver jubilee, and in this was honored by the presence of many of the prominent pillars of the Catholic church in the northwest, including Most Reverend A. Christie, D. D., archbishop of Oregon; Right Reverend E. J. O'Dea, bishop of Seattle; Right Reverend Charles J. O'Reilly, D. D., bishop of Baker City, and Right Reverend John P. Carroll, D. D., bishop of Helena.

The services which marked the celebration were probably the most impressive ever participated in by the Catholic clergy in the Boise diocese. All due respect was accorded Bishop Glorieux for his hard and persistent labors in the Idaho field during the past twenty-five years, during which period the Catholic population increased from a straggling 2000 souls to 16,000. Bishop Glorieux is not only considered an ardent worker in behalf of his faith, but one of the most public-spirited men in the church. For years he has been closely associated, financially as well as lending personal service to the promotion of public enterprises.

The opening event in the jubilee day celebration was a pompous procession, in which the church dignitaries in papal colors of purple and gold took a prominent part. Aside from the clergy, the Sisters of Charity, 300 students of St. Joseph's and St. Teresa's schools took part in the procession, which formed before the handsome residence of the bishop. This celebrity wore his magna cappo, a great cape of real ermine, which he had only donned on one former occasion, the laying of the cornerstone for St. John's cathedral in this city. The procession proceeded to the cathedral, where a solemn high mass service was held, and due respect was paid to the bishop, the address of the day being delivered by Most Reverend A. Christie, archbishop of Oregon. The musical programme rendered was probably the most elaborate ever heard in this city.

The visiting clergy was banqueted at the Idanha hotel, the leading hostelry, in the afternoon, after which they were tendered a reception by the students and instructors of the Catholic schools in the city, and in the evening a dinner was served in their honor at the Commercial Club rooms, when city and state officials were present. The concluding event of the memorable day took place the same evening in the Odd Fellows' temple, when a public reception was held in honor of Bishop Glorieux by the Knights of Columbus. Addresses were given at this time by Right Reverend John P. Carroll, bishop of Helena, and Right Reverend J. C. O'Reilly, bishop of Baker City.

Other church dignitaries present were: Rt. Rev. Msgr. James Raun of Oregon; Very Rev. Victor Day of Helena; Very Rev. Emile Kauben, chancellor, Seattle; Rev. John Gulgman, superior of All Hallows, Salt Lake; Rev. R. A. Gleason, president Santa Clara college, California; Rev. P. M. Cushnahan, Ogden, Utah; Father Berthold, Cottonwood, Ida.; Rev. Cyril Van Der Donckt, Pocatello; Rev. Tom Purcell, Coeur d'Alene; Rev. Joseph Beusmans, Twin Falls; Rev. Hubert Post, Lewiston; Rev. Lambert Godschalx, Weiser; Rev. James Kelly, Sandpoint; Rev. A. M. Billian, Genesee; Rev. J. J. Martin, Baerlocher, Green Creek; Rev. Nic Fauchs, Idaho Falls; Rev. John Ries, Nampa; Rev. Fidol Vollebregt, Boise; Rev. J. D. O'Brien, Portland; Rev. H. A. Campo, Baker City; Rev. George De Stoop, Montpelier; Rev. Joseph Dryer, Nampa; Rev. Eugene Boogaers, Shoshone; Rev. W. Rompe, Potlatch; Rev. Reni S. Keyzer, Boise; Rev. Butler, Spokane; Rev. S. Sullivan, Butte; Rev. Father Lane, Albany, Or.

Bishop Glorieux is considered one of the most prominent leaders of the Catholic church in the west. It was twenty-five years ago last Tuesday when he entered the Idaho field to begin his labors, having been ordained by Cardinal Gibbons of Baltimore. He is a native of Dottignies, West Flanders, Belgium. He left his native land and came to America and the west, going to Portland in 1887, and immediately entered on his missionary work at Roseburg, having charge of that mission during the year 1868-69. He was then transferred to Oregon City and thence to St. Paul, or French Prairie, the cradle of the Catholic church in Oregon. On August 28, 1871, he founded St. Michael's college at Portland, of which he was made president, and there in the early life of his priesthood he acquitted himself with such ability that in 1884 he was appointed vicar apostolic of Idaho. He took part in the third plenary council of Baltimore as bishop-elect and was consecrated bishop April 19, 1885, by his eminence, Cardinal Gibbons, assisted by Archbishop Gross of Portland and Bishop Maes of Covington, Ky. He was appointed titular bishop of Appollonia, I. P. I., on March 3, 1885, by Leo XIII. He arrived in Boise, June 12, 1885, and this section has since been the field of his labor. There were then ten churches and two schools of Catholic parentage in Idaho. Today there are sixty churches, thirty-nine priests, 131 Sisters of Charity, eight parochial schools, with 1183 pupils; three hospitals, with 1000 patients, and many new churches in process of erection.

Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nervine. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS,
Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Dr. Miles' Heart Remedy is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money.

CONTRACTS LET FOR PRICE LIGHT PLANT

Capital Electric Company Here Wins From Field of Ten Bidders.

Contracts for the electric light plant to be erected by the town of Price were awarded to the Capital Electric company of Salt Lake Friday, and the local company will have the plant ready for operation by September 1.

This contract was won from a field of ten bidders and there were seven representatives of the various bidders on the ground when the contract was awarded. The plant will cost about $18,000 complete, including the building, and the electrical work to be done by the company will cost almost $15,000.

The electric contract calls for 150 kilowatt three-phase alternator and complete wiring of the town for light and power, with about 100 tungsten street lights. The power equipment will be a 150 horse power engine, and the Capital Electric company also will furnish plans for the building, the erection of which will be let as a separate contract.

BANK SUES DIRECTORS TO GET MONEY LOANED

Suit was filed in the district court Friday by the Merchants' bank against F. J. Leonard, F. U. Leonard, S. P. Armstrong, George R Collins and F. E. Lott, directors of the Utah Plaster Manufacturing company, to recover $371.78 alleged to be due for money loaned the company March 2, 1908, for the securing of a patent on its property in Juab county.

The complaint alleges that the charter of the company was revoked by the governor on account of its failure to pay the state corporation license tax for 1909, and it is asked that the directors make an accounting to the court as to the property of the company and that the claim be made a lien against the property. In addition judgment is also asked for $30 as attorney's fees.

BIG OIL FIRE FINALLY PLACED UNDER CONTROL

OAKLAND, Cal., April 22.—The boiling of the whirling volcano of burning oil, which has been sending up flames and smoke and threatening lives and property from the Standard Oil company's reservoir near San Pablo, has been tamed at last and the big force of firefighters promised that the monster will be under full control before tonight. Work of repairing the damage, estimated by the officials at almost $200,000, has already commenced.

The origin of the fire is still a mystery, but the suggestion of an incendiary source is denied by the company officials.

In this complaint Driscoll charges Dr. Gibson with mismanagement, misappropriation of certain funds, with graft, neglect and inhuman treatment of the patients. The report of the former supervisor has as yet not been investigated by the asylum board, but probably will be in a short time.
