GOTHAM TRADERS GROW CAUTIOUS

Acute International Situation Reacts on Market Causing Heaviness.

GERMAN EXCHANGE FIRM

Substantial Concessions From Quoted Prices Required in Order to Attract Purchasers.

New York, May 2.—Appreciation that the German controversy was drawing rapidly toward a stage of decision and that Mexican matters were becoming more ominous, entered largely into stock market calculations today.

The trading element was from the outset inclined to operate on the selling side because of the structural effect bound to be produced by the heavy realizing sales of the last few days, and because a rapid and extensive advance, involving a large retirement of short contracts, tends to overtax absorptive capacity. Quoted values were found to be somewhat vulnerable to attack in every direction. There was a sharp reduction in the volume of buying orders accompanying a manifest trend toward a decrease of trading activity, and purchases were only uncovered at fairly substantial concessions.

On the foreign exchange market the feature was the renewed firmness of German bills. The cables reported active efforts by the French government to mobilize securities of neutral countries so that they might be made available for deposits as collateral to secure loans negotiated here for the protection of the French exchange.

CHICAGO GRAIN MARKET.

Chicago, May 2.—Weakness took the place of strength today in wheat, and a quiet market replaced one of considerable activity. The promise for better weather and general seeding on the high lands of the Northwest caused an almost complete reversal of conditions. There were losses here of 1¾a2 and the two big Northwestern markets were 2 to 2¾ lower.

It was quite popular to secure available profits in wheat today and there was free selling on this account by private wire houses and the larger speculators. The smaller professionals sold all the wheat that could be absorbed. Great nervousness was again displayed by the trade, which generally was eager to follow any pronounced movement by the recognized leaders.

Corn and oats suffered losses of ¼a¾ and while the cash trade in corn was quite small at 30,000 bushels here, cash oats were fairly active with sales of 300,000 bushels at Chicago and 250,000 bushels at the seaboard.

FIRM PRICES ON LOCAL EXCHANGE

Bond Demand Is Fair But Stock List Is Slow—Rail Revival Is Looked For.

OTHER FINANCIAL NEWS

New York List Reflects Uneasiness Over German Situation—Studebaker Declares Dividend.

A fair bond demand and firm prices generally marked yesterday's action of the local stock exchange. The stock list was slow, Washington Gas being the only stock traded in. During the call 25 shares sold at 75 1-2, an advance of 1-2 point over the last previous sale, and after call a quotation lot sold at 76, and an odd lot at the same figure.

Traction 5s reached a new outside price for the year, being traded in at 17 1-4, and Potomac cons. 5s were traded in to a face value of $5,000 at 100 1-2 to 100 5-8. Railway 5s were firm at 89 5-8, and Georgetown Gas 5s made a new high at 104 1-4.

Rail Revival Expected.

The rail department is expected to assume a more prominent position in the general list, as a better class of buying has been developing for several days in that class of securities. New York Central is being watched for a rise on the strength of big earnings and a probable increase in dividends. Strong interests are said to be concerned in accumulating the stock.

New York Market Uneasy.

The New York list reflected uneasiness over the German situation yesterday and over the fear that the Berlin attitude would seek a continuation of temporizing and delay in settling the submarine controversy. The report that the King of Spain would be asked to arbitrate the differences between Germany and the United States was regarded in a decidedly unfavorable light, as threatening more and long drawn-out and inconclusive negotiations.

Studebaker Declares Dividend.

Studebaker declared its regular dividend yesterday.

Bank Officials to Be Guests.

Officers, directors and employes of the District National Bank will be guests of Gerson Nordlinger, a director of the bank, at a good-fellowship dinner at the Continental Hotel tonight.

Next week President Robert N. Harper, of the District National; C. J. Goeckeler, and Otto Praeger will be guests of Lewis Holmes on an automobile trip to Hot Springs, Va., and return, spending two days at the resort.

Railway Dividend Declared.

The regular quarterly dividend of 1 3-4 per cent has been declared by the directors of the Washington Railway and Electric Company, on the common stock to shareholders of record May 15. Books will be closed May 15 to 17, inclusive, and payments will be made June 1.

The balance of the last semi-annual dividend on the preferred shares will be paid at the same time, as well as the quarterly on stamped shares.

BALTIMORE STOCK MARKET.
