INVALID SOLDIERS.

SURGEON GENERAL'S OFFICE,
Washington, January 31, 1863.

It being reported that various parties have obtained money from invalid soldiers under the pretence of assisting them to their discharge from the service, notice is hereby given that certificates of disability for discharge to soldiers in general hospitals and camps are only given by the surgeon in charge of such hospital or camp, and the obtrusive efforts of persons claiming to be special agents retard instead of hasten the preparation of discharge papers. All soldiers are warned against giving money on such pleas to any person whatever.
By order of the Surgeon General:
JOSEPH R. SMITH, Surgeon U. S. Army.

WAR DEPARTMENT,
WASHINGTON, January 25, 1863.

In consequence of the pressure of business at the War Department, passes for citizens to visit the Army of the Potomac will be given at the office of Lieut. Col. CONRAD, 132 Pennsylvania avenue above Nineteenth street.

DEPARTMENT OF STATE,
WASHINGTON, January 25, 1863.

NEW AND IMPROVED INVENTION
OF
ARTIFICIAL CHEMOPLASTIC BONE TEETH
WITHOUT METAL PLATE OR CLASPS.

DR. S. B. SIGESMOND,
310 Broadway, New York; 260 Pennsylvania Avenue, between 13th and 14th sts., Washington.
Calls the attention of the public to the following advantages of his improved system:
1. The Teeth of his manufacture will never change color by any acids being three fourths lighter than any other.
2. No teeth or roots need be extracted, as the artificial ones can be inserted over them.
3. The roots will be made inoffensive, and never to ache.
4. No temporary teeth are needed, as permanent ones can be made immediately, thereby preserving the natural expression of the face, which under the old system is frequently disfigured.
5. This work has been fully tested over five years by many of the first chemists and physicians of this country.
Dr. S. has also invented a white indestructive metal filling, with which the most sensitive teeth can be filled without pain, and can build up a perfect, sound tooth on any side roots, which will last throughlifetime.
The best of references given—Dr. F. Mott, Dr. Doremus, Professor of Chemistry, N. Y.; Hon. Judge Wayne, of the Supreme Court of Washington, and thousands of other.

TO ALL WHO HAVE FRIENDS IN THE ARMY

Members of Congress, Soldiers' Aid Societies, clergymen editors and others are respectfully requested to aid in disseminating the following notice, which is of interest to all who have friends in the army:

DIRECTORY OF THE HOSPITALS.

The Sanitary Commission have made arrangements for supplying information with regard to patients in the United States General Hospitals at the following points: (others will be added.)

Eastern Departments.—For information, address "*Office Sanitary Commission, Washington, D. C.*"
Washington, Point Lookout,
Georgetown, Annapolis,
Alexandria, Baltimore,
Frederick City.

Western Departments.—For information, address "*Office Sanitary Commission, Louisville, Ky.*"
Cincinnati, Danville,
New Albany, Perryville,
Louisville, Bowling Green,
Covington, Gallatin,
Lexington, Nashville.

Information will, under ordinary circumstances, be given gratuitously to any one applying for it, in answer to any or all of the following inquiries. If the application is by letter, the answer will be sent by return mail; if in person, it will be answered at once:
1. Is —— [giving name and regiment] at present in the hospitals of ——?
2. If so, what is his proper address?
3. What is the name of the surgeon or chaplain of the hospital?
4. If not in hospital at present, has he recently been in hospital?
5. If so, did he die in hospital and at what date?
6. If recently discharged from hospital, was he discharged from service?
7. If not, what were his orders on leaving?
More specific information as to the condition of any patient in the District of Columbia hospitals will be furnished within twenty four hours after a request to do so is received at the Washington office.
The office of the Directory will be open daily, from 8 o'clock a. m. to 8 o'clock p. m., and in urgent cases applicants ringing the door bell, will be received at any hour of the night.
Much inconvenience has arisen where visitors have been given direct access to the record books themselves; this practice will hereafter be discontinued, nor can lists of wounded in hospitals by States, counties, regiments, or otherwise, be hereafter furnished from these records.
The Sanitary Commission, under special authority from the President of the United States, maintains an extensive system of agencies for securing the safe conveyance to and distribution of goods put in its charge for the sick and wounded at points where they are most wanted. It operates with equal care and generosity at all points—at New Orleans and at Washington, before Vicksburg and at Nashville—its distributions being governed by a comparison of the wants of the patients in all cases. To ascertain the relative character of these wants in a trustworthy manner, and to secure an equitable distribution and honest use of the goods distributed, besides the unpaid services of the members of the Commission, twenty physicians of high professional and moral character and more than fifty lay agents are employed, under pecuniary securities for responsible and efficient service. The cost of these arrangements have thus far been about 3 per centum of the value of the goods distributed. The Commission has not been able to obtain authentic evidence of losses, miscarriage or misappropriations, to the value of one dollar in ten thousand of goods which have been once received at its shipping depots. The following are the names of these depots, to which auxiliary societies and all disposed to aid the sick and wounded, without reference to States or localities, but simply to their relative necessity or assistance, are invited to send their offerings:
Sanitary Commission, Branch Supply Office, 22 Summer street, Boston, Mass.
Sanitary Commission, Branch Supply Office, 10 Third Avenue, New York.
Sanitary Commission, Branch Supply Office, 27 South Sixth street Philadelphia, Pa.
Sanitary Commission, Branch Supply Office, Bank street, Cleveland, Ohio.
Sanitary Commission, Branch Supply Office, Chicago, Ill.
Sanitary Commission, Branch Supply Office, Louisville, Ky.
The Commission receives no pecuniary aid whatever from Government, and is wholly dependent on the voluntary contributions of the public for the means of sustaining its operations. Contributions to its Treasury are solicited, and may be transmitted to GEORGE T. STRONG, Esq., Treasurer, 68 Wall street, New York.
The names of the following gentlemen, commissioners of the President of the United States, are pledged to the public for the economy, integrity and efficiency with which whatever is entrusted to the Sanitary Commission will be administered:

H. W. Bellows, D. D.	George T. Strong, Esq.

TELEGRAPHIC NEWS.

[ASSOCIATED PRESS DISPATCHES.]

FROM EUROPE.

NEW YORK, March 2.—The steamship Kedar has arrived with dates from Liverpool to the 18th ult., and telegraphic dispatches from London of same date.

A Leembourg dispatch of the 17th ult., reports that the pickets of the insurgent Poles and Russians were in close proximity near Michord, and a battle was expected hourly. A dispatch of the 15th says the Russians had withdrawn, and a battle had not taken place.

The insurgents had captured several places, in one of which thirty-nine Cossacks were killed out of a garrison of two hundred.

The insurgents had also captured some Russian dispatches—one accusing Austria of instigating the movement, and another from the Grand Duke Constantine, stating his resolution not to abandon the course he has followed.

A Shanghai dispatch of January 16th says Bulgevitch has been dismissed from his command. He was Gen. Ward's successor. The Russian fleet will remain at Minnin, expecting the French troops to be withdrawn. It was reported that the seige of Nankin had been abandoned. There was no further particulars of the rebellion at Saigon.

The Latest.

LONDON, Feb. 16.—The Times argues that it is clear that the blockade at Charleston was not raised, and says there was not even an intermission.

The Post takes the same view, and says that the suspension of the blockade for a few hours did not terminate it, nor did it impose upon the blockading power the necessity of giving fresh notice to neutral States of the intention to blockade.

It is reported that the Emperor of Russia will visit Paris in the spring. The object is said to be to have an understanding with Napoleon as to common action in Belgium after the demise of the King.

The Liverpool Post announces the arrival of the Sumter in the Mersey.

There is no later commercial news.

Depredations of the Privateer Florida—Burning of the Ship Jacob Bell.

HALIFAX, March 2d.—The steamer Delta, from St. Thomas, Bermuda, on the 25th ult., has arrived here.

She reports that on the 12th of February, in lat. 24, long. 65, the privateer Florida captured and burned the ship Jacob Bell, from China for New York. The Jacob Bell had 1,000 chests of tea on board. Her passengers and crew were transferred to a Danish vessel and arrived at St. Thomas on the 19th of February.

Mrs. Williams, Mr. Johnson, and two Mr. Bells, passengers on the Jacob Bell, arrived here in the Delta.

The cargo of the Jacob Bell was valued at a million and a half of dollars.

The U. S. steamer Alabama left St. Thomas on the 16th of February, in search of the Florida.

The steamer Columbia ran the blockade at Wilmington, N. C., and arrived at St. George's with a cargo of cotton and tobacco. The Colonist reported the arrival at Wilmington of the steamer Giraffe.

The Cargo of the Jacob Bell.

NEW YORK, March 2.—The cargo of the Jacob Bell was chiefly for English account, and was valued at 260,000. It was insured in England and New York. The government is a heavy loser, as the duties would have been $[illegible].

FROM MURFREESBORO.

The Rebels to Contest the Further Advance of the Federal Army.

MURFREESBORO, Tenn., Feb. 27.—[Dispatch to the Chicago Times.]—The severe rain storms of the past week have not only put the roads in worse condition than before, but have washed away two railroad bridges between Murfreesboro and Nashville. It will take several days to repair damages, and meanwhile our railroad communication with the latter city must remain broken.

Nothing has yet transpired which looks like a forward movement. Our forces are still engaged as heretofore, with no immediate prospect of entering upon active operations.

The amount of sickness is not very considerable, the prevalent diseases being those induced by the peculiarly variable weather of this climate within the past few days.

Reports have been received from the enemy indicating his intention to contest the further advance of this army. Van Dorn's forces, from Northern Mississippi, now occupy Columbia; while a third column sends out reconnoissances almost daily from Woodbury, on our left. Nevertheless, it is predicted in official places that the enemy will not be the first to assume the offensive movement.

The entrances of contrabands into our camps are far less frequent now than formerly. They are very scarce, and the rebels seem to be removing the slaves southward. Of course enormous numbers are at work on their defences at Tullahoma and Chattanooga.

BRILLIANT AND SUCCESSFUL DASH ON TUSCUMBIA.

The Rebels Routed and the Town Invested.
