PHENOMENAL SUCCESS

A cause for the great popularity of THE BAKER SHOE FOR GENTLEMEN FOR

$5.00.

New ideas and inventions are being introduced every day for the personal comfort of mankind. Indeed, 'tis marvelous to contemplate the changes which have occurred within the past decade in every department in life. People expect and demand today that any article they purchase, whether for home use, wearing apparel, or even covering to their pedal extremities, shall be made of the best, consequently we find manufacturers vieing with each other in their respective branches of trade, who will obtain the great share of public patronage.

In no business is this more manifest than in the manufacture of shoes, and although there are good points in every well made shoe, undoubtedly the most popular shoe made today for $5 is

—Because neither his form nor his voice is built in that wise, and you cannot, therefore, expect it of him. Yet many housekeepers continue trying to make good, light, white bread out of inferior flour and do not realize that their lack of success lies in the fact of its being utterly impossible to make anything good out of bad material. If you will use "Ceres" Flour your bread will be the best, for it is conceded that "Ceres" Flour makes "more" bread, "better" bread, "lighter" bread and "whiter" bread than any other flour in the world. NEW.

That's our name.

We've always something new, natty and nobby—

For whatever is or is to be

Is "robbed up" by Victor E.

A result of being on the inside and in touch with those who fix the fashions and furnish pointers to the favored few. Because a Suit of Clothes is sold at

$7.50

Is no reason why it should not be as stylish in cut as one which costs many times that amount, for the simple reason that they are cut from the same patterns, designed and fashioned by the same artists. At least this is so in our case. We cannot speak for others. Our artist and designer receives as much salary as any member of the United States Congress, and whatever the cost of a suit of clothes purchased from us, whether

$7.50, $10, $12.50, $13.50, $14.50, $15, $15.50, $16.50, $16.75, $17.50, $17.75, $18.75, $19, $20.50, $22.75, $23.50, $24.50, $25.00, $29.00 or $30.50.

You'll find the cut and fit just the same, the difference of cost being in the materials, make and finish.

The same rule applies to all suits of clothes in our BOYS' AND CHILDREN'S DEPARTMENT.

A Child's Suit at

$3.00

Will fit as well as one which costs five times that amount

A Boy's Three-piece Suit at

$5.00

Will fit as handsomely as one which costs four times five dollars.

In fact, the rule holds good all the way through, but you will find it exemplified more strongly in our

MEN'S PANTALOONS DEPARTMENT

Than in any other. It is comparatively an easy matter to fit a man with coat and vest, but when it comes to Pantaloons—ah! "there's the rub." We want to say to all snickers after a perfect fit in Pantaloons that we've got 'em to fit all shapes, and when you shall have failed at all other points come here. We'll fit—not only your person, but also your purse. A simple sidelong glance in our windows will open your eyes to the fact that we carry the handsomest and richest variety of Men's Pantaloons ever shown in this city.

BUTTER FROM THOSE WHO KNOW "HOW" TO MAKE IT.

Our butter is made in the most scientific manner from milk and cream of registered Alderney cows and in the "acme" of perfection in butter making. If we depended on "Tom, Dick and Harry" for butter we would have many different qualities to offer you, some fair—for there are very few outside of a "monopoly" who know how to make good butter. We sell best "Gunewicke" at 30c, "Elm" and 40c per lb. "Alwyn" Print at 45c and "Elgerman" at 50c, boxed at 50c. Delivered daily, in any quantities.
