YESTERDAY'S GAMES.

Pittsburg and Brooklyn split even. Ward consented to play two games yesterday at Pittsburg with the understanding that the first would be protested to test President Young's ruling on section 45 of the constitution. Pittsburg won the first after a close tussle. In the second Inks allowed the home team only one hit. Galvin retired after the fourth inning and Camp came in. Rain stopped the game at the end of the eighth. Attendance, 3,900. Score:

Pittsburg	0	0	1	1	0	2	0	0	0	—4
Brooklyn	0	0	0	0	1	0	0	1	1	—3

Batteries—Pittsburg, Baldwin and Mack; Brooklyn, Hart and Daly. Base hits—Pittsburg, 6; Brooklyn, 7. Errors—Pittsburg, 3; Brooklyn, 4.

SECOND GAME.

Pittsburg	0	0	0	0	0	0	0	0	0	—0
Brooklyn	3	1	0	2	0	2	0	0	0	—8

Batteries—Pittsburg, Galvin and Camp and Earle and Mack; Brooklyn, Inks and Daly. Base hits—Pittsburg, 1; Brooklyn, 10. Errors—Pittsburg, 7; Brooklyn, 3.

Boston, 3; Chicago, 0.—Staley pitched a great game yesterday at Chicago and received perfect support, shutting out the Colts without a ghost of a chance to score. Only one of Capt. Anson's men saw second and but six of them reached first. Long, Cooney, Canavan and Kittridge carried off the honors. Weather threatening. Attendance, 1,100. Score:

Chicago	0	0	0	0	0	0	0	0	0	—0
Boston	1	0	0	0	0	1	0	x		—3

Batteries—Chicago, Hutchinson and Kittridge; Boston, Staley and Ganzel. Base hits—Chicago, 3; Boston, 6. Errors—Chicago, 3; Boston, 0.

Louisville, 4; Baltimore, 0.—Stratton was very effective against Baltimore at Louisville yesterday, letting them down with four hits. The home team hit Buffinton when hits meant runs. Several hard showers during the day put the grounds in bad condition and kept the attendance down to 1,100. Score:

Louisville	0	0	0	0	3	0	1	0	0	—4
Baltimore	0	0	0	0	0	0	0	0	0	—0

Batteries—Louisville, Stratton and Dowse; Baltimore, Buffinton and Robinson. Base hits—Louisville, 12; Baltimore, 4. Errors—Louisville, 1; Baltimore, 1.

NOTES.

The game at Cincinnati yesterday was called at the end of the second inning on account of rain. The score then stood New York, 4; Cincinnati, 4.

The Cleveland-Philadelphia game was postponed owing to wet grounds.

It is said that the Wagners will drop a couple more of their high salaried men.—[Philadelphia Inquirer. Why good men should be dropped to reduce expenses after the generous patronage of the home team by the Washington public no one can tell. It is to be hoped that the report is not true.

Radford will not play Sunday games, and hereafter Manager Irwin says he will take Radford's place in games on the seventh day.

Chicago has released Pitcher Meakim. He is speedy, but wild.

The eastern clubs will begin another series in the west today—Baltimore in Chicago, Washington at Cleveland, Philadelphia at Pittsburg, New York at St. Louis, Brooklyn at Cincinnati and Boston at Louisville.

Rhines has been laid off without pay by Cincinnati.

Terry of Brooklyn has yet to pitch his first game of the season.

The Cleveland Plain Dealer says: "Buck Ewing, in the two games here, demonstrated that he cannot throw, or dare not."

President Mulcahey of the Rochester club has telegraphed Mr. Waltz that he wants Shoch if Baltimore releases the player.

Glasscock is accorded a warm (?) support by the St. Louis press. One paper has this mock advertisement in its columns: "For sale or exchange—The king of shortstops. Postage stamps taken in exchange for the chromo. Bids from minor league clubs invited. No offer refused. Address C. Von der Ahe."

A bill to prohibit Sunday ball playing has been introduced in the Kentucky legislature. It is regarded as probable that Jefferson county, in which Louisville is situated, will be exempted from the provisions of the act if possible.

Gaffney will allow Irwin to coach, but only while the Washingtons are at the bat.

Ned Crane will not last very long under Manager Powers. His releases, along with Bassett's, is hourly expected by the New York cranks.

Inks, who pitched the second game against Pittsburg for the Brooklyns yesterday, allowed his opponents but one safe hit. Inks is one of Manager Wardle's youngsters.

Manager Selee of the Bostons recognizes the fact that the veterans do not get in condition as soon as the youngsters. Consequently Bennett will not go behind the bat yet awhile. By the bye, it is rather funny to refer to Kelly and Ganzel as "youngsters."

It was only by Browning's sensational catch in left field that the Baltimores were kept from scoring at least three runs yesterday. With two men on bases he ran up the benches and saved a high fly which seemed good for a home run. Stratton pitched great ball, while Shoch played the best game of the Baltimores.

As a matter of fact Hardie Richardson played third as well as any one who can be secured. His release will be found to be one of the blunders of the season.

Here are the fielding averages of the six second basemen of the six eastern club teams made in the games of the April home and abroad campaign:

The Law of Torture.

The Anthropological Society of Washington held a meeting in the lecture room of the Columbian University last night to listen to the annual address of the president of the society, Dr. James C. Welling. The subject upon which Dr. Welling discoursed for an hour or more was "The Taw of Torture—a Study in the Evolution of Law." He gave an exhaustive review of the code of laws in force in earlier centuries, under which people were put to torture to make them confess their crimes. He described in detail the rules governing the prosecution and defense of such cases and the conditions under which torture could be applied.

Ten houses in Mount Sterling, Ky., were destroyed by fire Sunday. The post office and Gazette building were burned. The total loss is $65,000.

Some are still to be discovered, but the world's standard remedy for fatty degeneration, rheumatic gout, constipation, indigestion, offensive breath, &c., is Nature's Remedy, pure and simple, and is called Carlsbad Sprudel Salts, the evaporation of the Carlsbad Water, bottled by the city of Carlsbad for American use. The genuine have the signature of "Eisner & Mendelson Co., N. Y., Sole Agents," on every bottle.

FOUR FAVORITES WON.

Unsatisfactory Method of Placing Odds in the Last Race—Yesterday at Benning.

Five races were run yesterday at the Benning track, and in four of them the favorites won. But for the declaration of Mr. Lewis to win the steeplechase with Delaware his Futurity would have gone to the post the strong favorite, which he justly should have been. As it was Delaware was never dangerous, and Pines on Futurity, seeing that, was compelled to head off Pat Oakley. Mr. Lewis' declaration cost the public some little money, but the public should remember that a declaration to win is conclusive of nothing, especially in jumping races. The two horses should have been sold together, but there is no rule of the club compelling such a thing to be done.

The remaining races were not very spirited contests, the successful horses winning with little or no effort. During the meeting there has been some complaint made to the judges of horses not trying, but it has been very evident that, taken as a whole, the various events have been truly run. No doubt there have been several instances where horses entered have simply been out for work, but this is true of every race meeting. It can be said of the judges of the present meeting that they have been unusually alert and that they vigilantly investigated every complaint made. That no complaint has yet been substantiated is the best evidence in the world that the meeting has been remarkably free from jobs, and the management should feel well satisfied with its conduct of the meeting.

In the opinion of many of its patrons, however, the club made a mistake yesterday when it divided the grand stand off by means of a railing into two sections, one for the general public and the other for club members and their friends. It is well enough to reserve the club house, but the whole grand stand should be free to the public, and the first come should be first served. It is upon the general public that the club mainly relies for support, and its complaint yesterday because of this action on the part of the club was as just as it was general.

The first race was a six-furlong dash for three-year olds and upward, and but four started, Mary Stone having been scratched. Daly's Dalsyrian was made an overwhelming favorite at 1 to 3, and, ridden by Lamle, won as he pleased from St. Mark by a length, Foreigner third, fifteen lengths behind. Time, 1.15¼.

Betting: Dalsyrian, 1 to 3; St. Mark, 3 to 1; Foreigner, 30 to 1; Lillie K., 20 to 1.

A selling dash of six furlongs was the second event and eleven $500 platers answered the bugle. Hemet was rightly made the favorite, and, ridden by Kuchenbeck, with the odds of 3 to 10, had no difficulty in cutting down his field, beating Necktie by four lengths, she two lengths in front of Wanderer II. Time, 1.15.

Betting: Hemet, 7 to 10; Wanderer II, Necktie and Jewell II., each 20 to 1; Absconder, 4 to 1; Ray, 7 to 1; Ely, 10 to 1; Martel, 8 to 1; Fireworks, 50 to 1; Pembroke and Maggie B., each 100 to 1.

An owners' handicap at a mile and an eighth brought out five, Larchmont being scratched for the next race. Daly's Lepanto closed the favorite at 8 to 5, but both Frontenac and George W. were well backed. My Fellow went to the front at the stand and set a merry pace to the half, where the favorite, ridden by J. Lamle, assumed command and never after relinquished it, easily beating Frontenac by a length and a half, Believue three lengths behind. Time, 1.55¾.

Betting: Lepanto, 8 to 5; Frontenac, 13 to 5; George W., 5 to 2; Believue, 6 to 1; My Fellow, 20 to 1.

The fourth race was a selling dash of a mile, for which five started. Larchmont, ridden by W. Midgely, was an equal favorite at 6 to 5 with Eric, and beat him by a length and a half, Mr. Sass six lengths behind.

Betting: Larehmont and Eric, each 6 to 5; Dr. Wilcox and Lallah, each 5 to 1; Mr. Sass, 6 to 1.

A steeplechase over the full course closed the day's sport, and seven started. Mr. Lewis rode his mare, Delaware, and declaring to win with her she was made an 11 to 5 favorite. Futurity, however, ridden by Pines, always held the race safe for the stable and finally won by a length from Pat Oakley, he three lengths ahead of Return, who ran a very clever race. Stonewall bolted just after clearing the water jump. Time, 4.19.

Betting: 2 to 1 each, Grey Gown and Delaware; 3 to 1, Return; 4 to 1 each, Elphin, Futurity and Pat Oakley; 7 to 1, Stonewall.

It isn't the usual way—it's just the reverse—to pay a patient when you can't cure him. Nevertheless, that's what's done by the proprietors of Dr. Sage's Catarrh Remedy. They promise to pay you $500 if they can't cure your catarrh, no matter how bad the case. It isn't mere talk—it's business. You can satisfy yourself of it, if you're interested. And you ought to be, if you have catarrh. It's faith in their medicine that's behind the offer.

It has cured thousands of the worst cases, where everything else failed.

You can be cured, too. If you can't, you get the money.

They're willing to take the risk—you ought to be glad to take the medicine.

It's the cheapest medicine you can buy, because it's guaranteed to give satisfaction, or your money is returned.

You only pay for the good you get. Can you ask more?

That's the peculiar plan all Dr. Pierce's medicines are sold on.

THE EIGHT-HOUR LAW.

Representative Tarsney Submits a Report on the New Bill.

Mr. Tarsney of Missouri yesterday presented to the House a report on his bill relating to the limitation of the hours of daily service of laborers and mechanics employed upon public works of the United States and the District of Columbia constituting eight hours as a day's labor. The report says that the bases of the movement looking to shortening of the daily hours of service of those engaged in physical labor are: First, to give needed opportunity for physical recuperation; second, to afford such laborers opportunity for the enjoyment of the society of their families and for social and intellectual improvement; third, in an overcrowded and congested labor market by expanding the opportunities for obtaining employment, giving a more general and more equitable diffusion to the wage product of the labor of such market.

Congress, says the report, adopted the eight-hour principle in 1868, but it was almost universally disregarded and evaded by officers of the government. The measure herewith submitted, it is thought, will secure a practical enforcement of the purpose intended to be secured by the act of 1868. It limits the service and employment of all laborers and mechanics employed by the United States government or by the District of Columbia or by contractors or subcontractors upon public works to eight hours in any one calendar day. The bill differs in several respects from the act of 1868—one, that it imposes penalties for violation and thus provides for its enforcement.

The Cruise of the Bear.

The revenue steamer Bear arrived at Seattle yesterday and will remain there until the arrival of her instructions, which were mailed at Washington yesterday. The Bear will carry supplies for the refuge station at Point Barrow, Alaska, and will then proceed to the Siberian coast and get a supply of reindeer for introduction into Alaska. Later in the season the Bear will assist in the work of keeping poachers out of Bering sea.
