IS IT RESILIENT?
We have received from the GORMULLY & JEFFERY MANUFACTURING CO. a sample rim and tyre, illustrating their new pneumatic. It is an extremely neat and well made article. It looks well and handles well. It has great resiliency—dropping the inflated tyre from a height of four feet, it rebounded to exactly three inches of the height from which it was dropped, showing that the amount of force lost is infinitesimal. The tyre is by no means heavy, indeed it is light, and the valve is simplicity itself. There is a non-return valve in the pump, and the air is kept in by cross pressure on the tube applied in an extremely simple and ingenious manner.—*The Cyclist, Coventry, Eng.*

CUSTOM TAILORING AT READY-MADE CLOTHING PRICES.
Join the stream.
Many are buying two and three suits.
Some a suit and two or three pairs of trousers.
As we said before, we are taking more pains now to turn out every garment in a *perfect manner* than we did previous to the sale.
All cloths are thoroughly shrunk before cut. Did you ever get caught in the rain with a ready-made suit on and have it shrink and shrivel? One of their worst faults.
A tailor-made suit will keep its shape and look "dressy" as long as a piece of it remains.
The marvelously quick growth of this business would seem to prove that the *best results* in tailoring abounds here—best for you particularly.
Having outgrown this corner we are having erected for us a magnificent building on the corner of 12th and F sts.—to which we hope to move about Aug. 1.
Meanwhile every dollar's worth of stock now on hand must be sold—and is being sold—at reductions ranging from 10 to 33 per cent—according to desirability.
You take no chances—*run no risks*. If the clothes do not fit you will not be asked to take them. *'Twill be our loss*—not yours. Suppose you drop in for a look.

DANENHOWER'S 42D GRAND COMPLIMENTARY REAL ESTATE EXCURSION TO CUMBERLAND, MD.
NEW B. AND O. SHOPS AND YARDS, ADJACENT TO THE B. L. AND L. CO. LOTS.
The Baltimore and Ohio Railroad Company, recognizing the importance of Cumberland as a distributing point for the large territory lying around, and the further fact that the location made it desirable as the terminus of three of its divisions, namely, the second, third and Pittsburg, proposed to the mayor and city council of Cumberland that in consideration of the loan of $150,000, without interest, by the city, the company would make Cumberland the end of the above divisions and in addition would purchase a large tract of land within the city limits, upon which they would erect machine shops and round houses. The proposition was submitted to the voters of Cumberland on the 17th of June last and was carried by a majority of four to one, showing that the people of Cumberland appreciated the vast importance of securing these improvements.
The company has purchased ninety acres of land, upon which will be erected their yards and shops. The Baltimore and Ohio proposes to make Cumberland the Altoona of their road and are constructing a road that will contain trackage for 3,000 cars, which, in addition to the yards already here, will give the company splendid facilities for the handling of the immense traffic. The shops will be constructed after an improved plan of the Pennsylvania railroad shops at Altoona, Pa., and will give employment to 1,500 men. The train and other railroad men, numbering at least 1,000 additional, will necessarily make their homes in Cumberland. From these sources alone an increase of population is confidently expected of 6,000 to 8,000. It necessarily follows that the addition of this population to Cumberland will bring others, of all professions and trades, and it is safe to predict that the building boom during the years 1892 and 1893 will assume immense proportions.
THE HUMBLAND AND IMPROVEMENT COMPANY will have their first great public sale of lots on WEDNESDAY and THURSDAY, JUNE 8 and 9, 1892. A special train of six cars will carry a limited number of invited guests and all applications must be made to Mr. WASHINGTON DANENHOWER, Real Estate Broker, corner 13th and G sts.

WASHINGTON, D. C., May 27, 1892.
Members of the furniture, carpet and upholstery dealers of Washington met in held this day at the establishment of Mr. Wash B. Williams, the following named gentlemen being present: H. A. Linger, Wash. B. Williams, Wm. Lindsay, H. O. Towles, H. Burkhart & Son, George Breitbarth, W. H. Houghton, W. H. Hoeke, F. Petersen, Alex. Milne, S. Shoman, C. Sinnstein, John Purdum, John Lansburgh, Peter Grogan, House & Hermann and I. M. Long. Mr. W. B. Williams was called to the chair and W. H. Hoeke elected secretary. The following resolutions were unanimously adopted:
Resolved, That while we bow with obedience to the will of Almighty God, we deeply deplore the sudden death of W. B. Moses, one honored member and associate in the furniture, carpet and upholstery industry of Washington. We shall miss as time throws its shadows more and more in coming years, his far-sightedness, frankness, energy and his faith in Washington, which stirred us each to greater efforts, and to him our industry owes its greatest accomplishments.
Be it further resolved, That we attend his funeral in a body at the Metropolitan Church, corner 4½ and C streets, Sunday, May 29, 1892.
And be it further resolved, That we wish to extend our heartfelt sympathies to the bereaved family of our esteemed brother, and that a copy of these resolutions be published in the Post, Evening Star, Carpet Trade and Cabinet Maker, publications of New York and Philadelphia, and that a copy of these resolutions be tendered to the family of the deceased. 1t

THIS IS TO NOTIFY THE PUBLIC THAT yesterday I had stolen from my possession a promissory note for $5,000, bearing date on May 27, 1892, made to the order of and indorsed by C. E. Hoover. All persons are warned against receiving the same, as the present holder came into possession of it without paying value. SAMUEL S. HOOVER,

MIRABILIA CIGARS.
The Mirabilia 5c. Cigar was an immediate success when it was put on the market. There are now a great many imitations of it. The same shape, style of packing; in fact, the same everything except good tobacco. The imitators cannot afford to use the high class of Havana that is used in the manufacture of the MIRABILIA CIGARS. Do not be deceived.
Nothing Succeeds Like Success.
