DEMOCRATIC ADDRESS.

The Present "The Most Happy Epoch in the History of Utah."

DEAD ISSUES TO BE DISCARDED.

An Earnest Appeal to Forget the Unpleasant Past and Work for the Future.

The Democratic committee appointed to formulate and issue an address to the people of Utah met last night to carry out the instructions of the Territorial central committee. The following is a result of their labors:

TO THE PEOPLE OF UTAH.

"The Democratic party hails with delight this the most interesting and happy epoch in all the history of Utah. Every omen and auspice as we confidently believe for the force complained waged in the past and carried into every phase of our local life, social and political, has passed away—is buried beyond the hope resurrection. That conflict, whatever may have been the standpoint of those engaged in it, was freighted with many manifest evils. It sullied the reputation of our Territory; it darkened the annals of our history; it impeded our growth and prosperity; it disturbed the peace and destroyed the happiness of our people.

"When the natural person had passed through a stage of fever and delirium, upon restitution to health the kindly hand of nature wipes away all memory of the painful thoughts that harrowed the brain and racked the body, and sends us forget the past and work for the future.

"Let none, and especially no Democrat, cling to the dead leaves of the past, nor upon such basis give aid to those who would keep up what at best can be but a petty, malignant and ignoble strife.

"The Democratic party invites you to a wider and nobler field of political action.

"Not only Utah, but the entire nation will be the battle ground.

"The cause to be espoused is that of Democracy. The vital, immortal principle to be promoted consists in the spirit of freedom; the principle which has in every condition of good or ill fortune infused life and hope and vigor in its adherents during a century of political contests waged against the usurpation of power and to preserve the union in integrity within the channels marked out for it by the framers of the Constitution. The party that has stood by the liberties of the people, for equality and justice; that has kept guard, and by virtue of the tenth amendment of the Constitution, to see that the administration of the federal government should not, by means of loose and irrational construction, overstep the sacred boundaries of national power; the party that has ever stood arrayed against special privileges, monopolies and unjust taxation, which has opposed to all such political heresies the immortal principle of 'equal and exact justice to all; special privileges to none;' the party that seeks not to acquire or retain power by bribery, coercion or disfranchisement, or by reducing to the condition of the moneyed wheel ought to be a sturdy, independent and self-reliant race, or by making large classes of our citizens almshouse and enforced recipients of a nation's bounty, thus taking away all motives for self-exertion and manly independence; that party that, instead, asks to succeed, not by any such debasing influence, but by an appeal to the consciences, integrity and intelligence of a free people, with reference to the correctness of its principles and the rectitude of its purposes—that party now makes its appeal to the people of Utah for their support. The appeal will not be in vain.

"Every usurpation of power is a deprivation of liberty. The Gentile classes, the beneficiaries of perverted and misapplied powers of government, hold in their grip and manipulate to their ends the organization of the Republican party.

"These classes are heartlessly employing that party as the mere instrument of their avarice. As they shall retain that party in control of the national government, they will abuse that government, as they have done, to make mindstalks of all the people the patient tools to bear the heavy burdens out of which monuments may be erected to their opulence and aggrandisement.

"From the nation's birth until this day the great Democratic party has been the champion of individual liberty, of the rights of local self-government, and the supremacy of the federal government within the limits of the Constitution; all the time believing that in the joint operation of these principles, there will result a contented, prosperous, happy and patriotic people in spite of diversified interests; a nation strong, glorious and magnificent in the contentment, the patriotism and the united strength of its citizens.

"It was for all of these equally that the government was created and must continue to exist.

"All who would be free and remain free should unite with and work for the success of the Democratic party.

"Don't be misled by the specious phrase, "Protection to American industry," which, as applied and enforced by a Republican administration, means only discrimination and misery in disguise.

"In conclusion we most heartily congratulate the people of Utah that the time has come when all persons, of whatever persuasion or creed, who believe in the foreign efficacy of Democratic principles so applied to the administration of government to secure to all the people, in the highest degree, peace, prosperity and happiness, may unite and, standing shoulder to shoulder, work for their triumphant success.

"Published pursuant to the order of the Territorial Democratic central committee.

SAMUEL A. MERRITT,
Chairman of Democratic Territorial committee.

C. L. RAWLINS,
H. W. CROSS,
C. L. WILLIAMS,
of the committee."

THE CRY OF MILLIONS

OH, MY BACK!

STOP IT NOW, SOME IT WILL BE TOO LATE.

I have been troubled many years with diseases of the kidneys and have tried many different remedies and have spent much money in vain. Almost despaired without relief. About five weeks ago I was offering from a very violent attack that almost prostrated me, and I was advised to try Foster's Kidney Tea, as it was best even. When I got down it was almost impossible for me to get up from, or to get up my clothes, which kept Providence sent Dr. Healey with the GREAT KIDNEY TEA, as it did me good. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the people at the hotel, in a few days I was happy to state, that I was a new man. I feel as well as ever, and the tea is all sufficient as I have been.

A Warning

To Horse-Owners.

The Spin Nail in this Shoe seriously lamed the horse from which it was recently taken in Worcester, Mass. One point of the nail came out in the proper place for clinching, and so deceived the blacksmith who shod the horse. The other point went in the direction shown in the illustration, piercing the tender part of the foot called the "quick," from which the horse was made lame for one nearly two weeks.

THIS IS AN ACTUAL CASE. The same thing may happen to any horse shod with Spin Nails of the market. Many that the smith can not see the point of the nail, and it is a DANGEROUS THING to use them.

The Putnam Nail

CANNOT SPLIT, SLIVER OR BREAK.

It is the only Hot-Forged and Hammer-Pointed Horseshoe Nail in the World made by machinery in precisely the same manner as the old-fashioned hand-made nail.

The United States Government prefers the patents of their manufacture through patents, and other firms who make or advertise a Horseshoe Nail as their designed, are guilty of infringement and Zoomerizing the Public.

ASK YOU VALUE YOUR HORSE

Insist on your Blacksmith using the PUTNAM. It is absolutely safe.

For sale by all dealers in Horseshoe Nails. Beware how he sends you Spin Nails.

What Mr. Ray Says of a Wonderful Cure at Bennett Tunnels.

Could Not Walk a Block Without Stopping for Rest.—Was Unable to Lift Anything or Do Any Work for Five Years.

A Conspicuous character known that Mr. A. C. Ray, who has been seen for several months past, and has been generally known in this city from by the interested spectator, Jos. Lansing, who knew of his case, and knew that he was and was unable to do the same years of misfortune, where he had been, and knew that he had been suffering with general debility, heart trouble and great pain in the shoulders and down the side of last August. At times he would become completely exhausted and would be compelled to lie in bed for several days; his appetite failed him and he would not relish the most tempting food; his strength was lost breaking up, and last period of his life was to take a block or two at most to be completely exhausted. In the 6th of this month he placed himself under the treatment of the Medical Specialists, and now, after recovering his strength for two weeks, he can be seen take a new one and that terrible feeling of lassitude and weakness has been supplanted with vigor and strength. He goes leaping now, and can remark, as the first the other day, "Why, I can walk for a block, and while a few weeks ago it was one half mile would completely prostrate him, he has been so grateful to Dr. Lansing's treatment that last week he wished a balance of his note without any question. He takes no pleasure in recommending this gentleman to the sick and suffering, and has succeeded if they will follow the directions, if there is any reason for them to be relieved, in lessening with give some quicker and more lasting relief.

Twenty Years' a Sufferer.

This is to certify that I have been a great sufferer for nearly twenty-eight years, and have tried everything I could hear of, and finally I applied to Dr. Lansing for relief. The treatment received has far exceeded my expectations, and I have not suffered in the least for nearly twelve months, and I feel cured. For which I am grateful to that eminent physician.

WM. M. LEAKS.

Leucorrhea and Barrenness Cured.
