Do You Take A RIDE?

No more pleasant ride can be found anywhere than that to the suburbs Southeast of Salt Lake City. If you drive, ride horse back, or use a bicycle, the nicely sprinkled roads afford continual pleasure. The popularity of the East Boulevard is attested by the hundreds of wheels and thousands of people that daily throng it.

Why not combine business with pleasure? If you buy a home in Forest Dale, you can enjoy the ride to and from your residence that hundreds are anxious to take for pleasure alone.

What is more invigorating during these warm days than a ride on an open electric car? Try it early any morning or after your work in the evening; and then if you wish a home, buy in Forest Dale. By doing so you can enjoy the canyon breeze, and still be near your work. Can have water belonging to yourself piped to your door and still not pay city taxes. Can have the benefit of good schools, and of pleasant associations, and yet have none of the smoke and discomfort of residence in a city.

Inducements to build. Small payments and long time at low interest will be allowed desirable parties.

Call at CANNON'S office, 213 Constitution Building, and get plat and prices.

THE MANITOU HOTEL,

Has just been renovated and is one of the neatest and best equipped houses in the city, and is under the efficient management of Mr. and Mrs. C. F. Fisher, late of the Alston, Denver, Colorado.

The question is: Shall I buy cheap unwholesome tea, or pay a little more and drink the best in the market? If you value your health you will call for Pride of Japan (Tree Tea) and take no other.

A BRILLIANT BANQUET.

General Pearson Tendered a Reception by the Officers and Ladies of the Sixteenth Infantry.

There was a brilliant banquet at Fort Douglas last night. General Pearson was the guest of honor, being tendered a reception by the officers and ladies of the Sixteenth Infantry.

Handsome men and beautiful women were present in large numbers, and the post hall in which they mingled together was decorated in the most artistic and exquisite manner. The national colors and devices emblematic of army life were numerous and attractive. The regimental band discoursed American airs and dance music, to which many persons tripped the light fantastic toe. Refreshments were served in the dining rooms. The event was a memorable one and will be so regarded by all whose good fortune it was to be present.

United in Marriage.

Benton Wright, an enterprising young gentleman of Pocatello, Idaho, and a brother of Dr. Elias S. Wright, of this city, and Miss Nellie Stevens, daughter of W. H. Stevens, of Ogden, were united in marriage in the Salt Lake Temple on Wednesday, the 17th inst. The contracting parties are a most worthy couple and have many well wishers who let them (and spend on their matrimonial voyage. Their future residence will be at Pocatello.

SCHOOL BOARD MATTERS.

Final Acceptance of New Buildings—More Teachers—Insurance.

The school board met last night and business was transacted as follows:

Joseph F. Beatie, pastor of the Evangelical Lutheran church, asked the use of the gateway on the north of the Ogdenk school grounds. Committee on sites and buildings.

S. G. Brunton, janitor of the Fremont school, asked for leave of absence for two days to attend the I. O. O. F. encampment at Ogden on October 25. Committee on furniture and supplies, with power to act.

Superintendent of School Buildings Pinney notified the board that the Emerson, Bonneville and Uintah school buildings were completed and ready for acceptance by the board. Committee on sites and buildings.

D. H. Bowers asked to be appointed janitor of the Grant school. Committee on furniture and supplies.

J. C. Taylor, B. S. Young and B. J. Thomas asked for a portion of the board's insurance. Committee on sites and buildings.

D. B. Mellotte reported that he had performed extra work on the Emerson school to the amount of $25, and asked that the sum be withheld from the amount owing to Mr. Bryan, the contractor. Committee on sites and buildings.

James Dwyer represented that he had not been fairly treated in the matter of the contract recently let to the United States School Furniture company for desks. He thought he was entitled to the contract, for the last earlond, as the desks offered by him were better than those with which he came in competition. Filed.

The treasurer's statement was presented, as follows, for the month of September:

Bal. L. account on hand ..... $[illegible]
Paid City's warrants ..... [illegible]
Bal. to credit on hand ..... [illegible]

Filed.

Charles Childer, janitor of the Lincoln school presented a claim for $5 for extra help in renovating that school building. Committee on furniture and supplies.

The committee on sites and buildings recommended that drinking fountains be placed in the Lowell, Washington, Jackson, Franklin, Lincoln, Fremont, Uintah Emerson, Hamilton, Sumner, Ogden and Grant schools, at a first cost not to exceed $[illegible] each, and that authority be given to put in the teachers' closets, for the storage of books, etc.; that the committee be authorized to secure bids and let the contract for fitting up the northwest basement room of the Lowell school, the cost not to exceed $[illegible]; that they be authorized to place $5,000 insurance on each of the fifteen districts in use in the school buildings, for a period of six months at a cost of $225, the insurance to include inspection; that the contract for building two closet steps in the Grant school be awarded to John Allen at a cost not to exceed $[illegible]; that the Salt Lake City corporation had caused bills for work connected with the Ogden school building, to wit: Excavating, $15.25; inspection, $24.99; iron and grate for the Grant school, $5; total, $115.23; and recommended that the amount be placed on the appropriation list; that authority be given to make certain alterations in the stock room at the Emerson and Uintah school buildings at a cost not to exceed $25 for each school; that the committee had placed the following amounts of insurance on school buildings and on furniture, making the insurance on the several buildings and furniture:

On Buildings—Jackson $10,000, Wasatch $1,000, Twenty-first school, $3,000.

On furniture—Hamilton $1,000, Sumner $1,000, Ogden $500, Franklin $1,000, Jackson, $1,000, Washington $1,000, Lowell $800, Wasatch $1,000, Bonneville $200, Uintah $400, Emerson $800, Seventh school $50. Certain school insurance was transferred from one school to another. The total insurance carried on school property is now $187,000. The entire report was adopted.

The committee on furniture and supplies reported that they had sold twenty-five old double desks and two single desks for $2 to each, see 10 per cent, netting $50.75; that the contract to furnish shades for the Grant school be let to the H. Dowdigan Furniture company for $[illegible]; that in accordance with the authority granted them they had let the contract for the supplying of a carload of furniture to the United States School Furniture company for $1,800. Adopted.

The committee on teachers and school work recommended that the resignation of Mrs. Mabel Y. Reid, on account of ill health, be accepted; that Miss Belle Manley, of the Twenty school be granted leave of absence for a few weeks to regain her health. The committee also recommended the temporary employment of the following teachers: Mrs. J. W. McCuistin, Jackson school, at $65 per month; Miss Venit Watson, Lowell school, at $65.50 per month. And for permanent employment, George W. Loos, Ogden school, at $67.50 per month; Mary B. Adams, Grant school, at $65 per month; Anna Dutson, Grant school, at $67.50 per month; Katherine Hawthorne, Grant school, at $67.50 per month; and Marcella Roche, Twenty-first school, at $67.50 per month; the committee also recommended that an additional teacher be employed for the Twenty-first school, and that a class from the Lowell school be sent to the Twenty-first school; also, that authority be given the superintendent to purchase card boards for moulding specimens; that in the chemical department of the High school each pupil be required to deposit $1 to cover breakages of material, etc., used in the sessions rooms; also that certain school books be purchased. Adopted.

Appropriations were made amounting to $6,013.34, after which an adjournment was taken for two weeks.

Y. M. M. I. A.

DRAPER, Oct. 18, 1894.—The Y. M. I. A., of Draper, held its first meeting of the season Sunday evening, President C. H. Stewart presiding. Heber Gerff was chosen as secretary, with Jedidiah Stokes as assistant. Draper has about seventy-five young men between the ages of 12 and 30, and a very large percentage was present at the meeting. Encouraging remarks were made by President Stewart and Counselors S. E. Smith and P. P. Sorenson. Everything bids fair for a most interesting and prosperous time in our M. I. A. meetings the coming winter. Meetings will be held every Sunday evening. H. GARFF, Secretary.

VISITING WAYNE STAKE.

Meetings With the People—Opportunities for Many Homes.

The following account of a visit to Wayne Stake and of meetings held with the Saints there is much belated, but it will no doubt be read with interest even at this date. It if from the pen of Elder P. C. Christensen, of Mayfield, Sanpete Co.:

On my journey from Richfield to Wayne Stake I left Richfield the 28th of June, and arrived at Grass Valley and held a Scandinavian meeting the same evening. It was well attended and there was a good spirit, and the following day I stopped there and visited many old friends and had a good time. On the 29th I traveled over the mountains to Rabbit Valley in Wayne Stake, and arrived at Lou and held a general meeting the same evening, and held meetings in all the wards in Rabbit Valley, which are five in number, and very nice settlements with fine fields of grain and meadows of grass, and a good deal of land that is not yet taken up, though there is plenty of water and room for several hundred families yet. On Sunday, the 31st day of July, I stopped over in Lou and attended a Scandinavian meeting in the forenoon and a general meeting in the afternoon, also meeting in the evening at East Lou. I had a good time with the saints and leading brethren in the Stake, and on Monday, the 2nd, Brother Willis E. Robinson, president of the Stake, and he and his counselor, Brother Beaton, had me in Teasdale ward and we held meeting, stopping with Bishop George Coleman, where we had a good time. Next morning we drove through a canyon and came to a place called Jacobson. We took board some very nice orchards and vineyards, with abundance of fruit such as peaches, apricots, apples and grapes, and all the trees were laden. We stopped there for noon and then traveled through the rest of the canyon and found many fine pieces similar to this one. We then traveled through a wash named Capitol Wash—very narrow in places, so much so that it is all a wagon can do to get through. The walls are of rock and perpendicular, from four to five hundred feet in height, according to our best judgment. After we had traveled between forty and fifty miles that day we came to a ward called Caineville, and held a meeting the same evening. We had a good attendance, and among the fine fields of grain and orchards of all kinds of fruits. Next morning, the 5th of July, we traveled for twelve miles to Hanksville Valley ward, and mentioned a celebration of the day at 10 o'clock; had a fine time with the people and in the afternoon went to the meeting house and watched the young people have their different kinds of enjoyment, but all in good order, directed by leading men. We drove from there out to the fields and found them waving with heavy crops of grain of different kinds, and in the evening we drove to a ward called Clifton, where we found wheat and barley turning, and in a few days would be ready to cut. There were fine orchards everywhere. Next morning, the 6th of July, held a meeting at Blue Valley ward at 10 o'clock. The people had come from other wards and we had a good meeting.

I found the people all united throughout the county, which all belongs to Wayne Stake, and I can truly say that President Robinson and his counselor take deep interest in the people and know them a fatherly love. There are thousands of acres of land to be taken up, plenty of water for it and room to enlarge their settlements, and the leading men and the people in general are willing to assist on good conditions. It is a new country yet but they will have a great mill in this fall and my advice is to any of the Latter-day Saints that need a home that here is a good chance. There is room for many hundreds of families more, and there is a good chance of market for the surplus produce. There places lie about fifteen miles North and east from the Henry mountains, where there is some business going on. When I left there on the 8th of July the alfalfa was almost ready to cut the second time, and the people that had experience told me that the first never comes till along in October, so you can see they have a long summer.

We left there in the afternoon on the 8th of July. I started for Emery, Emery county, and traveled for two days and a half over a very rough country, and reached Emery on Saturday, the 11th, and attended meeting on Sunday, the 12th. I can truly say I have enjoyed my travels very much with the Latter-day Saints, and as a general thing I have found them in possession of a good spirit and determined to serve God. I have found in the districts that the people give much attention to home industry in different departments in order that they may become a self-sustaining people.

I traveled through Emery Stake, visited all the wards, and was very kindly received by the Bishops and especially by the president of the Stake, C. G. Larsen. There are a good many wards in this Stake; the last one I visited was a short one called Castle Gate, with seventeen families, mostly coal miners. They had a complete organization and a fine meeting house. I enjoyed myself and felt well in visiting with old friends that I have met and traveled with in Europe, both lately and in years ago. It pleased me very much to find them true and faithful to the Gospel.

With kind regards to many friends, your brother, P. C. CHRISTENSEN.

For the Better Protection

In order to secure an accurate method of keeping the accounts of Relief Societies, and at the same time save much labor, Elder L. John Nuttall, who is extensively known for his labors in the cause of the societies, has prepared an account book that has just been issued by George Q. Cannon & Sons Publishing company, Salt Lake City. It will be found exceedingly useful and convenient for the secretaries of the societies. It contains two parts, one for receipts and one for disbursements, with printed headings and plainly ruled, and should be secured at once, in order that the records of those societies may be kept uniform. The book, strongly bound, will be sent to any address on the receipt of $2, post paid. An order book on the treasurer of the Relief Societies has also been prepared and can be had for 25 cents. For the use of these books an extensive knowledge of scientific bookkeeping is required, and yet they are so arranged that the financial status of the society at any time can be seen almost at a glance.

AN OPINION GIVEN.

Recently Mr. J. D. Thomas, of North Dakota, visited the Shenandoah Valley, Virginia, and after carefully examining the country located in Winchester, he writes to Mr. V. Bierbaris, Land and Immigration Agent, Baltimore & Ohio Railroad, Baltimore, Maryland, as follows: "I have been in nearly every state and territory of the United States, and am ready to say my opinion that this valley surpasses all other sections in the Union. The lands are low in price, and produce profitable crops. I thank you for directing me here, and solicit those seeking pleasant and profitable homes to locate in this country."
