BOARD OF EDUCATION.

Thanksgiving Vacation Two Days Long—An Extra School Room and Teacher for Center Ward.

The board of education met last night, President Dinwoodey in the chair and all members present. Business to brief, was transacted as follows:

Applications to teach were made by the following persons and referred to the appropriate committees: Tina Hamilton, Salt Lake City; Louise Hamilton, Mona Falls; S. D. Elizabeth Knight, Emporia, Kan.; Carrie B. Hickman, Adamsville, Tn., and T. E. Spaine, Boise, Idaho.

In response to the petition of residents of Center ward for another school room and teacher a report favorable to their request was adopted. In accordance therewith the Bentley house was today rented and will at once be put in shape for the opening of school.

The fifteen boilers in use in the various schools for heating purposes were ordered insured at the rate of $5.000 per place, in the Fidelity & Casualty company of New York, R. W. Sloan acting as agent, for $25 for the remainder of the school year. The insurance includes annually inspection and reports by W. J. Silver, the well-known engineer.

It was decided on a vote of eight to two to make the Thanksgiving holiday terminate Friday as well as Thursday. The members who voted in the negative were Doty and Woolley.

W. D. Gray was awarded the contract for making two large library bookcases, one for the Horne and one for the Oquirrh school, for $65, and the bid of E. H. Rosh to remove the Washington school with the sewer for $149.50 was also accepted.

The committee on buildings and grounds recommended that the clerk of the board be instructed to publish the city council in look into the condition of the sidewalks leading to the several public school houses, as many in them are in an impassable condition in muddy weather, and the same be made to substitute the gravel sidewalks made by the board in front of the Jefferson school building. Adopted. That the bid of A. McDonald to furnish seventy-five loads of gravel for the Irving school grounds, at 40 cents a load be accepted. Adopted.

The same recommended that John Lees be appointed janitor of the Lincoln school at a salary of $25 per month; that John G. West be janitor of the Wasatch school in place of F. W. West, at the same salary; that the name of the Seventh ward be changed to the Whittier school; that hereafter the wood purchased from the Co-op Wagon and Machine company be sawed into two-foot lengths at $1 per cord to accepted; that the committee be authorized to purchase a table for the teachers room at the Jackson school; that the committee be authorized to purchase a furnace for the assembly room of the High School, and two hard coal burners for the new rooms being fitted up in the Irving school. Adopted.

The attorneys of the board reported that the two cases against John Bryce involving the determination of the question as to who is entitled to the money for the Bonneville and Uintah schoolhouses, the referee has decided that the money should be divided between the tenderness and the contractors and the laboring men, but the question is not yet finally determined, as some of the parties are going to appeal, but all the parties have stipulated that the stenographer's fees and the fees of the referee may be paid out of the fund, and as the board is perfectly safe in making such payment we recommend that payment be made according to the written stipulation signed by all the attorneys and which has been presented to the clerk of the board. Filed.

Fifty-two petitioners with seventy-three children of school age asked for better school facilities in the vicinity of Lake Breeze, west of the Jordan. Referred to the committee on teachers and school work.

The finance committee recommended the payment of miscellaneous bills for materials and furniture for various buildings, amounting to $1,099.25.

The same committee, to whom was referred the report of the treasurer of the board for the month of October, 1895, showing an overdraft of $45,136.46, reported that upon examination and comparison with warrants issued, the same was found to be correct.

Adjourned for two weeks.

Ephraim Enterprise: Little Emery Mortensen, who was kicked by a horse about a month ago, died Tuesday morning. The child has been a great sufferer and death was a welcome relief. ALL WELL, CORNELL.

The Forbidden Rule—Other Sports—Interest in Our Football Eleven.

To the Editor:

All is well at Cornell. The students at this year seem to have more life than those of other years. The "rush" and street parade are evidences of such. The "rush" is forbidden at Cornell under penalty of suspension of those who participate, so the boys have taken their chances and have had their "rush." It took place on Dryden road and was between the freshmen and sophomores who when the command charge! was given, obeyed to a man and in a very few minutes the blood was flowing freely. No persons were killed but quite a few carried either black eyes, broken noses or bruised limbs as a memento of their indiscretion. The sophomores were victorious and the poor freshmen were driven from the streets into their hatches of rest while the victors paraded about giving the university cheer yell which is as follows: "Rah! Rah! Cyclone! Yell yell Cornell, Sis! Boom! Ah! Ah! Cornell." Quite a number were injured in the fight. The freshmen have sworn vengeance against the seniors and juniors, who, it is said, brought about the "rush" and who aided the sophomores.

The "fall rush" will be had to-morrow which will be conducted by three judges, who were nominated by President Schurman. All kinds of athletic sport will be indulged in and the contest will determine who has the right to dictate to the other class.

Yesterday was a red-letter day with the football team. The Brown University eleven, on Nov. 2, played a game with Yale. Yesterday they met Cornell on Percy Field and the most exciting game ever played in Ithaca was witnessed by thousands. At the close of the first half of the game neither team had scored a point, but during the last half Brown was outnumbered, the score being 6 to 4.

The readers will recall the demonstration that was made when Grover Cleveland, three years ago, was elected President. That demonstration was very tame compared with the one which took place last night in honor of our victory over Brown. The horns and cannons were used freely. A thousand students paraded the streets for hours. A novel feature of the event was the 150 students in their white night gowns among whom was Mr. W., one of our Utah men. Our chief clerk of the Constitutional Convention was very patriotic and carried his six shooters A. Kohn who was checked and in his night clothes.

This is an ideal college town and when the students undertake to do anything the police step aside and give them full way.

The Utah boys are doing good work and have made many pals. All are well and happy. Letters addressed to 23 Brooks will find either Messrs. Glover, Willey, Price or Christensen, and to 18 Brooks, Mr. Cell.

"CYRUS."

Nervous Prostration

Complete Recovery by the Use of

Ayer's Sarsaparilla

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to sleep after my exertions, and manifested all the symptoms of a decline. I took three bottles of Ayer's Sarsaparilla, began to improve at once,

and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then, I and my family have used this medicine when needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my children would have been feeble-minded had it not been for Ayer's Sarsaparilla, of which proposition I cannot say too much."—H. A. Hemer, Postmaster and Publ. Ellsworth, S. D.
