AMUSEMENT NOTES.

At the Grand where Lod Astley is being played, there was a large audience last night and the play was much appreciated.

The Two Orphans at the Lyceum drew a larger house last evening than at the opening night. There is every indication of a flourishing business this week.

"I. J. Paderewski, Paris," is an inscription placed on the register of the Knutsford this morning. The great pianist accompanied by R. C. Fryer, his manager, and Hugo Gastin, his personal representative, arrived from the West and at once retired to his room where he will rest until the hour comes when he will face his audience at the Tabernacle this evening. The concert begins at 8:15 sharp, and the doors will be kept closed between all numbers. Children in arms will not be admitted. Mr. Calder says tickets have been sold today to parties who have come from Butte, Hot Springs, Evanston and West River to hear the pianist.

Mr. Gatlin, Paderewski's representative, formerly spent a considerable time in this city, when his wife, Amy Sherwin, sang with the old Philharmonic under Prof. Carmen.

Director Stephens of the Tabernacle choir received a letter this morning from John Cullip Stone in San Francisco, stating that he had received so many requests from Salt Lake that Mr. Pryor, the trombone soloist, be given a number, that he would put his name down for a solo. This will give general gratification here, where Mr. Pryor is so well known. Stone's sale is going on at Cutler & Sheldgrove's. The indications are that Saturday afternoon, "school children's day," will witness one of the greatest gold gatherings the Tabernacle ever had.

NOT STANDING STILL.

Missionary Work is Progressing Nicely in the Sandwich Islands.

From a letter written by Elder Thomas Hinsley, a missionary now laboring in the Sandwich Islands and dated Wailuku Island, Feb. 15, 1896, the News culls the following:

"I have heard that it was reported in the News that the mission on the Hawaiian Islands was at a standstill. I have not seen the article yet, nor do I know who sent in the report, but whoever it was must have been ignorant of the situation or did not know anything at all about the work of the Lord on these islands. For instance, this present term, its term is a period of six months, I have already heard of fifty-six baptisms in the branch of Hanalula alone and they are making many converts on the island of Maui, and we have made thirteen on this island this term, so it don't seem like the work of the Lord is at a standstill. I tell you the work of the Lord cannot stand still. That little stone that Daniel saw cut out of the mountain without hands is rolling and will continue to roll until it has filled the whole earth.

"We have fifteen energetic Elders down here and they are not dead nor sleeping, but working day and night to further God's work on these islands. The work of the Lord is not dead."

Uintah County.

H. S. Collett, of Ashley, Uintah county, who is in the city for a few days, reports everything as prosperous in Uintah county, and the Ashley valley in particular. The 4,000 inhabitants of the valley are making steady progress, and the crop outlook for 1896 is regarded as very favorable. There may be a little less water this usual, but the valley has been watered that with ordinary care all will be abundantly supplied.

Mr. Collett believes that Uintah county is the greatest undeveloped section of Utah, if not of the West, and anticipates a great advance upon the opening of the Indian reservations. The great difficulty there now is the lack of transportation facilities. The county is a great one for the agriculturist, and is also a rich mining district. There has been talk of a branch line from the Union Pacific in Wyoming to the great copper mine in Uintah—which is regarded as one of the richest prospects in the United States—and if gold and silver mines in the district, but Brother Collett looks first to a road to the middle route from Denver, passing through the south end of Ashley valley. In his opinion, within one year after the opening of the reservations such a road will be pushed rapidly to its construction toward Salt Lake City.

OGDEN.

OGDEN, UTAH, MARCH 4, 1896.

Junction City Items.

The Sydney Stevens Improvement company filed articles of incorporation yesterday. The capitalization is $300,000, the shares being at the par value of $1. Sydney Stevens is president, with 2,000 shares; M. J. Stevens has 1,500 shares, C. H. Stevens, treasurer, has 100, and Sydney O. Stevens, one share.

Maggie E. Stephens filed a suit in the Second district court yesterday to obtain a divorce from her husband, John F. Stephens. They were married at Franklin, Idaho, in July, 1888; plaintiff claims it is three years since her husband contributed to her support through his idleness, profligacy and dissipation.

Samuel Dorsey, the school teacher against whom grave charges were preferred before the school board, was exonerated by a majority report, though there was a minority report signed by Chairman A. C. Emerson.

It is reported that the property of the Utah Cannery Co. has changed hands; Geo. A. Craig and Will Craig, of Salt Lake taking the cannery works and Ed. Mitchell the vinegar and pickling works.

Ruby Hutchins, of Salt Lake, and Bertha Curtis, who made their escape from the Reform school, were soon captured and are now in safe keeping.

PROVO.

PROVO, UTAH, MARCH 4, 1896.

A Judge Needed.

It would be greatly appreciated by attorneys and other interested parties if a judge could be assigned to the Fourth district temporarily. Judge Wilson has not been able to hear any cases since his unfortunate accident of illness and there are several men in jail awaiting trial who are anxious to have their cases disposed of in some manner. Wasatch and Uintah counties, in this district, are also desirous of receiving a visit from a judge as there is business in both counties that should receive judicial attention.

Another Mining Corporation.

Articles of incorporation of the Alta Mining company have been filed with County Clerk Jones. The object of the corporation is to conduct a mining business; the capital stock is $100,000, divided into shares of the par value of $1 each, and consists of fifteen mining claims situated in Camp Floyd mining district. There are twenty-one incorporators, all Utah county people, and Provo is named as the principal place of business. The officers are Jas. E. Daniels Jr., president; John W. Farrer, vice president; D. K. Beebe, G. C. York, A. D. Holdaway, directors; Chas. De Mott, secretary, and John R. Twelves, treasurer.

Notes.

At a meeting of the county commissioners held yesterday the county clerk was instructed to communicate with the Legislature and ask for some legislation which will authorize some officer to release real estate which has been sold for taxes erroneously assessed, as no provisions exist for making such release since the probate judges were retired.

Very low rates have been made by the D. G. W. railway from Price and intermediate points to Provo and return for Moses's concert next Saturday, and hundreds of people have signified their intentions of taking advantage of it.

Miss Evelyn Bennett, a young lady of this city, 19 years of age, who died in Salt Lake City last Monday, was buried yesterday afternoon from the Fourth ward meeting house.

T. J. Pattee Jr. was fined $15 and sent yesterday in Justice Da Money's court for assaulting Irving L. Pratt, to which he pleaded guilty last Saturday.

The Primary association will give a concert tomorrow evening in the ward meeting house.

Col. J. L. Barlow has gone to Boise, where he will engage in journalism.

Two Theories Attacked.

MAPLETON, Utah County, March 3rd, 1896.

To the Editor:

Just listen to my gentle voice this morning in regard to the game and timber laws that are being pushed by a few that do not understand the situation.

The deer that are killed by hunters are nothing in comparison with the thousands that are being driven off the reservation to be killed by the Indians at all times of the year. Now this is all caused by the sheep and not the hunters. I know what I am talking about, for I have spent most of my life in these mountains. They may pass laws to stop the hunters, and the deer will go just the same unless the sheep laws are arranged to give the deer another lease of life. A deer will not stay on a sheep range and there are no mountains where the deer can escape, as the best deer range is the best sheep range.

In regard to the timber holding the melting snows, this is another fine theory that will not stand investigation. If you will observe you will find that the snow invariably goes first in the timber. I know this to be a fact, and I believe the reason is due partly to the water and partly to the evaporation which on the treetops; also that the timber retards the drifting of the snow. If the residents of this State will observe this coming spring, they will never ask for protection of timber for this purpose. C. M. WHITING.

Pocatello Items.

POCATELLO, Idaho, March 2, 1896.

To the Editor:

Sunday, February 23, district conference of the 20th quorum of Seventies was held in the Pocatello meeting house. Elder J. H. Hawley, presiding. All the speakers gave valuable instructions to the Seventies and Saints, urging all to be valiant in the cause of truth and right. Among the speakers were Elders Nash and Dalrahl of Franklin who represented the stake superintendency of the Sunday schools.

Sunday March 1st we were favored with a visit from Elder Tanner of Ogden, also Elder May of Canada and two sons. Their instructions in Sunday schools and meetings were timely and appropriate.

After a long spell of fine weather March came in with a heavy fall of snow, beginning Saturday night and continuing about all day Sunday. Last night was a regular winter frost, the wind seems to be scarce but it leaves the atmosphere very cold.

The U. P. railroad has laid off a large number of men in the yard week. This will be greatly felt in Pocatello.

Yours respectfully,
THOS. L. COX.

Ladies, why don't you join the League?

DON'T DRAG YOUR FEET.

Lifeless Movements and You're Always Tired.

Poor Circulation Caused by Tobacco—Heart Action Seriously Affected and Blood Starved—Patented.

Do you feel lazy? Pain in the legs, below the knees? Back weak, spine, kidneys, bladder? Must other pains and symptoms? Dizzy sensations? Eyes escaped? Hands and feet cold? Nerves in wild, jumpy condition? Sleepless, and your blood is tobacco-poisoned? Are you weakening the heart action, the blood is not pumped fast enough? Your feet are made to move by nerves. Nerves are the last thing tobacco leaves alone. Are you sure? Don't you know that tobacco weakens all the nerve centers, and is the cause of many a weak, tired, sickness, listless feeling?

There is a guaranteed cure, No-To-Bac, which has cured over 300,000 users, and will cure you for a trifle. Has Senator Ellingham and the Hon. R. H. Pease, who

BEEN TOBACCO 17 YEARS.

THORNTON, Co., Nov. 19.

Dear Sirs—After using tobacco nearly twenty-seven years, I took one and one-half boxes of your No-To-Bac, which freed me of the pernicious habit, and have not taken a single chew since, neither have I any desire for it. I had previously tried a number of specifics, but without success. Some weeks ago I procured three boxes for the Hon. C. H. Ellingham, of this place, late State Senator, and President of the Colorado Anti-Saloon Alliance of Georgia. He has used tobacco excessively for thirty years. He used two boxes of No-To-Bac and has not touched tobacco since the use of tobacco. Yours truly,

R. H. PEASE, Clerk of Supr. Ct.

It all ends with you—why not try No-To-Bac under absolute guarantee of cure to your own druggist if you don't like being well, enjoying new manhood, and be worth thousands being once a slave with tobacco? "Don't Tobacco Spit and Smoke Your Life Away," is the appropriate and true name given to Tobacco. Address the Sterling Remedy Co., Chicago or New York.
