TO BOOM BINGHAM.

A Circular Inviting a United Fall for the "Old Reliable."

The following circular from the enterprising people of the enterprising town of Bingham, is being largely circulated throughout the State generally, and in Salt Lake county particularly:

At a meeting of the miners and business men of Bingham, held on Tuesday evening, February 25th, it was unanimously resolved to advertise the resources of West Mountain mining district, and the undersigned were appointed a committee of 25 men to make the necessary arrangements.

It is proposed to open, as early in April as possible, 10,000 copies of the Bingham Bulletin, for circulation in California, Colorado, New York and other Eastern points, where it is most telling certainly. The enterprising people of Colorado have the whole country thousands of miners so that Blaine who know little of Utah's resources, and it is proposed to weight our issue with regard to the "Old Reliable" camp.

The contents of the paper will be made up of carefully-prepared articles including a summary of the prominent mines and partially developed or undeveloped properties from which good ores have been taken, combining cost 10c, as may be as practicable the amount of development, character and quantity of mineral products, and our opinions. To convince with the summary will be an excise map, giving the relative location of each property, constructed as they are through every canyon and gulch and so nearly every holiday in the district, proving that there is no mineral district in the world of mineral, and making a showing that we believe cannot be excelled by any other district in the world. A number of slow papers will be included, little contributions whose time residence in Bingham and familiarity with the subjects enables them to speak intelligently of the formations, mineral deposits, etc.

For the expense of this enterprise it will be necessary to raise a considerable sum, and a subscription paper has been depend largely upon the home establishment.

Interested as you are, we ask you to contribute to the enterprise as much, and as liberally as you feel able to do.

Please advise the undersigned.

Respectfully,
W. J. McGARRY,
Chairman.

Book Sociable.

What proves to be a successful venture in the way of replenishing the Mutual Improvement League library, has been launched by the committee and the date has been fixed for Wednesday, March 18th. It will be given at the League house, which is the 15th Ward hall, and will be an entertainment, open to the public, composed of musical, literary and gymnastic exercises, participated in by prominent representatives of those arts.

Tickets will be recommended served, and the novel feature will be an auction sale of the standard books in book indexed or money.

Joined in Wedlock.

In the Salt Lake Temple today, Miss Eliza, daughter of George Kirkham of Lehi, was joined in the bonds of matrimony to Charles Crabb, a well-respected young man of the same place. The young couple in starting out on the journey of life have the wishes of a host of friends that their of now to be happy one and that the whole they may experience life may bring to them much joy and happiness. A reception in their honor will be given in the Lehi hall this evening.

NEWS OF THE STATE.

Beaver Chronicle: A few of our citizens are making a big ditch and taking out the water from the Beaver river and taking it north along the base of the foothills towards North creek. This will carry water enough to irrigate several hundred acres of land that now lie fow. The promoters of the big canal scheme on the Northeast bench, are desirous of completing the ditch so as to use it this season if it can be done. A large amount of work has been accomplished and it would not require much effort, if all those who would be interested will only lend their aid to develop the project to a successful issue.

Two American Fork girls, Teresa Welsh and Maggie Dowden, had a fight Monday afternoon and had to be separated by Policeman Crockett.

MUNICIPAL MATTERS

Police Court Records are Found in Very Bad Shape.

SOMETHING RADICALLY WRONG.

The City Attorney Wants Sure Assistance—City Receipts and Disbursements.

In addition to the railway petitions, resolutions and discussions reported in detail on the following business was transacted by the City Council last night:

The committee on fire and police submitted a report upon the status of affairs of the police court which reads as follows:

Gentlemen—We, your committee on fire and police, beg leave to report that we have examined the books of the chief of police and police judge, and examined the records in vaults.

We find that up to and prior to February, 1st the records of both offices in the possession of both and documents were kept in a neatness and correct manner, and to such a shape that the one was a check upon the other.

We also find that since the office of police court was established, and the duties assumed therewith upon the assistant city attorney, that the records are such that they are in bad shape, and that the book and documents are not replaced in proper shape, upon the police office by the other, for the judgment record in the police court for the time was not signed and signed by the judge, or customary formalities, since January 20th last.

We also find that the assistant city attorney is not attending to the duties of the office, but, that another party, and an officer of the city and not under bond to the city, is in attendance upon the court, and is collecting and receiving some of the moneys arising from the court.

We also find upon inquiry, that upon yesterday (Monday, March 9th) the attorneys from the prosecution for the month of February had been carried into the city treasurer, and this is not in accordance with the custom of the past. We also find that one John Walker was fined on February 5th $50, but the conversation that he was discharged on the payment of $10.

We also find, as near as we could arrive at the facts, there has been collected in the city and justice courts, and the amount is held by the following parties:

In S. Bergstrom	$[illegible]
Jacob Weber	[illegible]
Amounting in all to	$[illegible]

We recommend that the auditor be instructed to check up these books, and determine the exact amount of moneys that have been collected in fines and forfeitures, and receive said amounts from the different persons holding the moneys belonging to the city and turn same into the city treasury.

Under the Constitution of the State and our city ordinances provide the eight hours shall constitute a day's labor. In view of this fact and the greatness of our new dock engineer (who are now working twelve hours a day) will have against the city, we recommend the assistant dock engineer be appointed, and we respectfully ask that W. W. Mackintosh be recommended to the said position.

We also recommend that the same system of collecting fines and forfeitures be adopted which was in force prior to February 1st.

Accepted.

McCARTY'S VERSION.

The city attorney then submitted the following:

The statutes require that the records of justice's court be kept by the justice, and an ordinance requiring similar to perform that duty is of no effect. The statutes also require that all fines and forfeitures be paid to the justice and by him passed to the proper treasury. In the duties required of him by statute are more than he can attend to, a work might be provided for his office, which he himself or the Council, but whatever work is performed by such clerk must be done under the direction of and as the act of the justice.

In this connection, I call your attention to the fact that in all cases where defendants are sentenced to imprisonment in the city jail a written warrant or commitment from the justice of the peace, ought to be delivered to the jailer with the prisoner. This is not done by our police court justice, and I am aware of it. It is certainly not the practice and has not been for many years. If fifteen persons were brought in each month a general jail delivery would unfortunately result, as imprisonment, without a commitment, is wholly illegal.

It has been the custom at our police court and the justice contends it is proper, that in cases where fines are in the sentence of the justice, the desk sergeant is the proper department which procures a fine. In other cases the desk sergeant is a law. A justice cannot delegate such authority nor has he taken it absolutely upon himself, and it cannot may be removed in an action at law.

I regard that the desk sergeants at police court are the proper officers to collect fines in cases where they are in the act of taking the bail, and that they be required to give bonds for the proper accounting of the moneys so collected in the hands of the officer (other duties as work complained).

I also respectfully suggest that an additional assistant be provided for this office to be assigned to duty as prosecutor, in the absence of the police and other judicial courts in this city, and when the duties do not require his attendance at such courts, he may be assigned to the general work of the office.

I also respectfully request that white warrants be issued to the city marshal to the city officers in all cases and that the general state of the city finder is required to be disposed of upon non jurisdiction that we be allowed the services of a stenographer and typewriter. The conditions of the police business warrant demands it.

The communication was referred to the committee on fire and police.

Claims were allowed in the sum of $4,910.64, after which the Council adjourned until the evening.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the impure enfeebling feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A proper use of this medicine has often averted long and fatal illness. No medicine will so promptly or surely be conducting a cleansing the system from the accumulated poisons. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents a bottle. Z. C. M. I. drug department.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Iowa Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last until she was quite exhausted and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick to do work and highly satisfactory in results." Trial bottle free at Z. C. M. I. drug department. Regular size 50c and $1.00.

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter County, California, was taken with a very heavy cold, settling in his chest. Many remedies he had tried failed to relieve, or advertised that he had success and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy which broke up the cough and cured him. Mr. McFarland says whenever his children have a cough he invariably gives Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by druggists.

"It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very severe cold. My throat was completely stopped up and I could not even sleep. I can recommend this remedy." Chas. A. Gulley of Rodeo, Fresno County, California." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been detected it will cure the cold at once and prevent it from extending to the lungs. For sale by druggists.

How to Cure Rheumatism.

ABANO, COUNTY LOUGHT, IRELAND, November 16, 1895.—I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint but found no relief until she used this Pain Balm, one bottle of which has entirely cured her. I take pleasure in recommending it to that trouble. Yours truly, C. A. BULLOCK. 25 cent and $1.00 bottles for sale by druggists.
