MET LAST NIGHT.

Interesting Session of the Salt Lake Stake Priesthood Held.

The largest attendance to date of representative brethren of the Priesthood of the Salt Lake Stake of Zion, convened in the Assembly hall, Salt Lake City, on Wednesday April 18th, 1900, at 7:30 p. m., President Angus M. Cannon and Counselors presiding. Apostle Brigham Young was present.

After singing, prayer by Elder Joseph E. Taylor and singing again, the roll was called, showing present as follows: Twelve High councilors and four alternate High councilors, four Patriarchs, Elders David McKenzie, William Asper and Hamilton G. Park, of the presidency of the High Priests' quorum.

All the wards of the Stake were represented by their Bishops, and, with four exceptions, both counselors. These were excused.

The Elders' quorums were all represented by the presidents thereof, excepting the Seventh quorum, but the counselors were present; also the counselors to the presidents above named.

The Stake superintendent of the Sunday schools, and Assistants, and Stake superintendent of the Young Men's Mutual Improvement Associations and assistants, responded to the roll call; also the president and counselors of the Scandinavian meetings and president and counselors of the German meetings of Salt Lake City.

Elders Angus M. Cannon, Joseph E. Taylor and Charles W. Penrose, of the presidency of the Stake, High Councilors William Eddington, Henry P. Richards, John Nicholson and John Kirkham, and Apostle Brigham Young addressed the meeting, the burden of their remarks being the great importance of every officer in the Stake attending the monthly priesthood meetings, of endeavoring to discharge every requirement of their callings more faithfully; of a renewal and constant labor of love with the flock of Christ under their care, and the diligent performance of every duty in the Church.

In view of the inability of a very large number of brethren to attend the Priesthood meetings when held on Saturday mornings, by reason of their daily avocations, it was unanimously adopted, as the sense of the meeting, that the regular monthly meeting of the Priesthood of the Salt Lake Stake of Zion be held at 7 o'clock on the evening of the first Friday of the month.

Adjourned until Friday, May 4, 1900, at 7 p. m. with singing.

Benediction by Patriarch Alonzo H. Raleigh.

HAVE COME FOR MURDER SUSPECT.

Chief of Police Lavell of Butte and Sheriff Davidson Here.

VERY SURE OF MARSHALL.

The Sheriff Will Get the Lewis-Wilson-Mitchell Outfit—Damaging Evidence Against Marshall.

It is believed that by Saturday Salt Lake will be well rid of five of the worst class of criminals that ever infested this city. The crowd referred to are Edgar Marshall, Jas. Melvine, Henry Wilson, Henry Lewis and Lillie Mitchell, and the prison doors of the Deer Lodge penitentiary are yawning for three of them, perhaps for four, and the other, the first named, may end his career on the gallows.

MONTANA OFFICERS HERE.

Last night there arrived in this city Chief Lavell of the Butte police force, and Sheriff Davidson of Lewis and Clark county. The former has requisition papers for Edgar Marshall, who the officer has every reason to believe is responsible for the death of Mrs. Creech about which so much has been published. Sheriff Davidson comes to join Deputy Sheriff McMann and County Attorney McConnell and escort the Lewis-Mitchell-Wilson outfit back to Montana, where they will be tried for burglary. The woman, while being implicated in the burglaries of the men may be tried for receiving stolen property and thus escape the State prison.

In Montana Lewis and Wilson were known as Ed Harrigan and Joe Williams.

QUITE SURE OF MARSHALL.

Chief Lavell, in speaking of Marshall as the probable murderer of Mrs. Creech, said today:

"I am pretty sure he is the man. The morning after Mrs. Creech was shot he was arrested while burglarizing a saloon, but we had no idea then that he was the murderer. The man had 'soaked' a gun to Creech a couple of days before, and when searched he had a pocketful of cartridges. It occurred to the jailor that these cartridges might fit this gun and we found that they did. It was a 32-calibre.

"In the meantime, we had a fellow by the name of Kingsley in jail, who had witnessed the shooting of Mrs. Creech. When I went to him and asked if he would know the murderer, he threw up both hands and pointed out 'Blacky'—American Blacky he was called—who was across the corridor. "That's him, he said, 'but for G— sake don't let him see me.' Shortly after that, in fact, in less than a half hour after his arrest, he managed to escape."

This morning Chief Lavell was shown the revolver taken from Marshall and also the cartridges for the gun.

CARTRIDGES ARE THE SAME.

"Yes, sir, these are exactly the same kind of cartridges taken from him in Butte. When asked if those who saw Marshall's picture—which was sent up by Chief Hilton—recognized the man, Chief Lavell replied that it was instantly recognized by Kingsley and a man named Sullivan, who did time in Deer Lodge with Marshall.

"When Creech saw the picture," said the chief, "he threw up his hands and cried; he recognized it immediately."

Marshal's true name is Richardson, but is known also by the name he gave here and Ed Allison.

MELVINE HIS PAL.

Melvine, the man arrested by the police, is an old timer in Montana criminology, and his true name is Paddy McGrale. The Butte people think they can convict him for burglary.

It is expected that the Lewis-Mitchell-Wilson gang will be pardoned by Saturday and the entire crowd will be taken to Montana.

The case against Marshall pending in Justice Sommer's court will very likely be dismissed.

GOOD FOOD FOR PRISONERS.

Mayor Thompson Thinks Those Who Work Should be Better Fed.

City's Executive and Judge Timmony Inspected Work on the Boulevard This Morning.

Mayor Ezra Thompson is determined that if the city prisoners are made to work they should be better fed, and the idea is concurred in by the police officials. This morning Mayor Thompson called at the police station and had a conversation with Jailor Kimball relative to the condition of the prisoners, after which the Mayor and Judge Timmony made a trip to the boulevard to inspect the work being done there.

This morning for the third time the wagon failed to show up and the chain gang was compelled to walk to its work. This the Mayor considers wrong.

The city allows a 7½ cents per meal per prisoners and it is thought that the allowance will be raised to 10 cents. The men are fed on soup, bread and potatoes, coffee and a little meat for supper.

This diet is considered plenty good enough for idle prisoners but those who wield the pick and shovel should be better fed.

POST OFFICE ROBBED.

Burglars Break Into the Office at Spanish Fork.

A teleprone message was received at police headquarters this morning from the sheriff's office at Provo stating that the postoffice at Spanish Fork was burglarized last night.

The burglars made entrance by breaking in the door.

It is not known yet just how much has been stolen beyond some stamps and copper coins.

Officers are on the trail of the thieves.

Caught a Dreadful Cold.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits."

ASSASSINS FIND OTHER VICTIMS.

Slavers of the Two Mormon Boys Shed More Blood.

G. A. SCARBOROUGH DEAD.

Wounds and Exposure Prove Fatal—Bandits Headed for Old Mexico—Deadly Battle Awaited Daily.

Readers of the "News" will readily recall the thrilling and sensational announcement recently published of the killing of two "Mormon" boys, Gus Gibbons and Frank Lesseuer, near St. Johns, Arizona, by a murderous gang of cattle thieves.

Great indignation prevailed throughout Arizona in consequence of their deadly work and big rewards for the men, dead or a live, were offered. The sheriff and posse of men kept in constant pursuit of the outlaws in the expectation that they would be able to apprehend them. In this they were not sucessful, though they followed closely upon the heels of the bandits and frequently had them almost within grasp, but it seems the outlaws have a wide knowledge of the country which fact added to their desperation made them exceedingly hard characters to deal with.

The "News" a few days ago contained a dispatch concerning the shooting of George Scarborough and Walter Birchfield. Full particulars as published in the Arizona papers say that: "George A. Scarborough of Deming, who has been a terror to lawbreakers in New Mexico and Arizona for many years, accompanied by Walt Birchfield, a deputy sheriff, was ambushed by the outlaws in the Chiricahua mountains, and both were wounded, Scarborough seriously, Birchfield painfully.

OUTLAWS LAY A TRAP.

"The outlaws in some way discovered that they were being followed and laid a trap for the officers who walked into it. As soon as they came within rifle range the party of three bandits opened fire. The first volley wounded both Scarborough and Birchfield, one shot striking Scarborough in the leg, badly shattering the bone, another struck Birchfield in the left arm. Both men were disabled. The wounded officers held the outlaws at bay, although hard pressed several times. A continuous firing was kept up until dark.

"In the meantime Birchfield managed to build a rude rock fort in which he placed Scarborough and as soon as darkness prevented his movements from being observed by the bandits, he slipped away, secured a horse and went for assistance. Returning at daybreak he found Scarborough still alive and holding the fort, but suffering intensely from his wound and exposure, it having rained and snowed all through the night.

RELIEF PARTY.

"The relief party arrived at San Simon at 2 this afternoon with Scarborough, who was sent to his home in Deming. His wound will probably prove fatal. A large posse has started in pursuit of the outlaws, who have evidently gone farther back into the mountains, where it will be almost impossible to dislodge them. They are doubtless members of the notorious Cochise Stronghold gang who have terrorized this section for several years.

"Scarborough was considered absolutely fearless and has done valiant service in breaking up the numerous outlaw bands that have ventured into Arizona and New Mexico to plunder. Scarborough, since becoming an officer in the discharge of his duty, has sent several members of the various gangs that he had gone to arrest to the happy hunting ground, thereby saving the Territories many dollars in court fees."

SCARBOROUGH'S DEATH.

The following notice of the death of Scarborough was telegraphed from Benson to the Phoenix Republican:

"To the deepest regret of all lawabiding people in New Mexico and Arizona George Scarborough, who was ambushed and shot by outlaws on Tuesday afternoon, while trying to arrest them in the Chiricahua mountains, died at his home in Deming at 2 o'clock Wednesday morning. Birchfield is not seriously wounded and will soon be out. Recent developments indicate that the assassins belong to the same gang who murdered Frank Lesseuer and Gus Gibbons near St. Johns, Arizona, on March 27, and is composed of John Hunter, alias Dick Smith, Bob Johnson, Wilson, alias Smith; Tod Carver and one unknown man. They were heading for Old Mexico. The outlaws were armed with 30-40 Winchesters.

BIG REWARD OFFERED.

"Scarborough evidently did not realize that he was on the trial of this murderous gang or he would not have been so easily trapped. The $2,000 reward offered by Apache county will be increased by a like amount by Cochise county, and further increased by private rewards. Posses have started in all directions. If the bandits have not already reached Old Mexico they will undoubtedly be intercepted. They are fully armed and desperate and will fight to the death. The report of a battle is awaited daily with breathless suspense."

FROM THE ST. JOHN'S HERALD.

The St. John's, Apache county Ariz., Herald of April 14th, came to hand this afternoon. Concerning the deadly work of the outlaws it says:

The band of desperadoes who have been followed by Sheriff Beeler and posse since the horrible murder of our two young townsmen, lately ambushed Sheriff Scarborough and Under-Sheriff Birchfield in the Chiricahua mountains in the southeastern part of the Territory. Scarborough, one of the very best officers in the West, has died of the wounds received in ambush, but Birchfield will recover. He deserves everything good for his heroic efforts to save the life of his comrade by building a rock wall around him while the bandits still kept up firing, and by hurrying to the nearest place, though badly wounded, to procure assistance and returning in the face of imminent danger to his wounded friend.

The bandits are desperate men and will be taken only by the methods they employ on their pursuers, those of ambush.

WILL HUNT THEM DOWN.

District Attorney Ruiz had a telegram this week from young Scarborough, son of the murdered man, stating he would never give up the hunt until the assassins had met their just dues. Mr. Ruiz also had a letter from Sheriff Beeler, of the 10th inst., in which he says that he and his posse were the only ones in pursuit at that time, but that a posse of six men from Silver City would soon join in. Sheriff Beeler is determined to overhaul the gang or never return alive. Henry Hart is with Beeler. The letter was written at San Simon.

Isaac Barth received a telegram from Sheriff Beeler, Thursday, stating that he was then out from San Simon with posse to follow the band of murderers into Mexico. There are now four posses in pursuit, and it is only a question of time till all the gang will be taken.
