Mrs. S. Edward Hansen came in from Tooele this afternoon bringing her nine-months-old babe, which was taken to St. Mark's hospital to undergo a serious surgical operation. The convicts at the State penitentiary were visited yesterday by the following people, and were regaled with some very fine music: Mrs. Rumel, Mrs. Nellie Halliday Latimer, Miss Margaret Harley, Professor R. B. Quay, Miss Nora Gleason, Miss Carrie Craddock, Miss Clara Tafek and Miss Margaret Matras, also a number of children.

A man with his wife and family was driving up West Temple street last night in a light spring wagon, when he ran into the excavation between North and South Temple, where the street railway company is making repairs, and the wagon was capsized, throwing the occupants out onto the street. None of them, however, was hurt. The wagon was turned right side up, and the homeward journey resumed.

One of Hewlett Bros.'s teams took fright yesterday in front of the National Guard armory on West Temple street,, and started down the street at the top of their speed. Empty pop bottles were strewn in the wake of the flying steeds. In front of the Hanson Produce company the pole fell and the horses were turned east on Second South, where they were stopped in front of the Salt Lake Hardware company.

Billy Young, the proprietor of Young's Cafe, was riding up East Temple street last evening on his bicycle, immediately in front of a hack. Young was not aware of the presence of the hack, and slackened his speed. The hackman had to make a very prompt and vigorous pull on the reins to keep the horses from running over him. As it was, one of the animals rared up and came down with both front feet on Mr. Young's back. Fortunately he was not injured.

ELDER BEECHER'S SAD DEATH.

Details of the Shocking Affair Sent to President Snow.

PRAYING WHEN HE DIED.

The Dead Man was Discovered Kneeling at His Bedside Apparently in the Act of Devotion.

President Snow has received a letter from President E. H. Nye of the California mission, dated at Los Angeles, May 27, in which he gives in detail the account of the death of Elder Beecher of Willard City. The letter is as follows:

"It becomes my painful duty to report to you the sad news of the death of Elder W. J. Beecher of Willard, Utah. He arrived in this city Friday last. This morning, about 9 o'clock, as he did not come from his room, and the Elders were about to start for the hall to attend Sabbath school, President Hess sent Elder Garner to the room of Elder Beecher, who, on arriving there, found it locked; he called the landlady, who went and looked in through the window, and returning said he was at his prayers. President Hess thought by this that he would be down in a few minutes and proceeded to hold morning prayers, then sent again, Elder Garner himself this time looked in at the window and saw that he was kneeling at the bedside, his head dropped over slightly sideways. The first thought was that he was dead, so he ran at once for President Hess. They, on returning, burst open the door, and on entering, found the fumes of gas so strong that it almost stifled them. The gas jet was nearly wide open, and the room was full of the deadly fumes. The brethren saw that to all appearance Elder Beecher was dead. He had evidently been on his knees at prayer by the bed, and was apparently, while in that attitude, overcome and sank down, his chin catching on the edge of the bed and thus he hung. It appears that about daylight he got up and went into the bath room and took a bath. Elder Garner, who slept in the room across the hall and adjoining the bath room heard him taking his bath. When found he had on his garments, white shirt and trousers.

"Immediately on finding him Elders Hess and Garner ran for me. I am running about a block away and had started for the Sabbath school. They overtook me; I ran at once for a doctor, who in a few moments was there. The Elders had got him out on the back porch and the doctor, and we all set to and worked for two hours and twenty minutes; established artificial respiration and with much rubbing of the limbs and body sought to resuscitate, but all to no purpose. The coroner was then notified and the remains removed to an undertaker parlor. The inquest will be held tomorrow at 9:30 a. m. I wired you and am now awaiting your instructions.

"If it meets your approval, I can accompany the remains through to his home.

"The terrible occurrence has cast a gloom over us all."

A SERIOUS ACCIDENT.

The Johnson Family Struck by a Train While in a Buggy.

Special Correspondence.

Evanston, Wyo., May 30.—Mr. and Mrs. Peter Johnson, a sheep man, of Ogden, with their two children and a Mrs. Hackman of the Rocky Mountain hotel of Evanston, were corssing the railroad track at Evanston this morning to go to the cemetery. The railroad tracck was crowded with cars on the east end so they could not see any train, and when nearly over were run into by the incoming passenger train from the East. The buggy was struck near the rear end and Mrs. Johnson and youngest child were injured seriously, Mrs. Johnson being thrown out and her clothes nearly all stripped from her. This crossing being the main one between Evanston and Almy, is a very dangerous one. About nine days ago a man was struck and somewhat injured at the same crossing, in fact there have been several accidents at the same place. Most of the time the track is lined with cars and as the freight depot is near the crossing, parties going from town over the crossing cannot see when an engine may be coming down the line. The consequence is there is a liability at any time for such accidents unless the railroad authorities take more precaution in the future than they have in the past.

The injured parties are at the hotel. Mr. Johnson is severely hurt, having to use crutches. The doctor has just left them. Mrs. Johnson is also suffering much pain.

HELD ANNUAL REUNION.

Officers and Teachers of Seventh Ward Sunday School Meet.

The officers and teachers of the Seventh ward Sunday school held their second annual reunion last evening, the affair taking place in Thomas' "Barnacle," which was very tastefully decorated for the occasion. May 30th has been selected for their annual gatherings on account of it being the anniversary of the birth of Superintendent William McLachlan. The singing was led by Assistant Superintendent William H. Foster, and prayer was offered by H. B. Clawson Jr. Assistant Superintendent J. E. Cowley, who was master of ceremonies, gave a brief address of welcome and read a letter from Miss Alice McLachlan, who is doing missionary work in Chicago. Charles H. Hyde gave some of the important subjects to be taught to a Sunday school class, and Miss Edith Sampson called attention to some things which would improve the condition of the school. Superintendent McLachlan, Bishop Wm. Thorn, and Elders T. C. Griggs, W. C. Burton and Josiah Burrows, Sunday superintendency, each made appropriate remarks, urging the teachers to be diligent in their labors in training the minds of the young. Solos were beautifully rendered by Wm. H. Foster and Miss Mabel Cooper. An interesting feature of the evening was the banquet. The tables, which were set in the lower part of the building, were laden with the good things of the earth, and were prettily decorated with fruits and flowers. Elder Henry Dinwoodey offered the closing prayer. The affair was thoroughly enjoyed by those present, and renewed interest was felt by the Sunday school workers in their labor of love for the youth of Zion.

DECLARE THAT IT IS A FALSEHOOD.

Story Published in a Morning Paper Branded as Being Untrue.

MR. BATEMAN IS ASTOUNDED

Messrs. McMillan, Miller and Mann Say There Was No Disturbance Out at Saltair.

"There was no disturbance at Saltair yesterday," said Manager Bateman of the Salt Lake & Los Angeles Railroad company. "The article which appeared in a morning paper was without foundation in fact, so far as I know. When I came in on the train last night I walked through the cars and saw no such disgusting scenes as were so harrowingly detailed by that paper this morning. I was congratulating myself and the beach management upon the orderly conduct of the seven or eight thousand people we had out there."

"It seems to me," said Mr. McMillan, "that the writer of that article was animated by some personal grievance or was prompted by the policy of the paper to do injustice and harm to the resrort. I am positive that there were no such scenes enacted as are depicted in the paper."

Excursion Agent Mann said: "I was at Saltair beach until 10:15 last night and no disturbances occurred to my knowledge, and I was all over the pavilion, from one end to the other, and from top to bottom."

Manager Miller of the Saltair Beach company characterized as untrue the statements made and he was at the beach all day.

AT THE RESORTS.

Big Crowds Spent a Pleasant Day Bathing and Rusticating.

The two railroad resorts yesterday enjoyed a patronage which was gratifying to the managements and so far as known but one accident occurred to mar the enjoyment of the people.

The Salt Lake & Ogden railway carried near 4,000 people to Lagoon, the crowd at the resort being of a "comfortable" size. As is always the case, the menagerie attracted the excursionists almost every one of whom paid a visit there at some time during the day. A curious fact is that a baby elk was born yesterday, being the third successive event of the kind to occur on Decoration day. Olson's orchestra furnished fine music and the boys and girls danced to their hearts' content, while the children ogled nickels out of "papa" and lavishly patronized the merry-go-round. Many family parties enjoyed the day there, filling the bowery during the afternoon and night, regaling themselves with picnic luncheons brought from home or with sandwiches purchased at the counters. The last train in was late—a fault that must be remedied, as the schedule time is plenty late enough for people to catch cars and get home comfortably.

AT THE LAKE

Saltair had about 5,000 people, the crowds at this resort and at Lagoon being of about equal proportions. The day was spent in bathing roller skating and picnicking. The last train came in on time, a feature much appreciated by patrons who desire to get home in good season.

Was No Fight.

It has been persistently asserted that the cause of the resignation of Superintendent Harris, of the Wyoming division, was a physical encounter between himself and General Manager Dickinson or President Burt.

The difficulty was said to have arisen on the recent tour of inspection made by President Burt and other officials of the road over the cutoffs to the west. This report is laughed at and strenuously denied at headquarters, and it is further stated that these two gentlemen, Messrs. Dickinson and Harris, are at present out together on the road and are on the best of terms. Mr. Harris resigns to accept some position with the Baltimore & Ohio road, but what position has been tendered him has not been learned.

Mythical Story.

Says the Laramie Boomerang: The story recently published in some of the State papers to the effect that either Conductor Storey or Conductor Wolcott would succeed H. E. Van Housen, of Green River, recently resigned, as superintendent of the middle district, is shown to have been a myth by a bulletin issued from the general manager's office extending Superintendent Hay's jurisdiction, heretofore covering the eastern district, to include the middle district and the yards at Green River. These changes will all go into effect on the 1st of June.

SPIKE AND RAIL.

Excursion rates are advertised for the Brigham Young anniversary tomorrow.

The Rio Grande Western expects some big engines to arrive next week

Superintendent C. E. Baird's jurisdiction has been extended from Granger to the west switch at Green River on the Union Pacific.

The Burlington is coming. Sometimes a story to the effect that work has been abandoned for the present is heard; but "just watch the Burlington's smoke."

W. H. Peterson has been appointed supervisor of bridges, building and water service of the Wyoming division of the Union Pacific, to succeed A. H. King, recently transferred to the Nebraska division.

Kaysville has granted a twenty-five-year right-of-way franchise to the Salt Lake Valley road. The ordinance provides for a 5 cent fare in the town and requires the company to do some road grading.

Tuesday morning young Joseph McOmie, of Murray, Utah, while trying to beat his way on a freight train, had his right foot crushed at the ankle at Owinza, ninety miles west of Pocatello.

On next Sunday the Woodmen of the World will go to Ogden over the Rio Grande Western, and that line offers the public a round trip rate of $1 for that day. The train leaves here at 11 a. m.

A party of Union Pacific railroad magnates traveling on a special train, visited Coalville on Tuesday. The branch line to Park City, and the spurs to the coal mines in Coalville and Grass creek were all duly inspected.

At yesterday's session in Milwaukee of the locomotive engineers it was resolved that locomotive firemen, when promoted to the position of engineer must drop their membership in the Brotherhood of Locomotive Firemen if they want to become members of the Brotherhood of Locomotive Engineers.

The Denver Post says that a large force of graders have commenced work grading for the extension of the Burlington west of Guernsey. The officials of the road have persistently denied that it would build farther than Guernsey, but this grading work, in view of the fact that the entire line from here to Salt Lake has been surveyed, is taken to mean that the B. & M. is in earnest about going on west, and that it proposes to do so right away. At present the graders are working in a deep cut west of the town, which will be the outlet for the line onto the Laramie plains. The yards here have been made large enough to accommodate thousands of feet of tracks, and it is believed Guernsey is to be made a division point and car shop town.

THE RELIEF FUND.

The "News" Received $75 Today from Citizens of Diamond.

The "News" received today the sum of $75 from the diamond Branch Relief society of Juab. Those who contributed are as follows:

Superintendent B. F. Woodward, of the Joe Bowers Extension mine, subscribed $5. P. H. Hallon, of the Joe Bowers, sent in $5, and the miners subscribed $25.50. Fourteen dollars and fifty cents were received from citizens of Diamond. J. B. Higginson, of the Domingo, forwarded $5 which was supplemented by $13 from the miners. John Bone, of the Blue Bird, sent in $5 and Thomas Powell, of the Joe Bowers Extension contributed $2, making a total of $75.

A KANSAS STOCKWOMAN.

Owns 3,000 Acres and Handles Nearly 3,000 Cattle Annually.

The leading woman stock raiser of Kansas is Miss Mary Best of Barber county. She came from England and settled in Medicine Lodge ten years ago and soon after engaged in farming and stock raising, says the Denver Stockman. With the possible exception of ex-Congressman Jerry Simpson, Miss Best owns the finest farm in Barber county. She owns and controls 3,000 acres of land, 70 acres of which are in cultivation. She is dealing extensively in cattle and now has on her ranch near Medicine Lodge about 2,000 head, of which 700 head are her own and the rest she is holding for other parties. Miss Best handles from 2,000 to 3,000 head annually and has always made money. She has also a contract with the United States government to grow 450 bushels of sorghum seed. The seed is furnished by the agricultural department and is without doubt the finest grade in the world. Miss Best is a young woman of more than average intelligence, and is known all over Barber tounty for her good business seinse and her ability to manage a large farm.

HISTORICAL SOCIETY.

University Organization Will Visit Saltair Tomorrow.

The Historical society of the University of Utah will take part in the anniversary exercises at Saltair tomorrow. The party will go out on the afternoon train and will be in charge of the officers of the society.

The Historical society has taken a number of trips to historic spots during the past few months, and has done much good in arousing an interest in Utah affairs. Many relics have been brought to light and put into proper places so that they could be kept for future posterity. The society is to be congratulated on its object and success. It will no doubt become a permanent organization in the University.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the wold, for the last 10 years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottle free at A. C. Smith's Drug Store.

Sold by dealers in all civilized countries.
