TWO HUNDRED GRADUATES

In the Ogden City Schools—Interesting Closing Exercises.

Heard in the Police Court—Death of Samuel Glasgow—Funeral of Samuel Jenkins.

The commencement exercises of the following graded schools of Ogden were held yesterday. Madison, Washington, Pingree, Mound Fort, Grant and Central. At each of the schools interesting programs were rendered by the students. During the afternoon the lower grades held their exercises, and in the evening the eighth grade. The number of graduates for the past school year is very large, and is an extraordinary showing both for the teachers and students. The exercises rendered do great credit to the public schools of our city, and evidenced the rapid progress they are making. There are about 200 graduates from the eighth grade to the High school. The exercises at all of the schools were largely attended by parents and friends. There was hardly standing room in most of the buildings.

After the exercises, a most elegant banquet was served to all visitors by the people of Salina, who are so justly noted for doing well whatever they undertake to do. While the people of Salina deserve great praise for the generous manner in which they treated their visiting friends, Principal L. E. Carter of the Salina schools, Mrs. Ellen Humphrey, chairman of committee on entertainment, N. C. Rasmussen, the old faithful standby of all such occasions, Della Pendleton, John Hood, S. G. Humphrey and Alvis Teague are deserving of special mention.

The people of Sevier county have just cause to be proud of the status of our public schools, and for their condition County Superintendent Magleby is entitled to generous praise for his painstaking labors, as are also our public school teachers generally.

The Richfield High school continues to run until June 8th.

TEACHERS' EXAMINATION.

County teachers' examination will be held June 11th and 12th at Richfield.

Decoration day was fittingly observed here by most of the business places closing their doors, and the people of the city in general going to the cemetery and decorating the graves.

SUDDEN DEATH.

Mrs. G. Lourensen of Salina died very suddenly yesterday of what was supposed to be appendicitis. She was thirty years old, and leaves a husband and four small children.

A Life and Death Fight.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in Consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery which wholly cured me. Hundreds have used it on my advice and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and $1.00. Trial bottles free at Z. C. M. I. Drug Dept.

LEHI.

Decoration Day is Fittingly Observed — Sports at Saratoga.

Special Correspondence.

Lehi, Utah Co., May 31.—Yesterday was the most notable Decoration day ever observed in the history of Lehi. About 9 o'clock a. m. the people began to gather at the cemetery, most of whom were carrying a basket of flowers and ere long hundreds of people were decorating the graves of their loved ones while the silver band played a number of selections composed by Prof. Miller specially for the occasion.

The opening of the Saratoga resort yesterday was also characterized by an unusually large attendance. At 12 noon people began to arrive at the resort and by 3 o'clock nearly 1,000 people were on the grounds. One of the attractions at this place was a match game of ball between Lehi and American Fork. Much interest was manifested in the game. The game ended with Lehi 11 against American Fork's 9. This was the eighteenth match game Lehi has played this season and have come out victorious every time.

At 8:30 the large pavilion at the resort was beautifully lit up with acetylene gas and a large crowd of young people of Lehi and American Fork enjoyed themselves in the merry mazes of the dance. It being the first night acetylene gas furnished the light only added to its attractiveness.

VERNAL.

Efforts to Capture Outlaws—Building and Business Boom.

Special Correspondence.

Vernal, May 30.—Upon receipt of the telegram from Sheriff Preece, who was then at Thompson's Springs, announcing the killing of Sheriff Tyler of Grand Co., Deputy Sheriff Tolliver with several men, including ex-Sheriff John Pope, went down to Green River to guard the ferries there and on to the "K" ranch to watch the passes. But when they arrived there they learned that the murderers had already passed about ten hours before. They had ridden rapidly and owing to the delay in getting Sheriff Preece's telegram, he having to travel from the scene of the killing to Thompson's Springs before he could telegraph, the men escaped. They ran right into the "round up" camp, near the "K" ranch, where about twenty-five men were at work branding cattle, but the men were not aware of any trouble, so made no effort to stop them. It is unfortunate that the telegram was not received earlier, as the desperadoes could easily have been caught by these cow boys and the sheriffs posse from Vernal. As it is they are by this time probably in their old rendezvous, the Powder Springs country. However, Deputy Sheriff Tolliver is working hard to raise a posse to follow them even into their den, but is experiencing considerable difficulty, as a great many are away at the shearing pens in Wyoming, and it is also a very busy time here. It is hoped that a posse of about ten good men will be raised here and that in connection with others from Rawlins and other places the chase will never be abandoned until the outlaws are captured.

It is the belief of persons here who are pretty well posted that the murderers are Cassidy, Lay and McCarty, and if so it will be no easy matter to take them, as they know every pass in the mountains, are bold and fearless and would fight to the death. They have sympathizers, and even here in peaceful Vernal there are some who are under strong suspicion of giving them aid and comfort.

BUILDING AND BUSINESS BOOM.

Work on the new court house has commenced in real earnest. The foundation work being already in progress. There will be the greatest building boom this summer ever witnessed in the county. In addition to the $16,000 court house Vernal has voted a bond for an $8,000 central school building; the Ashley Co-op is to erect a large store 45x100 feet, L. Johnson & Sons are going to erect their roller mill here in town, and the Vernal Roller mills, recently burned, are to be rebuilt at a cost of about $15,000. Besides all this contracts have been let to Vernal parties for about $5,000 in repairing the officers' quarters and the barracks at Fort Duchesne, besides the large water works contract recently let there. At present it looks like mechanics will have to be imported into Vernal to assist in the work.

BEAVER.

Decoration Day Beautifully Observed — Thrown from His Horse.

Special Correspondence.

Beaver, Beaver Co., May 31.—Decoration Day passed off very nicely in this city. Preparations had been going on for some time for the children to celebrate the day in a fitting manner. At 11 a. m. the children with quite a number of older people, assembled at the meeting house, where the initial numbers of the program were rendered. Patriotic and memorial songs were sung by the choir and the little ones, addresses were made by Bishop Mumford, Prof. R. Maeser, and Hon. John R. Murdock, which were full of instruction as to the causes leading up to the observance of this beautiful custom of manifesting our regard for our dead loved ones, by placing flowers upon their graves. A procession of the children with their flowers, which were in rich profusion, was next in order. When the gates of the silent city were reached a beautiful piece entitled "Softly tread, this ground is holy," was rendered in an effective manner by the juveniles. A short address was given, and a patriotic selection, "Strew the fair garlands," was sung, and after benediction, the decoration of the graves was attended to. The whole was under the direction of Elder W. G. Bickley.

THROWN FROM HIS HORSE.

Walter LeChase Tolton, son of Counselor W. S. Tolton, now with the South American expedition, had his leg broken last night by being thrown from his pony. Dr. Forrester fortunately was in the city, and set the bones, and the lad is doing nicely this morning.

DECISION IS RESCINDED.

Malachy Hogan Now Declares McCoy-Ryan Bout a Draw.

Chicago, May 31.—The six-round bout between Kid McCoy and Tommy Ryan at Tattersalls last Tuesday night, which Referee Malachy Hogan awarded to McCoy at the end of the sixth round, has now been officially declared a draw.

Immediately after the fight Ryan protested against the decision, claiming that the contestants had agreed upon a draw if both were on their feet at the windup, emphasizing his protest with a fistic assault on Hogan. They were separated by the police and Hogan disclaimed any knowledge of the agreement between the boxers.

THE RACES.

New York.

New York, May 31.—Two disqualifications and a dead heat were the somewhat unusual features of the racing at Gravesend today. Long Shots continued to win, only one favorite getting the decision, and then only be being advanced by the disqualification of Add. McKeekin, who won the second race cleverly, was the first to be set back. On weighing out it was found that he had carried two and one-half pounds underweight. He was easily ten pounds the best horse in the race. Add was the second horse disqualified. When drawing away from Mary McCoy in the last 100 yards she swerved toward the rail, forcing Spencer to pull up.

Cincinnati.

Cincinnati, O., May 31.—The talent had a rough time of it trying to pick the winners at Latonia today. The track was fetlock deep in mud, and every one of the six favorites went down to defeat.

St. Louis.

St. Louis, Mo., May 31.—The heavy rains of last night and this morning made the fair grounds track very sloppy today. Myth, a new arrival at the track, and at odds of 12 to 1, was the only outsider to upset the public.

TOMORROW'S BIG ATHLETIC MEET

Athletes are Flocking to Chicago for the Contest.

COMES OFF AT RAVENSWOOD

Nebraska, Yankton, S. D., Knox, Minnesota, Wisconsin, California, Michigan and Notre Dame to Participate.

A Chicago dispatch today says: College athletes in numbers are arriving in the city for the Western inter-collegiate athletic meet, which will be held at Ravenswood tomorrow.

Among the teams who are here and will take part in the contests are Nebraska, Yankton, S. D., Knox, Minnesota, Wisconsin, California, Michigan and Notre Dame.

The men will continue to arrive today and before night every collegiate in the west which will be represented, will have teams in the city. At a meeting of the graduate committee of the Western inter-collegiate athletic association last night the final arrangements for the meet tomorrow were completed.

The Ravenswood field now is in such condition that within an hour after a heavy rain it should be in fit condition for the contests.

Albert Plaw, the hammer thrower of the University of California track team, gave an exhibition of his prowess on Marshal Field yesterday which surprised the few students who were present. Plaw has just come back from the East, where he defeated the best college men in hurling the sixteen pound weight. His record of over 154 feet, made in the inter-collegiate games, stands as the best college record of the world. But he distanced that mark in practice yesterday, by tossing the lead 170 feet. The throw was not accurately measured and will not stand as a record, but shows what may be expected of this wonderful athlete when he gets into competition tomorrow at Ravenswood.

NEWS FOR ATHLETES.

A. G. Spaulding Brings Home from Paris New Rules.

A New York dispatch today says: A. G. Spaulding brought back with him from Paris some useful information for American athletes who intend to contend in the French games. This information has to do principally with the rules in vogue over there, and is as follows:

The track will be of cinders, and will measure 400 metres. There will be a special course for the steeplechase event. Nobody must touch with any part of the body that part of the course which lies over the starting point. Every race will be started by pistol.

The 60 and 100 metres runs will be run in straight lines. Every runner will have his line marked out by having cord placed on the ground. These cords will be about 1.20 metres apart. In the 110 metre straightaway hurdle race, there will be ten hurdles, nine metres apart; 15 metres between the first hurdle and the starting point, and 14 metres from the last hurdle to the finish. The height of the hurdles will be 1.06 metres. Every hurdler will have his own line of hurdles and must not deviate from that line in the race.

In the 1,200 metre hurdle race there will be ten hurdles over the course, 15 metres between the metres, 35 metres from the start to the first hurdle, and 30 metres from the last hurdle to the finish. The height of the hurdles will be 90 centimetres.

In the 40 metre hurdle race there will be ten hurdles 90 centimeetrs in height, 35 metres between each hurdle, 45 metres from the start to the first hurdle and 40 metres from the last hurdle to the finish.

In the steeplechase event the hurdle will not be higher than 9-10 metre in height. Since there is a ditch to jump in this race, the runners may leap it or jump into the water, just as they choose. In the high jump each jumper will have three trials at every height. A trial is not counted as long as the jumper does not displace the bar. The ground must be perfectly horizontal and must have an elevation of at least one metre in front of the bar for the high jump, and 3.50 metres in the pole vault.

In the broad jump each of the jumpers will jump three times and three new trials will be accorded to the five making the best jumps. To fall backwards, to recoil after jumping or to go over the line with either foot constitutes a trial. The shot will weigh 7.25 kg. A circle of two metres in diameter will be laid out. Every contestant may throw the shot three times; three new trials will be given to the five making the best puts. He will be declared the winner who throws the shot the farthest in eight attempts. The discus shall weigh 1,923 grams and shall have a cavity in the center for the placing of lead. The same rules hold good for the discus as for the shot put.

LOCAL EVENTS.

RACES CALLED OFF.

A Crowd of Angry People at Calder's Yesterday.

If the term might be used, there was the modest lot of people at Calder's park yesterday afternoon that one wopid care to see. The crowd went to see the horse races, but they did not see any, and that's the how of it.

It happened thusly: Jenkins and Rence, promoters of the races, were in a grumbling mood because only a small crowd was in attendance at the time for the beginning of the races, 2.30, and at 2:45 called all off. In about ten minutes 300 people showd up and then there was some loud talk, and naughty words floated out on the air. Anathemas and imprecations were hurled in large doses at the heads of the unlucky horsemen until the air assumed a bluish hue.

Soon the crowd numbered 600. Finally Tom McCoy brought out Hal Corbett for an exhibition mile, which was run off in 2:17.

Manager Levy of Calder's has declared Jenkins and Pence's lease forfeited, for their conduct.

Last night Tombstone, Granit and Emma Foote were shipped to Denver to compete in the meet on the 9th.
