OGDEN NEWS.

OGDEN, - - JULY 19, 1900.

IN THE DISTRICT COURT.

Rasmus Christopherson et al Purged of Contempt—Did Not Aid Haworth.

Chinaman Discharged—Was Not the Aggressor in Tuesday's Disturbance—Excursion to Saltair.

Before Judge Rolapp in the Second district court the hearing in the case of the State of Utah vs Rasmus Christofferson, Thomas Hull, William Jensen and A. Larson, charged with contempt of court, came on for hearing. The defendants were charged with aiding Nick Haworth in his attempt to escape while being tried for murder at Farmington, recently. The evidence adduced at the hearing went to show that the accused knew nothing about Haworth nor of any plan that had been arranged for his escape, and the defendants were discharged and their bondsmen released, the court being satisfied that they were innocent of the charge.

CHINAMAN NOT THE AGGRESSOR.

Yesterday the Chinaman who was arrested for using a knife on George Thorn Tuesday evening, was released from custody, it having been proven that he was not the aggressor in the trouble, but that Thorn had assaulted him, and a warrant was issued for Thorn's arrest on the charge of disturbing the peace; the warrant was served on him and he will answer to the charge before Police Judge Hall. Some of Thorn's friends are quite angry over the turn the case has taken.

COLUMBIA CLUB AT SALTAIR.

The Columbia club have completed their arrangements for a summer outing to Saltair on July 21, 1900. The club is well known for doing things up right, and they intend making their outing one of the swellest events of the season. The regular railroad fare will be charged, and the club has arranged to have a dining car attached to the train, in which A. L. Fryer, the popular confectioner, will furnish all kinds of refreshments.

S. A. Packer, the old gentleman who was hurt by falling down the elevator shaft, is improving nicely.

Several boys were arrested yesterday for breaking up some flower pots and other things for a man named Jos. Hanson, who resides on Twenty-eighth street. The lads were given a good lecture this morning and discharged.

A marriage license was granted to John A. Stallings, 20, of Huntsville, and Miss Dortha Anderson, 18, of Eden.

An appeal was taken yesterday in the case of Peter Munnock vs B. M. Robinson, from Justice Breeden's court to the Second district court.

F. J. Kiesel & Company have decided to close their business every Saturday at noon during the warm months; it is thought that several other business houses in town will do likewise.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Z. C. M. I. Drug Dept.

LEHI.

Sugar Co's Private Telephone Lines—Good Beet Seed — Funeral.

Special Correspondence.

Lehi, Utah Co., July 19.—The Utah Sugar Co. will have its own private telephone wires between the refinery and the auxiliary plants at Springville and Bingham Junction. It will require 12 miles of copper wire to make the circuit, and the lines will be in readiness by the time operations begin.

The Sugar company will commence today thrashing their beet seed. A great deal of the crop has already been harvested and is very good, turning out in pounds per acre better than the management expected.

Superintendent Vallez is now preparing to commence operation with the Osmose process, which will start about the 25th of this month and will continue running until the factory commences to slice beets; as there is quite a lot of low product molasses to work up it will require fully two months to run it all through.

The funeral services over the remains of Mrs. Harvey Allred were held yesterday afternoon in the meeting house. Mrs. Allred died Tuesday morning last from general debility. She had been married three times, first to Mr. Harkness who was killed in the civil war; second to Mr. Kell, who died some years ago in the Southern States, and thirdly to Brother Harvey Allred, one of Lehi's first citizens.

The Appetite of a Goat

RICHFIELD.

Prehistoric Giant — Head of Mastodon Found in Digging Reservoir.

Richfield, Sevier Co., July 17.—Undoubtedly what is preserved of the skeleton of a pre-historic mastodon was found while excavating for material for the Otter Creek reservoir dam one day recently. R. D. Young brought down some of the specimens of the ancient monster. These consist of a tooth and portions of the tusk. The tooth is large and heavy. It is 13½ inches in circumference and about 9 inches long.

The top of the tooth is crossed with long elliptical rings or cups, as in the human tooth, only there are several instead of one, proving the giant to have been a herbivorous animal. The enamel of the tooth is well preserved.

The tusks are in a more decayed condition, but have the appearance of burnt bone. They are very porous in the center. From appearances the tusks must have been several feet long, two pieces being taken out of the same tusk about two feet long and 11½ inches in circumference at the upper end.

The skeleton was found about 30 feet from the surface of the ground in a boulder and gravel and clay cement formation. Nearly all the head was intact when first discovered, but was considerably broken up before the nature of it was discovered. The indications are that the entire skeleton was buried there. One foot was taken out nearly whole.

Much speculation may be indulged in as to how it came there. Its presence is evidence that such an animal once inhabited this region. It may have been overwhelmed in a flood, dead or alive, or buried through some upheaval of the earth. Dr. Herbert, who secured the specimens above referred to, has sent them to Salt Lake to Maynard Bixby, who has devoted considerable time and is much interested in fossilism.—Richfield Reaper.

MANTI.

Miss Ellis Westenskow Dies from Her Injuries—New Citizens.

Special Correspondence.

Manti, Sanpete Co., July 18.—Ellis Westenskow, the young lady who was so badly burned a few days since, at the time the R. G. W. eating house burned down, died Monday morning, and was buried yesterday. Very impressive funeral services were held in the Manti tabernacle. The speakers were Bishop Jenson, President J. D. T. McAllister, Geo. Bench and J. B. Maiben, and the singing was by Prof. A. C. Smith's choir. The whole community mourns with Mr. and Mrs. Westenskow in the loss of their estimable daughter.

NEW CITIZENS.

The district court in session here this week is granting citizenship to dozens of applicants. There seems to be quite a rivalry between the leaders of the two political parties in their efforts to get people naturalized.

Prof. J. E. Hickman of the summer school, was called home to Provo Saturday on account of the serious illness of his wife. A young man, Baldwin by name, is taking his place in the school as teacher of physics and triginometry.

The drouth continues in Sanpete valley, and farmers have almost given up all hope of a second hay crop this year.

Was It a Miracle?

"The marvelous cure of Mrs. Rena J. Stout of Consumption has created intense excitement in Cammack, Ind," writes Marion Stuart, a leading druggist of Muncie, Ind.; "She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to use Dr. King's New Discovery and gained 37 pounds in weight and was completely cured." It has cured thousands of hopeless cases, and is positively guaranteed to cure all Throat, Chest and Lung diseases. 50c and $1.00. Trial bottles free at Z. C. M. I. Drug Dept.

LOGAN.

Charles Juchau Again Sent to Asylum — Wedding Chimes.

Special Correspondence.

Logan, Cache Co., July 18.—Charles Juchau, of Smithfield, was today examined before Judge Hart as to his sanity, the examination being conducted by Drs. O. S. Ormsby and E. G. Gowans. He was adjudged insane and ordered committed to the asylum at Provo, whither he will be taken by sheriff Crockett tomorrow. Juchau has been in the asylum before, but about two years ago was released on account of th marked improvement in his mental condition. About seven months ago his old spells began to come back and lately he has carried on in such a way that it was deemed necessary to confine him again. His particular hallucination is that he is guardian over the person of a certain lady in Smithfield, and in his zeal to protect her has developed homocidal intent toward the woman's husband. In his lucid intervals he is as harmless and rational as anyone.

In probate court today Judge Hart appointed Moses Christensen administrator of the estate of Mary C. Christensen, deceased, and William Lee administrator of the estate of John Lee, deceased.

N. R. Broby of Wellsville, a native of Denmark, was today admitted to citizenship by Judge Hart.

WEDDING CHIMES.

Deputy Bliss Dispenser Quinney today made happy the following applicants for permission to wed: Olof Cederlund, 64, and Ingra Erickson, 37, both of Montpelier, Idaho; Geo. R. Smith, 40, of Smithfield, and Anna S. Andersen, 28, of Salt Lake. Yesterday these: Jas. H. Anderson, 21, of Lewiston, and Verna Call, 19, of Bountiful; Daniel Bloomquist, 28, and Annie L. Jackobson, 24, both of Labelle, Idaho.

A great game was that today between the Rio Grandes and the Logan baseball teams. About 400 people witnessed it and all were well satisfied with the sport put up. The score stood 17 to 8 at the close in favor of the Rio Grandes. The Wellsville players have made up a purse and the Rio Grandes will cross bats with them tomorrow.

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Z. C. M. I. Drug Dept.

SUNNYSIDE.

Will Celebrate Pioneer Day — No Postoffice Yet.

Special Correspondence.

Sunnyside, Emery Co., July 15.—Sunnyside will celebrate the 24th by giving the children a good time, a committee having been appointed to make preparations to amuse the children. The program will consist of singing, speeches and recitations. In the afternoon dancing, races and other amusements will take place.

Mrs. Jane Litster of Cleveland, who came here to undergo an operation for the removal of a cancer, which was done on June 30th, is progressing nicely.

Myrtle Tidwell, a young girl who fell off from a load of baled hay while crossing a wash between here and Wellington, and severely injured, is also doing nicely. When the load was up near the top of the wash the horses let it back on her breaking her arm and her thigh; she was also bruised in several places by falling. She was brought to the hospital here to get medical aid. That is one thing Sunnyside can boast of, of having a good hospital and a good physician.

Work is still rushing. The houses look better for the painting they have received. When all will be completed they will look neat and comfortable.

If we had our mail service established here the people would be better satisfied. The inconvenience we have can only be imagined by people who have not had the same difficulty to pass through. We hope in the near future to have a postoffice here; at present we receive our mail from Mound by courtesy of the R. G. W. railway officials.

OVARIAN TROUBLES.

Lydia E. Pinkham's Vegetable Compound Cures Them—Two Letters from Women.

"DEAR MRS. PINKHAM:—I write to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me. I was sick in bed about five weeks. The right side of my abdomen pained me and was so swollen and sore that I could not walk. The doctor told my husband I would have to undergo an operation. This I refused to do until I had given your medicine a trial. Before I had taken one bottle the swelling began to disappear. I continued to use your medicine until the swelling was entirely gone. When the doctor came he was very much surprised to see me so much better."—MRS. MARY SMITH, Arlington, Iowa.

"DEAR MRS. PINKHAM:—I was sick for two years with falling of the womb, and inflammation of the ovaries and bladder. I was bloated very badly. My left limb would swell so I could not step on my foot. I had such bearing down pains I could not straighten up or walk across the room and such shooting pains would go through me that I thought I could not stand it. My mother got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me to try it. I took six bottles and now, thanks to your wonderful medicine, I am a well woman."—MRS. ELSIE BRYAN, Otisville, Mich.

OUR NEIGHBORS.

IDAHO.

Weekly Crop and Weather Bulletin.

Boise, Idaho, July 17, 1900.—With the exception of light showers in Kootenai county on the 11th, the weather remained fair in all sections throughout the week leaving the drouth still unbroken. Warmer weather prevailed generally, the maximum temperature rising to 100 degrees in the Snake River valley on several dates. The sunshine was nearly continuous in the southern and western counties; high, drying winds were a feature of the weather in the eastern sections; light frost occurred in limited localities of Shoshone county.

CROPS.

Grain and Grass—Harvest of fall-sown grain is nearly finished, except at the higher elevations, and, where sufficient water has been available for irrigation, tahe crop is a good one. A few fields in Nez Perces county have been slightly damaged by hail.

Spring wheat has ripened rapidly under the influence of the warm, dry weather, and in many places is ready for harvest. Some rust has made its appearance in the northern counties, but not enough to materially injure the crop. But little of the crop on "dry farms" in the southeastern counties will be harvested. Irrigated grain is good, as a rule, though in some sections of the eastern counties it is impossible to supply the water as fast as it is evaporated by the hot winds.

The second crop of alfalfa is making good growth in most sections, and is being harvested in the southwestern counties with satisfactory results.

The ranges are becoming very dry, but except in few localities stock is still in good condition.

Fruit—The warm, bright weather has caused fruit to mature rapidly; in the Boise, Payette, and Snake River valleys, raspberries and apricots are gone, and peaches and blackberries are abundant. A few melons have been pulled for market in Canyon county, and this crop promises a large yield. The codling moth continues to damage the apple crop, but the trees are still heavily loaded.

Acting Section Director, U. S. Department of Agriculture, Idaho Section Climate and Crop Service, Weather Bureau.

MILO, IDAHO.

Inviting Locality for Homeseekers—Abundance of Water.

Special Correspondence.

Milo, Bingham Co., Ida., July 16.—This ward was made out of portions of Shelton and Willow Creek wards last March. The region is made up of rich farms with many undeveloped resources. Wonderful hay crops are being gathered, while unprecedented prospects for grain are everywhere in evidence. The great canals are full of water, spreading beneficence on every side.

J. P. Davis presides over the branch and meetings are well attended. Newton Andrus has charge of an excellent Sunday school.

The young orchards of Messrs. Davis and Newman demonstrate what the future has for those who will pay some attention to horticulture.

The great stacks of hay, heavy fields of grain and abundance of water makes this an inviting place for the agricultur. ist.

Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail. —Mrs. Curtis Baker, Bookwalter, Ohio

BICYCLE RACES TOMORROW NIGHT

All the Events Will be Paced by Motor-Cycle.

CLEM TURVILLE VS VAUGHN

Match Race for $60 and $25—Two Mile Open Professional and Two Mile Open Amateur.

The usual riders will appear on the track tomorrow evening, but the feature of the meet will be somewhat unusual. Those who enjoy the noise of the motor cycles aught to be satisfied for each race will be motor paced. At least, that is the program, as it stood this morning. The management is disappointed over the non-arrival of Charlie Turville, who is in Philadelphia, and John Lawson's new motor cycle, which should have been here two weeks ago. The machine will not be here until next week. No word has been receieved from Turville. His ticket was sent to him some time ago. The events arranged for for tomorrow evening are as follows:

First Event—Five mile open professional.

Second Event—Two mile open amateur, prizes $25, $15, $10 and $5.

Third Event—Two mile open professional, prizes $45, $15, $10 and $5.

Fourth Event—Match race, Clem Turville vs W. B. Vaughn of California; prizes, $60 and $25.

WON BY LADY GERALDINE.

The Biggest Stake of the Trotting Season Fought For.

Detroit, Mich., July 18.—The biggest stake of the trotting season, the Merchants and Manufacturers, which was trotted at the Grosse Pointe track today, was a gamely fought struggle from the strat until the last heat, which was finished in the gathering twilight, and which was won by Lady Geraldine. Of the prime favorites, Henry S. went lame after appearing on the track preparatory to the first heat; Battle Sign cut a tendon of his left forefoot during the second heat and was not started. The elimination of these fast trotters made it look like anybody's race. The time was not proportionately fast, the track being somewhat heavy after the rains.

Twelve thousand people saw today's events. Eight thousand occupied the seats and aisles of the grand stand; the others stood in the betting spaces and filled the lawn and quarter-stretch space. Approximately $100,000 is estimated to have gone into the betting pools.

Until yesterday Lady Geraldine was owned by Isaac L. Goff of Providence, R. I. Today it was announced that he had sold her, but the buyer's name was not divulged. The new owner placed the bay mare in the hands of Ed E. Geers, and Geers drove her to the winning, thereby getting first and third money, amounting to upward of $6,000.

In the first heat Geers tried to drive out of the bunch in the stretch, but Lady Geraldine broke at the critical point and Battle Sign finished two lengths ahead of Axtello. Lady Geraldine made a sensational winning of the next heat, rushing past Axtello, who was second, after aBttle Sign's accident. Annie Burns got her nose in front for the first time during the third heat, after a brush with Red Arthur. Geers tried another of his spurts in the stretch, but Geraldine broke just as she was passing Red Arthur, and Burns won the heat. Annie Burns also captured the fourth heat, closely chased in by Geraldine.

The gray mare, however, cut up badly during the fifth, and Geers drove Lady Geraldine in slow, evidently to prevent a shutting out of Burns, who narrowly escaped it. The gray mare broke badly in the stretch in the last heat, and the bay won easily in slow time. Lady Piper, the favorite, won the 2:13 pace and James R., an outsider, the 2:20 pace. Results:

Frist Race—Merchants and Manufacturers' stakes, $10,000, for 2:24 class trotters—Lady Geraldine won second, fifth and sixth heats. Time, 2:14¾; 2:14¾; 2:22. Annie Burns won third and fourth heats and was second. Time, 2:11¼; 2:15. aBttle Sign, withdrawn after second heat, won first heat in 2:15½. Axtello, Red Arthur, Maud C., George Alex, Walter Keim, George H. Ray and Gracie Onward also started.

Corbett and McCoy.

New York, July 18.—James J. Corbett and "Kid" McCoy have been matched to box at Madison Square Garden. Articles of agreement have not been signed, but the date is fixed for August 25th.

RYAN VS. MOFFATT.

Will Probably Fight for a $5,000 Purse September 7th.

San Francisco, July 19.—The National club has probably matched Tommy Ryan and Jack Moffatt to fight for a $5,000 purse, the both men to weigh in at the ring-side within a 158 pound limit. September 7th i sthe date set fo rthe battle.

Moffatt has already signed and Ryan has agreed to affix his name to the contract when presented. From communications already received by the National club managers contemplate no obstacles in the way of obtaining Ryan's signature to the agreement. If Ryan does not accept a proposition will be made to Root or "Kid" McCoy to met Moffatt.
