MINING, BUSINESS AND STOCKS.

PRICES WERE LOWER TODAY.

South Swansea, Grand Central and Tesora Sagging.

SILVER SHIELD VERY WEAK

Richmond-Anaconda Active—Sacramento Softer—Star Con. Stronger—Mammoth Sells.

Business was quite brisk on the Mining Exchange today. Over 31,000 shares of stock sold for $18,470. The market was much weaker. It is evident that the season is having its influence on the stock business which appears to be easing off to summer level. Ajax opened at $1.20¼, but sold down to 1.19½, though it reacted to 1.20⅝ on the closing sale. Grand Central sold from $5.09 to $5.15, while Lower Mammoth was traded in at $3.65. May Day sold down to $7. Ontario was active at $8.95. Sacramento weakened to 37 though it sold at 37⅝ at the close. Silver Shield opened at 2¾ and declined to 2½ while South Swansea sold down to 60. United Sunbeam was traded in at $9. Star Con., advanced from 42½ to 43¼, while Tesora slumped from 76 to 74. Swansea was traded in at $3.93, while Richmond Anaconda released 500 shares at 25. West Morning Glory sold at 3½. Yankee Con. sold from $2.82½ up to $2.84, but weakened at the close to $2.83¼. Manhattan was traded in at ⅞. The closing quotations were as follows:

"THE GREAT SALT LAKE PRESENT AND PAST."

By James E. Talmage, PH. D. F. R. S. E., F. G. S., professor of geology, University of Utah, a book of 116 pages, beautifully illustrated. The first complete and authentic work on the renowned saline sea. Price 25 cents, postage prepaid. For sale by the Deseret News and all news dealers.

Autobiography of Capt. James S. Brown, 320 pages, bound in cloth. Price $2.00; for sale at the Deseret News. Special terms to agents.

SHUT DOWN OF SOUTH SWANSEA.

All Employes, Excepting Pump Men, Paid Off Yesterday.

ASSAYS FROM SILVER BELL

Show Very High Grade Ore—Silver Shield Shut Down—Yankee Con. Operations.

The South Swansea of Tintic has been shut down. Such was the word brought to town today from the camp. When seen about the matter the management confirmed the report but declined to give any particulars regarding the matter. The shut down of the property came as a surprise to the men employed there, all of whom were paid off yesterday, excepting the pump men, who will see that the water does not rise in the lower levels while the mine remains idle. The last lot of ore from the property is at the sampler, and it is likely to be several weeks before shipments are resumed.

Some speculation has been indulged in regarding the cause for the step, but no one seems to know just what is the matter. Some think that the shut down has something to do with the Four Aces suit, while others think that the new pump has been delayed because of the strike, and that the mine will not be started up again until it arrives.

SILVER BELL ASSAYS.

The Management is Sinking on a Streak of High Grade Ore.

Martin Christopherson has returned from a trip to the Silver Bell property in Park City, and is fully convinced that it will yet prove a dividend payer. Some very high grade ore is being encountered in what is called a true fissure vein about 300 feet from the mouth of the tunnel and nearly 300 feet under the hill. The ore is fine looking stuff and assays as high as 55 per cent lead, 85 ounces silver, 8.8 per cent copper and $5.78 gold per ton. A small streak several inches wide, has been drifted on about forty feet from the tunnel level. The management is now sinking a winze from the tunnel on a streak of high grade ore which is fully six inches wide. The company owns six claims, four of which are patented.

SILVER SHIELD SHUT DOWN.

Supt. Brownlee Says the Last of the Men Were Paid Off Yesterday.

Ex-Supt. H. S. Brownlee, of the Silver Shield, came in from Bingham today. He reports the last of the men laid off yesterday on account of the increased flow of water in the mine. The water flow from the north has been bad for some time but the last straw was added when the management tapped a stream in the south drift. The pumps, which were supposed to have a combined capacity of 160 gallons per minute, were taxed to the utmost to handle 125 gallons per minute owing to the difficulty in obtaining the necessary compressed air from the United States company. After keeping the water down for a short atime it was found that the pumps could not be made to perform all that was needed, so it was decided to draw them. This was done and the workings of the mine are now flooded with water. Mr. Brownlee says a great deal of water is surface water. It is improbable that anything will be done until the middle of next month towards solving the present difficulty.

TIP TOP MINE.

Mr. Packard Orders the Famous Gold Mine and Mill Started Up.

Mr. John Q. Packard, owner of the Tip Top mine in the Hailey gold belt, Idaho, said today that the bonanza has at last started on its career which will determine within the next few months whether it will be a paying mine like Mr. Packard's other bonanzas. Mr. Packard says he sent word to Capt. Lusk a few days ago to now push things for all they are worth. The mine, Mr. Packard says, is one of the best equipped in the country. A mint of money has been spent in preparing it for the final issue, which has come at last. Hitherto the ore extracted has been taken from the surface principally, but a full force of men is now engaged on all the levels above the 700 of the new shaft. Mr. Packard did not care to say anything about the value of the ore but it is easily to be seen that he considers the success of the new bonanza is pretty well assured. The veins are said to be large and rich on the 700 level and a fabulous sum will doubtless be taken out of the Tip Top during the present year. Mr. Packard says that the mill is fitted with twenty stamps and two sets of Frue vanners. In addition to the copper concentrates carrying gold considerable free gold is also saved and sent to the mint. The concentrates will be shipped to Salt Lake.

Regarding the Bullion-Beck suit against the Gemini Mr. Packard says the surveyors are now determining the amount of the trespass, if any has been made. "If any has been made," said Mr. Packard, smilingly, "we are ready to restore the value of every pound of ore taken."

DOWN THE MINES.

Feature of the Trip to Cripple Creek in July Next.

The mine-owners of the Cripple Creek district during the session of the Trans-Mississippi Commercial congress have volunteered to open the mines to the deepest levels during certain hours of the day the whole of congress week. The trip for the delegates can be made with perfect safety, the shafts upon all the big producers being furnished with safety appliances. There will be no more danger attached to this trip than there would be in taking the elevator of a large hotel. The Gold Hill tunnel, which cuts the Anchoria-Leland mine at the eighth level, has offered the delegates the freedom of the tunnel, and the Anchoria-Leland will arrange to take all guests from the tunnel over that property. By entering the mouth of the tunnel in the city limits the delegates and their friends can penetrate Gold Hill and come out at the entrance on the apex, from the shaft house of which they can get a splendid view of Cripple Creek, which spreads out like a panorama in the bowl of the crater below. The Ophelia tunnel, which penetrates the district for a distance of 3,000 feet, and the tunnel of the Woods Investment company on Squaw mountain, with the electric trolley, are offered the committee, and the trip into the interior of the mines can be made by electricity with the electric lights in full blaze revealing the veins and ore bodies.

GREEN RIVER OIL.

J. X. Young of Los Angeles Makes an Examination of the Utah Field.

Los Angeles men are steadily reaching out toward new oil fields in other states and territories, as well as in California, says the Los Angeles Herald. One of the spots now attracting attention from a few of them is in the Green River section, Grand county, Utah. That section is in middle eastern Utah, and so far as known seems to be in line with the Wyoming fields, which are now attracting attention. The oil found in seepages in the two states is very similar, being rich in lubricants and undoubtedly of paraffin base. Samples of the oil and sand left at the Herald office yesterday by W. H. Prouse give some idea of the country. The oil was gathered from seepages, and is consequently not of as high gravity as would be obtained from wells, probably. No wells have yet been drilled in the field, however, which is only judged by the seepages of oil and surface indications.

The samples were brought to Los Angeles by J. X. Young, who has been exploring the Utah field, and who is identified with a company of Los Angeles people being organized to operate on 1600 acres of land which it has secured. A large amount of land in that section has been taken up under the placer mining law.

Returns from Yankee Con.

Dr. Franklin, who is directing work at the Yankee Consolidated, of Tintic, came in from camp this morning after spending yesterday examining the property. He says the mine is looking fine and within three weeks he expects to begin shipping fifty tons of ore per day from the Yankee Consolidated. Before snow flies the doctor says the mine will be producing 100 tons of ore per day. As it is, work is delayed because of the alterations necessary in the tunnel. In order to make it fit to haul heavy loads of ore in, it has been found necessary to take three feet out of the bottom for a distance of 300 feet. The new electric drills are said to give good satisfaction. No change is reported in the Humbug. Regarding the Richmond-Anaconda the doctor had nothing to say further than that the property will be worth a great deal more than the stock is quoted at before many months are past.

Alaska Company Files Articles.

Provo, May 29.—The J. S. Johnson Mining & Investment company of Alaska, has filed for record with the county clerk, a copy of its certificate of incorporation.

The company was incorporated under the laws of West Virginia, November 15, 1900, for the purpose of transacting a general mining business, including gas and petroleum oil. The authorized capital of the company is $500,000; the principal place of business is Cleveland, Ohio. The incorporators are J. Sloan Johnson, of San Francisco, Otto Johnson, H. M Gates, Robert Forbes and John K. Wallland, all of Bedford, Ohio.

Mr. Johnson is the president of the company and he has made and is now causing to be made a large number of locations of petroleum claims in Spanish Fork canyon. Mr. Johnson is confident that the region will develop into a productive oil field.

C. F. Holland et al have filed notices of location of the Thistle placer Mining claims Nos. 1 to 6 inclusive, and the Sheep Creek Nos. 1 and 2 mining claims; all petroleum claims situated on Sheep creek in township 9 south, range 6 east, Salt Lake meridian, east of Thistle, in Spanish Fork canyon.

MINING NOTES.

The Uncle Sam reached the Sampler today with 5 cars of ore.

The Taylor-Brunton Sampler reported 5 cars of ore from Tintic today.

The Bullion-Beck of Eureka reached the market today with 5 cars of ore.

Manager Thomas Weir of the Ajax came in from that Tintic property last evening. He reports the new machinery working smoothly.

Supt. John A. Kirby of the Daly West came down from the Bonanza last evening. He reports no special changes though the mine is looking first class.

Five delegates will be appointed by the Mining Exchange to the International Mining Congress to be held at Boise on the 23rd, 24th and 25th of July.

It was stated today that at the meeting of the Joe Bowers shareholders scheduled for June 25th, it will be found that the control is now in the hands of the Burnham heirs.

Moab Times: The Ballard Bros. of Thompson have made a number of manganese discoveries at Sand arroya, southeast of White House station and is within six miles of the railroad.

A shipment of 30 tons of copper bullion was on the market today from the Dixie Smelter near St. George. The smelter was started up on the 14th inst. and it is expected it will run until June 1st.

Vernal Express: Richard Pope received a telegram during the week from the Boston office of the Uintah Copper Summit company, requesting him to hold himself in readiness to take charge of a force of men at the Dyer mine on the 1st of June.

The New England Gold and Copper Mining company of Denver today filed articles of incorporation for Utah with the secretary of State. The capital stock of the company is $1,000,000, in $1 shares. The amount paid by the company for incorporating here was $263.10.

Vernal Express: The city is advertising for bids to deliver 10,000 tons of sand asphalt. This seems like lots of paving material for a small town of this size, but it takes lots of it to pave streets, and this is what the city fathers propose doing this summer.

The Bazook Consolidated Mining company of Ogden today recorded the tansfer to it from Sarah Ann Daft, a mining claim in the West Mountain Mining district of Salt Lake county, known as the Little Joker, United States patent lot No. 363, the consideration being $15,000.

Articles of incorporation of the Ben Butler No. 3 Mining company were yesterday filed in the office of the county clerk. The capital stock is $50,000, divided into 500,000 shares of the par value of 10 cents each. R. L. McElroy is president of the company; B. F. Butler, vice president; C. M. Raybould, secretary and treasurer, who, with Edward Mehlinger and F. E. Wilson, form the directorate. The company owns the North Star, Columbus and B. F. Butler No. 3 mining claims at Bingham.

Wm. H. Child, Stock Broker, 409 Dooly Block. Telephone 694-2.

UTAH, IDAHO, THE WORLD.

Three new maps, just issued, Utah and Idaho on one side, the World on the reverse side, including population of counties and towns according to the 1900 census, with a brief sketch of every country in the world. Size 27x31½ inches, value 75 cents; sent to any address for 25 cents. Address The Deseret News.

DEALT IN UNION PACIFIC.

Sale of 5,000 Shares Sends it Up and Animates the Market.

Dealings in Standard Stocks Increased and Caused a General Advance in Prices.

New York, May 29.—Opening prices of stocks were higher, with Union Pacific the feature, 5,000 shares of that stock selling at 104 to 103, compared with 102⅞ last night. The market showed considerable animation. There was renewed buying of some of the low priced stocks which were in demand yesterday and in addition various other stocks were absorbed, causing a sharp upward movement. Improvement extended to over a point in Colorado Fuel, Rock Island, Atchison, St. Paul, Illinois Central, Denver & Rio Grande, Manhattan and Metropolitan Street railway. Pressure against the Tobaccos, which lowered them 1@3, was without effect elsewhere. Union Pacific reacted to 102½, but was bought heavily at the lower level and reached 104½. There were increased dealings in the standard stocks and a general advance in prices. Some of the leading stocks were affected by profit taking sales and became quieter. General Electric spurted up 3½ and short buying of Tobacco benefited it 1¼. Denver & Rio Grande rose 2¾ on late transactions. Lackawanna fell 2 below last night.

Minneapolis and St. Louis rose 4½. A heavy buying of Southern Pacific carried it 4⅝ over last night. There were gains of 2 points in Canadian Southern, Northern and Pacific Mail and one each in Denver and Rio Grande Pfd., and National Salt preferred. Prices dropped in the general list, but rallied again. Delaware and Hudson reacted 1½. The closing was quite active and firm with some stock at top prices.

Bonds were quiet and steady.

CLOSING STOCKS.

Atchison, 78¾; do, pfd., 99¼; B. R. T., 76½; B. & O., 104; do, pfd., 94; C. B. & Q., 195½; C. F. I., 94¾; C. G. W., 21½; Centenial Tob., 66¼; C. & A., 41¼; do. pfd., 79⅛; D. & D. G., 48½; D. & H., 224; Electric, 228½; L. & N., 103¾; M. K. & T., pfd., 58¾; Northern Pac., 150; do. pfd., 97½; U. S. Steel, 46; do. pfd., 94⅝; Penna., 144½; Pac. Mail, 38; People's Gas, 114⅛; Reading, 43; do. first pfd., 78½; Second pfd., 53½; Rock Island, 154*; Southern Pac, 52½; St. Paul, 169¾; T. C. I., 57⅞; U. P., 104; do. pfd., 89¼; W. U., 92¾.

Hogs—Receipts today, 34,000; tomorrow, 3,000; left over, 3,156. Opened strong to 5c higher, closing easier. Mixed and butchers, 5.70@5.90; good to choice heavy, 5.80@5.95; rough heavy, 5.65@5.75; light, 5.50@5.85; bulk of sales, 5.80@5.87½.

Sheep—Receipts, 15,000. Steady; good to choice wethers, 4.30@4.55; Texas sheep, 4.50 @4.65; native lambs, 4.00@5.45; western lambs, 5.00@5.65.

KANSAS CITY LIVE STOCK.

Kansas City, Mo., May 29.—Cattle—Receipts, 5,000. Native and Texas beef steers 5@10c. higher; others strong. Native beef steers, 4.75@5.85; Texas steers, 4.40@5.90; grassers, 3.40@4.00; cows, 2.80@4.25; native cows and heifers, 2.35@5.35; stockers and feeders, 3.75@5.05, bulls, 3.25@4.50; calves, 4.00@6.50.

Hogs—Receipts, 17,000; strong. Bulk of sales, 5.65@5.85; heavy, 5.80@5.90; packers, 5.70@5.85; mixed, 5.65@5.85; light, 5.40@5.75; yorkers, 5.35@5.70; pigs, 4.50@5.30.

Sheep—Receipts, 5,000; steady. Muttons, 3.75@5.00; lambs, 4.70@5.60; grass Texans, 3.75@4.20; spring lambs, 5.75@6.50.

OMAHA LIVE STOCK.

Omaha, Neb., May 29.—Cattle—Receipts, 4,500; best steady; others slow. Native beef steers, 4.40@5.60; western steers, 4.00@4.80; Texas steers, 3.50@4.40; cows and heifers, 2.60@4.60; canners, 2.00@3.50; stockers and feeders, 3.25@5.10; calves, 3.50@6.75; bulls, stags, etc., 2.80@4.40.

Hogs—Receipts, 15,300; shade lower. Heavy, 5.62½@5.72½; mixed, 5.60@5.62½; light, 5.60@5.62½; pigs, 5.00@5.50; bulk of sales, 5.60@5.62½.

Sheep—Receipts, 2,500; steady. Yearlings, 4.20@4.65; wethers, 2.86@4.20; common and stock sheep, 2.00@3.75; ewes, 3.25@4.10; lambs, 4.50@5.60; spring lambs, 5.00@6.00.

DENVER LIVE STOCK.

Denver, Colo., May 28.—Cattle—Receipts, 1,100. Steady; beef steers 3.75@4.65; stockers do, 3.25@470; bulls, stags, etc., 2.00@3.50.

Hogs receipts, 300. Lower; light packers and mixed 565@570; heavy 567*@572½.

Sheep receipts, 300. Steady.

BOSTON WOOL MARKET.

Boston, May 28.—There was little business doing in the wool market here this week and the demand continues moderate. What sales were made were at former prices. Territory wools continue to head the list of sales. Fine medium and fine staple are selling at 40@42c on the scoured basis, while the strictly staple article is quoted at 44@45c. Fleece wools are also slow and prices are nominal.

Territory—Scoured basis: Montana fine medium and fine, 13@14c; scoured, 42@43c; staple, 45@46c. Utah, Wyoming and Idaho, fine medium and fine, 12@13; scoured, 40@42; staple, 44@45c.

Australian—Scoured basis: Spot prices combing superfine, 71@72c; good, 68@70c, average, 65@67c.

COPPER

New York, May 29.—Copper and lead steady, unchanged.

Boston, May 29.—B. & M., 4.42; B. & B., 1.11½@1.12.

ST. LOUIS WOOL

St. Louis, May 29.—Wool—Territory and western medium 13@15; fine, 10@13; coarse 10 to 12.

SAN FRANCISCO WOOL.

San Francisco, May 28.—Spring Nevada, 10@12; eastern Oregon, 10@13; valley Oregon, 14@15; mountain lambs, 7@8; San Joaquin plains, 6@7; Humboldt and Mendocino, 9@10.

SAN FRANCISCO GRAIN.

San Francisco, May 29.—Wheat, quiet; Dec., 103⅜; cash, 97½.

Barley, no sales; cash, 75.

BUTTER AND EGGS.

Chicago, May 28.—On the produce exchange today the butter market was weak. Creameries, 14@18½; dairies, 14@16.

Cheese—Firm, 9@10½.

Eggs—Strong, 11¼.

New York, May 28.—Butter—Receipts, 15,26 packages; firmer. Creamery, 15@18; factory, 11@13½.

Eggs—Receipts, 4,032 packages; steady.

Western ungraded, 11*12*; western selected, 13@13½.

A PLEASANT JOURNEY.

A representative of The Bee heard a well known Morrisville woman, who frequently visits a married daugter in New York, telling some friends one day this week, of her first experience riding on the Empire State Express. "I was coming up from New York," she said, "and thought I would try that famous train I've heard so much about. Well we rolled along smooth and easy and pretty soon I noticed a lot of men getting up and putting on their overcoats. I thought all these men could not be getting cold for the car was very comfortable, and in just a minute the trainman called out 'Albany!' I could hardly believe it; I would just as soon have expected to be in California so quickly. We left New York at half-past eight and were at Albany a little after eleven and at Utica before one o'clock. I changed to an accommodation train there and was in Canastota a few minutes after two. My! it seems almost like flying." Now whenever this good lady wants to visit New York she goes a good bit out of her way that she may travel by the New York Central.—From the Canastota Bee.

Rheumatism is conceded to have its origin in a poisoned condition of the blood and to be most successfully treated by HERBINE, which acts upon the liver, kidneys and other blood purifying organs, thereby divesting the system of the offending agents. Price, 50 cents. Z. C. M. I.

TEACHERS.

Dr. Talmage's new book, "The Great Salt Lake, Present and Past," should be in the hands of every educator. The amount of information it contains relating to the great saline sea, makes it an invaluable work for reference or study.

READING THE HAND.

Professor Sterling has already read the palms of a number of leading citizens. A number of them will be published from day to day. Out of this list the following have been selected for today's issue:

PALMER HOUSE

Formerly the St. James Hotel, 325 South Main Street. (near Third South St.)

PROFESSOR STERLING.

THE CELEBRATED PALMIST AND PSYCHOLOGIST

who is now in the city and is recognized by press and public everywhere. All are pleased and delighted with his readings. Multitudes visit his parlors daily and are happy. Palmistry is an exact science, and it excites the wonder and admiration of the most skeptical. Professor Sterling can be consulted on all matters pertaining to the welfare of the human race. Your hands reveal all questions of life, pertaining to marriage, sickness, death, changes, travels, divorces, separations, lawsuits, business transactions, wills, deals, mortgages, lost or absent friends, mining ventures, etc. Consult Professor Sterling. He is acknowledged the greatest living authority on palmistry and all his work is done in manuscript form, and is strictly confidential.

Office hours are 10 a. m. to 9 p. m. daily and Sundays.

Palmistry has been reduced to a science, and following are some of the results obtained by Professor Sterling of well known persons in this city:

F. M. SHRIER.
Bookkeeper.

You will always meet with success in the future pertaining to business and domestic affairs.

H. O. BROWER.

You are truthful. You possess a generous broad-minded disposition, and you are liable to suffer many annoyances.

W. W. HALL,
Jeweler.

You have considerable executive force and a habit of command. You have talent and you will always have many true friends.

S. W. JOANSON,
Cutter.

A practical and useful hand, conservative, unmovable, successful with people.

L. TAYLOR,
Salesman.

Your hand has a cross and a star joined together; they indicate that you are obliging, like to see others happy, and delight to make them so

H. C. McDONOUGH,
Collector in Herald Office.

You have much sympathy, determination and energy of purpose. You are fond of admiration, very affectionate, and a good friend.

Palmer House (formerly St. James), 325 South Main street. Room 6. CHARGES 50c. and $1.00.

Prof. Sterling does not publish private readings in the daily paper.

Stood the test for fifty years

KINGSFORD'S OSWEGO "PURE" STARCH

for the Laundry.
