The funeral of the infant son of C. W. Johnson was held yesterday from the residence, with interment at Mt. Olivet.

Dean Eddie will lecture this evening in the Sunday school room of St. Mark's cathedral on his visit to Rome, with the aid of a stereopticon.

There was a largely attended concert given last evening in the Sixteenth ward meetinghouse in aid of the Jackson school, and a neat sum was realized for the school.

There are a dozen new boats somewhere on the Union Pacific that are on their way to Calder's park from Chicago. It is believed that the boats will arrive in time for the opening day.

F. H. Stevenson has taken the management of the Salt Palace theater for the season, under General Manager Myers, and the place has been included in the Vaudeville circuit.

Ex-Congressman Sutherland was wired yesterday from Concord, N. H., of the critcla illness of his son who is attending St. Paul's school there. Mr. and Mrs. Sutherland left last evening for New Hampshire.

Thomas Judd reports a promising condition of fruit, grain and vegetables in the Dixie country. Strawberries were in the local market May 10 and green peas still earlier, and the first crop of lucerne is now being cut.

There will be a reunion of the Thirteenth ward Relief society on Thursday, the 28th inst., in the ward meetinghouse. The exercises will commence at 2 p. m., and all who have been officers or workers in the society at any time during the last 35 years are cordially invited to attend.

Governor Wells has appointed the new state board of horticulture provided for in an act passed by the last Legislature, which act also provides that the county commissioners may appoint a county board of horticulture. The state board, which will serve until the next session of the state senate, consists of the following: Joseph Hyrum Parry, Salt Lake; B. H. Bower, Provo; Mons Peterson, Moab; Thomas Judd, St. George.

Manager Myers of the Salt Palace has decided not to open the theater for a week or 10 days yet, owing to his inability to secure a company at all creditable. He is desirous of giving the Salt Lake public only first class attractions, and as he was unable to get the people he desired for the opening, he wisely decided to defer this part of the daily program until a later date. The Palace has been placed on the vaudeville circuit and will present a list of splendid theatricals just as soon as the attractions now booked in other places are released.

Yesterday afternoon's organ recital in the Tabernacle had the largest audience of the season, and the performance was of the highest artistic order. The program included the "Church Scene" from "Cavalleria Rusticanna," Mascagni; "Venetian Love Song," Nevin; "The Enchanted Bells," Haberbin; "Then You'll Remember Me," Balfe; "Cujus Animani" from "Stabat Mater," Rossini. A new male quartet, the Apollo, including Messrs. Bowman Johnson, Laurence Beck, Jack Farrell and W. C. Parr, made its first appearance in public. There will be no recital Friday afternoon.

The American Magazine of Mining and Investment for May contains an interesting article entitled "The Rocky Mountain Club of Columbia University." The half tones of four of the officers are published, the first being that of Earl R. Pembroke of this city, who graduates next month from the school of mines. The article states that "A majority of this association of energetic, vigorous, well educated young men, are the sons of parents of wealth and consequence. Their influence in advancing the welfare of the section with which they are identified has caused the fame of the west to assume new importance in the eyes of the world, and has been instrumental in attracting investment of large capital in the development of the regions contiguous to the Rockies on both slopes." The list of active members includes Glenn Anderson, H. Silverman, J. C. Sullivan and D. M. Folsom of Montana; H. E. Auerbach, G. S. Eldredge, M. A. Mosher, E. R. Pembroke and V. F. Strange of Utah; B. F. Miller and W. B. Schilling of Wyoming. Idaho has no representative, but the other intermountain states, especially Colorado, are well represented.

RAIN RUINS DECORATIONS

Weather Man Playing Havoc With Pre-arranged Plans

FOR PRESIDENT'S RECEPTION

Downpour Dampens the Ardor of the Decorators—Rough Riders Coming in Force.

If the weather clerk could have heard a fraction of the things that have been said about him by the decorators who started to work in earnest yesterday to transform the city into a bower of bunting, he would have undoubtedly repented. Old Jupiter Pluvius undertook at an early hour to take a hand in the decorating with the result that in very short order he painted the town red and made things generally blue. The rains descended, and so did the dye in the hundreds of yards of bunting already stretched. The diluted pigments descended on the just and the unjust; at the intersection of the streets where the long streamers were strung it looked as though a tragedy had been committed; gory pools dotted the pavement and claret colored streams meandered toward the gutters. The city and county building, in short order, to use the artistic term of one named Hamlin, "resembled a gigantic Easter egg," all because the weather clerk was so unkind as to turn on the wrong faucet.

Needless to say the rain put a stop to the work of the decorators; it also vetoed any exertions on the part of the paving gang which was yesterday notified by the city fathers that the intersection of South Temple and State streets must be in ship shape order before the arrival of the president.

Then, too, the rough riders who proposed to start out from a number of Utah county points for Salt Lake today are still debating the case of patriotism vs thorough wetting. These riders intended to come in by rail, but owing to a disagreement with the Rio Grande they made up their minds that they would come to town in the old fashioned way. The Rio Grande would not allow the riders to come at the same time as their horses, neither were the rates satisfactory to the men. Consequently after all attempts to come to an understanding yesterday had been fruitless, the men proceeded to get ready to come overland with their mounts.

SOME DISSATISFACTION.

Speaking about the matter this morning, J. C. Leary said: "The change in the plans of the Utah county rough riders was due to the failure of the Rio Grande Western to bring the horses up on the Tintic passenger train on Thursday morning and not to the refusal of the railroad company to put in a lower rate."

In connection with the rate question there are about 20 letters at committee headquarters from men residing in different cities in southern Utah, which are non-competitive points. The burden of the complaint is that a rate at least equal to that instituted at conference time should be put into operation.

SHORT LINE PUTS ON SPECIALS.

The Oregon Short Line announces that there will be three specials run on the occasion of Roosevelt day. No. 28 will be run as a special when 75 men and horses will be brought down from Logan and Cache valley. The passenger department also anounced this morning that a special would leave Provo at 7 o'clock on Friday morning, Pleasant Grove at 7:22; American Fork at 7:28; Lehi at 7:33, to arrive in Salt Lake at 8:25 a. m. From Stockton the same morning a special will leave at 7; Tooele, 7:15; Half Way House, 7:35, to arrive in Salt Lake at 8:30. The special returning leaves Salt Lake at 6 p. m.

PLENTY OF ROUGH RIDERS.

From reports received at headquarters of the parade committee it begins to look as though there will be about 600 rough riders in line. Representative James Anderson of Morgan county yesterday telephoned that he would start out tomorrow with 20 horsemen who would come in over the hills. While the reports from some towns have fallen off when it comes to the number of men that are coming, other towns are exceeding the original estimates. From Murray comes word that there will be nearly 50 riders. In all 459 riders have been reported from outside towns and Salt Lake can be safely said to have another 120 men in line. Shelter and forage for 400 horses have been provided on the fair grounds, while the balance will be taken care of by the committee.

NEW PLACE FOR VETERANS.

The G. A. R. veterans for a short time voiced their displeasure yesterday owing to the fact that they had been placed in the rear of a number of organizations. They held that their proper place in the parade was next to troops bearing arms. A committee waited on the parade committee last evening with the result that the incident was adjusted in short order by placing the old warriars at the head of the third division of the parade immediately following the Federal troops and militia. It was explained that the matter was an oversight, and that there was no intention to humiliate the old soldiers.

URGED TO DECORATE.

General Committee Asks Citizens to Put Forth Their Best Efforts.

The general committee held a meeting last night in the mayor's office, those present being Gov. Wells, Mayor Thompson, J. E. Dooly, Father Murphy, H. G. Whitney, C. S. Burton, N. W. Clayton, J. W. Lynch, Charles Cottrell, Jr., E. B. Palmer, Marshal Heywood and D. C. Eichnor.

It was decided that all citizens living along the line of march should be urged to decorate their homes and places of business. In this the city will co-operate to the extent that an appropriation of an additional $500 is to be added to the original $1,000 so that there will be festoons in the center of the streets in addition to the effects in bunting that are to be the features of the street intersections.

At the meeting Col. Clayton, chairman of the committee on entertainment, announced that the Alta club would entertain the guests of the advisory committee to the number of 175, free of charge. In this number are included the press representatives and other parties who are accompanying the president on his trip across the continent.

Marshal Heywood, chairman of the parade committee, reported that all the arrangements for the pageant had been perfected. The reports from the committees on transportation and music also indicated that those bodies had been doing their share of the work assigned.

Arrangements were also made for the furnishing the various representatives of the press with badges and also for press reservations at the reviewing stand and in the Tabernacle.

RESERVED SEATS.

Civic Organizations and Veterans Will Be Looked After at Tabernacle.

At the meeting of the seating committee last evening, it was decided that on Friday morning 1,000 seats would be set aside in the Tabernacle on the occasion of the Roosevelt reception for the various civic organizations, G. A. R. and Indian war veterans, officers from the Fort, the Salt Lake ministers, city and county officials and their wives. For the benefit of the Indian war veterans from Wasatch county who may arrive in Salt Lake on the morning of the parade somewhat late, the tickets for the reserved seats to the number of 100 have been handed over to O. P. Arnold, who will be at the west gate and see that the veterans from Heber gain admission to the Tabernacle and get good seats.

Indian War Veterans.

There was a meeting of the Indian war veterans last night, when final details were mapped out. It is the intention of the old pioneers to form on South Temple street near the south gate of the Temple square at 7:30 a. m. in order to be in good time to take their assigned places in the parade. O. P. Arnold wishes to impress upon every member of that organization the necessity of wearing the badge of the order, conspicuously displayed.

A Half Holiday Proposed.

In all probability Mayor Thompson will issue a proclamation or a request to the various merchants and business firms of the city, calling for the closing of all places of business on Friday until 1 p. m., during the presence of the president in Salt Lake.

Will Look After Crooks.

ActingChief of Police Burbidge is making preparations to receive hospitably the army of crooks that is following the president around. There will be close upon 100 plain clothes men scattered throughout the crowds who will make it their business to look after the light-fingered gentry, cranks, grafters, purse snatchers and others of that ilk. In this good work the local police force will have the assistance of some secret service and Pinkerton men who are acquained with the wandering delegates from the land of graft.

Needless to say every precaution will be taken to guard the person of the distinguished guest of the city. Mounted men will ride on each side of the carriage, while there will be a secret service man on the driver's seat.

The Best Liniment.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelgans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

TAYLOR SHOWED FIGHT.

Objected to Being Placed Under Quarantine Against His Will.

Joseph B. Taylor, whose wife was placed under quarantine yesterday with smallpox, made a very strong objection to being forced into quarantine at his home by the health authorities. In fact he became so enraged at being ordered home from his work that he showed fight and it became necessary for Inspector Korth to call in Capt. of Police Burbidge to compel the man to obey the orders of the health department.

Taylor is an employe of the Eclipse livery stable at 165 south State street and, after his wife had been placed under quarantine and it was found that he had been exposed to the disease, Inspector Korth and Dr. Raley went to the stable and told Taylor that he would have to go home and remain in quarantine until released by the board of health. He refused to go and advanced upon the inspector in an angry and threatening manner. Upon seeing Mr. Korth place his hand in his hip pocket as if to draw a gun, the man desisted. The inspector then called in Capt. Burbidge, who was passing the stable, and that official told Taylor that he would either obey the orders of the health department or go to jail.

The man went home, followed by Dr. Raley and Inspector Korth, who wanted to make sure that he did obey instructions, and upon arriving there he picked up a can of lime, which had been left there for fumigating, and hurled it at the head of Korth, who ducked just in time to save himself from injury.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which, he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by all druggists.

Strength and Endurance

Are factors of the greatest success.

No person can do full justice to himself without them.

In no season of the year are they more easily exhausted than in the spring.

We need not discuss the reason for this here. It's enough to say there is one, and that Hood' Sarsaparilla gives strength and endurance, as thousands annually testify. 8

WARD ENTERTAINMENTS.

A farewell in honor of the departure of Elder Charles Kropf, of the Twenty-sixth ward, who goes on a mission to Switzerland, will be given tomorrow night in the asesmbly room of the new ward chapel. To Elder Kropf belongs the honor of cutting the cornerstone of the edifice, and is it most fitting that the first meeting to be held herein, is to be his farewell. An excellent program has been arranged and all friends are cordially invited to be present. The program commences at 8 o'clock. Poplar Grove cars leave McCornick's bank corner, 15, 35 and 55 minutes after each hour.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says, "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Z. C. M. I. Drug Store. Trial bottles free. Reg. sizes 50c, $1.00.

SOCIAL AND PERSONAL.

There can be but one verdict for the piano recital given last night by Miss Geneve Ellerbeck, that it was an unqualified and brilliant success. Miss Ellerbeck's program included music intended to test the powers of a thorough artist, and the young pianist's rendition left her audience in no doubt as to her claim to rank among the most finished artists in the city. The musical expression and shading seemed well night perfect, and in the way of physical execution, the lady was grace itself. Of the numbers it would be hard to choose a favorite, all being equally well chosen and rendered. An exquisite bit was the "Arabesque" by Schuman, and the two groups of shorter pieces were all enjoyable, while the more ambitious ones—Beethoven's Sonata Op. 57, and Liszt's "Raphsodie Hongroise No. 12" gave her exceptional talent full expression. The two duets rendered by Miss Flanders and Miss Ellerbeck were among the favorites of the evening, and Mrs. Plummer's rendition of the two "Dann" songs was well received. The first especially with organ accompaniment by Prof. Radcliffe, was much enjoyed. The church was filled with friends of the debutante and the other participants, and the first was literally showered with floral offerings—among them a beautiful lyre presented by Miss Flanders. Mrs. Plummer was also handsomely remembered.
