CONFERENCE OF BOXELDER STAKE.

Report of Meetings Held in Brigham City Tabernacle Sunday And Monday.

AUTHORITIES ARE SUSTAINED.

Excellent Instructions by Elders Rudger Clawson, Hyrum M. Smith And Stake Presidency.

Special Correspondence.

Brigham City, Feb. 23.—The quarterly conference of the Boxelder stake of Zion was held Sunday and Monday, Feb. 21 and 22, in the tabernacle, Brigham City. Sunday morning at 10 a. m. the Sunday school children occupied most of the room in the tabernacle and took part in the exercises.

There were present on the stand, besides the stake authorities, Elders Rudger Clawson and Hyrum M. Smith of the quorum of the Twelve. Stake Supt. J. D. Peters conducted the Sunday school exercises.

After the usual preliminaries, Elder Joseph Jensen spoke of music in the Sunday schools.

"If There's Sunshine in Your Heart," was sung by a select choir of little children.

A class exercise was given by the Sunday school of the Fourth ward.

Memory gems from the Scriptures were repeated by the four schools of Brigham, led by O. W. Snow.

"The Holy City" was beautifully rendered by a children's class, conducted by Prof. E. W. Nichols.

Sister Emelia Madsen read a paper on "The Children."

"Sowing" was sung by the schools.

Elder Hyrum M. Smith spoke to the children, emphasizing some of the teachings which had been presented by the Sunday school classes.

Elder Rudger Clawson spoke on the susceptibility of children to the influences which are brought to bear upon them, illustrating this truth by calling attention to the splendid rendition of the children's exercises. He called the attention of the parents and teachers to the responsibility which rests upon them as trainers of the young.

Benediction was pronounced by President Oleen N. Stohl.

SUNDAY AFTERNOON.

At 2 p. m. the large tabernacle was crowded to the doors. President Charles Kelly presided. The choir sang and prayer was offered by Elder W. L. Watkins.

President Chas. Kelly reported the condition of the Church and its organizations in the Boxelder stake. He spoke of the growth of the stake and the prosperity of its people and said that the increase for the past year was over 500 souls. He stated that the stake officers from the presidency to all the auxiliary organizations in the stake were united in spirit and purpose. President Kelly, referring to the slanders that evil-minded persons have circulated regarding himself and his associates, said that he did not worry regarding the matter, as the Savior Himself had said that under such circumstances the servants of the Lord should "rejoice and be exceeding glad."

Elder Andrew Jenson briefly reviewed the history of the Church. He spoke of the missionary work in the Scandinavian countries and the need of erecting places of worship in those lands.

Elder Hyrum M. Smith spoke of the agency given to man, each to do as he pleases, whether it be good or evil, but each must take the consequence of his acts. Spoke of the beautiful order of obedience in the family circle and in the Church of Jesus Christ. He said that from the view point of the Gospel there can be no separation of temporal and spiritual things and those who object to Church people advising and taking part in temporal things, have no true conception of the Gospel of Christ, and the mission of the Church. Elder Smith severely rebuked those who either secretly or openly revile and misrepresent their brethren.

The choir sang an anthem. Closing prayer by Elder J. D. Burt.

SUNDAY EVENING.

At 7:30 a meeting of the young people was held. Elder Ernest P. Horsley, stake superintendent of Y. M. M. I. A., presided. An interesting program was successfully carried out, and Elders Rudger Clawson and Hyrum M. Smith spoke on the subject of obedience.

MONDAY MORNING.

Conference continued Monday morning, President Kelly in charge. Bishop James Nelson offered the opening prayer.

Elder L. A. Snow of the stake presidency said he was in complete harmony with his brethren; spoke of the evils of backbiting.

Bishop Carl A. Eik of Salt Lake spoke of the blessings which the Gospel brings to the Latter-day Saints.

Bishop P. M. Hansen of the Elwood ward reported that his people were in a prosperous condition.

Elder C. C. Shaw bore testimony to the truth of the Gospel, and showed wherein the hand of God had been shown in behalf of his people.

Elder Oleen N. Stohle of the stake presidency deprecated the tendency among the people of going to the extreme in the mattr of amusements. Spoke of the order in the Church to settle difficulties between its members; bore testimony to the integrity of President Charles Kelly, repudiating the slanders of his character which have been printed in some newspapers.

Elder Hyrum M. Smith spoke of the covenants which the Saints make with the Lord in partaking of the Sacrament of the Lord's supper. He advised those who are unworthy not to partake of the Sacrament, and said that where such Church members persist in doing so they should be forbidden by the proper authority.

The choir sang a closing song and benediction was pronounced by Elder F. D. Welling.

MONDAY AFTERNOON.

At 2 p. m. the choir sang and prayer was offered by Bishop J. W. Palmer.

The general and stake authorities were presented and unanimously sustained by the vote of a large congregation of Latter-day Saints.

Elder Andrew Jensen spoke of the failure of theoretical Christianity in elevating the nations of the earth; said the Gospel is practical and trains its professors into lines of holiness.

Elder Rudger Clawson spoke in praise of the singing of the Tabernacle choir; expressed his great pleasure in meeting with his friends in Boxelder stake; spoke of the governing power of God through His Priesthood, and of the characteristics of God; explained the law of the Church regarding the settlement of difficulties between Church members; read from section 121 of the Doctrine and Covenants what the Lord said will overtake those who fight against the Church and the Priesthood of God, and called attention to historical illustrations to prove the truth of this doctrine.

The choir rendered an anthem.

Closing prayer was offered by Elder Hyrum M. Smith.

Thus ended one of the largest and most interesting conferences ever held in the Boxelder stake.

KILLED BY SNOWSLIDES.

Three Men Lose Their Lives Near Custer, Idaho—One Narrowly Escapes.

There have been unusually heavy snowstorms and consequent snowslides in central Idaho, attended by some loss of life. Four men were covered up in the snow recently near Custer, only one, Engene Trueski, escaping with his life. The others were Thomas and John Davis and Silas Romer, the latter being an old time scout and trapper, and he may not be found until the snow melts in the spring. Traffic is temporarily blocked by snow between Custer and Challis.

A Boise dispatch of the 24th inst. says: A snowslide occurred today about 17 miles west of Huntington and five miles east of Durkee that delayed the eastbound passenger. The wrecking crew left early this afternoon for the scene of the slide and it is expected to have the track cleared soon.

WILL AUDIT COUNTY BOOKS

Commission Proposes to Know How Accounts of Department Heads Are Kept.

A resolution has been passed by the county commissioners providing for the examination of all the books and accounts of the county officials by an expert accountant. The statute provides that the books shall be examined every six months if the commissioners deem it necessary. As all of the county officials go out of office the last of this year, unless re-elected, it was thought advisable to have all the books checked up before they retire.

The commissioners and Sheriff Emery and his deputies have received an invitation from Bingham canyon to be present on Feb. 29 at its incorporation celebration.

CEDED TO UNCLE SAM.

State of Utah Relinquishes All Right To Fort Douglas Reservation.

The deed by which the State of Utah ceded to the United States the Fort Douglas military reservation containing 9,196 acres of land, has been signed by Governor Wells and Secretary of State Hammond, and the great seal of the state has been affixed to the document.

The deed was drafted by order of the secretary of war, and, after citing the act of the Legislature giving the governor power to cede the land, it is as follows:

Whereas, The United States now owns and holds as a site for the military post of Fort Douglas, Utah, and needful purposes connected therewith, lands aggregating about 9,196 acres, reserved from the public domain, and acquired by purchase on various dates, situated in the county of Salt Lake and State of Utah, and known collectively as the Fort Douglas military reservation; and,

Whereas, application has been made to the governor of the State of Utah by the United States of America, represented by William H. Taft, secretary of war, for the cession to the United States of jurisdiction over said reservation, as contemplated by article 1, section 8, clause 17, of the Constitution of the United States;

Now, therefore, I, Heber M. Wells, governor of the State of Utah, in the name of said state, and under the authority vested in me by the act of the Legislature of the State of Utah, first hereinbefore recited, do hereby cede to the United States of America jurisdiction over the lands comprised in said military reservation of Fort Douglas, Utah; the United States to hold, use and exercise such jurisdistion while the premises are held and usd by the United States for military purposes; reserving, however, to the State of Utah the authority to execute its process, both criminal and civil, within said military reservaton.

In testimony whereof, I have hereunto subscribed my name and have caused the great seal of the State of Utah to be hereunto affixed, at the city of Salt Lake, this 24th day of February, 1904.

HEBER M. WELLS, Governor of Utah.

By the governor; attest:

James T. Hammond, Secretary of State.

LAID TO REST.

Obsequies Over the Remains of the Late Veteran, George T. Luff.

Funeral services over the remains of George T. Luff were held in the Twentieth ward meetinghouse Wednesday at 2 p. m., Bishop Romney presiding. A quartet composed of Mrs. Mary R. Ross, Mrs. Alice E. Owen, B. A. Seare and Alvin Owen, sang "Nearer, My God, to Thee." Prayer was offered by Elder O. C. Beebe, after which the quartet sang, "When the Mists Have Rolled Away." The speakers were Elder John Airmett, Mrs. Hattie Nye, who spoke on behalf of the Relief society of the Twentieth ward, of which Mary Luff, wife of the deceased, has been a faithful and energetic member for 37 years; Elders George Reynolds, R. F. Neslen, C. R. Savage, Parker, James Sharp and Bishop George Romney, all of whom spoke of the integrity, devotion and usefulness of the deceased. A solo was rendered by Miss Grimsdell, and the closing hymn by the quartet was "There's a Land that Is Fairer than Day." Benediciton was pronounced by Elder Miles A. Romney.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplett, of Grisby, Va., says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. SPRAYING EXHIBITION.

Horticulturalists and Orchardists Gather to Witness the Work.

There was quite a gathering of horticulturists and orchardists Monday at the Lincoln avenue residence grounds of J. E. Cox, where was given an instructive exhibition of spraying and pruning of fruit trees. Among those present were an horticulturist from Holland, who is traveling in this country, and he gave a special exhibition of grafting and pruning work, which was attentively noted by an appreciative audience. The county tree inspector, Mr. Sorenson, was also there and in the course of his examinations of some of Mr. Cox's trees discovered pear blight which was immediately destroyed. The origin of this pest has not yet been discovered, nor is there any remedy known whereby it can be forestalled and warded off, except to cut out all affected branches.

TIMELY CALLING.

How the Pastor Saved a Life.

A man near Fort Gay, W. Va., made an entire failure in getting strength from the kind of food he ate and not knowing that the trouble was with the food kept on losing health until the doctors gave him up to die.

It was supposed to be consumption because he was wasting away steadily and slowly dying. His minister called from time to time and one day brought along a package of Grape-Nuts, thinking from what he knew of the famous food that perhaps it might help him. The sick man took it at once and from that day began to get well. In writing he says:

"I walked to town today, 3 miles. Have gained over 40 pounds in about 2 months and my neighbors don't know what to say. I frequently am told it was as if I am raised from the dead. Everybody here knows of my case, you can tell people to write to the Postmaster or Rev. L. D. Bryan. I will make a sworn statement that Grape-Nuts saved my life." Name given by Postum Co., Battle Creek, Mich.

This is another illustration that where all other food fails one can be brought back to health and strength on Grape-Nuts. "There's a reason."

Look in each package for the famous little book, "The Road to Wellville."

"GOOD GROWING WEATHER."

When the New Scalp Antiseptic is Used.

A good head of hair is as much a "crown of glory," for man as it is for woman, notwithstanding all the poetry on the subject applied to the female sex exclusively. In the season when flies bite, the bald-headed man can sympathize with the Egyptians who were so sorely plagued on account of the children of Israel. Why not try Newbro's Herpicide? Others have been benefited and are loud in its praise. It cleanses the scalp, kills the germ at the root of the hair and by keeping the scalp sweet, pure and wholesome, the hair is bound to grow as nature intended, regardless of the temperature. Try it and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Z. C. M. I. Drug Co., Special Agents. 9

BOND CONTRACT IS APPROVED.

Instrument Drawn Up and Passed By the Council at Its Meeting Held Last Night.

PROTECTION AGAINST FIRES.

Ordinance as Affecting Theaters to be Amended — Duncan's Waste Paper Receptacles.

The city council met as a committee of the whole last evening and approved the contract with E. H. Rollins & Sons for the refunding of the city's $548,000 bond issue. The finance committee, the mayor, the city attorney and the agent of Rollins & Sons met yesterday in the city attorney's office and drew up the contract, which the council approved last night. The contract provides that a premium of $14,025 shall be paid in a lump sum to the city when the bonds are delivered. The bonds will bear interest at the rate of four and one-half per cent.

NEW FIRE ORDINANCE.

The municipal laws and fire department committees discussed the new fire ordinance with the theater managers and decided to make several amendments in relation to the requirements for fire protection in the theaters. Upon the suggestion of Manager Pyper of the Salt Lake, and Managers Hammer and Jones of the Grand, the following amendments will be included in the ordinance: All playhouses of a seating capacity of 500 or more shall have at least one separate passage way from the gallery to the street; there shall be no steps in the aisles on the main floor; the wall between the stage and the auditorium shall be constructed of brick or some other-fire-proof material; a fire-proof curtain of asbestos or metal shall be installed on the stage and shall be raised before each performance and lowered after the performance; red lights shall be placed over all the exits and the lettering on the exits shall be large and plain. The ordinance after its passage shall go into effect on Sept. 1.

WASTE PAPER BOXES.

The committee on streets acted favorably upon the petition of Putnam Duncan to place waste paper receptacles on the streets. The petitioner proposes to take care of the boxes and see that they are emptied regularly. He will have the privilege of placing advertisements on the boxes and will give the city five per cent of his net earnings from that source. The contract shall run for 15 years.

FREE LICENSE GRANTED.

Upon the recommendation of the mayor, the license committee decided to grant a free license to Mrs. Rosa Laher to act as a stock broker. The woman has a broken arm and wants to try to earn a living by selling stocks.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, billiousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. At all druggists.

DAVENPORT IS COMING.

Clever Cartoonist Will Lecture Under Auspices of the Press Club.

The Press club closed a contract last evening for the visit of Homer Davenport, America's celebrated cartoonist, on Sunday evening, March 6. He will lecture at the Salt Lake theater on "The Power of the Cartoon."

Few westerners are not familiar with Davenport's work. He it was who first dressed Mark Hanna in the dollar-mark suit, although for years prior to the time Hanna became so conspicuous Davenport and his pen had fought Collis P. Huntington, and the Southern Pacific—and fought them fiercely. His work in San Francisco attracted great attention and soon he was assigned to Hearst's New York Journal. His marvelous political cartoons gave Davenport a national reputation. Hearst paid him an enormous salary, having to keep higher bidders away from his discovery almost continually.

A short while ago Davenport tired of the metropolis and the work. Being independently wealthy when his contract with the Journal expired, he would not renew it, preferring the platform. He is making his western tour under the direction of the Paul Pond bureau, and the Press club put up a stiff guarantee to get the lecturer.

Y. M. C. A. WORK.

Lecturer Hodge Gives Interesting Talk in First Congregational Church.

The directors of the Y. M. C. A. met yesterday afternoon at the Commercial club, with Lecturer G. B. Hodge of the international assiciation, to talk over the possibilities of night school work for young men and boys in this city. The visitor urged the making of every possible provision in the new association building for that class of work; also, that dormitory provision be made to accommodate the floating population of young men who would thus be brought under Christian influences.

The evening lecture in the First Congregational church was largely attended, the speaker illustrating his principal points with a stereopticon. In his lecture, Mr. Hodge called attention to the fact that the evening schools of the Y. M. C. A. are of greater significance than is usually understood. He said there are now 340 associations conducting evening schools, with pupils ranging from 14 to 50 years of age, four-fifths of whom are day workers. These are given instruction by 1,400 teachers on 50 different subjects. The average age of the young men students is 22 years, and the attendance includes men from over 200 lines of occupation, of 30 different nationalities, and college graduates as well as men experienced in business affairs.

The lecture of Mr. Hodge was listened to with much interest, and Secretary Cox of the Salt Lake Y. M. C. A. is much encouraged by the visit. He believes that when the new building is up, a great and valuable feature may be made of the evening class work.

SOUTHERNER ON THE SMOOT CASE.

Some Caustic Comments About "Mormons" and Jews in the United States Senate.

THE SPIRIT OF BIGOTRY.

The Unpardonable Crime of Utah in Electing a "Mormon"—Maryland's Shame in Electing a Jew.

C. M. Hauser, a citizen of Montgomery, Alabama, writes to a friend of Senator Smoot as follows.

Dear Sir—I am informed that you have charge of a part of the "Mormon" propaganda, and that you are also a Republican in politics. I trust that you will take no offense at what an obscure citizen may say. I truly assure you that none whatever is intended, no matter how widely I might differ with you both politically and religiously. The Constitution of our country vouchsafes to all her citizens the liberty to espouse whatever religious or political views may suit them. This, sir, is one of the grand bulwarks of our system of government, but I am sorry to know that some, both men and women, and people of education at that, seem either to have overlooked this fact or intentionally repudiated it. There has been, I see, from the daily papers, another outrage perpetrated upon the "Land of the Free and Home of the Brave." Again is the "sacredness of the American home endangered" and this time by Democrats.

SHAMELESS OUTRAGE.

Sir, I enter a solemn protest against this horrible outrage, and the Protestant ministry and the W. C. T. U. throughout our land should at once take steps to remedy it. I am a Democrat and an ex-confederate soldier and I glory in the flag of my country. I am not a "Mormon" Elder or the son of a "Mormon" Elder, and I say it was bad enough in all conscience to have one of that religious faith elected to the United States senate and he a Republican at that.

A JEW IN MARYLAND.

But now comes the Democratic legislature of Maryland, and elects one Mr. Izadore Rainer, a Jew, to the upper house of Congress. "Ye gods and little fishes," what is our country coming to, "Whither are we drifting?" Just think of it, sir, a Jew, a lineal descendant from a long line of polygamists, yea from that tricky old Jew Jacob of whom it is said in Holy Writ that his four wives did build the whole house of Israel. And from King David, who after his escapade, with the wife of Uriah the Hitite, and the old prophet Nathan rebuking him and pointing his bony finger at him and saying, "Thou art the man, and that you already had plenty of wives, and if you had wanted more the Lord would have given them to you."

HORRIBLE THOUGHT.

Think of it, sir, the Christians' God conniving at polygamy! Awful to contemplate in this the boasted broad blaze of Christian sun light and civilization of the Twentieth century. Jews and "Mormons" being elected by both of the leading parties to the United States senate. History tells us that one Judas Macibeeus, foreseeing the downfall of his people as a nation 30 years ebfore the birth of the Son of God, made a Titanic effort to arouse the Jews from the dreamy lethargy into which they had fallen and to induce them to drive the Romans from the country. But his efforts were in vain, the scepter was departing from Juda. In the words of another let me say:

"The sunset of life gives me mystical lore,
And coming events cast their shadows before."

WORK OF MINISTERS.

I saw recently a cartoon of a horrible octopus with its body and fiendish goggle eyes resting in Salt Lake City with its treacherous succer-like tentacles reaching out over half a dozen neighboring states. This sir, was meant to say to the people of this nation that polygamous "Mormonism" is surely, but slowly engulfing us. This cartoon was no doubt drawn through or by the instigation of the Protestant ministry, and the W. C. T. U. who have so vehemently petitioned the United States Senate to unseat Mr. Smoot. And why? Because he is a "Mormon, "Simply this and nothing more." It can very readily be seen by all who are not steeped in religious fanaticism. The gentleman says he is not, and never was a polygamist and I, for one, believe him, "There are others." But, they argue, he belongs to a church some of whose adult members once practised polygamy, and who although compelled by the United States government to abandon it still believe in it.

REDUCED TO A "THINK."

This sir, then, reduces the subject to a think. I once believed in negro slavery, and I stuck to the Southern Confederacy as "long as there was a button on her coat" to perpetuate it, but it was overthrown by the arbitriment of the sword, and we of the south are living up to it honestly and faithfully, as I believe your people are doing since the manifesto of your church regarding polygamy. But sir, I believe still that the only proper place for a negro is in the cotton patch with a white overseer, equipped to make him work if necessary. Now because I believe this, am I unfitted to hold a federal office? Sir, your Republican party has made thousands of criminals out of a once peaceful and happy race, in trying to jerk him across the impassable gulf that God has placed between him and the white man and set him on a white man's platform. It can never be done, Booker T. Washington to the contrary, notwithstanding. The Jew of our country does not practise polygamy, but if he should think it not sinful to do so (and he surely has abundant proof from the Bible to sustain such an opinion) shall the hue and cry be raised from one end of the land to the other to prevent him from holding a seat in the United States senate?

UNPLEASANT COMPARISON.

Sir, if Mr. Smoot is not fit to occupy his seat I claim that neither is Mr. Rainer. The Prophet Isaiah tells us that the time will come when seven women will clamor to be the wives of one man, and that event is still future, (and thank goodness not in my day for I have to hustle to take care of one wife), and as the Jews control the finances of our country who knows but what if they and the "Mormons" can succeed in electing to Congress enough of their men, that Isaiah's propehcy shall not be brought to pass. Awake! Oh Christian ministers awake, and let not the Jews and "Mormons" take away our monogomy and our country. It is all right for Utah to elect a Roman Catholic to the United States Senate of Georgia a Methodist or a Baptist preacher, or Kentucky her Breckenridge, as they do not "endanger the purity of the American home," but let the line be drawn on Jews and "Mormons." With respects, sir, I am, yours truly, C. M. HAUSER.
