SHOCKING SUICIDE OF JOS. H. TRIBE.

Sick and Despondent Well Known Ogden Citizen Drinks Carbolic Acid.

SEVENTY-TWO GRADUATED.

From the Public Schools of Ogden to The High School—Old Man Rescued from Freezing.

Ogden, Jan. 27.—While his attendants were absent from his sick chamber, Joseph H. Tribe, 30 years of age, son of George H. Tribe, got up from his bed, obtained a bottle of carbolic acid and drank its contents with fatal results. His cries of agony attracted the members of the household, and Dr. H. J. Powers was summoned, but could do nothing for him:

Tribe formerly conducted a saloon business at Rexburg, Ida. He disposed of his interest there last November and came to Ogden. He had since been in the employ of his father, but had been rather despondent. Last week he made a business trip through Idaho, where he contracted a cold. He returned about a week ago, when he was stricken with pneumonia, and confined to his home, 219 Thirtieth street. He is survived by his wife, two children, several brothers and his aged father, all residing in Ogden.

EIGHTH GRADE GRADUATES.

Seventy-Two Students Pass Out of Common Schools.

Ogden, Jan. 27.—The midyear examinations of eighth grade pupils in the Ogden public schools was completed this week, and 72 boys and girls were successful in passing the examinations, and were yesterday afternoon awarded their certificates, passing them from the grades to the High school. It is believed that the majority of these pupils will continue their studies, and will next week enroll in the High school departments. The attendance at the High school this year has been considerable over 400, and with the incoming class will swell the school to nearly 500 students in all the departments.

A program had been prepared for the graduation exercises, and the reception of the "freshmen" was a hearty welcome. Orson Douglass of the midyear High school class delivered the address of welcome in behalf of the faculty and student body, and James Herrick of the Madison school responded in behalf of the eighth grade graduates. An excellent literary and musical program was rendered under the direction of Prof. Squire Coop, musical instructor of the High school.

The Ogden city public schools are growing very fast and each year the graduating class from the eighth grade grows larger.

RESCUED FROM FREEZING.

Pedestrian From California Picked up On Road Near Riverdale.

Ogden, Jan. 27.—Andrew Miller, an old gentleman, was found chilled and suffering from the cold yesterday near Riverdale by Daniel Bateman of that town, who picked the man up, and took him to his house, where he was warmed, then brought to Ogden and turned over to the county officials for medical attention. The man is over 70 years of age, and claims that he came here from California, having walked the greater part of the way, suffering many privations, having at times lacked food and shelter to keep him from the cold blasts. His feet are partially frozen, but with care for a few days they will be all right. He says that he had his feet frozen once before several years ago, and that each winter he suffers considerably from the cold and frost. He is now at the county jail, where he is receiving every possible care, the county physician having given him some attention, and it is probable he will be able to go out again in a few days. It is very likely that he would have frozen to death last night had he not been picked up by the Riverdale man.

TABERNACLE CHOIR WILL GIVE MUSICALE.

The Ogden tabernacle choir is going to give a musicale afternoon at the tabernacle in about two weeks. For that reason special rehearsals will be held during the intervening time. Prof. Ballantyne has selected a number of special musical numbers, which the choir will prepare. This new departure of giving a musical afternoon by the choir will be appreciated by the public, who will have an opportunity of judging the excellent work which this large musical body is doing. It is also believed that the giving of these musicals from time to time will have a tendency to stimulate a greater interest in music among the public in general. The first special rehearsal will be held Sunday afternoon at 3 o'clock, at the tabernacle.

ANOTHER CANNING FACTORY.

To be Built at Provo in Time for This Season's Crop.

Special Correspondence.

Provo, Jan. 27.—Provo will have a new fruit and vegetable canning factory built in time to take care of next season's crop. Messrs. H. A. Hathaway and E. E. Buster, of Chicago, have been here for two or three days looking over the ground and have decided to organize a company with a capital of $10,000 to build a plant with a capacity of 25,000 cans a day. The business men and farmers will be invited to subscribe stock and the management will be left with local people. BURNS HANDICAP THIS AFTERNOON.

The Most Important Turf Event In America Outside of New York.

DECIDED ON OAKLAND TRACK.

That a New Record Will be Established Seems to be the Unanimous Conclusion Among Turfmen.

San Fancisco, Jan. 27.—The most important handicap that will be run in America this year outside of New York, will be decided this afternoon at the Oakland track. It looks as if the Burns handicap this year will be run over a good track, which is quite a change.

That a new record for this race will be established is believed to be a certainty. The present record is 2:06 3-4 made by Ruinart in 1897. The track record for one mile and a quarter is 2:05½, held jointly by Gauntlet and Liella. It would not be considered surprising if the coast record of 2:04¾, made by Eddie Jones at Tanforan is equalled.

The track was good yesterday and should be fast today.

ENTRIES AND JOCKEYS.

The following are the entries, weights and jockeys:

Horse	Weight.	Jockeys.
Proper	122	Knapp
Eugenia Burch	120	W. Dugan
Lubin	119	Davis

San Nicholas	114	Fountain
Veterano	107	Jackson
Sir Brillar	106	Clark
Red Leaf	106	Radtke
Nealon	104	Williams
J. Sanders	103	
Dr. Gardner	110	
Gregor K.	109	Walsh

THE POOLROOM ODDS.

The horses entered are as far fit as skillful hands can make them. Proper will undoubtedly be favorite, but a big plunge will likely be made on Eugenia Burch. Lubin would be liked by more race-goers on any kind of track except the dry one of today.

In the poolrooms last night the odds were as follows:

Proper, 2½ to 1; Eugenia Beurch, 3 to 1; Lubin, 4 to 1; Dr. Leggo, 4 to 1; San Nicholas, 10 to 1; Jake Sanders, 10 to 1; Schreiber entry, 8 to 1; Gregor K., 25 to 1; Sir Brillar, 10 to 1; Red Leaf, 10 to 1; Veterano, 50 to 1.

NEW ATHLETIC CLUB.

Salt Lake Citizens Interested in Movement to Organize One.

Salt Lake business men are interested in a scheme which has been launched to organize a first class athletic club in this city. The leading spirit in the project is J. M. Willey, who proposes to erect a building on Pierpont street and is anxious to lease part of the building for an athletic club. The building will have a floor, and the building will be so constructed that an ideal gymnasium can be had.

The scheme has been laid before a number of local men and has met with their hearty approval. It is almost a certainty that a club will be organized and placed on a sound business basis. It will be known as the Salt Lake Athletic club and will be incorporated.

LEAGUE OF SIX TEAMS.

At last night's meeting of the City Bowling league, action was taken to cut the league down to six teams, as previously outlined in the press. The two teams dropped were the Stars and Brilliants.

Players in these two teams will be used on the other teams, and in this way the league is strengthened. The Railroads and Missourians are the teams needing the most strength.

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nervine which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

"For eighteen years Dr. Miles' Nervine and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nervine, and at once I began to improve, and soon found myself in perfect health."

RULES COMMITTEE MEETS.

That of National Intercollegiate Association Now in Session.

New York, Jan. 27.—The national intercollegiate rules committee will meet this morning at 10 o'clock at the Hotel Netherlands. The 14 members of the committee are all expected to be in attendance, and the various committees appointed at the organization meeting two weeks ago will report, recommending such changes as affect the various topics to which they were assigned to study and devise means to correct the abuses developing under the old rules. Besides these recommendations William T. Reid, Jr., of Harvard, will offer the code adopted by the Harvard special committee in its entirety; John C. Bell and Paul J. Dashiel will offer the respective rules suggested by Pennsylvania and Annapolis along lines previously suggested, and by the three western representatives who are members of the conference of nine universities—Prof. Jas. T. Lees of the University of Nebraska; Dr. Harry L. Williams of the University of Minnesota, and Dr. Alonzo A Stagg, of the University of Chicago. These three men were the only members of the committee to arrive in New York last night.

Prior to leaving for the east, the three western representatives were instructed by the western conference of nine universities as to the changes they should advocate. These changes are expressed in the following views of Dr. Williams:

"A wise modification of the present rules, together with strict enforcements, can remove all features which have been seriously objected to.

In formulating changes the rules committee should keep constantly in mind the absolute elimination of unnecessary roughness and the opening up of the game so that mass plays are less frequent and less advantageous.

All three officials should have authority to disqualify, and a player twice disqualified should be ineligible for a year.

The 10-yard proposition suggested by Walter Camp is strongly disapproved, since it places an undue handicap on the weaker team and emphasizes the advantage of the stronger.

To make the game more open and increase the value of light, swift men, it would seem advisable to allow the quarterback to make a forward pass to any player of his team not on the rush line when the ball was snapped, provided he does not pass the ball ahead of the line.

The Harvard provisions for a neutral zone, for the protection of the player making a fair catch, allowing no player to take a step in any direction before the ball is in play, allowing not more than four men behind the line within five yards of it, and prohibiting inteference with a player after he has kicked the ball, are excellent except that to them should be added, that under no circumstances shall there be less than six men on the line of scrimmage.

ON THE RACE TRACK.

Topgallant Handicap Was Hotly Contested, Ruby Winning It.

San Francisco, Jan. 26.—The Topgallant handicap was hotly contested by Ruby and Salable, the former wining by a neck. Princess Titania, the even money choice, was the first to succumb and the best she could do was to get the show from Romaine. Radtke rode a splendid race, as he did in the third event, when he brought home Gossiper ahead of Royal Rogue, which had Knapp for a mount. Weather, fine; track, fast. Results:

EVENTS AT ASCOT.

HOW BAT NELSON TRAINS FOR TERRY

Lightweight Champion Adopts Roko for Strenuous Ring Work.

DURABLE DANE IS CONFIDENT.

Thinks He Will Have no Trouble in Handling the Once Terrible McGovern When They Meet.

The sporting editor of the "News" is in receipt of a communication from Battling Nelson, lightweight champion fighter of the world. Nelson is matched to fight six rounds with Terry McGovern at Philadelphia, and the little champion does not propose to take any chances. He says he is confident of beating the once Terrible Terry and he is doing some strenuous work in preparing himself for the struggle.

Nelson has "caught on" to a new training stunt in playing a game called roko. The champion sent to the "News" a clipping from the Cleveland Leader, giving an account of his latest fad in training as follows:

Battling Nelson has adopted a new style of training for his coming fight with Terry McGovern.

Realizing the importance of this match, he is determined to go in the ring on the night of the contest in the best of condition. So, instead of adopting boxing tactics at all times as well as long runs on the road, he will devote the greater part of his time to roko, a game invented by F. E. Spink, of this city.

While in Cleveland on his way to Hot Springs 10 days ago, Battling Nelson visited the roko court on West Madison avenue and indulged in this strenuous game of outdoor sport. He took a liking to the game at once and purchased one for his own use for training purposes.

"That is the best training stunt that I have ever been up against," remarked Nelson to the Leader representative, who was also green to the game. "Why, this has all the gymnasium and roadwork beaten ten blocks. And that is no kid, either. Why, you can get a punch developer by that ball that will knock any sort of a fighter out. Talk about science, one has to be quite expert to get a point and make that darn ball ring."

Nelson kept playing for fully fifteen minutes, while the Leader photographer was busy and the photographs show the game to perfection.

After Nelson had taken a light meal he started to play the game for another hour and by that time he was quite expert in handling the ball. "Why, my boy, it is just as easy as putting Jimmy Britt out of the business," spoke up Nelson. "It comes easy, but is far harder on a man than one would suppose."

While roko is unlike any other game, it is conceded that it is faster than football, handball, basketball, baseball, or boxing, and is probably nearer the latter than any, except that instead of trying to strike your opponent you endeavor to hit his guard line where he cannot defend it and the ball is pushed rather than struck, being more accurately directed by the flathand swings. In one sense it is compared to boxing, in that anyone can put on the gloves and enter into a lot of fun and exercise and be immediately interested according to his ability, but for the novice at either sport to defeat or even score against an expert opponent, would be practically impossible.

Read what Judge A. L. Currey, a prominent judge of Baker City, Ore., says of "TRIB:"

"I have given your 'TRIB' a fair trial and followed directions fully, and now desire to tender you my unsolicited word as to its efficiency. Let me truthfully say that I feel entirely different in every way. It seems strange, indeed, to me to be ready and waiting for three square meals a day, good sound, pleasant, refreshing sleep, no nervous nightmares and a degree of self-reliance that used to require more than one cocktail to induce. I did not take 'TRIB' from a moral standpoint, but it was a choice between liquor, the pine box and 'TRIB,' and 'TRIB' won out in a fair contest. I positively have no appetite for intoxicants and to judge others by myself, anyone can derive the same benefit. 'TRIB' has made many happy homes."

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Salt Lake City People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Salt Lake City.

Mrs. Sarah Beatty, of 1261 West 4th South, says: "I have had attacks of backache for two years. For a week at a time I have been almost wild with pain just across the loins. When a person cannot bend, lift or turn, they are helpless, and naturally ardently long for some means to give the slightest relief. A friend of mine who had obtained Doan's Kidney Pills at F. J. Hill Drug Co's store told me they had brought her undoubted benefit and insisted upon my trying them. Following her advice, I got a box and took a few doses. I was surprised at the way they benefited me; I am now free from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
