LOCAL BRIEFS.

Address to Students—Philip S. Maycock addressed the state university students this morning.

Price of Oats Raised—The Salt Lake Produce exchange raised the price of oats 5 cents at yesterday afternoon's meeting.

Water Pipe Bursts—A water pipe burst on the south side of the second floor of the Federal building at 2:15 this morning, and flooded the floor. The escaping water ran down the elevator shaft and onto the first floor, ruining a considerable area of plastering.

Strawberry Tunnel—Work on the Strawberry tunnel has now been excavated 117 feet into the limestone, eastward, with electric drills. Telephonic communication has been established between the tunnel and this city.

Souvenir Score Card—A souvenir in the shape of an official score card is being prepared by the University Athletic association. On the front page appears a football player with the Montana and Utah pennants, with pictures inside of the two teams.

Gold and Blue—The November number of Gold and Blue, the L. D. S. university periodical, is out. It contains excellent reading matter, and is creditable to the editors. The different departments are well arranged, and filled with entertaining informing covering the special fields.

Society Organized—The Caledonian society was organized last evening, with 52 charter members, and these officers, president, James Moffatt; secretary, C. Schultze. It was decided to celebrate St. Andrews night, Nov. 30, the first time that event has ever been celebrated in this state.

Hayes' Interest Bought—Ex-County Clerk H. V. Meloy has bought out Ellen Hayes' interest at Ely, Nev., consisting of the Park hotel and mercantile institution for $75,000. Miss Hayes has gone to southern California on a visit, and on her return will build up the Sisters' school.

Tour of Inspection—General Supt. T. P. Cook of the Western Union, Supt. S. E. Leonard of the Omaha division, Chief Electrician L. McKissek, Supt. J. McRoble of the A. D. T., and Secy. M. T. Cook arrived last evening, on a tour of inspection, and registered at the Knutsford. They are also overlooking the distribution of new wires between New York and San Francisco.

Sophomore Officers—The high school sophomores chose the following officers yesterday afternoon, for the current academic year: President, Harry Swem; vice president, Marjorie Short; secretary, Stanley Y. Quayle; treasurer, George Swaner. The executive committee consists of five members—Albert Zimmerman, Edna Hampton, Ralph Whitney, Margaret Walker and Henrietta Smith.

Poultry Men Meet—The nineteenth annual exhibition of the Utah State Poultry association will be held in this city Jan. 21-25 next, and the association held a well attended meeting last evening at the Commercial club in furtherance of the event. L. C. Duncan and C. S. Gorline read papers on the care of poultry, and there was a discussion on how to make hens lay in cold weather.

Honor For Brown—Judge Willis Brown of the juvenile court of this city has been asked to take charge of the institute for workers among juveniles which has been organized as a department of the National Institute of Juvenile Workers which met in Winona, Ind., this week. The institute will meet in the summer and it is intended to have a boys' camp at the same time of which Judge Brown has been requested to take charge.

Lively Runaway—A horse attached to a Salt Lake Dairy company's wagon ran away last evening, starting from in front of the Emery-Holmes flats. Boys throwing stones caused the animal to bolt down the street. The driver, Henry Finke, was unable to check him until a point near Second South on West Temple street was reached, and by that time a wheel of the wagon was missing and milk cans had been scattered in every direction. Aside from the damaged vehicle little harm was done.

Claims are Filed—The claims of 44 more laborers on the Big Cottonwood conduit, who allege that they have not been paid their wages for two months, were filed with the board of public works yesterday afternoon. The men were employed by Showell Bros. & Belcher, the sub-constractors on the conduit, and claim that the amount due them is about $2,500. The board of public works will withhold the amount from the estimate to be paid to the contractor by the city so that the men will be protected.

Auto Smashed—Automobile No. 97, apparently driven by a novice, had a catch-as-catch-can encounter with a waste paper box on the corner of Main and South Temple street last evening. The auto did not play fair, however, and handed out a few Bat Nelson bunts which put the can out of commission. The decision was given to the can on a foul which was needless as the automobile, whose number ought to have been 23, sustained a compound fracture of the front axle and a badly dished off-side wheel. The machine was badly wrecked and was eventually carted away by a horse and wagon, the quadruped wearing a well defined leer as he moved off. The driver, who had attempted to cut the corner too fine, lived to tell the tale.

LITTLEFIELD IN MOUNT PLEASANT

Eloquent Congressman Makes Stirring Address on National Political Issues of Day.

STRONG PLEA FOR HOWELL.

"Republican Victory Means Continued Prosperity for Working Man and Leading Local Industries."

Special Correspondence.

Mt. Pleasant, Sanpete Co., Oct. 31.—A grand Republican rally was held here this evening, in the assembly hall. From 6 till 8 o'clock the band serenaded through the streets and stirred up considerable enthusiasm. Hon. W. D. Candland acted as chairman and introduced the speaker of the evening. Hon. C. E. Littlefield, congressman from Maine, who made a stirring address urging the people to send back to congress the Hon. Joseph E. Howell, whose work in Washington was much appreciated there. Utah, he said, was well represented in Congress by a strong and able delegation, one which the people of the state had good cause to be proud of. The speakers gave Utah the credit of expending more per capita for education than any other state in the Union, and complimented the splendid showing the people made for the cause of education.

On the question of pensioning the Black Hawk and other Indian war veterans of Utah, Mr. Littlefield showed that a Republican representative would have a better opportunity to obtain the passage of a bill for the benefit of the veterans, than would any one else. That the Republican party was and always had been the friend of the laboring man was forcibly illustrated by the speaker who referred to the unprecedented prosperity of all the working classes under Republican rule.

The tariff was well discussed, the benefits arising therefrom, the duty on wool, lead and sugar, the three schedules affecting this locality, were happily portrayed. If these benefits were wanted to continue, the people should not fail to send Congressman Howell back to Congress, who would stand for tariff on these articles as well as others just as important in other sections. Republican victory means continued prosperity to the workingman, and to leading local industries.

Those assembled expressed themselves as being highly satisfied but wanted more. Prominent Republicans from Moroni, Fountain Green, Spring City, Fairview and Chester were present.

FUNERAL OF MRS. GUTKE.

Impressive Services Held Over Remains of a Noble Woman.

Deeply impressive services were held at the Waterloo meetinghouse yesterday afternoon, commencing at 1 o'clock, over the remains of Mrs. Johanna Gutke, mother of Mrs. Julia Brixen. The chapel was tastefully draped in white for the occasion, and many friends met with the bereaved family to pay tributes of respect to a good and noble woman. Counselor Joseph J. Daynes, Jr., presided, and a quartet composed of Mrs. Lizzie Thomas-Edward, Miss Mabel Cooper, Thomas Ashworth and Moroni Thomas sang, "I Need Thee Every Hour," and "Shall We Meet Beyond the River." "The Beautiful City" and "Some Time, Somewhere" were rendered as solos by Mr. Ashworth and Mrs. Edward; John McFarland and C. A. Carlquist offered the opening and closing prayers, respectively.

Sylvester Low, Jr., of Smithfield, where Mrs. Gutke resided for many years and where she was greatly beloved; L. Dahlquist, who had known the deceased in her native Sweden many years ago; President Nephi L. Morris, President Frank Y. Taylor, Patriarch Angus M. Cannon and Bishop Ashael H. Woodruff were the speakers, and each of them told of the noble qualities of heart and mind possessed by Mrs. Gutke and of her devotion to the gospel of the Redeemer.

A long line of carriages followed the remains to the city cemetery, and in addition a special car carried a number of friends to the place of interment. At the grave the quartet sang, "Rest on the Hillside, Rest," and the grave was dedicated by Elder Louis A. Kelsch. The body was laid to rest beside the remains of her husband, who died some 17 years ago, and near the remains of her son-in-law, "Andy" Brixen.

Of Mrs. Gutke's children, there were present Mrs. Julia Brixen, Fred and Oscar Gutke. Two daughters, Mrs. Mary Wilcox and Mrs. A. H. Price were unable to be present, the former being in a remote part of Nevada, while the latter was at the bedside of a very sick child at McCammon, Idaho.

HORTICULTURE REPORT.

Filed by Inspector Sorenson With County Commissioners.

County Horticultural Inspector John P. Sorenson has made the following report to the county commissioners of the work done in his department during the month of October:

In the month of October the nurseries commenced to dig trees for fall delivery. The inspection for root diseases was commenced also when the trees were dug up so that the roots could be examined. About 800 trees were condemned for crown gall, root hair diseases and severe wooly aphis. These diseased trees were burned on the grounds. I have looked after nurseries from North Salt Lake to Murray, and have inspected several parcels of trees ordered by express from other states. Mr. Thos. Walker, deputy inspector, has been occupied in the nurseries south of Murray. The other deputies have worked only a few days, each finishing up such work where former notices of pear blight had not been fully complied with.

The fruit crop gathered before the storm of October 20 and 21 turned out very satisfactorily. What was left after that mostly became windfalls and culls.

The following were elected as the committee on organization: L. H. Gray, G. H. Tuckfield, E. J. Petty, A. Cline and John Moss. This committee will report at the next meeting of the members to be held next Thursday night in the A. O. U. W. hall.

Most of the members of the A. O. U. W. in this city are adopting the plan of the supreme lodge, applying for their insurance direct from headquarters at Philadelphia.

AGED CRIPPLE HAS COMPLAINT

He Makes Serious Accusations Aaginst Supt. Sabine of the County Infirmary.

WANTS AN INVESTIGATION.

Says Inmates Are Improperly Fed and Cripples Are Compelled to Do Hard Labor.

Israel Liberman, a Hebrew aged 65 years, who was an inmate of the county infirmary for about five years, called at the "News" office this morning and made accusations against an employe of the infirmary and also against Superintendent James Sabine. If half of the charges made by Liberman are true, there promises to be a lively shaking up in the vicinity of the county institution before long.

ASSAULT AND BATTERY.

Before coming to the "News," Liberman declares he made complaint to the superintendent, Sabine, and to the county attorney, P. P. Christensen. He says that each promised to investigate but have done nothing in the matter. Liberman asked the county attorney to issue a warrant for the arrest of one Robert Engler, an employe of the infirmary, on the charge of assault and battery.

Liberman declared that he is a cripple, having been seriously injured internally. He said he was put to work wheeling rubbish and it was over this work that he received abuse at the hand of Engler. He says that Engler assaulted him, called him vile names and otherwise shamefully treated him.

LEFT BECAUSE OF ABUSE.

Asked when and why he left the infirmary, Liberman said:

"I left two weeks ago last Tuesday. I left the place because I was abused and mistreated and could get no protection from the superintendent, James Sabine.

Robert Engler, the farmer put in as overseer by James Sabine, is a hard taskmaster and was abusive to me a number of times.

The first occasion was some time ago, when I was working on the rubbish that was left after the big fire. Brick and cement and other rubbish were used to fill in the hole where the cellar was. One barrow load of the stuff was not fit to be put there and I was taking it out to a point near the pig pen, where such matter was thrown.

"The farmer ordered me to take the stuff back, and when I told him that I had been instructed to put the stuff there he abused me and called me vile names.

"He threatened to beat me on another occasion, and a few days ago he again called me vile names and pushed his fist in my mouth. He has threatened to beat me a number of times. When he pushed his fist in my mouth I begged him not to hit an old man and a cripple, and he abused me worse than before.

"I made complaints to Mr. Sabine, the superintendent, of this man's abuse, and he told me that the rules prohibited any employe abusing the inmates or using bad language toward them. He said that he would look into the matter.

SAW COUNTY ATTORNEY.

"I waited for some time and then went to the county attorney, who said he would look into the matter. I do not know what he will do about it.

"I am determined that there shall be an investigation if it is within my power to force one. I can prove every assertion I have made.

"I was shamefully treated. I complained to Sabine and told him that I had given no provocation whatever for such treatment. Sabine did nothing. I also stated my case to the commissioners.

COMPLAINS OF FOOD.

"There are a great many things I could tell about. Take for instance the food. It is poor and badly cooked. I have seen bread four and five days old served to us poor sick people. The same food is served to the aged and sick as is given to the more fortunate ones, and I know of cases when the doctor ordered special food for one of the sick that the sick did not get it, but was forced to eat the same kind of food served to those who could walk and work a little.

CHARGES CRUELTY.

"Inmates who are ill with disease are not placed apart from those who are comparatively well. Sabine drags out old crippled inmates and makes them do labor. That man is too cruel, and should not be there. One man who is partly paralyzed and another who has only one arm, were forced by the superintendent to climb a ladder and paint a barn. I am telling you the truth and can prove every word of what I have told you, and I can prove a great deal more than I have told."

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say—he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street. B

SEARCH GOING ON.

Efforts to Locate Mrs. S. Worthington Who is Missing.

Diligent search is still in progress to ascertain the whereabouts of Mrs. S. Worthington, formerly of Payson, who has been missing from her home and friends since Oct. 22. A woman answering the description of Mrs. Worthington was seen at Taylorsville some time ago, engaged in canvassing the sale of silk dress goods, but the husband and daughter of the person sought were unable to say whether she was the peddlar in question. Murray, Bingham Junction and West Jordan are being thoroughly gone over in quest of Mrs. Worthington, as it is believed that she is somewhere in that section of country.

When last seen by her relatives, Mrs. Worthington wore a gray flannel waist (basque), gray pleated skirt and a black hat. She is 58 years of age, is light complexioned and her face is pitted from smallpox. Any information that will lead to the finding of the lady named will be gratefully received by S. Worthington, 453 north Third West, or by W. W. Wilson, Sandy.

R; Hy Rawlings, D. D. G. M.; Rev. D. M. Helmick and Isaac Walter. Over 150 members of the lodge were seated at the table.

In order that no legal objection may be made to the change of venue in the case of the state against "Doctor" Jim Donaldson, charged with robbing the McWhirter brothers on Sept. 19, the complaint which was filed in the city court has been dismissed and a new complaint has been sworn to before Justice of the Peace Bishop of Farmers ward, who will sit as committing magistrate. The complaint is the same as the one filed in the city court. Donaldson will be arraigned in a few days and the date for the preliminary hearing will be set.
