MINING, BUSINESS AND STOCKS

LOCAL MARKET IN BETTER TONE

The Knight Issues and Other Tintic Stocks Make Headway Today.

YESTERDAY'S DECLINE.

Prices Dropped Because Margined Stock Came Out—Quotations and Sales.

The local market for mining stocks did not act in sympathy with eastern conditions; for it was really an improvement here. The Knight stocks, which came in for a severe drubbing yesterday, all recovered. Beck Tunnel went up 10 cents a share. Colorado first dropped from $6.50 at the opening to $6.40; but when it was reached on the open board it turned upward, closing from the sale of 200 shares at $6.65, or an advance of 25 cents a share on the opening price. Iron Blossom and Crown Point also made headway and closed in better tone at the close of the forenoon calls.

The sudden drop in the Knight issues yesterday was due to no other cause than general liquidation. People who had been holding stocks on margins were forced to do something to "cover," either by allowing themselves to be sold out or else by throwing some other stock possessed by them on to the market to obtain cash sufficient to meet the demand of the banker or broker who had been carrying them. This is the very thing that brought out so much Colorado during yesterday's calls of the mining exchange and the stock down to the basis where the mine paid two per cent a month on an investment at the prevailing price.

Little attention was paid to the unlisted stocks today, the only sale recorded being Standard Copper at 38 cents.

The closing quotations and sales were:

A PANICKY DAY.

This "Friday, the Thirteenth," Will Go Down in History.

Look out! "This is Friday, the 13th." If the foregoing remark was heard once, it was repeated a thousand times in Salt Lake today. Somehow a bad market was anticipated and those who were looking for it were not disappointed. The copper stocks went to smash in the eastern market centers and Thomas W. Lawton came out with big display advertisements in the Boston and New York papers telling people to look out for a crash, but advised those who had money in the savings banks to withdraw it and invest in the low priced stocks. In this advertisement of his he called attention to the fact that taking yesterday's quotations for a basis, Calumet & Hecla was returning to its shareholders 10 per cent; Amalgamated, 12 per cent; other stocks 15 and 20 per cent; whereas the savings banks were giving no better return than 4 per cent.

The day was certainly panicky down east. A few weeks ago, no one would have dared to have ventured the assertion without being told such a thing would be rediculous, that Newhouse would sell as low as $7.50; Boston Consolidated at $17; Bingham Consolidated at $9; Utah Consolidated at $34; Amalgamated Copper at $58 and others in the same proportion. But nevertheless that was the case today. Along towards noon, however, there was a tendency towards improvemennt and some eastern brokerage houses expressed the opinion that probably the worst had been reached; that this "Friday, the 13th," might prove to be the turning point in low prices.

BUTTE PEOPLE BLUE.

Amalgamated Shut-Down Order Gives Camp Black Eye.

According to advices from Butte today, the people of that camp are very much disturbed over the decision of the Amalgamated to curtail the output of the mines belonging to that corporation. It is said that at least 5,000 men will be thrown out of employment.

DIVIDEND REDUCED.

Utah Con. Will Pay One Dollar a Share Next Month.

The Pollock wires brought the information today to the effect that the directors of the Utah Consolidated Mining company had reduced the quarterly dividend of that company 50 cents a share. Shareholders are to receive $1 a share next month. Payment will be made on Oct. 15 to all shareholders of record on Sept. 27. The books of the company close on the 27th inst., and reopen Oct. 1.

ECLIPSE LOOKS LIKE A WINNER

Leasers Working On This Seven Troughs Property Make Some Important Finds.

IT HAS CAUSED A STAMPEDE.

More Applications for Leasers Than Management Could Fill—Tunnels Showing Well.

Local official shareholders of the Seven Thoughs Eclipse Mining company are greatly elated over late reports received from the northern Nevada camp. A strike made by a leaser working on ground belonging to the Eclipse company created a stampede to that section of the district and so many applications were received for leases on the Eclipse properties that the management was obliged to reject them for the reason that all the available territory had been taken.

Two parallel veins have been opened showing ore wherever crossed by trenches and one of the veins has been uncovered along the strike for a distance of 1,300 feet and showing value running into the shipping grade wherever opened.

The Mazuma Herald of last Saturday contains the following account of the Eclipse strike:

"The primary cause of the rush to the Eclipse was the strike made a little over a week ago by Drennon, Walker and Kline, who recently arrived from Skidoo. Following them, Lynch abtained a lease of block 8. Irving and Frantz on block 7, Howard on block 1 and a couple of other parties have block 11. These five sets of leasers are diligently at work. Hugh McQuaid also secured a lease from Piper, Lipps and Crumpacker on the Meteo claim, which lease adjoins the Irving and Kratz lease on block 7 of the Eclipse.

"F. R. Howard secured remarkable pannings in a cross-cut trench at a certain point, but he did not find the ledge in place until today. The leasers have done a surprising amount of trenching for the short time that they have been at work. The pannings indicate values of from $100 a ton and upward into sensational amounts. There is scarcely a doubt that the Eclipse will develop several leases within the next few weeks.

"The Eclipse has a good showing in two tunnels still further west than the leasers are operating. The recent developments stamp the Eclipse as one of the foremost properties of the district."

MINES MAY CLOSE.

Gloomy Outlook for Montana's Big Copper Camp.

New York, Sept. 13.—The Amalgamated Copper company is about to shut down its mines about Butte, Mont., for an indefinite period. From an interest closely identified with the company, it was learned that the suspension of operations is due to over-production and lack of demand for copper and to some difficulty in obtaining sufficient fuel in Butte.

According to the authority for the announcement, there is now a surplus supply of 250,000 pounds of refined copper in the United States. The production of refined copper in September, he said, would be 6,000,000 pounds less than in August. The present price as quoted in the market, is about 18 cents a pound for lectrolitic, but according to the authority referred to, it is doubtful if 15 cents a pound could be obtained for any considerable quantity.

Henry H. Roberts, president of the Amalgamated Copper Co., is now ill at his home at Fair Haven, Mass. Counsel for Mr. Rogers announced in court in Boston yesterday that Mr. Rogers would not be able to appear there in a suit in which he is interested for at least three months.

GOLDFIELD EXCHANGES.

Two Organizations Will Be Considered In Near Future.

The brokers of Goldfield have reached the conclusion that two mining stock exchanges is too many for that camp, and an agreement has been reached looking towards an early consolidation. When all of the details are attended to, a new organization will be formed to be known as the Goldfield Consolidated Stock exchange, and the handsome new stone building used by the old exchange will be used for calls. It is also the intention to install a private wire to other market centers.

SAN FRANCISCO MARKET.

James A. Pollock & Co. furnish the following quotations from San Francisco today on Nevada mining stocks:

COMSTOCK.

Ophir, 1.22½@1.25; Mexican, 53@55; Gould & Curry, 23 asked; Con. Va., 74@75; Savage, 84 asked; Hale & Norcross, 95 bid; Yellow Jacket, 1.15 bid; Belcher, 20 bid; Confidence, 95 asked; Sierra Nevada, 41@43; Union, 41@43.

TONOPAH.

Tonopah Nevada, 10½ bid; Montana Tonopah, 2.77½@2.85; MacNamara, 22@23; Midway, 77@78; Tonopah Belmont, 2.90 asked; Tonopah North Star, 19 bid; Ohio Tonopah, 3 asked; West End Cons., 65 bid; Rescue, 12@13; Tonopah

Utah-Idaho Sugar Co. Dividends.

The Articles of Incorporation provide for payment of a dividend of 17½ cents per share on the preferred stock Sept. 30th, 1907, and quarterly thereafter. The par value of the stock is $10 per share.

Dividends on preferred stock are cumulative; that is, if not paid at end of any quarter must be made up and paid to the owners of preferred stock before any dividend can be paid on common stock.

We can buy you a reasonable amount (from 1 to 1,000 shares) of this stock at about $9 per share. When money is normal in all parts of our country the opinion of men best qualified to judge is that this stock will readily sell for from $10 to $11 per share. The time to buy is when you can get the stock CHEAP. THE TIME TO BUY IS NOW.

GEORGE M. CANNON CO.

CONCENTRATES.

C. E. Loose of the Grand Central Mining company is in the city from Provo today.

The late assessment on the stock of the Wabash Mining company at Park City has become delinquent.

Manager J. B. Risque of the Utah Consolidated is in Bingham today on one of his regular inspection trips.

Manager G. W. Lambourne of the Daly Judge Mining company at Park City is expected back from the mine today.

The ore and bullion settlements reported late yesterday by McCornick & Company were: Crude ore and concentrate, $15,000; base bullion, $115,000.

Henry Miles, formerly of this city, but who has occupied the position of caller for the Goldfield mining exchanges at various times, has accepted a similar position with the Los Angeles exchange.

Word has been received from American Fork canyon to the effect that a strike of considerable importance has been made in the Signet property. This property is owned by a Salt Lake syndicate which has been conducting an energetic campaign of development during the past two years.

Councilman A. J. Davis has returned from a trip east on mining business and reports having accomplished everything he went there for. He believes people are going to give more attention to gold mining enterprises in the future; now that the copper stocks have come in for such a drubbing.

The regular dividend posted by the directors of the Utah Mine at Fish Springs at their regular meeting held yesterday afternoon is payable on the 17th inst. to all shareholders of record today. The company has paid 27 cents a share in dividends this year, making the total to date $2.79 per share, or $279,000.

An eastern syndicate, headed by Gen. J. M. Houston of New York, is rounding out a big mining enterprise in the Gold Springs and Fay districts in Iron county, Utah, and Lincoln county, Nev. The deal involves practically all the property situated on Buck mountain and includes that portion of the Snowflake property owned by R. M. Johnson of this city.

Tony Jacobson, manager of the Columbus Consolidated Mining company, has returned from a trip to Tonopah and Goldfield. He went to examine a mining property near one of those camps, but did not succeed in tying up anything. He was accompanied on the trip by M. H. Eakin, former superintendent of the May Day Mining company. Mr. Jacobson says, however, that he saw some very attractive mining properties while away.

COPPER STOCKS AGAIN FEATURE

Their Disturbing Influence of Yesterday Was Manifest in the Market Today.

AMALGAMATED OPENED WIDE.

American Smelting Made Big Break, Weakening General List—Some Heavy Losses Scored.

New York, Sept. 13.—The disturbing incidents of yesterday in the copper trade retained their influence in the stock market today and centered on Amalgamated Copper, which opened wide, the first 3,500 shares of that stock selling simultaneously at 60 and 59½ compared with 61⅝ last night.

There was a subsequent rebound in the price to 60½. Missouri Pacific fell 1½, American Smelting 1 and New York Central, Anaconda and Newhouse Mining ¾.

The decline in the general list was restrained, opening prices showing a mixture of gains and the whole list swinging upwards afterwards in sympathy with Amalgamated Copper.

The recovery carried Reading and Union Pacific ¾ beyond yesterday's closing, the latter selling ex-dividend. An avalanche of long stock then came out in the coppers and American Smelting and United States Steel, and the whole market dropped rapidly. The railroads as a rule showed a fair measure of resistance, although Reading and Union Pacific were sold heavily. A let-up in the selling left a brief interval of steadiness, but when American Smelting broke anew to 87½, the general market again weakened. The principal losses were American Smelting 4, Anaconda 2¾, Manhattan 2¼, National Lead 2, Allis-Chalmers preferred 1⅝, Republic Steel, North American, United States Rubber 1½, Reading 1¼ and the Steel stocks, Pressed Steel Car, American Woolen, Federal Mining, Central Leather preferred and American Car preferred 1 to 1½. Southwestern preferred and American Car preferred exceptionally gained 1 and 1¾ respectively.

The market rallied slightly and became bullish at the end of the hour.

PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or respective signers for further information.

IN THE DISTRICT COURT, Probate Division, in and for Salt Lake County, State of Utah. In the matter of the estate and guardianship of Gundhild Marie Olsen, an incompetent. Notice.—The amended petition of Frank W. Olsen, the guardian of the person and the estate of the above named incompetent, praying for an order of sale of real property of said incompetent, and that all persons interested appear before the said Court to show cause why an order should not be granted to sell so much as shall be necessary, of the following described real estate of said incompetent, to-wit:

Lot one, block forty, plat "D," Salt Lake City survey, Salt Lake County, Utah, beginning four and one-half rods west of the southeast corner of said lot, and running thence north seven rods, thence west three rods, thence south seven rods, thence east three rods to the place of beginning, has been set for hearing on Saturday, the 14th day of September, A. D. 1907, at 10 o'clock a. m., at the County Court House, in the Court Room of said Court, in Salt Lake City, Salt Lake County, Utah.

Witness the Clerk of said Court, with the seal thereof affixed, this 9th day of August, A. D. 1907.
(Seal) J. U. ELDREDGE, JR., Clerk.
By W. H. Farnsworth, Deputy Clerk.

LATE LOCALS.

President Cannon Better—Prest. Angus M. Cannon was able to ride out for two hours today.

Local Bank Clearings—Local bank clearings today amounted to $1,078,869.95. Those for the corresponding day last year were $811,208.32.

Takes Corpse to Michigan—Ed. O'Donnell, the undertaker, has gone to Michigan with the remains of John Driscoll for interment there.

Osteopaths En Route—A number of students for the school of osteopathy located near Los Angeles, passed through Salt Lake this morning. They left at 1.30 o'clock for the coast, and will begin their work at once.

Bankers Are Gathering—President J. E. Cosgriff of the Commercial National bank has gone east to attend the Bankers' convention at Atlantic City. Vice President W. F. Adams to the Utah National bank will leave also for Atlantic City in a few days.

Fine Art Exhibit—H. L. A. Culmer's painting "The Mystery of the Desert" together with a number of other pictures from his brush, is on exhibition at his offices, 18½ East First South street, for this week. The pictures have attracted many visitors.

Knights on Excursion—The Knights of Columbus, 200 strong, will hold an excursion Sunday next to Eureka over the San Pedro. A fare of $2 for the round trip has been made. The special train will leave Salt Lake at 10 a. m., and returning leave Eureka at 10 p. m.

Food for Fish Stories—Manager Harris of the Commercial club is pointing with pride to a stuffed tarpon, 10 feet long, mounted on large wooden plaque and set over the dining room entrance. The fish was caught in the Gulf of Mexico and presented to the club by J. H. Houston of this city.

Banker Leaves Bradstreets—Paul E. Banker, for nearly three years manager of Bradstreet's agency in this city, is to sever his connection with the company to accept a responsible position with Bailey & Sons, the hay and grain men. Mr. Banker succeeded C. E. Taylor. His successor has not yet been appointed.

Goes to College—Gordon M. Bettles, son of the chief metallurgist of the Newhouse properties, Normon Lyon, Carl Doscher, and Frank Rushy of Meadville, Pa., who has been working all summer in the Garfield smelter, will leave Sunday for Chester, Pa., to attend the Pennsylvania Military academy.

Banker Knox Goes East—Prest. Knox of the Bank of the Republic, will leave Tuesday next for Atlantic City to attend the bankers' convention to be held there. He will be accompanied as far as New York by his two sons who will graduate from Phillips-Andover academy next June and then enter Yale.

Funny Men "Coming"—A carload of American humorists will pass through this city Saturday, en route to Los Angeles, where a national convention is to be held. These tourists are the "funny writers" from the newspapers about the country, and are viewing through satirical glasses, odds, ends and bits of local life wherever they chance to stop.

Frost Expected Tonight—The local weather office got out its daily map today on time, as there was a slight improvement in the telegraphic service. The mercury rost to 81 degrees yesterday afternoon, which is rather high for this time of year, and this afternoon is none too cool. But frost is expected tonight, with clear skies tomorrow.

V. S. Peet in Utah County—V. S. Peet, the well-known lecturer, will deliver his lecture "How Utah is Misrepresented" at various points in Utah county as follows: American Fork, opera house, Sept. 16; Cedar Fort, meetinghouse, Sept 17; Lehi, tabernacle, Sept 18; Manilla, Lincoln and Pleasant Grove, at Pleasant Grove tabernacle, Sept. 19; and at Alpine, meetinghouse, Sept. 20.

Organ for Cathedral—Architect Neuhausen has received a blue print from the Kimball Organ company, showing the front elevation of the organ for the new Catholic cathedral. The pipes are arranged semi-circular under the great eastern window, the instrument extending the width of the auditorium between the pillars. The hardwood flooring is being laid in the cathedral.

"Fisherman" Young Here—General Auditor Erastus Young of the Harriman lines, was in town yesterday afternoon, en route to Omaha from Portland and the north, where he had been off on a fishing trip. Mr. Young is one of the most enthusiastic disciples of Izaak Walton west of the Missouri river, and likes nothing better than to don his rubber boots, and stand all day, with nothing to eat, casting the festive fly for the "speckled beauties."

Sutton Back at School—Will (Barlow) Sutton, the husky guard on the "U" football eleven is back at school after an absence extending over the past summer. Sutton will appear on the gridiron this fall to go stronger than ever. Sutton is a heavy man, but as fleet as a deer; quick, snappy and an all around clever man. The major portion of his vacation has been spent in Park City, where hill climbing and juggling beef in his father's institution haven't made him any weaker.

Installing Huge Vault—Attaches of the Commercial bank, just getting settled in the renovated Mullet quarters, are transacting business with customers at the tops of their voices. A huge vault is being installed and a dozen husky iron workers are pounding viciously at the steel plates; smashing down rivets, cutting bolt holes, and performing other feats of a like nature. The bank sounds more like a boiler factory than anything else. Money may talk, but its voice is certainly being drowned in this instance.
