ALICE POINTER A BUGGY HORSE

Filly Captured Dominion of Canada $10,000 Stakes Recently.

CAME NEARLY LOSING OUT.

Season Thus Far Has Been One of Sensations and Surprises on Grand Circuit.

This season seems to be one of sensations and surprises on the grand circuit—and, to date, none of the latter have been more pronounced than the performance of the pacing mare Alice Pointer, winner at Buffalo last week of the $10,000 Dominion of Canada stake—the richest event for "side-wheelers" that has been or will be contested in 1907.

Something like 10 years ago there was a rarely good pacing colt—for that day—racing on the Great Western circuit. He was called Red Seal, and took a record of 2:09, and his performances made him much talked about. His owner was R. C. Rawlings of Chanute, Kan., and he became so much in love with the colt that he decided to acquire his dam, a mare called Alice M., and breed her to the best horse in the country, as he believed that she would prove a great producer. However, his luck did not break any too well for him, and a few years later he found race horses to be too much of a luxury for him, so he closed out his bunch under the hammer. Among them was Alice M., and when the hammer fell on her it was a bid of only a few hundreds.

The vendue at which Rawlings sold his horses was held at Cleveland, O., and the buyer of Alice M. was W. J. White of that city. White—who is familiarly known as Yucatan White—has made a mint of money out of chewing gum, and at one time he had quite a bit of it invested in a stock farm near Cleveland, where he had a stud of trotters and pacers. When White inaugurated this venture—now nearly 20 years ago—such a thing as a mile in two minutes was only the dream of harness horsemen. Few of them, indeed, would admit the possibility of such a thing. But White was one of these, and to show his confidence in the future, he named his new stock farm the Two-Minute Farm.

Just 10 years ago this month—in August, 1897—the impossibility was achieved. That is to say, Star Pointer paced a mile in 1:59¾, and immortalized himself as the harness turf's first two-minute horse. At that time he was owned by James A. Murphy of Chicago, but Murphy found the nervous strain of owning such a phenomenon too great, so he sold him at auction soon after. The buyer was White, who declared that the only appropriate place for the first two-minute horse was at the head of the first two-minute farm.

It was still a few years later than this that White bought our Kansas friend's brood mare, Alice M., and of course, he bred her to Star Pointer, the produce being a bay filly. Not so long after this the chewing gum king lost his interest in his horses and sold most of them, giving the others to his son. Then the son, in turn, tired of them, and he decided to sell out. For sentimental reasons he decided not to part with Star Pointer, so he leased that mighty stallion and he was taken to California, where he is now doing stud service.

Young White also kept one or two of the young horses at the farm for his own driving purposes. One of these was the filly by Star Pointer out of Alice M. She had shown quite a lot of speed, with little work, so he had her shaped up for a matinee mare. Last season he started her at the intercity matinee of the Amateur league at Cleveland and she won very easily in 2:12. In her work she also showed an almost sensational burst of speed. This led several horsemen to be attracted to her, but, when he was approached, her owner said that he was not anxious to sell and named a price that was prohibitive.

McDevitt trained Alice Pointer at the Cleveland track this season and her progress was not very satisfactory. She had plenty of speed, but was very unsteady. Three weeks ago he started her, for the first time, at Detroit. She made breaks, acted pretty new, and finished in the ruck. The next week he started her at Cleveland at its "betless" meeting. Had there been any betting you could have named your own odds against Alice, and it is well for those long-suffering philanthropists, the bookmakers, that there wasn't—for she "just tramped on 'em" when it came to racing.

Last week she lined up against Rexgrachless, 2:08¼; Hidalgo, 2:04½, and a whole field of cracks in the $10,000 event at Kenilworth, and simply raced them to their legs, winning as she liked in 2:06½, 2:07½, 2:06¼. Every time she took them to the three-quarters so fast that while she was ready to go on they were staggering and going cross-legged, and all she had to do was jog along home any old way.

High living without the disastrous results attendant upon the usual acceptance of that term—

HUSLER'S FLOUR!

CHANGES MADE IN FOOTBALL RULES.

Offenses to be penalized 15 yards for forward pass touching ground instead of losing possession of the ball.

Defense to be given the ball when out of bounds from a kick or forward pass.

Forward pass from punt to be penalized 15 yards, but distance to be gained will be 10 yards.

Hurdling or tripping to be declared a foul and the side so fouling to be penalized 15 yards.

Halves to be increased from 30 to 35 minutes each.

Linemen may carry the ball from position or from five yards back.

Coaching from the side lines to be penalized 15 yards from the point where the ball was snapped.

If ball is kicked out of bounds twice in succession same shall go to the opposing side on the 35-yard line.

During kick-out opponents must stand at least 25 yards from goal.

No player who has not signaled may attempt fair catch on signal of another player.

No player may signal for a catch unless he has a chance to make the catch.

All players will be allowed to pass ball back at any time.

One umpire and one field judge will be compulsory.

The field umpire will share a part of the referee's duties.

Head linesmen will mark spot where the ball goes out of bounds.

Referee will report all holding to the umpire.

Referee will judge hurdling.

KAISER HAS DOZEN AUTOMOBILES.

Kaiser Wilhelm has about a dozen motors. His car for long journeys is furnished like a miniature drawingroom. It has a handsome writing table and four high-backed chairs, and is lighted by electricity. The floor is carpeted and the roof covered with ivory-colored leather.

Another handsome motor designed by the emperor is in blue, picked out with yellow like the imperial special train. Even the livery was planned by the emperor.

It is in dark-brown leather, the cap bound with a silver band ornamented with the black eagle. From this band the public knows whether or not the emperor is in the car. When he is present the band is broad and it is narrow when he is not.

Another wonderful automobile has just been delivered at the imperial garage. Its scheme of decoration is cream, blue and gold, and on either side are small cabinets inclosing a smoker's necessaries. There is a portable table furnished with writing materials, so that the kaiser can attend to his correspondence while traveling.

The roof is exceptionally high in order to allow the emperor to enter when wearing his gala helmet. An aperture in front enables him to give instructions to the chauffeur. The kaiser's chauffeurs, by the way, have to be strict teetotalers.

They must pass a strict examination, showing them to possess a minute knowledge of the mechanism of automobiles, and their final engagement depends upon their willingness to bind themselves never to touch a drop of alcohol, whether on or off duty, so long as they are in his majesty' service.

MUST HURRY WITH DOGS.

Entries for the Big Bench Show at State Fair Will Close Tuesday.

Secy. F. L. Hansing of the bench show states that entries for the big show at the state fair next month will not be received after Tuesday next. The man who wants to enter his pet dog will have to hurry up or the canine will be left. The bench show will be run under the auspices of the American Kennel club, of which Mr. Hansing is the local representative.

U. MEN IN PRACTISE.

Fifteen huskies turned out yesterday afternoon at the University campus for football practise and judging from their appearance, and the vim with which they worked, the east bench institution will have a strong eleven this fall.

The squad will be increased from day to day and hard work will be the order of things from now on.

BIG TROUT LANDED.

G. Barratt, a street car motorman, landed a big fish in the Little Cottonwood stream about 500 yards east of State street yesterday afternoon. With an ordinary pole and line he caught a 7½-pound trout. Barratt, with another street car man named Allen, caught one 5-pounder and two 4-pounders.

DEATH ON DIAMOND.

Montreal, Sept. 16.—Henry Pilon was struck on the head by a pitched ball in a baseball game Sunday and died almost instantly. The ball passed through the hands of another player and struck Pilon. Pilon caught the ball, threw it to he shortstop and dropped dead.

INTERNATIONAL RACES.

Norfolk, Va., Sept. 16.—The king's cup, in the international yacht races at the Jametown exposition, was won this afternoon by the yacht Manhassett, owned by Clarence Robins of the Manhassett Bay Yacht club, of New York. The yacht Eleanor, owned by F. W. Fabyan of the Eastern Yacht club, New York, was second, with 12 points.

VANCOUVER TROUBLES.

Japan Confident Canada Will Punish Guilty Parties.

London, Sept. 16.—Baron Komura, the Japanese ambassador to Great Britain, who has just returned to London after an absence in the country, called upon Sir Edward Grey at the foreign office this afternoon and discussed the anti-oriental disturbances in Vancouver. The ambassador took with him long dispatches which he received from the Japanse consuls at Vancoucer and Ottawa, and it is understood he assured the foreign secretary that the Japanese had the greatest confidence that the Canadians would punish those who were responsible for the attack upon the Japanese and were satisfied with the steps in that direction already taken.

RAILROOD LANDS.

Suit to Determine Right to Make Settlement on Them.

Portland, Or., Sept. 16.—John L. Snyder, a resident of Columbia county, today filed suit in the federal court against the Oregon and California railroad and the Union Trust company to test in a court of competent jurisdiction the question as to whether the railroad company is compelled, by the act of Congress of April 10, 1869, and May 4, 1870, to permit citizens of the United States to settle upon the lands granted by the acts of Congress, in quantities not to exceed a quarter section to any one settler, and to sell the same to such settlers at $2.50 per acre, as is expressly provided by the acts referred to. These two acts were among the last passed by Congress granting lands to railroad companies. The plaintiff asserts that Congress simply disposed of the land at the fixed price of $2.50 an acre and allowed the railroad companies to use the funds thus obtained in railroad construction work. It is said that three million acres of land in Oregon and California will be affected by the suit. It is alleged that the railroad company has refused to conform to the terms of the acts, retaining for its own uses lands granted by Congress for settler purposes.

Sleep And Rest

Every movement of the body consumes energy. So does mental effort. Energy is supplied by the nerves. It follows that physical or mental exhaustion simply means an over-draft on the nerves. Nature restores energy through rest and sleep. You cannot sleep with tired nerves. Dr. Miles' Nervine soothes the irritation and restores nervous energy.

"Although I have lived nearly 73 years, I have stood up against testimonials for publication, but the unequaled excellence of Dr. Miles' Restorative Nervine, as a medicine for inherent insomnia, intensified by long residence in a high altitude compell me to recognize its superiority over every other medicine I have ever used for nervousness and sleeplessness. I feel sure that the Nervine is free from injurious opiates found in most medicines for insomnia, and can conscientiously recommend it to the aged and nervous." MRS. W. H. FURSMAN, Colorado Springs, Colo.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Backache, headache, sideache,

Kidney troubles, urinary troubles follow.

A Salt Lake City citizen tells you how to cure them all.

Mrs. Philip Booth, of 275 West First South St., Salt Lake City, Utah, says: "Kidney trouble bothered me severely for a long time. There was acute lameness and soreness in the back and over the kidneys. I had little rest day or night. I could not lie in bed without constantly changing positions and then I got little rest for sharp twinges caught me whenever I tried to move. Doan's Kidney Pills, procured at the F. J. Hill Drug Co.'s store, went right to the cause of the trouble from the start and in a short time I was able to rest at night with comfort. Continuing the treatment I found relief from every symptom of kidney trouble and the pains and aching entirely disappeared. I believe Doan's Kidney Pills the greatest kidney remedy in the world."

Four Diseases That Wreck Men Cured

We have arranged a system of payment that will allow every man to take advantage of our services. You deposit your money either in small payments or in a lump sum, and it is not ours until after you receive a cure. We do not accept incurable cases, our prices are reasonable, our results are speedy and are lasting. No other specialist offers you what we do, for we have the only certain cure known for all curable cases.

NERVOUS DEBILITY

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back lame? Is your memory failing? Do you have difficulty in concentrating your thoughts? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain so. What you want is to be made strong and vigorous mentally, as nature intended.

WE CURE IT IN 30 TO 60 DAYS.

Quick results, lasting ones.

BLOOD POISON

May be either hereditary or contracted. The former causes eczema, rheumatic pains, scrofula, etc. The latter begins with a small pimple, followed by sores in the mouth and throat, which have the appearance of white patches, spots or sores on the body, face or scalp, falling hair and eyebrows, and later on other terrible symptoms, such as paralysis, locomotor ataxia, cancerous growths, decayed bones and flesh.

WE OVERCOME IT IN 90 DAYS.

Symptoms disappear in 1 to 3 Weeks.

VARICOCELE

This is an enlarged condition of the veins (usually more noticeable on the left side), caused by bumps, bicycle riding, etc. In time it saps a man's physical and mental strength if neglected.

WE CURE IT IN 5 DAYS by absorption, without pain.

OBSTRUCTION

of the Urethral passage causes a partial or complete closure of the canal due to the disease improperly treated, strains and the injudicious use of instruments, such as sounds.

WE CURE IT IN 15 DAYS by absorption. No pain, no operation.

A Mild Laxative

Ask your doctor to name some of the results of constipation. His long list will begin with sick-headache, biliousness, dyspepsia, thin blood, bad skin. Then ask him if he would recommend your using Ayer's Pills for constipation. Just one pill at bedtime, a few times, that's all.

We have no secrets! We publish the formulas of our preparations. J. C. Ayer Co., Lowell, Mass.
