THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

The Sixth Derrick—A sixth derrick has been set up at the Newhouse buildings.

Knights of Columbus—The Knights of Columbus will hold their annual meeting tomorrow evening.

Evangelist Opens—The cowboy evangelist, Orville Orndorff, opened his mission yesterday on Richards street.

Twins Die—The twin infant children of Edward Gaby, Virginia and Richard, died Saturday evening, of inanition.

Presbyterian Bazar—The First Presbyterian church ladies will open their bazar Thursday evening next, with a turkey dinner.

L. J. Keyes Better—L. J. Keyes has recovered from his illness, and is back once more at the Harriman offices in this city.

Funeral of Mrs. Dye—The funeral of Mrs. W. Dye was held yesterday afternoon, from the residence, 856 Palm avenue. The service was well attended.

Interclass Debates Begin—The interclass debates at the state university have begun. The best talent brought out will be drafted into the university team.

Dying at Hospital—Thomas Dugan is dying at the Holy Cross hospital, from burns received while blasting below Callonte on railroad work. He has no family.

Brick Plant Sold—The Ashton Fire Brick & Tile company has sold out to the Western Clay Products company of this city, its plant at Third West and Eighth South streets, for $45,000.

Has Government Job—Charles H. Stephenson of this city left today, for Washington to take a civil service position with the bureau of chemistry, department of agriculture. He is a Syracuse university graduate.

Returns to Post—Dick Haney, the Fort Douglas teamster who was struck by an automobile Saturday evening, has sufficiently recovered to leave St. Mark's hospital and return to the post.

Farewell Testimonial—Elder Gavin Maxwell will be given a farewell testimonial in the Twenty-seventh ward meetinghouse this evening, preparatory to his departure on a mission to the southern states.

Buildings Fumigated—The Sugar House and Forest Dale public schools re-opened this morning, after being closed a week, owing to scarlet fever and measles. The school buildings have been thoroughly fumigated.

Rosa Nye Resigns—Rosa Nye, for years a deputy in the county clerk's office, has resigned her position. The county commissioners at a short meeting held Saturday selected W. P. Appleby as her successor.

Test Eyes of Pupils—The state board of health will distribute charts among the schools of the state, for use by the teachers in testing the eyes of pupils; also, circulars telling how to detect the presence of ordinary diseases in children.

Cleaning Houses Combine—Four local cleaning and dye establishments have combined into one concern, the Regal Cleaning & Dyeing company, with C. Paumie as president, H. J. Cook, vice president, H. E. Schiller, secretary and treasurer.

Fifteenth Anniversary—August and Anna Rudine celebrated the fifteenth anniversary of their wedding Saturday evening, at their home, 776 south Sixth East street. There were 75 friends present, with gifts of cut glass, it being the chrystal wedding.

Organize this Evening—The new light battery of artillery to take the place of the one that was mustered out, will be mustered in and organized this evening, at the state armory, with 40 men. A captain and four lieutenants will then be chosen.

Prest. Lane Leaves Omaha—H. Vance Lane, the new president of the Rocky Mountain Bell Telephone company, was given a farewell dinner at Omaha, Wednesday evening, prior to his removal to Salt Lake, by the local Mystic Shrine, of which he is a member. It was an elaborate affair.

Lost Household Goods—Hugh L. Thomas left today for Elko, Nev., on telephone business. Mrs. Thomas remains in Salt Lake several days to visit. Their household goods were stored with the Redman Van & Storage company when they gave up their Second avenue residence, and the goods were all destroyed.

Figuring on Next Fair—Secretary Ensign of the State Fair association is still in correspondence with eastern fair attraction bureaus, with a view to securing a full list of attractions for the next fair. So much care is being taken in providing for that event, that it ought to prove the banner fair in the history of the territory and state.

May Pay Taxes—County Treasurer John Groesbeck and his office force have completed the delinquent tax lists and have announced that payments may be made commencing today. Those who settle their taxes between now and the time the county disposes of the property upon which the tax payments are delinquent will be required to pay 25 cents for advertising.

Lecture on Hittites—D. C. Hogarth of Oxford, Eng., will lecture this evening at the public library on the Hittites. The subject will be illustrated and will doubtless be handled in a scholarly and interesting manner. The lecturer has spent much time in southern Europe and northern Africa, and his explorations and investigations have covered a wide range. He has contributed extensively to literature bearing on oriental affairs.

To Extend Line—It is the intention of the Utah Light & Railway management to extend the east Second South street line from Tenth to Eleventh East streets, and thence south to the city limits, next spring, the line via Tenth East street terminating at Mt. Olivet cemetery. The line to Fort Douglas from there will be abandoned and communication with the post be maintained over either the Third avenue or the Brigham street lines.

Latest Brand—A local barber brought a can of gasoline into his shop this morning, with which to fill up the airlight, mantle lamps. He poured out the fluid within two feet of a hot stove, to the horror of the occupants of the chairs who expected to see the whole place go up presently in smoke, and prepared to make a rush for the street, lather, bib and all. But the barebr only smiled as he remarked that the gasoline now put on the Salt Lake market, was no more inflammable than coal oil, and that he might set the can right on the stove and it wouldn't go off. There was no explosion.

COUNCIL SESSION WILL BE LIVELY

"American" Members Will Oppose Mayor Bransford on Franchise Matter.

THE COMPANY IS INSISTENT.

Wishes Immediate Action in Order to Improve System—Harriman Interests Toyed With for Year.

Vaudeville will be the order of the evening when the council meets in its regular Monday night's session tonight. The two matters which will call for spectacular showing of loyalty to constituents are the franchise for the street railway company and the action on the lighting contract, both submitted by the Utah Light & Railway company. It will be remembered that at the disgusting session of the committee of the whole held last Friday evening these matters were handled by the aldermen much in the manner of a gathering of infants making merry with the shuttlecock and battledore. With no recommendations, both were referred to tonight's session of the council. Thirteen members took part in Friday's farce. It is propable that a full attendance may accomplish something tonight.

According to program, Mulvey is to lead the opposition to the proposed franchise. Others who will ally themselves with the rotund member from the Fifth ward are Black, Martin, Hobday, Crabtree and O'Donnell.

LUMINOUS ARCS.

The proposition of the Utah Light & Railway company is to light the city with luminous arc lights at $60 per light per year. This is conditioned upon the granting of the amended franchise to operate its street railway lines over the city as asked for. The difference between the old and the new franchises, without regard to the new trackage rights asked, is that the franchise now before the council relinquishes, on the part of the company, its power rights in Parley's canyon.

TIME TO ACT.

The company, by Mr. Bancroft as president, has practically advised the council that it must act tonight if at all. This attitude of the company has angered some of the councilmen. Back of this demand, however, is the fact that the company has been before the council for about 12 mont s asking the council to pass a franchise permitting the company to spend upwards of $1,000,000 in the improvement of its lines in the city. It has been continually buffeted about by councilmen seeking to impress their constituents with the idea that they are alert to the taxpayer's interests. In some respects their actions have assumed particularly ludicrous aspects. Now comes the company insisting that it be given such rights as it deems itself entitled to, that its system may be improved in line with the Harriman policy, and the council is blocking its every effort.

.. WHAT'S

worth doing is worth doing well. If you wish to be cured of Rheumatism, use Ballard's Snow Liniment and you will be "well cured." A positive cure for Sprains, Neuralgia, Bruises, Contracted Muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Texas, writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by Z. C. M. I. Drug Dept. B

CHANCE FOR DRAMATISTS.

Miner Falls Into Unconsciousness on Track but Awakened and Saved.

George Frisbee, a miner, was pushed off a Salt Lake Route train between Moapa and Caliente Friday morning and in falling had his left foot crushed almost off. He crawled for two miles and then became unconscious. Towards night he came to and hearing the sound of a rumbling train decided he must either flag it or die from exposure and loss of blood. He had no light and it was dark. As the train came closer he suddenly thought of a plan, desperate it must be admitted. He pulled an envelope from his pocket and lighted it with a match, waving the burning paper from side to side slowly. The train stopped and the injured man was brought into Salt Lake, where Dr. A. J. Hosmer amputated the mashed foot. Despite the fact that Frisbee went 30 hours without medical attention it is not thought complications will set in.

THE BEST DOCTOR.

Rev. B. C. Horton, Sulphur Springs, Tex., writes, July 19th, 1902: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." Sold by Z. C. M. I. Drug Dept. B

MR. COX'S SUCCESSOR.

Clarence Anderson Will Hereafter Conduct Grand Theater.

After successfully managing the Grand theater for a period bordering on two years, Archie M. Cox left for Denver Saturday night, where he will assume management of the entire theatrical circuit of which Messrs. Pelton and Smutzer are the proprietors. The promotion is as well deserved as it is important. Under the well directed efforts of Mr. Cox the Grand retrieved much of its old time prestige, and socially and in a business way he was held in high regard here. Many friends will regret that Mr. and Mrs. Cox are leaving Salt Lake.

Messrs. Pelton and Smutzer are to be congratulated on having secured Clarence Anderson as Mr. Cox's successor. He is a genial and able young man, fully acquainted with al' the details of the house, having been for a long time treasurer under the regime of Mr. Cox. Mr. Anderson's friends look for him to make good in his new position.

RUSHING WORK ON JUDGE BUILDING

Railway Exchange Up to Sixth Story With Hope of Early Roofing.

IS OF MODERN CONSTRUCTION.

Steel, Fireproof Material, Concrete and Other Up-to-the-Minute Features Are Everywhere in Evidence.

The Railway Exchange building at the Burlington corner, Third South and Main streets, is very much the center of industrial activity these days now that the company supplying the facing brick is able to deliver the goods for completion of the two fronts as fast as is desired. Owing to the delay, the work had been tied up for some time; but several days ago fresh supplies of brick showed up, and now there will be no further trouble.

The most is being made of the fine weather. Double wages were paid the men to work on Thanksgiving. As there are indications of good weather for this week, the great building may be nearly ready for the roof by Saturday.

UP TO SEVENTH STORY.

The sixth story walls are being finished, and the seventh story will shortly follow. The sixth story fronts are being decorated with terra cotta mouldings, and handsome copper cornice work will mark the seventh. The building is of fireproof construction. The interior frame work is of I beam steel, 8x12 inches in size, diminishing in size according to height of the construction. The pillars are steel beams, 10½x12 inches enclosed in concrete, which increases the size to 14½x17 inches. The idea is to protect the steel from variations in temperature, as these tend in the course of years to so shrink and expand the metal as to change its crystaline structure and end in deterioration. Then, in case of fire, the flames would make no impression on the metal through the fire proof casing.

CONCRETE IS MUCH USED.

The floors are of reinforced concrete, the composition being three sacks of cement, four wheelbarrows of sand and eight wheelbarrows of cinders. This material is gathered on the ground floor, after being hauled in by wagons and stored in heaps. Workmen wheel the material to a chute set in the floor whence it runs by gravity into a concrete mixing machine in the cellar and operated by a steam plant set up there, the plant running also a hoist on the north side of the building. The concrete is then run into an iron car which is hoisted with its load of about a ton to the story where the flooring is being laid, the hoisting being built up from story to story as the work progresses.

The floor reinforcement consists of steel strips from 12 to 15 feet long, 1 to 8 to 12 inches apart, and clamped on the bevel of the beams. The general process of work is the same as obtaining elsewhere, except that cinders are not always used. But it has been found that cinders approximate the construction more closely to stone with lighter structure, as is specially noticeable in the making of the ceilings in the new Catholic cathedral.

ALMOST LIKE STONE.

Architect Neuhausen found that this process gave all the acoustic advantages of solid stone vaulting, with but a fraction of its weight. It is observed at the Railroad Exchange building for lightness and at the same time solidity in the floors. This construction is now being completed on the fourth floor and in a few days, when sufficiently set, the wooden supporters or false work will be removed to the fifth story for continuance of operations there. Brick and other material are being hoisted rapidly to the upper stories from the outside as well as the inside, and every effort is being made to hasten the completion of the exterior that the roof may be put on at once. When that is done, the condition of the weather will not cut any particular figure.

THAT'S IT!!!

Cough yourself into a fit of spasms and then wonder why you don't get well. If you will only try a bottle of Ballard's Horehound Syrup, your cough will be a thing of the past. It is a positive cure for coughs, influenza, bronchitis and all pulmonary disease. One bottle will convince you—at your druggist, 25c, 50c $1.00. Sold by Z. C. M. I. Drug Dept. B

BURGLARS KEEP BUSY.

Are of the Expert Class and Make Wise Selections.

Porch climbers are still busy in Salt Lake. During the past few days several cases of burglary have been reported and while the police have worked hard to apprehend the thieves they have been unsuccessful. Chief of Police Pitt says that if residents would be careful to get a description of all suspicious looking characters the officers would stand a better chance of apprehending the thieves.

On Saturday it was reported by Dr. W. L. Ellerbeck that the residence of James E. Clinton, 126 A street, had been entered by porch climbers and the place ransacked from top to bottom. The Clinton's are away from home and before leaving requested Dr. Ellerbeck to take care of the place. Dr. Ellerbeck visited the house frequently but on Saturday he discovered that burglars had been at work. Every room had been visited and the furniture furned topsy-turvy. What was taken can not be determined until the return of Mrs. Clinton which will be in a few days.

Another case that has just come to light is the robbery of James Ivers home, 564 east First South street. While the family was at dinner about 7 o'clock, Mr. Porch Climber made his way to the upstairs rooms and made a search for money and jewelry. A gold watch valued at $100 and a stick pin worth $5 disappeared with the bold robber.

There can be no doubt that the thieves now operating in Salt Lake are experts in their line.

SILVER ANNIVERSARY.

Mr. and Mrs. A. J. Pendleton, Jr., of 487 First avenue, held their silver wedding anniversary Saturday night, with 50 friends present. Miss Nora Pendleton appeared in the wedding dress her mother had worn, closely resembling the photograph of the bride taken at that time. There was a musical program, and among the following in attendance were Messrs. and Mesdames Frank Browning, D. P. Felt, Arthur Barnes, Jas. E. Jennings, David Murdock, George Kelly, Lewis Shaw, Harry Goddard, A. J. Pendleton, Jr., William Burbidge, W. H. Cooper, Harrison Speirs, Samuel Cooper, Charles Pace, Theodore Lovendale, George Simms, Orson Speirs, Henry Jones, Mesdames R. P. Morris, N. S. Jensen, David Reick, Teasdale, Wilcken, Sarah Cooper, A. M. Pendleton, Will Fugate, Misses Ella Pendleton, Iretta Woolley, Ada Taysum, Mabel Cooper, Celia Swenson, Naoma Pendleton; Messrs. Alvin Keddington, Owen Horsfall, Clifford Ashby, August Wilcken, Bert Cooper.

STAGE DRIVER HURT.

Dick Haney Knocked Down by Albert Fisher's Automobile.

Dick Haney, an aged stage driver, was seriously injured Saturday morning by being knocked down at the corner of Main and Second South streets by Albert Fisher's electric automobile, driven by Mr. Fisher. Some of those who saw the accident say that Mr. Fisher was going at a high rate of speed and struck the aged man as he turned the corner. After knocking Haney down, Mr. Fisher continued down Second South street, being unable to control the machine. He was greatly excited and when in front of the Onyx bank one of the wheels came off the auto. The machine crashed into the curbing and was wrecked.

Mr. Fisher hurried to Smith's drug store where Dr. S. G. Paul was attending to the injured man. Haney was later sent to St. Mark's hospital.

Mr. Fisher went to police headquarters and stated that he did not see the man, and that he thought the coast was clear. Chief Pitt permitted Mr. Fisher to go home.

HUNGRY HIGHWAYMAN.

Reginald Wallace, residing at 327 Eighth East street, an employe of Keith-O'Brien's store, was robbed on Main street Saturday night of 60 cents by a lone highwayman. The young man was looking in a show window on Main street between First and Second South when a stranger asked him for money with which to buy a meal. Wallace replied that he had none, whereupon the man seized him by the coat, dragged him into an alley and took 60 cents.

The robber said: "I am sorry, pard, but I'm hungry. I don't drink, but I must eat." The case was reported to the police.

EXPOSURE

To cold draughts of air, to keen and cutting winds, sudden changes of the temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds.

Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Tex., writes, Jan 21, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take. Sold by Z. C. M. Drug Dept. B

Hard Colds.

People whose blood is pure are not nearly so likely to take hard colds as are others.

Physiology goes into the reason.

Hood's Sarsaparilla makes the blood pure, causing healthy action of the mucous membrane and giving strength and tone to all the organs and functions.

This great medicine recovers the system after a cold, as no other does.

Got to go—uncalled for suits and overcoats, ½ price. Daniels, 57 West Second South.
