MINING, BUSINESS AND STOCKS

OPEN BOARD HAD LIVELY SESSION

Some of the Knight Issues Depressed by the Showing in Financial Statement.

BECK TUNNEL HOLDS ITS OWN

Bullock An Active Stock—Heavy Sales Made During Today's Calls.

Nearly eight times the volume of business transacted during the regular call of the mining exchange was the net result of the open board trading and there Beck Tunnel, Black Jack, Colorado, Bullock, Sioux Con., and Iron Blossom were the leaders. A break was anticipated in Beck Tunnel on the strength of the financial statement given out from the offices of Jesse Knight in Provo yesterday, but the break did not materialize, closing firm on the opening quotation of $1.12½ bid. Black Jack, however, weakened and was driven down to 66 cents; Colorado sank to $4.05 on a seller, while Iron Blossom held its own around 46 cents. Sioux Con. held steady at 27 and 27½. While one brokerage firm is under instructions to depress Ohio Copper, the effort is not bearing fruit in the way of bringing out cheap stock. True, some has been bought as low as $2.25, but this came from the bear element, which has not succeeded in getting it back under $2.50. The local market is pretty well cleared up now and those small holders who bought at higher prices have laid their holdings away in strong boxes. Uintah Treasure Hill displayed much weakness today, yesterday's statement of the financial condition of the company making it evident that an assessment is among the things inevitable if development work is to be kept going ahead. There is only one way to avoid a call on shareholders for money, and that would be for the holders of the larger interests to advance the money and take chances on finding marketable ore to reimburse them. It is believed the mine will ship this year, but it is hardly probable that any ore will be moved towards the smelters right away. The stock sold at 25 cents today.

The closing quotations and sales were:

UTAH GYPSUM.

Plans to Open Deposits Near Richfield Under Way.

Special Correspondence.

Mt. Pleasant, May 11.—Judge Ferdinan Erickson, vice president of the Gypsum Plaster & Cement company, states that recent tests made of the material received from the properties of this corporation show 99.62 per cent gypsum. The location of the deposits is about 12 miles southeast of Richfield—in the foot hills east of the river—and are said to contain an inexhaustible supply. It is the intention to build a mill at Sigurd, which is to be connected with the mine by means of an aerial tramway. It will have capacity to handle 100 tons per day.

HARRIS LEASE DEAL.

Work to Be Pushed on This Seven Troughs Enterprise.

A deal was consummated during the week, says the Seven Thoughs Miner, by the officers of the Seven Thoughs Florence Mining and Leasing company, with a syndicate of eastern capitalists whereby ample funds have ben secured for the thorough and extensive development of the Harris lease, being operated by that company, on the famous property of the Seven Troughs Mining company. The Harris Lease lies four hundred feet north of the Seven Troughs Mining company workings and the fabulously rich ore body which has attracted such great attention to the property has been drifted upon for more than half the distance toward the lease.

A shaft has already been sunk to a depth of 75 feet on the lease, and the most encouraging conditions prevail. To hasten sinking, a whim, has been installed during the week, but it will be replaced with an up-to-date hoisting plant in a short time, an order for such an outfit having already been placed. It is the intention of the officials of the company to sink to a depth of two or three hundred feet before doing much cross-cutting or drifting.

GREAT TONNAGE BEING HANDLED

Three Blast Furnaces Now in Commission at Garfield Copper Smelter.

AVERAGE 2,300 TONS DAILY.

What Utah Copper Is Doing—Train Loads of Bingham Ores.

Three of the big blast furnaces at the Garfield copper smelter of the American Smelting & Refining company are in commission and it was learned today from an authorative source that the fourth is practically ready; that it will probably be in service before the end of the present month. With the three in commission, the plant is handling a daily output of 2,300 tons of ore. With the fourth going at full blast at least 3,000 tons a day will be easily taken care of.

The Utah Consolidated is sending in an average of 750 tons per day; the Utah Copper, of course, is the largest contributor of tonnage, while the Boston Consolidated comes along with the output of its Garfield concentrator and 200 tons of crude ore from its sulphide mine.

At the Utah Copper concentrator at Garfield, ten out of the twelve, sections are in operation and they are being supplied with ore at the rate of more than 100 car loads a day from the mine in Bingham.

Each car holds an average of 55 tons; hence it will be seen that approximately 5,500 tons go through the crushers every day. The eleventh and twelfth sections will be placed in commission soon—before the end of June.

SOME DON'T LIKE IT.

Publicity Policy of Jesse Knight Commended By Others.

Diversified opinion was expressed during the day over the action of Jesse Knight in letting the public know the exact financial condition of the respective companies with which his name is associated. Much favorable comment was heard from those who believe in conducting an honest stock market; while the professionals who make it their business to manipulate things to their own liking at the expense of clients, as well as the public, are not fond of so much publicity. They would rather that the truth be not known at times when they want the price of some stock to go up or down; for they figure that it is easier to pull the wool over the eyes of the investor if he is kept in ignorance of facts. One broker expressed the sentiment when he said today that the publicity from the Knight offices in Provo would result in a falling off in much "speculative trading," admitting, however, that the system would eventually result in good. Another said: "The printing of these statements is going to make someone lose money," and special stress was laid upon Black Jack Consolidated as an example. "Here is a company," said he, "that a great many people supposed was out of debt and had a balance in the treasury. Instead of that there is an overdraft of $822.64. This stock was higher a few days ago than it is now and so was Colorado. That is what too much publicity will do sometimes." The broker overlooked what frequently happens when unsubstantiated reports are circulated resulting in people getting excited and buying at high prices, while those responsible for such "boosts" get out from under, letting the other fellow hold the sack.

On the whole the talk heard along Second South street and in the various mining offices was to the effect that Mr. Knight had performed a commendable act when he decided to adopt the new policy and the belief was expressed that other mining men would fall into line accordingly.

NEARLY COMPLETED.

Penn-Wyoming Railroad Will Soon Operate to Smelter.

Announcement has been made from the eastern offices of the Penn-Wyoming Copper company that the last eight miles of rails to complete the company's railroad to the smelter have been bought from the Colorado Fuel & Iron company and are being shipped from Pueblo. The railroad grade was completed several weeks ago and the ties are already on the right-of-way.

It is expected that between two and three weeks will be required for the arrival and laying of these rails. This will give the Penn-Wyoming company railway service to its smelting plant.

CONCENTRATES.

The adjourned monthly meeting of the Lower Mammoth directors will be held this afternoon.

General Manager D. C. Jackling of the Utah Copper company has returned from California where he went to watch the maneuver of the battleship fleet.

President Tony Jacobson of the Columbus Consolidated is at Alta looking after the interests of the mines with which he is indentified in that camp.

Several sets of leasers are working on the Diamond Queen group in the Bullfrog, Nevada, district. The property is controlled by E. J. Waugh and associates of this city.

Lewis LeVine, the Providence, R. I., scapitalist who is associated with H. S. Joseph in several western mining enterprises, has returned from a trip to Goldfield where he has been inspecting the January White Rocks lease, of which he is a part owner.

MIND OVER MATTER.

Volunteers Hotel Rheumatic Guest Loses Faith in the Doctors.

At the Volunteer headquarters on east First South street there is a man giving the name of C. Hines, who is suffering from a bad case of rheumatism. He has been in Salt Lake for several weeks and has been stopping at the Volunteer hotel.

It was through this charitable organization that Hines, a few days ago met his brother, L. Hines, after a separation of about 18 years.

The sick man says he was once a commercial traveler and was well to do. He came from Kansas but has been all over the United States. After being attacked with rheumatism he tried various treatments and traveled all over the country in search of relief from the pain caused by the disease. He says he went "down and out" financially, but was too proud to ask for assistance from his relatives.

A day or two ago he was sitting in the office of the Volunteers when his brother, who is a commercial traveler for a Denver house, walked in and spoke to him. Hines did not know his brother, but the latter recognized the sick man and there was a happy reunion.

Hines says that he no longer has any faith in medicine or doctors, and there is only one way to cure ills, and that is by the power of the mind.

"I have tried medicine prescribed by doctors," said he today, "but have found there is nothing in it. When matter works upon matter, there can be no good results from it. I gave up the doctors and their medicine and now I am getting better."

Hines was reluctant about talking of his family, beyond stating that he had met his brother after years of separation and was glad to see him. His native state, he said, was Kansas, but he was in business in various states until he was taken ill with rheumatism.

Capt. McCoy of the Volunteers stated this morning that the Sunday evening services, or gospel meetings, would be resumed next Sunday and preparations were being made to hold the meetings at headquarters. There were five new cases this morning, all being medical cases.

MOSHA IS DISCHARGED.

Mike Mosha, whose preliminary hearing was held before Judge Cornish, sitting in Judge Whittaker's court on a charge of assault with a deadly weapon on the person of Mike Melich, was discharged. Mosha and his friends proved that he acted in self-defense. The case grew out of a Garfield fight six weeks ago.

MARKET STRONG THROUGH DAY

New York, May 13.—A strong tone permeated the stock market at the outset today which was due largely to a continuation of the recent heavy demand for the metal stocks. The other stocks also figured extensively in the rise, especially Reading, St. Paul and Union Pacific. Canadian Pacific advanced 1½, Rock Island preferred 1¼, Amalgamated Copper 1 and Union Pacific, Missouri Pacific, American Smelting and Colorado Fuel 1.

The announcement of large gold exports had a momentary repressive effect on the buying but prices did not recede much and soon went higher than ever. The market showed the usual characteristics resulting from the heavy demand for influential stocks. Some of the low priced specialties were in active demand. Nothern Pacific gained 2⅝. Atchison preferred yielded 1⅛. Southern Pacific preferred jumped 8¼ on a rumor that the privilege of retirement at 115 was to be waived by the company. The Harriman stocks rose strongly with an intimation from the head of the system that unchanged dividends would be declared. Great Northern preferred rose 2, Union Pacific and Baltimore & Ohio 1⅝. Northwestern 1½ and a number of others a point or more. Profit-taking sales made an irregular tone in the general list.

Bonds were irregular.

Slight reactions produced dullness in the market and there was an abandonment of the earlier confident buying. Southern Pacific preferred reacted 3½ and St. Paul 1, St. Louis & San Francisco first preferred and Colorado & Southern advanced 2, and Baltimore & Ohio and Rock Island preferred 2.

A rise in Union Pacific elicited very little response from the rest of the list, the market being sluggish though strong. Reading was up 1½. Colorado Fuel 2 and Northwestern preferred 4.

The market closed generally firm and active. Activity subsided to a large extent after 2 o'clock, but some stocks went higher and there was little yielding at any point. U. S. Reduction preferred rose 5¼. Rock Island preferred 4, the common 1⅝, General Electric 2¾, Canadian Pacific 2½, Virginia Carolina Chemical 2, and St. Paul 1½. Pillman declined 1⅛ and Big Four 1⅝.

LIVESTOCK.

WOOL.

ST. LOUIS.

St. Louis, May 13.—Wool, steady. Territory and western, 17@19; fine mediums, 15@16; fine, 11@14.

BOSTON.

Boston, May 12.—An increase in sales, but a lowering of prices is the only feature of the local wool market. Trading however is confined to small lots, as manufacturers are still disinclined to stock up, while the clothing market is dull.

Quotations:

California, northern, 50@52; middle county, 45@48; southern, 45@46; fall free, 35@38; fall defective 30@33.

Oregon, eastern, No. 1, staple, 58@50; eastern, No. 1, clothing, 50@53; valley, No. 1, 47@48.

Territory, fine staple, 57@58; fine medium, staple, 55@58; fine medium, clothing, 45@48; fine clothing, 50@52; half-blood, 48@52; three-eighths blood, 48@50; quarter-blood, 42@48; pulled, extra, 56@57; fine A, 50@52; A supers, 44@45.

LONDON.

London, May 12.—A large number of buyers attended the opening of the third series of the 1908 wool auction here. The offerings amounted to 10,135 bales, mainly cross-breeds. Competition was fair, but buyers occasionally hesitated, the large supplies on hand depressing the market. Home spinners were the chief buyers. Fine merinos declined 1½@10 per cent; inferior merinos, 10@15 per cent; cross-breeds, 10@15 per cent, and Cape of Good Hope and Natal, 10@15 per cent.

PRODUCE.

CHICAGO.

Chicago, May 13.—The wheat market opened rather firm owing to a small advance at Liverpool, but prices soon declined on scattered sales by pit traders, who were bearishly inclined because of the favorable crop conditions in this country. Offerings, however, were only moderate. July opened unchanged to ⅛@¼ at 90½ to 90⅝, to 90¾, sold at 90¾ and then declined to 89⅞.

The corn market was firm because of additional rain in the principal corn growing districts. The May delivery was especially strong, owing to buying by shorts. July opened a shade to ¼@⅜ higher at 64⅛ to 64⅜, sold up to 64⅝ and thne reacted to 64¼.

Oats were inclined to be firm on account of a scarcity of offerings. Commission houses were the chief bidders. July opened ⅛ higher at 47⅛, sold at 47⅛@47¼ and then declined to 47.

Provisions were weak on selling based on continued liberal receipts of live hogs. A local packer was a moderate seller of lard and ribs. July pork opened 2½@5 lower at 13.47½, and sold off to 13.42½@13.45. Lard opened 2½@5 lower at 8.42½, and declined to 8.37½@8.40. Ribs opened 2½ lower at 7.27½ and declined to 7.25.

Selling of wheat continued on a liberal scale the remainder of the day. The low point of the day was reached at 89½@89⅜. Buying by shorts caused some rally late in the session, but the market closed easy, final quotations on July being down ¾ at 89¾.

The corn market was strong all day, July at one time touched 64¾.

The close was strong with July up ½@⅝ at 64@78.

Close—Wheat—May, 1.00½; July, 89¾; Sept., 86¾; Dec., 87⅞.

Corn—May, 73¼; July, 64⅝; Sept., 64½; Dec., 56½.

Oats—May old, 54¼; May, 53½; July old, 47; July, 45⅝; Sept., 37⅝.

Pork—May, 13.32½; July, 13.47½@13.50; Sept., 13.72½.

Lard—May 8.37½; July, 8.42½; Sept. 8.60.

Ribs—May, 7.12½; July, 7.27½; Sept., 7.50@7.52½.

Rye—Cash, 81@82.

Barley—Cash, 65.

Timothy—Sept., 4.30.

BUTTER AND EGGS.

Chicago, May 13.—Butter, steady. Creameries, 18@22; dairies, 16@20.

Eggs—Firm. Firsts, 15¼.

EVAPORATED FRUITS.

New York, May 12.—The market for evaporated apples continues quiet but the better grades are scarce and the prices are firmly held. Fancy are quoted at 10@10½; choice, 8½@9¼; prime, 7⅛@7½; common to fair, 5¾@6½.

Prunes are rather steadier in tone, with quotations ranging from 4 to 14 for California, and from 5¾ to 10 for Oregon fruit.

Apricots are quiet, with choice quoted at 13@13½; extra choice, 14@14½; fancy, 15@16.

Peaches are easy with choice quoted at 9; extra choice, 9½; fancy, 10@10½; extra fancy, 11@11½.

Raisins are dull on spot, with quotations practically nominal; loose muscatels, 5½@6¼; seed raisins, 5@8; London layers, 1.25@1.35.

SUGAR AND COFFEE.

New York, May 13.—Sugar, raw, firm. Fair refining, 3.86; centrifugal, .96 test, 4.36; molasses sugar, 3.61.

Refined—Steady. Crushd, 6.20; powdered, 5.60; granulated, 5.50.

Coffee—Steady. No. 7 Rio, 6⅜; No. 4 Santos, 8⅞.

TODAY'S MONEY MARKET.

New York, May 13.—Money on call easy 1½ at 2 per cent; ruling rate 1½; closing bid 1½; offered at 1¾ per cent.

Time loans very dull and soft; 60 days 3½ per cent; and 90 days 2½ at 3 per cent; six months 3½ per cent.

Close: Prime mercantile paper 3¾ at 4¼ per cent.

Sterling exchange easier, with actual business in bankers' bills at 487.25 for demand, and at 485.10 for 60 day bills; commercial bills, 484⅞.

Bar silver, 52¾.

Mexican dollars, 47c.

Government bonds steady; railroad bonds steady.

PERSONALS.

Capt. Coates, consulting engineer of the Irrigated Lands company of this city, has returned from an absence of several months in the east.

Willard Burbank of Seattle is in the city en route home after a trip to Black Rock, in Millard county. He says the wool is being piled up there with the expectation of storage until prices are more encouraging than at present. Mr. Burbank was accompanied by E. W. Clay of this city.

BIDS WANTED.

By the Deseret Live Stock Company of Woods Cross, Utah, for the construction of about sixteen thousand (16,000) feet of water channel in Skull Valley, Tooele County, which channel is to be lined with cemented masonry. A bid is also wanted on only one (1) mile of this channel constructed in the same way.

Profile and specifications may be had from James H. Moyle Deseret National Bank Building, Salt Lake City, or from R. E. Caldwell, No. 208 Sharon Building, Salt Lake City.

Bids will be opened fourteen days from the date of the first publication of this notice.

The company reserves the right to reject any and all bids.

Date of first publication May 14, 1908.

Don't Think

That you have to buy hats that have been trimmed for two or three weeks just because it is after Easter—

FOR

our factory turns out seven dozen hats a day all trimmed in the latest styles, of which we are advised daily by our New York office.

BUT

we have a sale for the remainder of this week on hats of all styles worth up to $10 for $5, that have been trimmed more than 10 days.
