# MINING, BUSINESS AND STOCKS.

## CENTENNIAL PIOCHE MAKES FINE SHOWING

**Report Addressed to Stockholders Shows Shaft Put Down at Cost Of $15 Per Foot.**

In compliance with the Nevada law the Centennial Pioche Mining company will shortly mail its stockholders a financial and physical report of the company from the time of its incorporation to the present. This report shows that no officers receive a salary, even the superintendent does his work free of charge. Since incorporation the company has received $12,057.56 in cash, not a cent having been paid in commissions for the sale of stocks, and only the absolutely necessary equipment was purchased and the money has all been expended on development work. The shaft at present is close to 490 feet deep. This has thus far cost $15 a foot.

The following is the financial statement from Jan. 1, 1910, to May 31:

RECEIPTS.

| | |
|---|---|
| Cash on hand and in bank, Jan. 1, 1910 | $ 870.24 |
| Notes receivable | 250.00 |
| From sale of stock, 34,000 shares, netting the company | 3,400.00 |
| Bills payable May 31 | 545.06 |
| | $5,065.30 |

DISBURSEMENTS.

| | |
|---|---|
| For surface equipment and improvements | $ 845.06 |
| Taxes, advertising and general expense | 215.80 |
| Sinking and timbering double compartment shaft, 108 feet | 2,129.15 |
| Notes and cash on hand and in bank | 1,875.29 |
| | $5,065.30 |

In compliance with the Nevada state law the following information is furnished:

The names and number of claims owned and being developed, 11 claims: Jack Rabbit Nos. 1, 2; Sadie, Nora, Prince Extension Nos. 1, 2, 3, 4, and 5; No. 4 Fraction, Chope, all unpatented. All situated in Ely mining district, Lincoln county, Nev. Nearest postoffice, about three miles distant.

First nine claims acquired by deed Aug. 2, 1909.

Last two claims acquired by deed Sept. 21, 1909.

The character, value and description of buildings and improvements: Fairbanks-Morse gasoline hoist, gallows frame, blacksmith shop, tools, cars, tracks and hoisting buildings, value $1,904.45.

The property is being developed by contract, the company furnishing timbers, lumber and tools. Total expenditure during the above period was $2,129.15. Devlopment work during that period consists of sinking double compartment shaft 108 feet.

No stock originally set aside by the corporation, to sell or dispose of for development, but the incorporators donated to the company for a working capital $3,300 in cash and notes, and 250,000 shares of their stock.

### GOOD GAIN MADE.

**Stocks on Local Exchange Show Decided Improvement.**

There was a decided change for the better in stocks on the local exchange this morning. Prices were stronger and buying was better. Througnout there was a much better feeling that gave quite a buoyancy to the market.

Colorado sold strong at 45 cents and Iron Blossom was back at 80 cents cash. Nevada Hills continued to be the stellar attraction, climbing up from $1.55 to $1.62½. During the regular session 1,200 shares were disposed of and during the open board session 700 shares changed hands.

Ohio Copper was down to $1.85. Sioux Consolidated was back to 25½ cents today, 1,000 shares being disposed of at that price. Uncle Sam sold at 26 cents.

The total number of shares disposed of was 23,300, while the amount represented by the transactions was $8,663.50.

On the curb market 1,000 shares of Bingham Copper sold at 20 cents.

During the afternoon session Nevada Hills took a spurt and the price was run up rapidly, buying orders coming from various quarters. The price went to $1.80 bid on the open board. On the San Francisco exchange, $1.92½ was bid.

"If its for the office Breeden has it"

★ "Fiscal Year"

It starts July 1st with a lot of business houses. Maybe it does with you. If so, you will need a new set of books—ledgers, journals, cash books, records, etc. You will want the latest and most approved rulings, so you'll give us your order. We have the largest line of column rulings in the state—fit every purpose.

★ Starts July 1st.

### GOOD WORD FROM KING.

**Ore Improves as Depth Is Secured in Shaft.**

W. H. (Dad) Clark has returned from a trip to northern Arizona on personal business. He declares that the last he heard from the Silent King property, which he, Lew Humphreys and associates have under option, is that at depth the ore is showing up better. Mr. Clark says that the last letter he received from his brother, who is running the property, is that the shaft is down 34 feet and the gold ore is growing better as depth is being attained.

Mr. Humphreys reports that a sack of ore sent him at Los Angeles shows a much better grade than that brought to Salt Lake by Mr. Clark a month ago, which showed great richness.

On account of the extreme heat at this time of the year at the north of the Eagle Tail mountains in Arizona, where the property is situated, it is impossible to do much work. The thermometer registers well over 110 degrees and as most of the work for some time will be surface work a big force cannot be put on until this fall. At that time machinery and other equipment for heavy work will be put in.

### CENTENNIAL PUSHING AHEAD.

**Ely Company Has Machinery Pounding Away at Full Speed.**

After being handicapped for nearly a week by the breaking down of some of the machinery employed, the Ely Centennial Copper company has again started machine work and is now making excellent progress. While the machinery was out of commission work progressed by hand. The formation was so hard in the face of the Newhouse tunnel that hand work was not only difficult but very little progress was made.

The breaking of the parts necessitated sending to Salt Lake for their replacing.

The tunnel is now in close to 1,000 feet and according to word received from Ely this morning the chances are good for ore being broken into at any time.

### UNITED STATES REPORT.

Boston, June 24.—The United Smelting, Refining and Mining company, a corporation organized under the laws of Maine, reports the following statement of its condition as of April 30, 1910, to the secretary of the commonwealth: Assets—Real estate and property $35,123,740; cash and debts receivable, $11,003,606; total, $46,127,346. Liabilities—Capital stock (and scrip, $50), $41,863,300; accounts payable, $387,170; profit and loss, $1,033,132; floating indebtedness, $2,659,000; depreciation funds, $244,744; total, $46,127,346.

### COPPER LETTER.

Badger Brothers, brokers, 160 south Main street, furnish the following, received over their private wire:

Boston, June 24.—The market opened quiet but firm. Arbitrage houses buying in initial quotations but by midday the reaction in New York market brought about heaviness in coppers with fractional recessions. Copper consumers have only one month's supply of metal in bins. Arizona Commercial is said to have struck high grade carbonate ore six feet wide.

## NEW GOLD CAMP IS STARTED IN NEVADA

**Strike Made in Vicinity of Gold Dyke Coming to Front—Will Bear Name of Athens.**

The recent strike of gold at Pactolus in the vicinity of Gold Dyke gives evidence of making a winner. But as yet there has not been enough development work to justify anyone in trying to start a stampede, says the Tonopah Sun. In the first place the ore is not of the specimen order. Very little free gold is discernible to the naked eye. The ore assays from $40 to $60 per ton for the entire width of the ledge on the original strike. The ledge is about three feet wide and can be traced for a distance of 600 feet.

A Mexican named Martinez and a freighter named Scott made the original discovery.

About 400 feet from the original strike there has bene another ledge discovered which is parallel to the first one. This lead is nearly nine feet in width and while the values are for the most part of a low grade there is some specimen ore to be found.

There are about 100 people at the new camp, which will be known as Athens. Pactolus was the name given the strike at first. Manhattan and Round Mountain are well represented and there are a number of Tonopah people in there now.

While most of the ground has been staked yet the owners have in nearly every case shown a disposition to grant leases on favorable terms. A number of leases have been taken and work will be begun on many of them in a few days.

### METHOD OF PURCHASE.

New York, June 24.—Subscriptions to this issue of $2,500,000 6 per cent 10-year sinking fund bonds of the Bingham & Garfield Railway company, and exchangeable after July 1, 1911, and before July 1, 1914, for Utah Copper stock at $50 per share, are payable as follows: Twenty per cent to accompany subscriptions on Aug. 1, 1910, and installments of 20 per cent each on Oct. 1 and Dec. 1, 1910, Feb. 1 and April 1, 1911.

The railway company may call the bonds in on any interest day after three years from their date at 110 and accrued interest.

Warrants will be mailed shortly after the closing of the books on June 30.

### BIG DECREASE IN EXPORTS.

**June Shows Half Decrease of Copper Thus Far This Year.**

According to reports from eastern statisticians June will show the smallest copper exportation thus far shown this year and it is probable that it will be considerably over half the decrease of the entire year thus far. The big decrease in the copper sent abroad is due to numerous causes. It is understood that the greater part of European buying is from hand to mouth, and that there is a very large amount of visible supply on hand there. Tariff conditions, the feeling of unrest and of something of grave importance impending and general timidity in business throughout the United States has had much to do with the present status of affairs. The gradual readjustment that is going on is another feature that is holding affairs back.

The copper export for the week ended June 23 was 4,580 tons, a decrease of 4,707 tons. The total shipments for the month thus far have amounted to 15,158 as against 29,027 for the same period last year. Thus is shown a decrease of 13,869 tons. The shipments from Jan. 1 to date were 119,985 tons, which is a decrease of 22,498 tons as compared with last year. This figure as compared with the decrease of 13,869 for the month thus far shows that for June the decrease will be greatly in excess of half the total decrease thus far this year.

### CONCENTRATES.

A. J. Bettles has returned from Denver, where he has been on business.

Grant Snyder, general manager of the Cliff mine left for the property at Ophir today.

C. F. Buck, engineer, has returned from an extended professional trip through Arizona.

S. M. Levy and W. J. Craig returned yesterday from a trip to the Big Cottonwood district.

Al Frank, mining expert on the staff of F. A. Heinze, visited the Ohio Copper property yesterday.

S. M. Levy left for Jarbidge last night to examine mining properties in the interest of eastern people.

Ed. McCarrick has returned from Idaho, where he went to examine and look after the developments of the Springfield Mining company.

A carload of high grade ore has been received on the local market from the McKendrick lease on the Carrie Mack mine, in the Silver Island district.

Having secured a smelting contract, the Hub mine of the Utah Mining, Milling and Transportation company, will begin at once regular shipments from Beaver county.

F. Finnegan, principal owner of the Esmeralda property at Gold Circle, says a mill will be installed on the property for the accommodation of the leasers.

H. Sidney Beatie, for several years with the Salt Lake office of the American Smelting and Refining company, has been placed in charge of the Garfield offices.

Word has been received at the offices of the Yankee Consolidated that the new electric motor, which is the last piece of machinery to install in the new equipment at the mine, has been shipped. The shipment is some four months late.

H. U. Hart of Boston with W. D. Bohm, Carl Brandt of Boston, Arthur Thomas, W. M. Odell, F. L. Immer and R. J. Evans of Salt Lake and A. L. Inglesby of Bingham, yesterday visited the property of the Bingham Copper company.

Production at the Miller-Sevier Consolidated mine at Gold Mountain, has started. And the 100 ton mill, which has been remodeled, is now successfully, according to all indications, treating its full capacity of ore. President B. F. Bauer says that thus far the property has been a remarkable success. Considerable high grade milling ore has been opened up since the property was taken over by the Salt Lake Hardware company.

The enlarging of the Bonnie Clare mill in the Bullfrog district, Nevada, is adding interest to the country thereabout. The old mill now operates 20 stamps. Manager Trumbo of the New Bonnie Clare Mining company has been superintending the tearing up of the narrow gage track at Needles, which will be laid at Bonnie Clare to connect with the Tonopah and Tidewater road. The mill is some distance from the mines, which will be connected with aerial trams.

S. S. Pond returned this morning from Beaver county, where, as manager, he went to look over the work being done on the Cedar-Talisman.

The earnings of the Consolidated Goldfield Mines company and the Goldfield Consolidated Mining & Transfer company for the year ended Oct. 31, 1909, were $6,597,871. The total surplus after paying the dividends and all expenses was $3,898,854.

## TOWARDS CLOSE PRICES RAN OFF

New York, June 24.—The opening movement of prices of stocks today showed some hesitation and only languid interest was manifest in the speculation. Union Pacific rose ⅝ and American Steel Foundries ½. Canadian Pacific declined ⅛.

Moderate buying of some of the important stocks caused the list to turn upward. After a few gains of a point the traders began to take profits and the gains were about wiped out. Union Pacific, Reading, Chesapeake & Ohio, Consolidated Gas and Pullman were a point higher at one time and International Harvester 1⅝.

Moderate selling of stocks was renewed when the price of wheat turned upward after its opening decline. All classes of stocks were affected and numerous declines of a point or more were shown. Rock Island preferred lost 1⅝, Great Northern preferred 1½, St. Paul and American Sugar 2, and Brooklyn Union Gas 2½.

Bonds were irregular.

Selling of stock was widespread following the appearance of Atty. Gen. Wickersham's Chicago address on government regulation of capital issues. Great Northern preferred lost 1, St. Paul 2⅝, Union Pacific 2¼, Reading, Atlantic Coast Line, American Car and Sloss-Sheffield Steel 2, Southern Pacific 1¾, New York Central 1, Soo Line 1⅝ and Big Four and Amalgamated Copper 1½.

The selling movement ran itself out and the market came to a standstill. Union Pacific showed a loss of 3 points and Republic Steel preferred 2. The tone was a trifle steadier at 2 o'clock.

The market closed easy and dull. Buying by shorts to cover induced an upward tendency while there was a lack of selling orders. Recoveries ran a point in a few cases. Prices ran off again with some increase of activity. Chicago Great Western preferred fell 2, American Locomotive and Consolidated Gas 1. Illinois Central and United States Steel 1½.

## LIVE STOCK.

CHICAGO.

Chicago, June 24.—Cattle—Receipts, estimated at 2,000; market steady. Beeves, 5.40@8.55; Texas steers, 5.40@7.15; western steers, 5.20@7.50; stockers and feeders, 3.75@6.65; cows and heifers, 2.70@6.75; calves, 6.00@8.60.

Sheep—Receipts, 1,500; market steady. Yearlings, 4.75@5.75; wethers, 4.00@4.75; ewes, 3.75@4.90; lambs, 6.50@7.50.

## WOOL.

CHICAGO.

Chicago, June 24.—Good buying lifted the price of wheat today after a weak start. Forecast of generally fair weather in the spring crop section was a motive for the purchasing. Scattered showers in North Dakota and general rains in Manitoba brought about the early weakness. Apparently the dip was welcomed by quite a large contingent as affording a timely chance to take a fresh hold. The fact that wheat sellers in England were asking higher prices was not overlooked. A dispatch today from one expert in the spring crop belt declared that under the best conditions now the northwest will not raise more than 60 per cent of a normal crop. The opening was ⅛ to 1⅛ lower. September started ⅛ to ⅜ lower at 96¾ to 97, advanced to 97⅝@⅞ and reacted to 97½.

Pit traders made a drive at corn early but surrendered when wheat turned strong. September opened ¼@⅜ to ⅜@½ down at 58⅝ to 59¼ and then advanced to 59¾, receding later to 59⅛.

Rust and other damage was reported in Illinois oat fields. Active buying followed the opening, which had been under considerable selling pressure. September started ½@¾ to ⅝@1⅛ off at 38¼ to 38⅛, and rose to 39½.

Firmness in the hog market indicated a like feeling in provisions. All of the gain, however, was not maintained. First prices for the September delivery were 22.77½ for pork, 12.50 to 12.55 for lard, and 12.60 for ribs.

Wheat—Alarming reports likening the drouth to that of 1902 and estimating the North Dakota product at only 10,000,000 bushels even with good rains, put prices up sharply. A reaction followed because of showers in the Dakotas. The close was firm, however, with September 1@1¼ net higher at 98¼.

Corn—Reported hay sortage and the unfavorable outlook for oats caused a big speculative demand for corn. The close was firm with September at 60¾, a net advance of ½@⅝.

Cash corn: No. 2, 59¾@60; No. 2 white, 63@64½; No. 2 yellow, 61@61½; No. 3, 59@½; No. 3 yellow, 60¾@¾; No. 3 white, 62@63½; No. 4 white, 57@60; No. 4, 57@½; No. 4 yellow, 57@59.

Close—Rye—Cash, 75.

Barley—Cash, 48@65.

Timothy—Oct., 4.65@4.75; Sept., 4.70.

Clover—Nothing doing.

Wheat—July, 98⅝; Sept., 98½; Dec., 98⅝ to ¾.

Corn—July, 59⅝; Sept., 60¾; Dec., 58⅞.

Oats—July, 39⅞@40; Sept., 39½; Dec., 40⅜.

Mess Pork, per bbl.—July, 23.35; Sept., 22.50.

Lard, per 100 lbs.—July, 12.40; Sept., 12.40.

Short—Ribs, per 100 lbs—July, 13.87½; Sept., 12.47½.

ST. LOUIS.

### ASSESSMENT NO. 5

COLUMBUS EXTENSION MINING COMPANY. Principal place of business, Rooms 201-2 Judge Building, Salt Lake City, Utah. Notice is hereby given that at a meeting of the Board of Directors held on the 20th day of June, A. D. 1910, an assessment of one cent per share was levied upon the capital stock of the corporation, payable immediately to Val S. Snow, Secretary, at Rooms 201-2 Judge Building, Salt Lake City, Utah. Any stock upon which this assessment may remain unpaid on Saturday, the 30th day of July, A. D. 1910, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 20th day of August, 1910, at 10 o'clock a.m., to pay the delinquent assessment, together with the costs of advertising and expense of sale.

By order of the Board of Directors.
VAL. S. SNOW, Secretary.
Columbus Extension Mining Company, Rooms 201-2 Judge Building, Salt Lake City, Utah.
