RURAL CARRIERS NOW ORGANIZED

Arthur Haws of Provo Elected President and Committees Appointed on Constitution.

CONGRESSMAN HOWELL TALKS

Gives Some Interesting Statistics of the Service—Postmaster Thomas Reviews History of Movement.

At Monday afternoon's session of the Utah Rural Letter carriers, Arthur Haws of Provo was chosen president, Robert Askew of Bingham, vice president; Willard Widdison of Hooper, secretary, and J. M. Purshaw of Ogden, treasurer. A committee was appointed to draft a constitution and by-laws. Congressman Howell was present in the afternoon to speak, referring to the advantages of organizing as proposed, and said that, "Out of 41,000 rural carriers employed in the United States last year, statistics show that only 175 were discharged for cause. Of that comparatively very small number only 36 were displaced for tampering with the mails and only 35 for intemperance. When we consider the fact that the carriers are forced to go out in all kinds of weather, varying from the blazing sun of the summer months to the nasty, raw, cold days of the bleak and zero winters, I believe that the showing is most remarkable and deserving of congratulations.

"Considering that the 41,000 carriers come in constant daily contact with about 4,000,000 voters, we find that you men have many champions on the floor of Congress. The rural free delivery has come to stay. There have been many criticisms of the cost of maintenance as compared with the revenues derived from these routes, but the people of the country districts are not going to submit to any deprivation. It has been shown that there is an absolute loss of approximately $600 on every rural free delivery route in the United States annually, but in spite of that fact the appropriations of Congress have increased for the benefit of rural routes from $40,000 in 1897 to $38,860,000 in 1909."

Mr. Howell promised the carriers that they could depend on receiving better compensation for their services and declared that he would make every effort in his power for their betterment. A vote of thanks was extended to both Mr. Howell and Postmaster Thomas for their kindly remarks, and another vote of thanks was extended to the State Postmasters' association for its interest in the carriers.

POSTMASTER THOMAS SPEAKS.

Postmaster Thomas, in his address, stated that the establishment of the rural service in Utah had led to the making of two precedents of great value to the people of the mountain region and the arid states. When it was first proposed to establish rural delivery in Bingham canyon it was held by the field officer of the department that a mining camp with its long string of cabins along the canyon sides and its cabins scattered on the mountain sides was not such a place for rural delivery as was contemplated by Congress when the rural laws were passed. Upon appeal to the postoffice department at Washington the field officer was overruled and the service ordered.

"When the rural service from Riverton postoffice was asked for, it was found there was a distance of six miles between Riverton and Herriman uninhabited—the carrier would have to cover the six miles and retrace. The department decided that in the arid region where the settlement depended mainly on the water supply and opportunities for cultivation of the soil, the same rules should not be applied as in the more fortunately situated communities of the east. The Riverton service was therefore established."

The speaker urged a salary of $100 per month for rural carriers, as it was eminently unfair to expect them to furnish a horse and cart on $75 per month.

It was decided to call the association the Utah Rural Free Delivery association, and to hold the next convention in this city next April. The committee on constitution and bylaws is composed of William Hadfield of Lehi, T. H. Walton of American Fork, and Fred J. Kenley of Ogden.

DON'T BREAK DOWN.
Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at Z. C. M. I. Drug Dept., 112-114 Main St., Salt Lake City.

FERULLO BAND LEAVES.

Will Return in November to Appear With Tabernacle Choir.

Ferullo's band left this morning for Rock Springs, where it plays tonight. Thence it continues east to Cheyenne, Ft. Collins, Greeley, and other eastern points en route to Chicago, returning west in November, with improved and enlarged instrumentation, en route to California for winter engagements. Manager Gallo wishes to give two nights then to Salt Lake, the first being with the tabernacle choir and organ in repetition of the Seattle program of the tabernacle choir. The band that played with the choir at that time was Col. Ellery's band; and as most of Ferullo's men were with the colonel then, there will be no trouble in reproducing the Seattle program, which created such a furore at the fair.

COUNTY COMMITTEE TO MEET.

The Democratic county committee of Salt Lake county will meet at 425 Atlas block tonight at 8 o'clock for the purpose of reorganizing, electing a chairman and a secretary, and making preparations for the coming county campaign.

SEYMOUR FATALLY INJURED.

"Little Disciple of Bob Ingersoll" Thrown From Horse.

August Seymour, the Austrian nobleman and agnostic preacher, who a year ago spoke at street corners and in hired halls in favor of infidelity, and called himself "the little disciple of Bob Ingersoll," was fatally injured Friday in Los Angeles, by being thrown from a horse. Seymour was demonstrating to a group of acquaintances his equestrian abilities when his horse bucked suddenly, throwing him off on to his head. He was picked up unconscious, and taken to the hospital, where the surgeons gave no hopes of his recovery. Seymour claimed to be a nobleman and cavalry veteran in the Austrian army, as well as a graduate of several European universities.

ROBBED BY A GIRL.

W. E. Lucas, who gives his address as 315 west South Temple street, reported to the police last night that he had been robbed of $20 and a gold watch by a female companion who accompanied him on a trip to Saltair. He says that he did not know the woman and thought nothing of his valuables because the girl "looked so innocent."

A private safe may be rented in the fire and burglar-proof vaults of the Salt Lake Security & Trust Co., 32-34 Main street, $2.00 per year.

BADLY CUT IN A QUARREL.

Two of P. J. Moran's Teamsters Get Into a Fight at Barns.

Frank West, a teamster employed by P. J. Moran, is at his home, 217 west Seventh South street, suffering from serious wounds about the abdomen inflicted by a knife in the hands of Elmer Thompson, a teamster, yesterday afternoon when the men quarreled at the stables of the contractor. Thompson is under arrest charged with assault with a deadly weapon.

The men have been employed by Moran for more than a year. They had always been friends. Yesterday, however, they got into a lively argument. They came to blows but were separated by friends. Later Thompson came back to the stable and without warning, the police say attacked West. It required a dozen stitches to close the wounds inflicted by Thompson.

THE LASH OF A FIEND
would have been about as welcome to A. Cooper of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs la grippe, asthma, hemmorrhage, croup, whooping cough, or hay fever. It relieves quickly and never fails to satisfy. A trial convinces. 50c and $1.00. Trial bottle free. It's positively guaranteed by Z. C. M. I. Drug Dept., Salt Lake City.

TWO DRUNKS LEAP OFF CARS

Labor Day Celebrators Jump Off the Park City Train in Tunnel.

Two good friends from Park City on their way to celebrate Labor day in Salt Lake, performed a "leap for life" from a moving Denver & Rio Grande train near the Alta tunnel Sunday night that, according to the train crew, made the feats of Spedy, the high diver, and the man who leaps from the top of the circus tent look like stepping off a sidewalk to the street.

The men boarded the train at Park City and were in a great mood. They made so much noise that they were segregated from the rest of the passengers and given a seat in the baggage car. Later they were seen on the platform and when the brakemen next looked up they were joyfully embracing in the center of the track at the rear of the train. Their clothes were covered with dust from the slide, but otherwise they seemed unhurt. The train was traveling at a rate of 30 miles an hour when the men made the leap. The engine was detached from the train and sent back after the men who rode to the city and were still having a noisy time yesterday. They refused to make any statement to the railroad officials or give their names.

OGDEN AT LAGOON.

Ten Thousand Celebrators of Labor Day Gather in Davis County.

Nearly 10,000 residents of Ogden, representatives of the Ogden Federation of Labor, affiliated unions, and other organizations, spent a happy day at Lagoon, Monday, indulging in every sort of wholesome amusement from broad jumps to nail driving contests. Nichol's concert band furnished music. Special trains were kept busy all day handling the multitude of happy workmen and their families.

A baseball game between the machinists and the railroad car workers resulted in a victory for the machinists in a score of 8 to 4. A soccer foot ball game between a team from Ogden and one from Salt Lake City resulted in an even score, 2 to 2.

The field events were under the direction of a committee composed of C. A. Bass, chairman; Thomas Mayer, W. D. Watson, Frank Weisgarber and J. A. Reeder. The results were as follows:

Boys' foot race, 25 yards, first, Cornelius Neuterman; girls' foot race, 25 yards, first, Celba Matthews; boys' foot race, 50 yards, first, Walter Wessler; girls' foot race, 50 yards, first, Martha Theirm, second, Florence Fenstermaker; young men's foot race, 100 yards, first, E. INFANT DROWNS IN A BARREL OF WATER

Two-Year-Old Daughter of Mrs. E. L. Horr of Murray Falls Into Tub.

Mrs. E. L. Horr, the mother of little Merle Horr, two years old, who was drowned in a water barrel at her home at Murray yesterday afternoon, is prostrated with grief over the loss of her baby daughter.

Beside the well house at the Horr home is a water barrel. The family secured their drinking water from this barrel and there was a vessel hanging there yesterday. Little Merle tried to get a drink while her mother was at a neighbor's and fell into the water. The child was found later but the physician who was called at once said that life had been extinct for at least 20 minutes. The baby was found by a boy who had been sent to the well to obtain a pail of water for the child's father.
