MINING, BUSINESS AND STOCKS.

ISSUES FINAL CALL OF COMPANY MEETINGS

Affairs of Manhattan Stray Dog and Manhattan Dexter Companies to Be Settled This Month.

Notices of what is the final meeting of the Manhattan Stray Dog Mining company have just been issued by Secy. Charles E. Hudson. The stockholders' meeting will be held Sept. 20, at 407 Monadnock building, San Francisco, Cal., and is for the purpose of ratifying the action of the directors in making conveyances, deeds and executing contracts that call for the consolidation of the company with the Manhattan Dexter and Manhattan Jumping Jack companies. In issuing the call the secretary says:

"The purpose of this meeting is to adopt and pass sufficient resolutions authorizing the settlement of the tedious and expensive and long-drawn-out disputes and litigation which has been pending for a period of over two years between this company and the Manhattan Dexter Mining company.

"The plan proposed is to incorporate a holding corporation to be known as the Dexter Consolidated Mines company, with a capital stock of 1,500,000 shares, to which are to be conveyed the Jumping Jack mining claim and the 'Union No. 3' mining claim, owned by the Manhattan Dexter Mining company, and the property of this company.

"In consideration of the conveyance of the claims of the holding company, the holding company issues its entire capital stock to the Manhattan Dexter Mining company of Nevada, the Manhattan Jumping Jack Mining company and Manhattan Stray Dog Mining company. The relative proportion to which each company shall be entitled is to be determined by a board of three arbitrators.

"The plan also contemplates that all litigation in which any of the above mentioned properties or corporations are now involved will be disposed of and finally settled and dismissed.

"The officers of this company, and its attorneys, have labored incessantly for a period of some months past in conducting the negotiations which have finally culminated in a proposed settlement of all difficulties along the lines above mentioned; and the past has amply demonstrated the fact that until such settlement shall have been adopted and ratified by proper corporate authority, these valuable mining claims will continue to remain idle indefinitely under the various injunctive orders and processes of the court.

"We trust that we have satisfactorily explained to you the wisdom of this proposed merger, and the absolute necessity of carrying the above plan into effect, if any dividends are ever to be realized by the stockholders; and so we hope that you will lend your approval to a proposition which, when carried into execution, will insure the active development, on a large scale, of one of the promising mining properties of the west."

MARKET IS STILL ILL.

Lack of Business Prevails on Local Stock Exchange.

The great plague of lack of business continued on the local stock market this morning, although there was a much better undercurrent. There were many stocks to buy and sell, but no movement started business. The prices were too far apart. Iron Blossom with a 6-cent dividend in sight was backed down the board to 81 cents today. Columbus Consolidated with a splendid showing of ore and considerable shipping, was low again today and sold at 59 cents. Uncle Sam with a dividend was weaker than usual.

Every stock that was traded in this morning was decidedly low. Many of the brokers are of the opinion that any one of them transacted in this morning has an intrinsic value of better than the price sold at.

The number of shares of stock sold amounted to 15,596, while the amount paid out was $4,565.40.

The transactions on the curb market this morning were small. The sales were: 500 shares of Bingham Central Standard at 18 cents; 500 shares of Federal Ely at 10 cents; 100 at 6; 200 at 11; 388 shares of West Quincy at 15 cents.

START NEW COMPANY.

Incorporate to Take Over California Gold Claims.

Another mining company to take over gold claims near the Golden State Mining company, 20 miles north of Parker, Ariz., in California, has just been organized. It was on the Golden State property on which ore in the district was first discovered and some of it has been very rich.

The new company has been incorporated under the laws of Arizona as the Carson-Clayton Mining company, with a capital stock of $1,000,000, with shares at $1 each. The officers of the company are D. B. Carson, president; James A. Slacks, vice president; D. F. Holt, secretary and treasurer, and Col. Kit Carson, general manager. All the above named are from Salt Lake. J. G. Clayton, who is an additional director, comes from California.

The claims taken over are four in number and a good water right is also taken over.

SHIPPING TO SMELTER.

Hahn Plant Receiving Ore—Yellow Jacket Working.

Salmon, Idaho, Sept. 12.—The Snowslide and Hardscrabble claims, situated near the Pittsburg-Idaho, in the Gilmore district, are shipping, by wagon-route, to the Lemhi smelter at Hahn. The ore, which is lead-silver, by wagon-route is good for about $60 per ton. The distance from the mines to smelter is nine miles. Gradual improvement has been shown in the ore bodies as the work progressed.

The Yellow Jacket, on Yellow Jacket creek, 16 miles from Forney, which has lain dormant for the past 15 years, is again in commission. A new bunkhouse and other buildings have been completed, and the mine has been retimbered. The mill is being put in a thorough state of repair. The Yellow Jacket is a gold producer of ores grading from $8 to $15 per ton, and has hitherto been considered a low grade proposition. Ten tons of lead-silver bullion per day is the output of the Hahn smelter at Spring Mountain.

BOSTON COPPER JITTERS.

(By Badger Bros. Private Wire.)

Boston, Sept. 12.—There is an improved tone to the market, an increased demand appears for coppers and very few selling orders. The buying of Superior Copper and Isle Royale for the past two days has been by the best people here and would seem very significant. Buying in other copper issues is in sympathy with the two. The feeling here is that the improvement in the October visible supply of the metal will be a considerable decrease.—Hovey, Kenny & Co.

Boston, Sept. 12.—There seemed to be rather more demand for coppers this morning with but very few offerings and the general tone of the market was therefore slightly improved. Activity, however, does not develop to any marked extent and the market is best described, as one still dull with a good undertone. Chino in moderate demand has advanced to 15¾. Lake is half firmer; Isle Royale is a point higher than last closing, and Superior is again selling up to 51½. In the general list United Fruit has eased off ⅝ to 199, while such other quotations as have appeared record small fractional advances.—Hayden Stone & Co.

COMING TO EXAMINE NEW SMELTING PLANT

John D. Ryan Will Arrive Tomorrow—Tooele Smelter Now Has Four Furnaces in Operation.

For the first time since the International smelter in Pine canyon was completed John D. Ryan, head of the Amalgamated Copper and one of the leading copper men of the country, will arrive tomorrow to inspect the work that has been done. Mr. Ryan will be accompanied by the general manager of the Anaconda plant, E. P. Mathewson, who was the power behind the construction work of the latest plant. Mr. Ryan is expected to spend several days here looking over the situation.

Four furnaces are now running at the plant, two of them producing matte daily. The other two are fast filling up so that a large tonnage will soon be handled. The company is now treating between 500 and 600 tons of ore a day and the bins have been filled to capacity. It is estimated that between 10,000 and 12,000 tons of ore is now in the bins.

Two of the furnaces are just warming up, but will be ready to tap in a few weeks more. The company did not get started early enough last month to make a shipment of copper but enough is now being made to insure a shipment this month.

The first car of concentrates from the South Utah Mines & Smelters mill at Newhouse has arrived and another car is on the way.

Everything is working as smoothly as expected and the machinery is answering as promptly to action as though it had been running for a year.

It is understood that Mr. Ryan has a number of business affairs to take up here before completing his western tour of properties under his control.

PARK CITY ORE SHIPMENTS.

Ore shipments, in pounds, from the mines of Park City for last week:

Daly Judge	77,500
Daly Judge, zinc	149,330
Silver King Coalition	291,530
Little Bell	41,000
Total	1,256,710

CONCENTRATES.

The force of the Centennial Eureka mine at Tintic began using the Holden tunnel tais morning and the big gravity tram went out of commission.

The Pittsburg & Salt Lake Oil company has purchased the production of the Standard Reserve Oil and the big pumps are now sending the oil to the refinery.

S. W. Eccles, vice president of the American Smelting & Refining company, is in the city, after an inspection trip of a number of the company's western holdings.

The Yankee Consolidated shaft is now down a distance of 900 feet and in a gray dolomite. The big cave is being utilized for the storing of waste, which saves a raise of 900 feet in the shaft.

The directors of the Little Bell Consolidated company have posted the regular dividend of 5 cents, payable Sept. 22, books close Sept. 17. The company is busy equipping and installing the Fortune mill.

The five stamp mill at the Wasatch-Utah property is now working smoothly according to Fred B. Whitmore. The new plant has just been installed and is working on the rich gold rock that is being extracted.

C. L. Crockwell has resigned as superintendent of the Bullion Coalition Mines company at Stockton and T. Oden has accepted the vacancy. Fred Butler, foreman of the mine, has also resigned and Max Raddatz has taken his place.

The second shipment from the Strehlke lease on the Ely Calumet property at Ely brought even a better price than the first shipment. The car of 45½ tons brought an average of $4.18 a ton, making a total value of $1,886.66 for the car.

According to the report issued by the directors of the Giroux Consolidated, it is expected that the ore in the Alpha shaft will be reached by the new shaft and drifts by Dec. 15 or by the first of the year at the latest. It is also emphatically stated that no treasury stock has been sold and that there is no intention to sell treasury stock.

E. C. Coffin, superintendent of the Lower Mammoth mine, who recently visited the Iron Blossom speaks in strong terms of the big improvement in the No. 1 shaft at the property. The ore struck on the 500-foot level he says averages $20 a ton and has been worked along the strike for 1,500 feet. Work he says has opened up the ore body nearly to the 400-foot level and also on the 600-foot level and for every ton of ore that is being shipped three more are brought into sight.

PERSONALS.

Col. E. A. Wall, who returned Sunday from a five weeks' visit to Los Angeles, reports that business is good on the coast. "Every Californian is a booster and a hustler," he says.

Mrs. C. B. Jessup, Miss Linda B. Jessup and Miss Emily C. Jessup returned Sunday from a three months' absence on the Pacific coast. Miss Emily Jessup took a full summer course of study at the University of California.

The family of Supt. R. M. Ogilvie of the Western Pacific, are in the city for a few days from Elko, Nev.

Manager J. F. Burton of the Utah Implement-Vehicle company, has gone east on a two weeks' business trip.

Fenton Howard, son of Dr. Orson Howard, 1105 First avenue, after a three weeks' vacation, has returned to his position of telephone inspector at the Telluride Power company's little town of Olmstead in Provo canyon.

STREET NEEDS SPRINKLING.

A resolution, signed by J. W. McKinney, will be presented to the city council tonight, protesting against the condition of Ninth East street and asking that the council see to it that the paved and completed concrete portions of the street be sprinkled. Mr. McKinney says that for months past the residents along the street have been victims of the dust nuisance.

RAILROAD NEWS

ATTRACTIVE RED BOOK.

The September number of the Railroad Red Book of the Denver & Rio Grande road is at hand. A special feature is numerous cuts of the elegant new passenger station in this city, and of scenery in the Feather River country.

NEW SLEEPER SERVICE.

The D. & R. G. passenger department announces establishment of a through Pullman service, standard and tourist, between Denver and San Francisco, beginning on the 21st inst. These cars will be operated via this city, on trains 3 and 6, arriving from the east at 11:15 p.m., and from the west at 8 a.m.

ROAD TO ST. GEORGE.

The Richfield Reaper recounts the plans of Messrs. Pope, Easter, Rust and Gearon for building a railroad from that section to St. George, and says the building of the proposed line looks as though assured.

BOOSTERS' EXCURSION.

The Western Pacific has secured the Oakland Boosters' excursion, and will run a special to the Nevada line with the board of trade and merchants' exchange of San Francisco.

SPIKE AND RAIL.

Supt. H. E. Van Housen of the Salt Lake Route has gone to Los Angeles on a short business trip.

Park Season Closing—The Yellowstone train will be taken off on the 15th inst., as the season has closed.

New O. S. L. Postcards—The large panel paintings in the Short Line passenger station have been reproduced on postcards, finding a ready sale.

D. W. Treat of the G. C. Foss Construction company of Portland is in the city looking after equipment for the new roadbed and tunnel of the O. R. & N. near Pendleton.

Transferred to Depot—All Sunday passenger business of the Rio Grande has been transferred to the new station, and the uptown office was closed Sunday, for the first time since 1893.

Extra Pullmans—The Rio Grande will furnish two extra Pullman sleepers for the Utah delegates to the National Irrigation congress at Pueblo. The train leaves Salt Lake on the 24th inst.

DELEGATES NAMED.

Utah Society of Engineers Selects Representatives to Discuss Good Roads.

The Utah Society of Engineers has appointed five delegates to represent the society at the meeting of the Intermountain Good Roads association to be held in Ogden Sept. 23, 24, and 26. Wm. Ashton, G. F. McGonagle, J. H. Knowles, and R. R. Lyman of Salt Lake and A. B. Parker of Ogden will represent the society.

The society will hold a regular meeting next Friday evening at 8 p. m. at the club room 702 Newhouse building. An interesting paper on the International Smelting & Refining company's new smelter at Tooele will be presented by Messrs. Repath and McGregor, the designing engineers of the plant. Members are invited to bring their engineering friends.

PRICES FOR STOCKS WERE BETTER

New York, Sept. 12.—Prices of stocks today advanced sluggishly on languid dealings. Union Pacific, selling ex-dividend, rose 1⅝ and Reading as much, and Canadian Pacific, Chicago Great Western preferred and Republic Steel 1. Atchison and St. Paul were a fraction lower than Saturday's closing.

The tone of the market became stronger and business was larger. Long Island and Great Northern Ore Certificates rose 2½, Sloss-Sheffield Steel 2½, Canadian Pacific 2, International Paper preferred 1½, Union Pacific and Reading 1¼ and Southern Pacific, Chesapeake & Ohio 1, Consolidated Gas 1.

Professional operators bought stocks moderately. The resisting power of the market to unfavorable factors last week, was a motive. Railroad traffic reports was good news.

Rock Island preferred rose 1¼ and common, St. Paul, Northern Pacific and Amalgamated Copper 1. Reading Coal fell to 23, a low record. American Cotton Oil preferred gained 2.

Bonds were steady.

Traders met an opposition in bidding up prices, but there was not sufficient demand to benefit the general list much. Rock Island preferred was freely bought and gained 3½. National Railways of Mexico first preferred 2. Wabash preferred 1¼ and Great Northern preferred, Southern Railway and United States Steel 1.

Some of the speculative bond issues developed strength, especially the Rock Island collateral fours. Business in this department was more active than in stocks, aside from a few minor changes there was nothing of interest in stocks, prices holding firm at the best. International Pump rose 1¾ and Baltimore & Ohio 1.

The market closed steady. Light realizing sales reduced earlier gains, but the movement was very narrow. American Car preferred rose 3, American Locomotive preferred 2 and International Harvester and Virginia-Carolina Chemical 1. Minneapolis, St. Paul and Sault Ste Marie preferred fell 2¾ and American Hide and Leather preferred 1.

LIVE STOCK.

CHICAGO.

Chicago, Sept. 12.—Cattle—Receipts, estimated at 35,000; market 10@15c. lower. Beeves, 4.75@8.30; Texas steers, 3.70@5.80; western steers, 4.40@7.10; stockers and feeders, 4.00@6.10; cows and heifers, 2.20@6.40; calves, 6.75@9.25.

Hogs—Receipts, estimated at 30,000; market 5@10c. higher. Light, 9.50@10.10; mixed, 9.35@10.00; heavy, 8.60@9.75; rough, 8.60@8.90; good to choice heavy, 8.90@9.75; pigs, 8.70@9.75; bulk of sales, 9.00@9.60.

Sheep—Receipts, estimated at 40,000; market steady to 10c. off. Native, 2.75@4.55; western, 3.25@4.50; yearlings, 4.75@5.70; lambs, native, 5.25@7.00; western, 5.25@6.90.

KANSAS CITY.

Kansas City, Sept. 12—Cattle—Receipts, 12,000; market 5@10c. lower. Native steers, 4.75@8.25; native cows and heifers, 2.60@6.75; stockers and feeders, 3.25@6.25; bulls, 3.25@4.25; calves, 3.50@8.00; western steers, 4.50@7.25; western cows, 2.75@5.25.

Hogs—Receipts, 3,000; market 10c. higher. Bulk of sales, 9.40@9.75; heavy, 9.50@9.90; packers and butchers, 9.40@9.75; light, 9.65@9.80.

Sheep—Receipts, 15,000; market steady. Muttons, 4.00@4.60; lambs, 6.60@7.00; fed wethers and yearlings, 4.00@5.35; fed western ewes, 3.75@4.35.

WOOL.

ST. LOUIS.

St. Louis Sept. 12.—Wool, steady. Territory and western mediums, 18@23; fine mediums, 17@20; fine, 14@17.

PRODUCE.

CHICAGO.

Chicago, Sept. 12.—Strength was infused into the wheat market from several sources. Decreasing receipts northwest were the prime element. And this was aided by bullishness in corn and by a better tone in Europe than expected. Some feeling of optimism was felt by figures showing that the world's supply of wheat and flour is the largest with one exception in 10 years. News that the drouth in Argentina had been ended had a similar effect. The market opened ⅛@⅜ to ⅜ higher. December started at 99⅜ to 1.00⅛, a gain of ¼@⅜ to ¾ and reacted to 99⅝.

With the northern part of the corn belt threatened by extremely low temperatures prices for that cereal took a sudden shoot upward. December opened ⅝@⅞ to 1c. higher at 55¼@55½. There was a reaction, however, to 55⅜.

Cash houses were buyers of oats, though in a limited way. December showed a rise of ⅛@¼ to ⅛@⅜ on the start at 34⅞ to 35¼ for December. The market gradually steadied at the lower level.

Provisions were higher on good scattered purchases in all months. The opening was unchanged to 17½ up with the January option at 18.87½ for pork.

Covering by shorts on wheat lead to a rally, offerings becoming light. The close was firm with December at 1.00¼, a net gain of ⅜@⅞ to ⅞.

Cash close: Corn, No. 2, 57½; No. 3 white, 57½@58; No. 2 yellow, 57@58; No. 3, 56@57; No. 3 white, 57@½; No. 4, 55@½; No. 4 white, 55@56; No. 4 yellow, 55½@56½.

Shorts were nervous and inclined to cover on any show of strength. The close was steady with December at 55⅝ to 55¾@⅞, a net gain of ⅝@⅞ to ⅞@1c.

Close—Rye—Cash, 73.

Barley—Cash, 55@73.

Timothy—Cash, 8.50@9.00; March, 9.75.

Clover—Cash, 9.50@16.60; Oct., 16.60.

Wheat—Sept., 99; Dec., 1.00¼; May, 1.06⅝ to ½.

Corn—Sept., 57@; Dec., 55⅝ to ¾; May, 58¾.

Oats—Sept., 33¼; Dec., 35½; May, 38⅛@⅜.

Mess Pork, per bbl.—Sept., 18.50; Oct., 20.45; Jan., 18.85.

Lard, per 100 lbs.—Sept., 12.55; Oct., 12.45; Nov., 11.80@11.82½; Jan., 10.85.

Short Ribs, per 100 lbs.—Sept., 11.92½; Oct., 11.55.

SUGAR AND COFFEE.

New York, Sept. 12.—Raw sugar, steady; muscovado, 89 test, 3.86; centrifugal, 96 test, 4.36; molasses sugar, 89 test, 3.61. Refined, steady; crushed, 5.85; granulated, 5.15; powdered, 5.25.

Coffee—Spot, strong; No. 7 Rio, 10½; No. 4 Santos, 11½.

Molasses, steady; New Orleans open kettle, 14½.

BUTTER AND EGGS.

Chicago, Sept. 12—Butter — Steady. Creameries, 24½@29; dairies, 23@27.

Eggs—Steady, at mark, cases included, 14@17; receipts, 7,473; firsts, 21; prime firsts, 23.

Cheese—Steady. Daisies, 16@¼; Twins, 15¼@½; Young Americas, 16½; Long Horns, 16@¼.

BALLINGER-PINCHOT COMMITTEE TOMORROW

Chicago, Sept. 12.—The "regular" Republican section of the Ballinger investigating committee will number six persons when it meets here tomorrow if Senator Root, as is expected, arrives.

Those here today are Senator Sutherland of Utah, Congressman Olmstead of Pennsylvania; Congressman Denby of Michigan and Congressman McCall of Massachusetts. Senator Nelson of Minnesota, chairman of the committee, who called tomorrow's meeting, will arrive tomorrow.

FINLAND WARDEN AT STATE PRISON

Victor Nybergh, Director of Central Prison at Abo, Inspecting American Administration.

There was a distinguished visitor at the state prison Sunday, in Victor Nybergn, director of the Central Prison at Abo, Findland. This official came across the Siberian continent to San Francisco, and stopped over in this city, en route to Washington, D. C., where the American Prison association and the International Prison congress are to meet the latter part of this month. Mr. Nybergh is very much interested in American prison administration many of whose more valuable features he will try to have engrafted on the Russian system. He is particularly interested in the indeterminate sentence feature, which he hopes to be able to induce the home minister of justice at St. Petersburg to adopt. In looking over prisons on the Pacific coast, he was much struck with the good behavior of the general run of convicts, which was explained to him as largely due to the indeterminate sentence, which shortens terms of confinement by good behavior.

Warden Nybergh was astonished at the few number of guards at the Utah prison. He said the Finland prison held 800 convicts for the care of whom the government employed himself, an assistant or deputy warden with 124 guards. Then the fact that guards here went about the prison unarmed amazed the visitor, as well as the freedom given to prisoners in being allowed to go about. In the Russian prisons men are shut up for years in the one cell from which they are not allowed to emerge. Mr. Nybergh said he was paid 2,000 francs per annum for his service, which is rather small compared to salaries paid to wardens in this country. He also went into ecstacies over the new cell house the like of which he had never seen. The fact that from one to three guards were able to handle the cell house was something he could hardly understand. Warden Pratt extended every courtesy to the Russian official, which was much appreciated. It is evident he is learning a great deal that will be useful to him hereafter. An interpreter accompanied Mr. Nyberg to the prison Sunday.

"JOE" YOUNG IN TOWN.

J. H. Young, president of the Alaska Steamship company, and Northwestern Commercial company, vice president of the Copper River Railroad company, and the head of a number of other big commercial corporations, is in the city from his headquarters at Seattle, to confer on transportation matters with Vice President and General Manager S. W. Eccles of the American Smelting and Refining company, who is here for a short time on business of his company. Mr. Young's many friends are pleased to see him back again, though it be but for a short time.

SHERIFF AFTER "ILLICITS."

The county sheriff's office has commenced a crusade against Sunday liquor selling in the county. Today a complaint, signed by Deputy Sheriff Samuel Nowell, was filed in the county attorney's office, charging C. A. Birch, proprietor of the Casa Contentia, at Twelfth South and West Temple streets, with selling liquor on Sunday. The offense is alleged to have been committed yesterday. The Casa Contentia is just outside the city limits.

WHISTLER PLEADS GUILTY.

William Whistler, charged with a statutory offense, pleaded guilty in Judge Lewis' court Saturday and was sentenced to six months imprisonment in the state prison.

WIFE CHARGES CRUELTY.

Josephine Gillison brought suit for divorce in the Third district court today against George F. Gillison, charging him with cruelty and non-support. They were married in Los Angeles June 22, 1909.

DEFUNCT BANK IS SUED.

McCornick & Co., bankers, today began suit in the Third district court against the Idaho State bank of Hailey, Idaho, seeking the recovery of $7,834.81, alleged to be due on an open account. The bank made defendant in the suit recently failed.

CONTRACTING FIRM SUED.

J. E. Forshee today entered suit in the Third district court against Max Daniels, Alex McDonald and James E. McDonald, doing business as A. & J. McDonald, contractors, to recover $1,000 as damages to his property. The plaintiff claims that in making an excavation for Max Daniels' State street building the contractors damaged the adjoining property owned by Forshee to the amount sued for.

TWO WIVES SEEK FREEDOM.

Christine E. Brown and Beatrice Lampey File Complaints.

Two wives, tired of the bonds of matrimony, filed suits for divorce in the district court this morning. In one case desertion is given as grounds for separation and in the other it is alleged that the husband made threats to kill and was inhumanly cruel.

Christine E. Brown says that she was married to Walter M. Brown on June 5, 1897, and that as a result of the union there is one child, Robert Edward Brown, 11 years of age. Over a year ago, she alleges, her husband deserted her and has since failed to contribute to her support. She asks for divorce and custody of the child.

Beatrice Lampey asks for separation from Grover Lampey on the grounds of extreme cruelty. The complaint recites that on a number of occasions Lampey struck his wife with his clenched fist, and that on one occasion he threatened to kill her. The Lampeys were married in Denver, June, 1908. One child, Hope, was born to the union. Mrs. Lampey asks also for general relief and the custody of the child.

LATE LOCALS

Few Have Complied—Few retail liquor dealers have responded to the notice sent out a week ago by License Assessor Frank Kimball, notifying all dealers to make application for a renewal of their licenses before September 30. The chief of police must approve applications and submit them to the council for its action before the close of the month. Assessor Kimball urges retailers to comply with the law at the earliest possible date.

Baptist Women's Meeting—The Baptist women will hold an all day meeting Thursday next, when a basket lunch is to be served in the church basement at noon. The meeting is to push the women's work in the church.

Baird Improving—Hyrum Baird, proprietor of the New Windsor hotel, who was seriously injured 10 days ago by the rear elevator of the hotel falling, and who has been at the Groves L. D. S. hospital ever since, was reported much improved Monday morning.

Cox to be Dined—A dinner will be given by the Y. M. C. A. at the Commercial club this evening to Oscar Cox, the retiring secretary of the association; plates will be laid for 12.

BUS PASSENGERS

Ed Stenson of Denver, Mr. and Mrs. E. G. King of Layton, F. M. Cox, Jr., of Manti, J. W. Humphrey of Orangeville and Sam Hansen of Mt
