NO SUNDAY GAMES IN WORLD'S SERIES

President Johnson Is Attempting to Close Up Season Before Cold Weather Comes.

Chicago, Sept. 26.—"There will be no Sunday game during the world's series unless President Murphy of the Cubs agrees to wind up the schedule for his club before Oct. 15," said President B. B. Johnson of the American league, last night. "I understand President Robison of the St. Louis Nationals, has made a proposition to Mr. Murphy regarding the early completion of the remaining games booked between these clubs and from all reports the Chicago club alone is holding out."

"Interest in the major league races is bound to slump with the approach of cold weather," continued Johnson, "and it is absolutely essential that the leagues season close before the middle of October. Cold weather already has cut into the sport, and in order to make this series for the highest honors in baseball the huge success it should be, the club owners should arrange their games so that the pennant winning clubs might meet under favorable weather conditions."

LEADING RUN GETTERS AND BASE PURLOINERS IN THE AMERICAN AND NATIONAL LEAGUES.

PHOTOS BY AMERICAN PRESS ASSOCIATION

Philadelphia, Sept. 26.—Although the coming world's series between the local American league team and the Chicago Cubs is the main topic of conversation among the baseball fans at present, still interest is just as keen as ever among the enthusiasts of the national game as to who's who in the different departments of the game. Take, for instance, the race for the batting honors of the country between Ty Cobb and Larry Lajoie. Neary every fan that can read scans the daily hitting average of the pair. It is the same way in fielding, base purloining and run getting. In the American league Eddie Collins of the Athletics is leading his organization in base stealing. Connie Mack's great star has purloined 66 bases in 136 games. Cobb of Detroit is second with 60 in 125 games. Zelder of Chicago is third, having pinched 46 bags in 121 contests. Cobb is also leading Ban Johnson's organization in run-getting, having scored 95 runs. Bush, his teammate, is second, having crossed the plate 89 times in 133 games. Speaker of the Bostons is third with 81 in 12 contests. In the National league Bescher of Cincinnati is leading the cushion pilferers with 62 in 137 games. Paskert, his teammate, is second with 52 in 128 games. Murray of New York is third, having stolen 40 in 125 contests. Byrne of Pittsburg has scored more runs than any other player in the older circuit. In 134 games he crossed the plate 92 times. Magee of Philadelphia is second with 89 in the same number of games. Huggins of St. Louis is third, scoring 84 in 127 games. American league fans are of the opinion that if Cobb had not been out of the game for two weeks he would be leading his circuit in base stealing. The big Detroiter has been out of thte game with some eye trouble. He is expected to return within the next few days.

OCCIDENTALS WIN DECIDING BALL GAME

Murray Is Outclassed at Walker's Field By Score of 9 to 6.

By a score of 9 to 6, the Occidentals defeated Murray in the final game of the series at Walker's field. In the last inning Murray found Langford and swatted out five runs. It was a great rally but the negroes had too big a lead and the Smelter city team was unable to last out. Mooney pitched seven and a half innings and then blew up. Manager Black sent Langford in to relieve him but he was touched up for five hits before he finished the game.

McCreery performed for Murray and allowed nine hits. In the two last innings they came in bunches and assisted by errors netted the negroes six runs. Murray did not score until the sixth inning when Blake led off with a hit. He was sacrificed to second and was driven home by Mann and Scott. Manager Margetts only played two innings and then retired on account of illness. He coached his team from the side lines for all he was worth. In the ninth he saw some hope and the fans got in behind and boosted but the batting rally went in pieces too early to overcome the lead. The score:
