FIRST SCRIMMAGE WORK FOR UNIVERSITY TEAMS

Freshman Eleven Clash With Regulars in Working Out New Rules of Game.

With a squad of 30 men, Coach Fred Bennion held his first scrimmage practice yesterday afternoon on the sod on Cummings's field. The freshman eleven lined up against the regulars and for an hour the teams practised the forward pass, trick plays and punting. The men were also drilled on signals and Bennion gave them all a chance changing them around in various positions.

Henry Richardson is developing a kick that will count yards in the games this season. Carmichael is drop kicking in good shape and there are several others who can put the ball between the posts from the 35-yard line. "Dolly" Riser is showing up in good form this year. He captained the juniors last season winning the class championship. "Deg" Bennion is also rapidly coming to the front as a candidate for halfback. Ashton, the Granite star, is also showing speed and will make a hard try for the back field. Captain "Pug" Home, "Count" Christensen and the other veterans are showing more speed than ever and the new rules are being followed closely and the fine points of the game figured out.

Coach Bennion will have his tackling machine erected this afternoon and the men will be given their first practise this afternoon. Most of the players have been accustomed to making diving tackles and this is one thing that Coach Bennion will have to break them of. Such tackling is not allowed under the new rules and there is a heavy penalty attached to the man who makes a flying tackle under the rules.

Coach Gleason of the freshman team put his men through a stiff play against the varsity team. His men showed up in good style and he has some good material on which to work. Captain Ray Pillman is showing up in good shape in the back field and his punting and drop kicking is especially good.

After the practise last night Coach Bennion added three more men to the training table. They are Stewart Young, Carmichael and Riser.

NORTHWESTERN TEAMS WILL JOIN ALL COAST LEAGUE

Seattle, Wash., Sept. 28.—The Northwestern baseball league went on record tonight in favor of joining with the Pacific Coast league in the formation of an all-coast organization of eight clubs, on condition that the teams be evenly divided between the northern and southern divisions, four in California and four in Washington and Oregon.

HOW YALE'S FOOTBALL SQUAD IS PREPARING FOR COMING SEASON.

Lakeville, Conn., Sept. 26.—Head Coach Ted Coy is highly pleased with the work of the Yale squad here and predicts that Eli will once more be represented on the gridiron with a strong eleven. The new rules have been tried out, but the majority of the players do not fancy them. It is felt, however, that Yale is as ready for them as any of the other colleges. They call for several sets of fast, lively and light backs, and Yale has an unusually brilliant back field squad, although Capt. Coy and Steve Philbin, the stars of the team last year, have graduated. Among the newcomers are Walter Camp, Jr., Spaulding and Holladay Philbin, backs of the freshman eleven last year; Capt. Fred Daly, Ed Savage and Kisler of the eleven last season, and French, Robinson and Gates of Lawrenceville and Sharon of Exeter. Of these young Camp will be relied upon for the distance puting and Savage for the drop kicking. Robinson is the speed boy of the bunch. Yale will run her eleven this fall on the principle of sending several sets of backs into every game, taking advantage of the new rule which allows players to leave the game and then return to it. For ends Yale will use Johnny Kilpatrick and Reilly and Blakeslee, the freshman ends of last season. Paul, who played tackle part of last season; Childs, the former Kenyon college player, and Parker, the star tackle of the freshmen last fall, form a trio of tackles who are expected to fill the gaps vacated by the graduation of Hobbs and Lilley. For center and guard Yale has Loree, the freshman center; Hyde and Morris. Bronson, Fuller and Bomeisler are the chief candidates for guards. For quarterback Yale is well prepared. Howe, the first string quarterback last year; Pop Corey, who has had two seasons' experience; Merritt, who has played three years at Andover and two years at Yale as substitute; Dyer, the freshman quarterback last year, and Coates, who was ineligible last year, form a set who are as formidable as any Yale found at the start of a season.

MARGETTS GETS OVERCOAT.

Manager Bert Margetts of the Murray baseball team was presented yesterday afternoon with an overcoat by the members of the team. Margetts did work hard for Murray and won the pennant in the state league, giving the smelter city the best baseball it ever had.

SALT LAKE GUN CLUB POSTPONES SHOOTING SEASON

The Salt Lake Gun club held a meeting last night and decided to postpone the duck shooting season for a month or six weeks to give the birds a chance to recover from the malady which has been killing them. In the meantime the club will keep its traps open for the hunters instead of closing them for the season. An open shoot will be held under the auspices of the gun club every week, and prizes will be offered for different classes of marksmen.

TWO EXPERT CUE ARTISTS TO MEET IN CONTEST IN NEW YORK.

New York, Sept. 28.—The pocket billiard season is off to a good start. Several big matches are on the schedule, and more are to come. The first big contest of the season is the one between Willie Hoppe, holder of the 18.1 balk-line title, and Ora Morningstar. The match is to be held in this city Oct. 3. The men are to play 2,400 points for a side bet of $500. The general opinion is that Hoppe will have an easy time of it with Morningstar. On the other hand, followers of the latter say the champion will have his hands full winning. Hoppe is in grand shape at present and during practise has made many high runs. The titleholder is also matched to meet George Slosson, the former champion, in this city Nov. 1 for $1,000 a side.

HIGH SCHOOL TEAMS HAVE HARD SCHEDULE

Three Local Schools Are Hammering Teams Into Shape for Season.

In the high schools a hard schedule of football games is being arranged and the teams are being hammered into shape as fast as possible. The Salt Lake high school will probably play a schedule of eight games. Besides the Ogden high school, the Jordan high school and the Granite high school, games are being arranged with the Spokane high school, the butte high school, the Denver high school, the Pueblo high school, Colorado Springs high school and the Manual high school of Denver.

Coach Brusse is working his squad out every afternoon. D. H. Callahan is lending his assistance and the high school team is becoming acquainted with the new rules and studying out the new plays and tricks in the game. The high school will also have a tackling machine to practise the new method of tackling a runner with the ball.

Coach O. H. Dutton of the Jordan high school has begun work in earnest on his team. He has a big squad and will play his first practise game with the Salt Lake high school next week.

The Granite high school team is rounding into shape. Coach J. E. Moss lost several of his best men but he has some new material which will prove a surprise. By Monday Coach Moss will be able to pick out his first team and will play the first practise game with the Salt Lake high school the latter part of next week.

STUDENT BODY WILL NOT REINSTATE FOOTBALL

New York, Sept. 29.—Although the authorities at Columbia university recently indicated their willingness to consider the reinstatement of football, which was put under the ban three years ago, the student body appears to be indifferent, and the board of student representatives has not only voted against the renewal of the sport, but has voted to curtail even the mild inter-class games which have been played heretofore each year.

The action of the student council, it was announced, resulted principally from a feeling that there was little interest in football and that the renewal of the game would only take men from other college athletic activities, thus weakening the track, baseball and boating squads.

NEW FOOTBALL RULES SHOW BRILLIANT PLAY

New Haven, Conn., Sept. 28.—In the opening game of the football season at Yale field here today Yale defeated Wesleyan by a score of 22 to 6. Both teams showed good knowledge of new football rules, while versatility at plays, with frequent use of forward pass and kicking made the contest exciting. Each side was frequently penalized, and but very few line plays were tried. A fumble on Wesleyan's part of the use of the forward pass gave Corey the ball and he ran 95 yards for Yale's third touchdown. The officials had few questions to decide.

The new game showed great opportunities for open play and chances for consistent ground gaining with the perfection of the forward pass. That a heavy line will be of as much importance this year as previously was shown by the frequent gains made by Yale through Wesleyan's center.

The game also demonstrated that a fast, light team, with the use of the forward pass and the punt, will have a better chance of gaining ground against a heavier team than heretofore.

The danger of injury also seems to have been lessened, and the allowing of an injured player to return at the opening of a new quarter will allow a team to maintain its initial strength throughout the game.

HARVARD OPENS SEASON.

Cambridge, Mass., Sept. 28.—Harvard opened the football season today by defeating Bates, 22 to 6, in a fast, spectacular game. The new rules worked well. Long end plays and forward passes were well executed and there were some dashes through open fields. All the scores were made on touchdowns from which two goals were kicked.

FOOTBALL SCORES.

At Philadelphia—Pennsylvania, 18; Dickinson, 6.
At Ithaca—Cornell, 30; Hobart, 6.
At New Haven—Yale, 22; Wesleyan, 6.

At Carlisle—Carlisle Indians, 39; Muhlenberg college, 6.
At South Bethlehem—Lehigh, 10; Western Maryland, 6.

PENNSYLVANIA SHOWS BIG IMPROVEMENT

Philadelphia, Sept. 28.—The University of Pennsylvania football team defeated Dickinson college this afternoon by the score of 18 to 6.

The Pennsylvanians played 50 per cent better football than against Ursinus. The end runs and forward passes were very effective.

Paul Brown, left guard of the Dickinson team, was injured in the first period of the Pennsylvania-Dickinson game. After examination at the university hospital it was found that his left shoulder blade was fractured and that he would have to remain in the hospital for several days.

LEAN WINS THIRD BLOCK IN THREE CUSHION MATCH

By a score of 53 to 50, H. B. Lean defeated Lloyd Jeyne in the third block of their 250-point three-cushion billiard match last night at Leon's Pool. It was the hardest fought block that the experts played and several brilliant shots were made. The score now stands, Jeyne, 150, and Lean, 142, with two more blocks of 50 points each to play. The fourth block will be played at Jeyne's hall tonight in the Kenyon.

OBJECTS TO MALE COACHES FOR GIRLS OR WOMEN

New York, Sept. 29.—"I am very decidedly opposed to employment of men as athletic instructors or coaches for girls or women," says James E. Sullivan, secretary of the Amateur Athletic union, in a letter on the subject made public here today.

"It is a mistake to have a man, for example, in a girls' gymnasium, or to coach or direct girls in their athletic exercises.

"A man coach in a girls' school will naturally present his theories from a masculine standpoint. He will tell his pupils to play a good rough game and instruct them to do things as a boy or man would do them.

"Girls' athletics, when conducted along safe and sane lines, are a real benefit to the health of the girls. They must not be exploited, however, as female Sandow's, Sheppard's, Sheridan's or as show girls. A girls' basketball team must not be trained in tricks, nor should it be sent around the country to exhibit the players for gate money.

"Competition for girls should be in its own group and in private, without an admission fee, and without the sensation seeking crowd. Girls should be kept in their own group and not be permitted to take part in public sports."

YELLOWSTONE SPECIAL TRAINS, 15 and 16 which left Salt Lake daily for Yellowstone at 7 p. m. and arrive daily at 7:35 a. m. during Yellowstone Park season were discontinued September 15th.

COACH STAGG INTRODUCES "MIDWAY STAGGERS"

Chicago, Sept. 29.—"Midway staggers," as Coach A. A. Stagg of the University of Chicago, terms his latest gridiron movement was practised by his team yesterday. The first exhibition of the "staggers" took place as soon as the gates were opened after secret practise. A large crowd of rooters witnessed the line candidates drawn up in the center of the field, apparently suffering from some nervous affliction. The forwards were hopping in quick time, clawing with their arms and vieing with one another in manufacturing gridiron grimaces.

Coach Stagg explained that he had ordered the exercise, and would insist on using it in every game. The maroons will have the "staggers" regularly on offense, and the rooters believe their rivals will either be too astonished or too terrified to defend themselves. Coach Stagg also asserted the drill was for the purpose of speeding up the team.

EARL SAYS AMERICAN POLO PLAYERS BEST SPORTS

New York, Sept. 29.—"In the Americans, I have met the finest players that the world knows and the best sportsmen." This was the earl of Rocksavage's parting tribute to the American polo players against whom he has been playing for the last month. Rocksavage sailed with F. A. Gill, another member of the Ranelagh team. He said before embarking:

"The last two months of polo mark an epoch in my life. The American players are wonderful and it has been my good fortune to witness feats of horsemanship and mallet work that seemed almost incredible. I am very too keen to return next March along with the team that will challenge for the international cup.

"The winning of that cup by the Americans served to stimulate English polo as nothing else could possibly have done. The tactical method of play proved a revelation to British lovers of the sport. The Americans injected new ideas into the game, created new ways of accomplishing the old things and altogether have livened things up in a truly wonderful manner.

"From every aspect our visit to America has been a most successful venture."

LA MANCHE ESTABLISHES "LONG SHOT" RECORD

New York, Sept. 29.—In the days of widespread betting on horse races throughout the United States, horses rated by the talent at 100 to 1 or even 200 to 1 have occasionally won their race. But a record for a "long shot" winner is believed by racing men here to be established by the winning in Paris of the Prix du Rhone by La Manche, an unknown horse, which was rated at 668 to 1. Advices received here declare that a little known American who had obtained the horse and trained him privately, was behind the big winning.

The pari-mutuel machines used in France pay the total amount of money bet on all contesting horses to those who have played the winner. Because La Manche was comparatively an unknown horse, nobody bet on him except his owner. When the race was over, it was discovered that each hundred francs bet on La Manche had won 66,790 francs.

MORAN BEATS MOORE IN SIX-ROUND BOUT

Philadelphia, Sept. 28.—Pal Moore of this city was beaten by Owen Moran of England in a six-round bout before the National Athletic club tonight, notwithstanding that the local lad had almost put the Englishman out in the third round with a vicious punch, which landed low and which sent Moran to his knees in agony.

After a moment's rest, the Englishman signified his willingness to go on with the battle, but the men had scarcely set themselves for another punching when Moore again hit Moran below the belt. This time, Moran walked to his corner, and the referee, after warning Moore that if he again struck low he would be disqualified, announced that Moran would again agree to go on.

Moran had the advantage in every round except the first and second, which were even. He did nearly all the leading and forced the fighting. His blows had more steam behind them than those delivered by Moore, who did not seem to be at his best.

The fight was at catch weights, but there was little difference in their weights.

MILES McLEOD'S WORK OUT WITH JOE CHOYNSKI

Chicago, Sept. 29.—Miles McLeod, the farmer boy from Albany, Mo., who aspires to wrest the heavyweight championship from Jack Johnson, boxed two rounds yesterday with Joe Choynski. After the bout Choynski declared McLeod to be one of the most promising novices he had ever boxed and said with two months' proper handling, McLeod would be able to give any of the heavyweights a stiff argument. According to Choynski, McLeod has a left which is phenomenal and as soon as he is taught how to use it, he will develop into one of the best two-handed fighters in the game.

GARRY HAS APPENDICITIS.

Chicago, Sept. 29.—Tommy Garry, the Chicago lightweight, who was scheduled to meet Lightweight Champion Ad Wolgast in a 10-round bout at Fond du Lac, Wis., last night, was seized suddenly with an attack of appendicitis yesterday and was operated on later in the day. The promoters secured Tommy McFarland, a Pacific coast lightweight, to take his place.
