NOTICE—Office of State Grain Inspector, Tacoma, Wash. Modification of grades on damp wheat by state grain commission. Wheat is arriving which is tough from having been rained on. Hereafter, instead of rejecting such wheat, all wheat which is No. 1 in all respects except that it is tough from dampness will be graded No. 1 soft. If, in addition to being tough, it is bleached, then the grade will be No. 2 soft. Wheat so much damaged as to be actually soft will be rejected. No samples of these grades will be furnished, as samples quickly dry out and thus become misleading.

Dated at Tacoma, Wash., Oct. 3, 1895.
