[illegible] Republicanism is frentious, and Democracy is [illegible], and by honest and well informed [illegible] in other contests. [illegible] Weather.—We think it is concluded [illegible] all hands, that we are enjoying the [illegible] we ever realized since the fall of Adam. We forget to hear of the consumptives, [illegible] old colored gentleman has given it as his opinion that "Time is up," and that we shall [illegible] next year. Our people acting [illegible] in expectation, are availing themselves [illegible] of it.

Revenue Commission.—The Legislature of Tennessee has created a new and very important office, that of a Revenue Collector for each county, to be elected every two years. The election comes off the first Saturday in March next, being the 5th day. It will be seen from our paper, that there are already three Candidates in the field in Knox, Messrs Gamble, Hardin, and Bowers, all clever gentlemen, and qualified for the position. We are informed that the office should be eagerly sought, as it will pay not less than FIFTEEN HUNDRED DOLLARS.

The Lark Family, or Swiss Bell Ringers.—This company will give three of their delightful entertainments at the Lamar House, in this city on Friday and Saturday evenings, January 7th and 8th, and a grand Matinee on Saturday afternoon at 3 o'clock, for the accommodation of children and others who cannot get out to the night entertainments. They will appear in costume, introducing a new set of 100 Silver Bells, manufactured in London, expressly for this Troupe. The popularity of this Company will doubtless secure full houses during their short stay in our city. For particulars see Programme.

Valuable Mills For Sale.—See the advertisement of Charles J. McKinney, who offers for sale, on reasonable terms, his valuable Flouring and Saw Mill, on the Holston River, near the Tazewell Branch Road crossing the River. The mill is now being down by the contractors, and will be running before the market, in the middle of the River Wheat is being sold, we have no hesitation in saying it will be a good investment. Wheat can be got there in abundance, and flour sent off by Railroad.

[illegible] people in the world ever needed a good [illegible] this month, it is those who have water logged money. The [illegible] of our Swamp and Shoulder Bone [illegible] dwelt in the land of rest [illegible] figure and Fever which shake and [illegible] Agues "know what it means" [illegible] we speak, and some of our [illegible] tried it, confess the impeachment.
