CITY PLAN!

$100,000!!

FOR $1.00.

Prizes payable immediately after the Drawing without reduction!

CONSOLIDATED LOTTERIES

OF GEORGIA,

Authorized by a Special Act of the Legislature, for the benefit of Academies and for other purposes.

HODGES, DAVIS & CO., MANAGERS,

MACON, GEORGIA.

BY THIS SCHEME PURCHASERS can select their own numbers, and pay any amount for a ticket they desire.

EXTRA CLASS!

To be drawn in the city of Macon, every Monday, Tuesday, Wednesday, Thursday, Friday and Saturday Afternoons, at 5 o'clock, during the years 1859, 1860, 1861, 1862, and 1863.

By this Class, the holder of any One Dollar Ticket, if the numbers so selected should be drawn, will be entitled to a prize, according to the following

SCHEME:

Any $1.00 Ticket with 5 drawn numbers on it,					$100,000
" " " " 4 " " "					10,000
" " " " 3 " " "					20,000
" " " " 2 " " "					1,000
" " " " 1 " " "					1,000
" " " " 0 " " "					500
" " " " 5 " " "					50
" " " " 4 " " "					5

And $1.00 Ticket with a drawn number on it entitled to enter one at any particular place, such as 1st, 2d, 3d, or any other centre in the drawing. 50 00

Tickets from 50 cents to any Price!

And Prizes paid at the above rates per Ticket.

This is the Scheme which is in New York, Washington, Baltimore, Philadelphia, Boston, Chicago, Buffalo, and other cities, where there are 5,000 offices in which Tickets in this scheme are exclusively sold, and such is the demand that the Managers of the Consolidated Lotteries of Georgia have been induced to have Tickets for the benefit of our own and village friends who cannot purchase in the cities. Feeling that it will be so acceptable to our country as to the cities, the Managers submit it to their patrons.

PLAN OF THE LOTTERY.

In the above actual and lucky scheme there are 75 numbers from 1 to 75 included, printed upon separate pieces of paper, and enclosed in the tube of a glass wheel. Upon the day of drawing the wheel is revolved several times, and a small boy who is blindfolded draws a number at random from the wheel. It is then exhibited to the audience, and registered by the State Commissioner as the first Drawn Number.—The wheel is revolved again several times, and then the second Number drawn. This operation is repeated till twelve are drawn out and registered as the 1st, 2d, 3d, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th and 12th Drawn Numbers, and any Tickets having the numbers selected with the numbers drawn from the wheel anywhere upon them (except the single numbers, which must be in strict rotation for which they bought,) are prizes. If not the highest prize.

The advantage this scheme has over all others is the facility any one has to purchase a Ticket with any number up to nine, and at any price he pleases to pay, and the chance thus afforded of winning a prize.

No ticket which shall have drawn a prize at a separate classification, can be entitled to any prize other than that to which it was originally bought. For instance, if a person buys a $1.00 ticket with nine numbers on it, if they should happen to be entitled to $100,000 of the ticket will not be entitled to any prize.

Address all orders for the Extra Class, with the numbers, stating the day and date you want them for, to

HODGES, DAVIS & CO.,

Macon, Ga.

H. D. & Co. are also Managers and Contractors of the Florida, Kentucky, North and South Carolina Consolidated Lotteries, which they will soon commence drawing.

N. B.—The Combination and Extra Class Lotteries are drawn every day of the Havana every Saturday.

Circulars containing full explanation of our Schemes, &c., will be forwarded, by mail, to any one sending us his address. [mch1y
