SOMETHING NEW!!

CITY PLAN!!

$100,000!!

FOR $1 00.

Prizes payable immediately after the Drawing without reduction!

CONSOLIDATED LOTTERIES OF GEORGIA,

Authorized by a special Act of the Legislature, for the benefit of Academies and for other purposes.

HODGES, DAVIS & CO., MANAGERS, MACON, GEORGIA.

BY THIS SCHEME PURCHASERS can select their own numbers, and pay any amount up to that they choose.

EXTRA CLASS!

72 Numbers—12 Drawn Numbers!

To be drawn in the city of Macon, every Monday, Tuesday, Wednesday, Thursday, Friday and Saturday throughout the year 1859, 1860, 1861, 1862 and 1863.

By this Class, the holder of any One Dollar Ticket, if the numbers so selected should be drawn, will be entitled to a prize, according to the following

SCHEME:

Any $1 00 Ticket with 9 drawn numbers on it,					$100,000
" " "	8	"	"	"	20,000
" " "	7	"	"	"	10,000
" " "	6	"	"	"	1,000
" " "	5	"	"	"	100
" " "	4	"	"	"	10
" " "	3	"	"	"	2
" " "	2	"	"	"	1
" " "	1	"	"	"	1

Any $1 00 Ticket with a drawn number on it multiplied by money, out at any particular place, such as 37 1st, 2d, 3d, or any other station in the drawing ... $5 00

Tickets from 50 cents to any Price!

And Prizes paid at the above rates per dollar.

This is the lottery adopted in New York, Washington, Baltimore, Philadelphia, Boston, Chicago, Buffalo, and other cities, where there are 3,000 offices in which Tickets are in this lottery are exclusively sold, and such is the demand that the Managers of the Chosen dated Lottery of Georgia have been induced to have Tickets for the benefit of our town and village friends who cannot purchase in the cities. Feeling that it will be an accomplishment in the country as in the cities, the Managers submit it to their patrons.

PLAN OF THE LOTTERY.

In this above novel and lucky scheme there are 72 numbers from 1 to 72 inclusive, printed upon separate pieces of paper, and enclosed in tin tubes placed in a glass wheel. Upon the day of drawing the wheel is revolved around several times, and a small boy who is blindfolded draws a number at random from the wheel. It is then exhibited to the audience, and registered by the Place Commissioner as the first drawn Number. The wheel is then revolved again several times, and the second Number drawn. This operation is repeated till twelve are drawn out and registered as the 1st, 2d, 3d, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th and 12th Drawn Numbers, and any Ticket having the same numbers, selected in the numbers drawn from the wheel anywhere throughout the state, (except the station numbers, which must be in the place for which they bought), are prizes, if not the six blanks.

The advantages this scheme has over all others in the market are that we purchase a Ticket with any number up to date and at any price to please to pay, and the Prizes are paid in full immediately after the drawing.

No ticket which shall have drawn a prize, of any denomination, can be entitled to an inferior prize; but can only ticket be entitled to any prize other than that for which it was originally bought. For instance, if a person buys a $1 00 ticket with a number on it, if that one all drawn he is entitled to $100,000; if the whole 9 numbers are not drawn it is a blank. So with any ticket bought; they must all be drawn, or the amount will not be entitled to.

All orders for the Extra Class, with the numbers, stating the day and date you want them for, to

HODGES, DAVIS & CO., Macon, Ga.

N. B. & Co. are also Managers and Contractors of the Virginia, Kentucky, North and South Carolina Consolidated Lotteries, which they will soon commence drawing.

N. B.—The Consolidation and Extra Class Lotteries are drawn every day—the Havana every Saturday.

Circulars containing full explanation of our Schemes, &c., will be forwarded, by mail, to any one sending us an envelope.
