Now is the time to subscribe! Congress is in session and will for six months—and perhaps extra session! Beside this, persons subscribing now, for twelve months, will have the more interesting of the Presidential interest. They will also have the Foreign and Domestic news, Love news, and the Markets.

Douglas Squatter Sovereignty is the latest offspring of Abolitionism, and thrives best in its democratic nurse, where political dexterity, lawlessness and corruption hold sway. Republicanism, Democracy, and Democracy in democracy, and by honest and well informed men in other exchanges. Democracy built up the Republican party, and it is Satan for the sin and transgressions of the day. That party has nominated every Abolition candidate for President in so far as the country, and with the malice of Hell, and a system of lying that would make the devil blush, charged Southern men with the crime of Slavery in Kansas from Harrison down to Fillmore.

The paper will constantly, perseveringly, and boldly fight both these crazy and Republican parties, and insist on the punishment of disunion as HELL, as about adequate to the deserts of the villainous leaders of both these parties!
