Those wishing to keep up with the news, while progress of a terrible War, precipitated upon the country by Southern Disunionists, because of the election of Lincoln, would do well to subscribe for our Week. It is now seen to be sure that South Carolina, Alabama, Florida, and other Cotton States are going out of the Union. It is too obvious a matter to dispute, and we must all look the horrid Disunion in the face. This machine of government, so delicate and complex in its nature, and which cost its great Architects such labor and thought, so much of the spirit of concession and compromise, and our fathers so much of blood and treasure, is now in pieces, to gratify a set of corrupt ambitious, and disappointed demagogues, who find that they can never preside over United States, and hence they seek to build up one or more contemptible Southern Nations, and to place themselves at the head of them. The building and dissolving of Nations, while Rome was developed in Saxon, and more martial, British, stupid and wicked, is the incident of those country-defiling, God-defying, and Hell-deserving TRAITORS to their country, who write and talk of the Sagacity of the most momentous and fearful the human mind can conceive!

Fighting is to be done, and that at no distant day, and the battle ground is to be along the line of the border States of Maryland, Virginia, Tennessee, Kentucky, and Missouri. These States have all declared for the Union, and wicked leaders who have projected secession, will do none of the fighting, or will manage to hold civil and military offices, with large salaries, to pay which, they will be wrung from the masses by a system of direct taxes. And these common men will the masses have to shoulder their muskets and muskets, and do the fighting for those who voted the Disunion ticket, fight for their land schemes; the Union men, if they do not, will fight on the side of the Union Government, and for the "Union, Constitution, and the Enforcement of the Laws."

I think should attempt to inaugurate revolutionary and unconstitutional measures, and urge secession or adopt these measures, either in reference to slavery or any other object, then, in my judgment, we of the South would await the decision of the Supreme Court of the United States. And if the President, the Congress, and the Supreme Court—the Executive, Legislative and Judicial departments of the Government, sanction any Disunionists measures, and unite in altering every them out. I advocate resistance all hazards, and to the last extremity—and I would then join the South in a war of extermination!

Constable.

Sir: We are authorized and requested to announce the W. HOPE as a candidate for Constable for the Second of Knox County.

We would particularly call the attention of our friends to a remedy known as McLean's Strengthening and Blood Purifier. It is certainly a valuable one. We therefore say to all, call at the agent's, and procure the invaluable remedy. It is delicious to the taste, and we daily receive so many testimonials of its efficacy, that we feel bound to try it. See the advertisement in another column. [ap1-1]

HANDRETH'S PILLS are growing more in popular favor. It is now conceded they are the best and safest pills before the world of medicine. They are composed of such active ingredients as are to be obtained by druggists in preference to other pills. Dr. Handreth has them made with regard to the expense. And hence, a popular proportion is appreciated, as the result indicates. Other geographies are changing a little, and they may have some merit. But we know they are safe and sure—safe, because they are vegetable, and sure—sure, because they are a warm and natural remedy, which, when taken, leaves it stronger. They are so mild, that a child may take medicine can be. To any person who may give pills would not be from the use of them, we say, let them try them once, and they will become their constant friends. Sold by Dr. JONES and Druggists generally. Price, 25 cents per box. Sold in Knoxville, Tenn., and by all responsible druggists. [ap1-1m]

THE PECULIARITIES of the human mind lurking and the various grade in which the race is subjected formed an essential element in effectuality. It is important, however, that there shall be of a holistic character, and at the same time accomplish the desired end. Hostetter's Celebrated Stomach Bitters is the very article. Its effects in all cases of debility are almost magical. It restores the tone of the digestive organs, infuses fresh vitality into the whole system, and gives that cheerfulness to the temperament, which is the most valuable of Christian attributes. The proprietors feel flattered from the fact that many of the most prominent medical practitioners in the Union have bestowed encomiums upon the Bitters, the virtues of which they have frequently tested and acknowledged. There are numerous counterfeits offered for sale, all of which are destitute of merit, and positively injurious to the system. [feb1-1m

1. Under them, all claims are paid upon the presentation of satisfactory proof of loss, without statement or declaration for indorsement, and yet, as a usual, sixty days after presentation of proof.
2. They expire at noon, instead of P. M., and not at a set.
3. They allow, without notice, fifteen days workers's privilege.
4. They permit their insurance to be effected without the Company's consent being endorsed on the Policy, and do not require notice of such additional insurance until the time is specially demanded by the Company.
5. They are not void if the Policy be lost, but a duplicate of such complaint must be given to the Company.
6. They may be made at the risk of those interested, and allow, after deducting the risk of accidental cancellation of Policies.
