DR. MOFFAT'S

LIFE PILLS AND PHENIX BITTERS.

These Preparations have now been before the public for a period of Twenty Years, during which time they have maintained the unshaken confidence they at first received, by their wonderful cures, which have been so numerous as almost every family in the Country to which the Medicines have been known, have been their advocate.

The following are some characteristic points of the mild Medicine, to which the

VEGETABLE LIFE MEDICINES

are well known to possess.

DYSPEPSIA, by thoroughly cleansing the stomach and bowels, and giving tone to the digestive organs, they effectually remove the cause of this distressing complaint.

COSTIVENESS, by stimulating the whole length of the intestines without irritating them, and without the harsh and violent purgative properties the bowels become habituated to.

FEVERS of all kinds, by reducing the blood to a regular circulation, through the process of equalization in the system, and the thorough solution of all inflamed substances in the system.

The Life Strengthens have brought down RHEUMATISM permanently, in their weaker and milder form, but that stubborn and relentless foe, relapses from the genuine and violent form of the disease.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder, they operate most delightfully on those important organs, and have been frequently known to restore entirely to the worst cases of GRAVEL.

AGUE, WORMS, by clearing from the intestines of the bowels the slimy matter by which these creatures nourish here.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood and the skin.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alterative effect upon the fluids that the skin, and the morbid state of which occasions all impurities, such as pimples, clouds, and other disagreeable complexions.

The use of these Pills for a very short time will effect a complete change of the SYSTEM, and a vigorous, healthy, and certain beauty. Other medicines have the colon subject to a return of the disease—a cure by these Medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS.—Costiveness, Dizziness, Loss of Appetite, and Diseases of Females—the Medicines built here used with the most beneficial results in cases of this description—Jaundice, Kings Evil, and Scrofula, in the worst forms, yields to the mild but powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Diseases Consequent on Malaria, Dropsies or the Heart, Parturient Dropsy, are speedily cured.

MERCURIAL DISEASES.—Persons who constitutionally have been injured by the injudicious use of Mercury, will find these Medicines a perfect cure, as they are free from Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

The Policies of the Liverpool & London Insurance Company, Differ from Ordinary Policies in that—

1. Under them, all claims are paid upon the presentation of satisfactory proof of loss, without statement or description for interest, and not, as is usual, sixty days after presentation of proof.
2. They expire at six o'clock P. M., and not at noon.
3. They allow, without notice, fifteen days workmen's privilege.
4. They permit other insurances to be effected without the Company's consent being endorsed on the Policy, and do not require notice of such additional insurance until the same is specially demanded by the Company.
5. They are assignable by simple endorsement. No notice of such assignment need be given to the Company.
6. They may be made on the lives of persons under the age of Majority, thus obviating the risk of subsequent expiration of Insurance;
7. They allow ten pounds of Gunpowder to be on the premises, without notice—more being permitted under a pecuniary Policies unless the consent of the Company be given in writing on the Policy—and without which consent the Policy is void if Gunpowder be on the premises.
8. They are more comprehensive and favorable terms, and none exceptions, that only tend to complicate the Insurance, and render a settlement embarrassing.
9. They are based in this country by a large and wealthy body of well known American Citizens resident in New York, who being Directors and Shareholders, are with the other Shareholders, individually liable for all the engagements of the Company, and personally conduct the business.
