DETROIT PLACES $10,126,000 BONDS

New York Banking Syndicate to Make Public Offering of Issue To-day.

RUN FROM 1922 TO 1951

Funds to Be Used for Municipal Purposes—Award Made at 101.52.

A syndicate composed of Kuhn, Loeb & Co., Hallgarten & Co. and Kidder, Peabody & Co., which was awarded the $10,126,000 of City of Detroit 5, 5½ and 6 per cent. serial bonds, offered yesterday, will make a public offering of the issue to-day.

The bonds will be offered as follows: Bonds maturing 1923 on a 5¾ per cent. basis; maturing 1924 and 1925, 5⅝ per cent. basis; 1926 to 1929, both inclusive, 5½ per cent. basis; 1930 to 1934 on a 5¼ per cent. basis; 1935 to 1951 on a 5.10 per cent. basis for the 5½ per cent. bonds and on a 5.15 per cent. basis for the 6 per cent. bonds.

The bonds are issued for various municipal purposes and mature serially from 1922 to 1951 inclusive. The total is made up as follows: $4,000,000 6 per cent. 15½ year average sewer bonds, $3,000,000 5½ per cent. 15½ year average water supply bonds, $350,000 5½ per cent. 15½ year average lighting bonds, $1,402,000 5 per cent. 20½ year average school series and $1,374,000 5 per cent. 15½ year average school series.

The issue was awarded to the Kuhn Loeb syndicate at 101.52, which is slightly higher than the bid put in by another New York syndicate.

BOND NEWS AND NOTES.

That the Dutch holdings of Missouri, Kansas and Texas bonds, representing the pivotal 51 per cent. at the time of the road's receivership, have shrunk to approximately 20 per cent. is the statement of a member of one of the road's committees, who, with fellow committeemen, is anxious to effect an immediate settlement in Katy's affairs.

Some of the committee are becoming impatient at the delay and express the opinion that if acceptance be not received from the Dutch investors within a reasonably short time, the plan, as formulated, will go to the Interstate Commerce Committee for approval.

Offer Barnsdall Issue.

Lee, Higginson & Co. are offering a new issue of $8,000,000 of Barnsdall Corporation 8 per cent. sinking fund convertible gold bonds due on January 1, 1931. The bonds are offered at 97 and interest to yield about 8.45 per cent. Net assets amount to 377 per cent. of the issue.

Akron, Ohio, Award To-day.

An issue of $2,350,000 of city of Akron, Ohio, 5½ per cent. bonds will be awarded to-day. That total is made up of the following: $1,000,000 of 15¼-year average trunk sewer constructin bonds; $1,000,000 of 15¼-year average water works improvement bonds; $200,000 of one to ten year serial street improvement bonds, and $150,000 of one to twenty-five year serial building bonds. The Director of Finance of Toledo, Ohio, also will open bids on $845,387 of 6 per cent. 7¾-year general revenue bonds. The most interesting municipal financing on Thursday will be an award of $11,455,000 of 4 per cent. bonds of the city of Chicago. On next Tuesday the city of Elizabeth, N. J., will award $1,198,000 of 5½ per cent. fifteen year average school bonds.

Foreign Bonds Have Steady Sale.

There has been a steady absorption of high grade foreign bond issues by American investors of late, due to depreciation in exchanges and low quotations for securities on foreign bourses. Most of that buying is being done in London, where Canadian, Australian, South American, Japanese and South American bonds are being offered at bargain counter prices. According to the securities department of the American Express Company, investors on this side stand ready to take all bonds that can be brought over. That company is doing the heaviest business in Grand Trunk Pacific 3½ and 4 per cent. sterling bonds. They can be bought in London at a 50 per cent. discount. Grand Trunk 4s are selling in London at a discount of about 40 per cent, and sterling exchange here has depreciated about 30 per cent. In other words, a $1,000 Grand Trunk bond can be bought in London for a little more than $400.

Local Tractions Gain.

The announcement that the effort for increased street railway fares would be resumed this week in the New York Legislature excited speculative interest in traction bonds yesterday. The largest gain was made by Brooklyn Rapid Transit 7s, which advanced 4 points to 49. Third Avenue adjustment 5s were the next in line, with a gain of 3½ points. Interborough Rapid Transit refunding 5s advanced 2½ points to 54½. Third Avenue refunding 4s 3 points to 44, and Interborough Metropolitan trust 4½s 2 points to 19.

Issue Oversubscribed.

The offering of $1,500,000 of United Railways and Electric Company 7½ per cent. ten year collateral notes by Alexander Brown & Sons of Baltimore has been heavily oversubscribed. The bonds were offered at 98¼ to yield 7¾ per cent.

Hocking Valley Plans Issue.

The Ohio Public Utilities Commission has authorized the Hocking Valley Railway Company to issue bonds for $2,037,000 to take care of expenditures, extensions and betterments made in 1920.

Atlantic Avenue R. R. Committee.

Following the default in payment of three instalments of interest on the general consolidated gold 5s of the Atlantic Avenue Railroad Company of Brooklyn a bondholders' protective committee has been formed. The committee has invited bondholders to deposit their bonds with the Columbia Trust Company under a depositors' agreement in preparation. The Atlantic Avenue is a predecessor of the Nassau Electric Railway Company, which is controlled by the Brooklyn Rapid Transit Company through ownership of practically all of its capital stock. Both of the latter companies are in receivership. Outstanding bonds of $2,241,000 are secured by a mortgage on all property formerly owned by the Atlantic Avenue Company.

CUSTOM HOUSE RECEIPTS.

Receipts for duties at the Custom House were, yesterday $397,635.16, of which $168,268.96 was for merchandise withdrawn from bonded warehouses and $129,366.20 for recent importations.

SUGAR.
