MEN—WHERE IS THE MAN who started this "bad times," "can't sell" idea? The man who turned real salesmen into a flock of sheep, and caused them to "mark time." Salesmen who went through years of hard plugging and struggle, were crowned by a few months of false prosperity. Those who formerly loved the battle—took a licking with a grin and came back with a new punch that helped make history. Where are they? Did they ALL get soft, because, instead of having to "go get it" they could sit and wait during war prosperity, and write their own tickets, or just because they were "sitting pretty," on the soft cushions of war's prosperity. I don't believe it. Some of them can "come back"—are you one of them? If so, write all about yourself to Corporation, K 549 Herald, 280 Broadway.
