STANDARD OIL, N. J., SURPLUS LOWERED

Reports Drop to $35,845,930 in 1921 From $164,461,400 in 1920.

The Standard Oil Company of New Jersey was another petroleum company which suffered from the decline in business activities in 1921. Its annual report shows a net surplus of $33,845,930, after expenses, depreciation and Federal taxes, or, after allowing for preferred stock dividends, $5.07 a share earned on the $98,879,325 of its common stock outstanding. Those figures contrast with a surplus of $164,461,409, in 1920. The following table contains the company's figures for 1921 and 1920:

	1921.	1920.
Sales	$443,444,109	$631,127,316
Steamship earnings	34,948,842	26,782,512

Proportion of earnings of affiliated companies after Federal taxes	26,341,932	91,839,202
Other dividends received	1,742,504	2,400,464

The balance sheet at the close of the year reveals to what an extent the Standard subsidiaries acquired stock in other oil companies. The item of stocks owned by its affiliated corporations stood at $40,369,839, against $19,896,453 a year before, and cash of the affiliated companies declined from $33,788,329 to $12,867,775. The following table shows salient features of the consolidated balance sheet of the Standard and its subsidiaries for 1921 and 1920:

George H. Jones, treasurer of the company, in his report to the stockholders sets forth the reason for the decline in earnings, pointing out that the tremendous increase in values in 1920 was followed by a sharp contraction last year. The company, he said, increased its oil production during 1921 and now has large stocks of crude oil and finished products, and with enlarged refining capacity and improved transportation and marketing facilities is in a position to obtain its full share of any recovery.

BOND NEWS AND NOTES.

$7,500,000 Electric Project.

The Philadelphia Electric Company has sold to a group of Philadelphia bankers $7,500,000 of its twenty-five year 5 1-2 per cent. bonds, according to reports in Wall Street yesterday. The syndicate said to have purchased the bonds is composed of Harris, Forbes & Co., Brown Brothers & Co., of Philadelphia, and Drexel & Co. It is understood that its bonds will be offered for subscription in a few days at 99 1-2 to yield more than 5 1-2 per cent. The company does the electric light business of Philadelphia and vicinity, directly or through its subsidiary, the Delaware County Electric Company.

The company's bonded debt of December 31 was a little more than $51,000,000. In February an issue of $12,500,000 of its 6s matured.

New $1,200,000 Coal Issue.

Douglas Fenwick & Co.; Socer, Weil & Co., and McCown & Co. are offering a new issue of $1,200,000 of the Alaska Anthracite Railroad Company's first (closed) mortgage 6 per cent. twenty year sinking fund gold bonds, dated January 1, 1921, and due on January 1, 1941, at 87 1-2 to yield about 7.25 per cent. Their issuance has been approved by the Interstate Commerce Commission. Proceeds will be used to complete construction of the road, including branch lines, and provide additional working capital. Three coal properties have contracted with the company to ship a minimum of 90,000 tons of coal a year for twenty years at the freight rate of $2 a ton. The railroad covenants that it will create a sinking fund, into which it will put a minimum of 25 per cent. of its net earnings annually, on and after January 1926, which shall be deposited with the trustee for redeeming the bonds by lot at 105 and interest.

Halifax Traction Offering.

A new issue of $1,250,000 of 7 per cent. general mortgage thirty year gold bonds, series A, of the Nova Scotia Tramways and Power Company, Ltd., is being offered to yield about 7.30 per cent. by the Royal Securities Corporation. The bonds are dated April 1, 1922, due in 1952 and callable as a whole, but not in part except for sinking fund, up to April 1, 1932, at 110 and interest; thereafter to and including April 1, 1942, at 105 and interest; thereafter to and including April 1, 1947, at 102½ and interest, and thereafter at 100 and interest. Their principal and interest are payable in Canadian gold coin or, at the option of the holder, in gold coin of the United States. The company owns and operates all street railway, electric light, power and gas properties in Halifax. The sinking fund will begin to operate in 1924 and be sufficient to retire more than $1,000,000 of the bonds before their maturity.

K. and I. Block Offered.

Benjamin, Hill & Co. are offering a block of the Kentucky and Indiana Railroad's first mortgage 4½ per cent. sterling bonds, due in 1961.

Municipal Awards.

The City of Cleveland awarded yesterday an issue of $3,593,000 of its 4¾ per cent. bonds to mature in 1923 to 1946, inclusive, to Richards, Parish & Lamson at 103.13. The city awarded $1,586,000 of its 5s to mature in 1923 to 1969, inclusive, to a syndicate composed of Eldredge & Co., the First National Bank and B. J. Van Ingen & Co. at 107.85. The latter issue was sold by the sinking fund, which had acquired the bonds in 1919. Mecklenburg County, N. C., awarded an issue of $1,400,000 of its 4¾ per cent. bonds due in 1937 to 1951, inclusive, to the Chase Securities Corporation at 102.23. Forsyth County, N. C., awarded an issue of $800,000 of its 5 per cent. bonds due serially in 1935 to 1944, inclusive, to Harris, Forbes & Co. at 103.139.
