BOND NEWS AND NOTES.

The unsettling news regarding the European situation proved to be the dominating factor in yesterday's bond market, which displayed a rather weak undertone from the start. Special pressure was directed at the foreign government group, the low-priced railroad issues and some of the industrials. Libertys were steady, closing the session 10 cents lower to 6 cents higher in active bonds. Among the weak spots in foreign governments were French Republic issues, the 7½s, for instance, falling to 96, compared with 98 on Saturday. British 5½s of 1929 and 1937 were also in supply, as were obligations of the Brazilian and Czechoslovak government. In the domestic bond division there seemed to be a fair demand for tractions at times, which did not follow other bonds. An advance of more than two points in Invincible Oil 8s featured trading in industrials.

Michigan Highway Bonds.

Eastman, Dillon & Co., E. H. Rollins & Sons, Kountze Brothers and Barr Brothers & Co. are offering a new issue of $3,000,000 State of Michigan highway improvement 4 per cent and 4¼ per cent bonds. The issue is exempt from Federal income taxes and are tax exempt in Michigan. The bonds are a direct general obligation of the State of Michigan and are issued to provide for the construction of permanent State highways.

The syndicate offering the bonds is composed of Halsey, Stuart & Co., Inc., the William R. Compton Company and Harris, Forbes & Co. The bonds are obligations of the issuing bank, which is the second largest of the joint stock land banks.

Harriman & Co., Inc., Richards Parish & Lamson and the Commercial Trust Company of Philadelphia are offering a new issue of $1,500,000 First Texas Joint Stock Land Bank 5 per cent bonds, dated May 1, 1922, and due May 1, 1942, optional 1932, at a price of 102.50 and accrued interest, to yield over 4.65 per cent to 1932 and 5 per cent thereafter. The bonds are exempt from all Federal, State, municipal and local taxation.

The bonds are dated April 1, 1904, and are due April 1, 1934.

Akron Issue on Sale.

INCOME GAIN SHOWN BY RAILWAY EXPRESS

Expense Slash Offsets Drop in American's Revenues.

The report of the American Railway Express Company for the first six months of 1922 shows a net income of $1,404,397, equivalent to $4.34 a share on the $34,642,000 outstanding stock, compared with $1,402,568 for the first half of last year. George C. Taylor, president of the company, estimates that the present half will exceed the first six months from the point of view of earnings. The net for the first half of 1922 figures out at about 8.7 per cent, on an annual basis.

Total operating revenues amounted to $77,898,174, compared with $98,400,164 in 1921, the decline this year amounting to $20,501,990, but during the same period a reduction of $20,470,724 was effected in expenses, the total for six months of 1922 being $76,202,963, compared with $96,682,687 last year.

In connection with the six months' report of American Railway Express it is pointed out that September 1 was the last date on which the railroads of the country could serve notice of their desire to terminate the uniform express contract. The fact that none of the carriers gave such notice means, it was said, that no action along opposition lines can be taken again until January 1 next, at which time six months' notice is necessary in order to terminate the pact.
