SHIPPING NEWS FROM ALL PARTS OF THE WORLD

NEAR EAST SHIPPING IS ALMOST STOPPED

Rates Made Practically Prohibitive on Account of Many Risks.

Direct steamship connection between the United States and a large part of the Near East and Asia Minor ended yesterday. Space was obtainable for any port from Smyrna to the Dardanelles and within the Black Sea only at rates and under conditions that no shipper was willing to meet. Although there were no authentic reports of interference with shipping at any point in the region, the outlook was considered sufficiently uncertain to render cargo sailings exceedingly risky.

Phelps Bros., American agents for the Cosulich Line, which operates a transshipment service to Levant and Black Sea ports in conjunction with the Lloyd Triestino, were directed by cable to accept no more cargo for Ineboli, Trebizond, Samsun, Orduna or Kerassonda, all ports on the Black Sea. Previously orders had come to eliminate Constanza, Varna and Odessa.

Services to Patras and Salonika were being maintained but in unfavorable circumstances, as the war risk insurance rate to those ports was 50 cents a hundred dollars. To Constantinople the virtually prohibitive rate of $2 was being quoted, and no quotation for Black Sea ports was obtainable. It is regarded as a daily possibility that the Dardanelles will be closed by mines.

In some instances the steamship lines have been protected from claims for cargo losses by war clauses in the bills of lading, but this was unsatisfactory from the shippers' viewpoint, and they have directed wholesale cancellations of shipment orders for the Near East.

LOVE PREDICTS PEACE IN COLOMBIAN TRADE

Expects United Fruit to Agree to Profitable Tariff.

William J. Love, vice-president of the Emergency Fleet Corporation, in charge of traffic, yesterday predicted an early development of major importance in the Colombian trade, where the United Fruit Company of the Clyde Line, operating Shipping Board vessels, is engaged in a rate war. Within a week or ten days, he thinks, the matter will be disposed of satisfactorily.

The fruit company cut rates in protest against the Government service, which it declared unjustified. The form the settlement is to take, according to the general understanding, is that the company will agree to restore profitable tariffs in consideration of the purchase by the Clyde Line of the ships it is operating for the board.

Mr. Love said he has read with much gratification the report prepared by a committee of marine underwriters in response to the board's request for classifications for its vessels that would enable them to compete on equal terms with foreign and privately owned American ships. He indicated that the board's views have been met at least partially.

When his attention was called to a Washington report that the United Kingdom and Continental conferences are preparing further "drastic action" against nonconference competition Mr. Love smiled and said it was all news to him.

In addition to the reconditioning work, Todd mechanical fuel oil burners and the necessary auxiliary equipment will be installed. The Louisiana is at the plant of the Robins Drydock and Repair Company in Brooklyn, where the work will be carried out.
