SHIPPING NEWS FROM ALL PARTS OF THE WORLD

COASTAL SHIP MEN FAVOR REGULATION

Subsidy Gossip Brings Details of Proposed Atlantic Syndicate.

A way out of the intercoastal rate war was seen yesterday in the last minute change in the ship subsidy bill which gives the Shipping Board a power over coastwise water carriers similar to that exercised by the Interstate Commerce Commission over the railroads.

This solution of a problem long standing has been advocated frankly by the operators of intercoastal shipping. They tried, however, to maintain rates through a gentlemen's agreement of which they all were parties and it failed, resulting in a crash in rates that has brought them, on the average, to one-third their former levels.

The development at Washington appeared the only basis for the rumors of intercoastal peace that have been circulating in the shipping district for some days. It was denied flatly by those in position to know that any round table meeting of the warring elements is scheduled, and the rumor was denounced as probably emanating from some broker or ship operator who wished to throw a scare into shippers and book up some cargo.

News yesterday centered largely about the possibility of favorable action on the subsidy bill by Congress. A syndicate is planned to take over the Shipping Board's Atlantic passenger fleet, including the Leviathan, and to build two 1,000 foot liners to operate with it. Whether the plans are put into effect depends upon whether national aid is forthcoming. Latest information is that the following is the personnel of the syndicate:

The Kerr Steamship Company, of which Alfred E. Clegg is active head; the Moore and McCormack Company, which, together with the Kerr Company, acts as managing operator for the United States Lines; Homer L. Ferguson, president of the Newport News Shipbuilding and Drydock Company; J. Barstow Smull, president of the Emergency Fleet Corporation; William J. Love, vice-president and general manager of the Emergency Fleet Corporation, and William Francis Gibbs, in charge of reconditioning the Leviathan and designer of the thousand-foot liners.

In addition, there would be banking support, which has not been revealed, and it is expected that one or more of the large companies operating Shipping Board freighters on the Atlantic would be members. The plans of the syndicate were dampened somewhat by the dry ship ruling, but the loss anticipated from this will be compensated for if the new feature of the subsidy bill, granting payment for the carriage of ocean mails instead of requiring their transportation gratis, is made law. This would add about $3,000,000 yearly to payments to American express liners.

GREAT TUNNEL CAISSON TO BE LAUNCHED DEC. 4

Will Help in Ventilation of Vehicular Tube.

The largest caisson ever used in under water construction will be launched on December 4 and sunk immediately thereafter at the pierhead line off Canal street in the Hudson River as part of the ventilating system of the New York and New Jersey vehicular tunnel.

At a meeting last night engineers reported that twenty feet of permanent tunnel has been completed and the work is progressing at the rate of 45 inches a day. The boring at this stage is considered the most difficult that will be encountered.

A committee was appointed by the New York commission to negotiate the purchase of land necessary for the plaza, approaches and exits of the tunnel. It will try to get the land without condemnation.

INDIAN KISSED WIFE AFTER HE KILLED HER

Bought Knife for Purpose, Says Confession Read at Trial.

Kay Pendleton Smith, an Indian, charged with having stabbed his second wife, Rose, to death May 4 last, at 8787 Bay Parkway, Brooklyn, testified before Justice Lazansky and a jury in Supreme Court in Brooklyn yesterday.

In his confession, read into evidence, Smith admitted buying a butcher's knife for thirty-nine cents with the thought that he might kill his wife if she refused to go back to him. When she refused he stabbed her. She fell to the floor. He bent down and kissed her, saying:

"God bless you, good-by."

Smith was arrested in City Hall Park, gazing absent mindedly at "Civic Virtue."

PAINT FOR DANGEROUS POSTS.

An ordinance was adopted by the Board of Aldermen yesterday requiring all posts, pillars or elevated railroad columns at dangerous street crossings to be painted white and black and illuminated at night. The measure will become a law in thirty days after its approval by the Mayor.
