SHIPPING NEWS FROM ALL PARTS OF THE WORLD

SEE NO PEACE IN FREIGHT RATE WAR

Old Concerns Resist Efforts of New Companies to Force Higher Tariff.

Efforts to reestablish peace in the intercoastal trade have been made within the last few days by some of the newer lines with Atlantic Pacific services. The suggestion has been made that in view of the current heavy movement of freight the time was ripe for reorganizing the Intercoastal Conference and raising rates substantially from the extreme low level to which they have fallen during the period of warfare.

Not a chance for success is conceded these overtures by the older elements in the trade. Edgar F. Luckenbach, president of the Luckenbach Steamship Company, was among the officials who declared yesterday that they could see no hope for an early termination of the rate war.

Since early spring, when rates were cut 50 to 75 per cent., there has been a vast expansion of the amount of freight moving by water between the two coasts of the United States, and accompanying this growth new lines and additional ships have been rushed into service, raising the total in six months from 600,000 deadweight tons of shipping to about 1,200,000.

For a time it was possible to make money even at the abnormally low rates, but the tonnage in service is now so far in excess of freight moving westward that the operators are looking to a period of very scanty earnings. The big, long established lines feel able to weather this period, but they regard the chances for success of some of the lines lately entering the trade to be very slim and dependent upon an immediate increase in rates to a remunerative level. Hence the cool reception of the peace overtures.

NEW SHIPPING BOARD MANAGER HAS ARRIVED

William J. Love Cites Reasons for Slump in Freights.

William J. Love, vice-president and general manager of the Emergency Fleet Corporation, arrived in New York yesterday and began preparations to take over his new duties as district manager of the Shipping Board. He said he did not expect to be settled at 45 Broadway before January 2.

Mr. Love said that the seasonal slump in transatlantic freight movement had been much worse than usual, and had begun earlier. Grain rates to the United Kingdom and Continent had broken sharply, partly in consequence of the exchange situation. The long voyage trades, he said, had not been much affected.

Mr. Love talked with several members of the executive committee of the American Steamship Owners Association about their protest against the naming of Runcimans, Ltd., and the North German Lloyd as foreign agents for the Shipping Board passenger services. He would not comment on the protest, however, saying that as it was addressed to Chairman Lasky any reply would have to come from Washington.

SHIP OWNERS DESIRE AGENCY PLANS FOR '23

May Resign if Foreigners Handle U. S. Ships Abroad.

The American Steamship Owners Association may withdraw from participation in the work of the standing committee on the managing agent agreement, which deals with matters arising out of the operation of Shipping Board vessels, G. W. Clough, secretary to the committee, has received a communication from the association asking for the plans of the committee for 1923.

Besides the ship owners association, the committee represents the United States Ship Operators Association, Pacific American Steamship Association, Northwest Steamship Managers Association, South Atlantic Steamship conference and Gulf Shipping Conference, Inc. It is expected that it will continue to function on behalf of these bodies if the ship owners withdraw.

REFUSES TO LET MORSE SEE A DOCTOR IN ROME

District of Columbia Court Denies His Plea.

WASHINGTON, Dec. 22.—Charles W. Morse, shipbuilder, under indictment on charges of conspiracy to defraud in connection with wartime contracts, was denied permission in the District of Columbia Supreme Court to-day to go to Rome to consult Dr. Machiafava, the Pope's physician.

Mr. Morse had asked permission to make such a trip on the ground that Dr. Machiafava was best qualified to treat disorders from which he was said to be suffering.

The court ruled that the evidence presented did not warrant authority for the shipbuilder to leave the jurisdiction of the United States.

Some years ago Mr. Morse, serving a term at the Atlanta penitentiary after conviction for violation of the Federal banking laws, was pardoned by President Taft on representations that his health was completely broken. He was on his way to consult Dr. Machiafava a year ago when an order for his arrest under the conspiracy indictment interrupted his trip after he had reached France.

MARINE NEWS NOTES.

The Hamburg American liner Wuerttemberg, due in port to-day, is making her last trip in the north Atlantic service. She will be replaced by the Thuringia, a new ship with larger cabin capacity, which is scheduled to make her first sailing out of New York on February 8. The Wuerttemberg will be employed hereafter in the Hamburg-South America service.

The Navigation and Marine Engineering School of the Seamen's Church Institute is offering a free series of lectures on the principles of first aid designed to satisfy the new requirements for applicants for licenses as masters, mates or engineers. The lectures are given at the institute, 25 South street, week days, except Saturdays and holidays.

William Heyman, traffic manager for the Consolidated Steel Corporation, which is being liquidated, beginning January 1 will be with the Delaware, Lackawanna and Western Railroad as general foreign freight agent, with offices at 302 Broadway. Mr. Heyman was formerly with the railroad for twenty-three years.

February 5 has been fixed as the date for the annual dinner of the Maritime Exchange, which will then celebrate its fiftieth anniversary.

CLOSING OF MAILS.

Foreign mails will close promptly as indicated below at the General Post Office and City Hall Station. Ordinary prints, samples, parcel post packages and registered articles close two hours earlier, except that registered articles have to be mailed between the hours of 8 AM and 12 PM. At the Foreign Station (corner of Morton and West streets) foreign mail closes half an hour later than at the General Post Office and City Hall Station. Supplementary mail closes at the General Post Office and City Hall Station, where double postage is required. SUPPLEMENTARY MAIL (double postage required) closes at the Foreign Station half an hour later than the supplementary closing time shown below, except that supplementary mail for European countries and for Central America, &c., via Cristobal, closes one hour later. Whenever mail vessels sail between the hours of 9 AM and 6 PM a supplementary mail post office on the steamship pier is open to the public 1½ hours before the scheduled sailing time and closes 10 minutes before the scheduled sailing time. Double postage required. The steamers for which supplementary mail is accepted on the pier at time of sailing are shown below by a dagger (†) following time of closing of mail.
