IN QUART BOTTLES
FOR PURIFYING THE BLOOD,
AND FOR THE CURE OF
Scrofula, Mercurial Disease, Stubborn Ulcers, Rheumatism, Cutaneous Eruptions, Dropsy, Liver Complaint, Bronchitis, Salt Rheum, Consumption, Pimpleness, Tetter, Scald Head, Erysipelas, Female Complaints, Costiveness, Dyspepsia, Pain in the Bones, General Debility, &c.
EVERY succeeding year confirms and spreads further and wider the influence and reputation and deserved popularity of this invaluable Medicine, proving to be the most efficacious remedial agent known, for the cure of all diseases arising from an impure state of the blood. As a mild aperient, antiseptic and tonic, it contains the three most useful properties of medicine, and is unrivalled by any MEDICINE. The rapidity with which the patient recovers HEALTH AND STRENGTH under this wholesome medicine, is astonishing. Each new case in which it is offered formishes the result a new evidence of its great virtues, and we have no hesitation in pronouncing it the most powerful and effectual blood purifier ever offered to the public.
Sold by all respectable druggists everywhere.
ANOTHER CURE OF SCROFULA.
Troy, N. Y., Sept. 1, 1854.
Messrs. A. B. & D. Sands: Gentlemen—I have for nearly three years been troubled with that dreadful disease, Scrofula, which appeared in the form of Tumors, Swellings, Sores, and in short, pervaded every kind of medicine that came under my notice, without effect. One of my neighbors, who had been cured of a similar complaint by your Sarsaparilla, advised me to make a trial of it, and I can truly say that it has done me a world of good, being completely cured me. Hoping that my evidence may induce others suffering as I did to adopt the same remedy, with the same satisfactory results.
I remain gratefully yours,
JAMES H. FOHLMAN.

To the Citizens of Mississippi.

CHARLES' LONDON CORDIAL GIN.
THE ORIGINAL & ONLY LONDON GIN IMPORTED.

This fine, distilled in London, from malted barley, under the surveillance of the British Excise. Laws is exclusively farmed with a tincture of the Italian Juniper Berries, and some of the more valuable of the aromatics of the Vegetable Kingdom, rendering it, in the estimation of the connoisseur of all men, the purest and safest diuretic, or delicate spirit in use. It is a delicious tonic, of a soft and delicate flavor, offering an agreeable substitute for Brandy, free of that harsh, acrid taste, which renders the article known as Holland Gin so objectionable.
Though recommended solely as a beverage, it is recommended by physicians generally in cases of Gravel, Dropsy, Dyspepsia, Colic, Strictures, Diseases of the Urinary Organs, the Kidneys, and the Nervous Debility, and as the weaker sex are its chief votaries, will invariably find a relief from those distressing nervousness which frequently attend their delicate organization.
Dr. Valentine Mott, of New York, the highest Medical authority, says: "In some cases I recommend Charles' Holland Gin as a Medicine—Charles's London Cordial Gin contains a large quantity of Juniper, and I consider it a far superior article, in fact, the best I have ever seen."
It is peculiarly adapted to residents in the Southern and Western States, as well as for travelers exposed to changes of water and air.
For sale in grocery stores by all Druggists, Grocers, Confectioners and Country Merchants. Beware of imitations. Buy only Charles'—None other is imported.

Caution to the Public.
"SCHIEDAM SCHNAPPS" "LONDON DOCK" GIN, "OLD TOM" "LIGHT HOUSE" GIN, are all counterfeits.
Beware of abominable mixtures, put up in bottles, imitating our Gin, and sold as genuine. We are all genuine and pure, and not compared with the genuine Charles' London Cordial Gin, they are not to deserve the name.
Sold in Mobile by I. C. DEBOSE & CO., 27 and 29 Water street; GEO. W. PRYER, 67 Dauphin street, and E. S. HALE & CO., Battle House, Royal street.
In New Orleans by G. O. WOODMAN, agent of Commerce street; N. Mercadier, 16 Magazine street; WYNE & PROVAN, 1M Canal street, and EDMUND CHARLES, General Agent, 40 Broadway New York.
New York, Sept. 25, 1858. 40-1y
