BROWN BROTHERS' LETTER IS EXPECTED TO-DAY.

TO PAY THE FINAL INSTALLMENT ON STOCK.

Equal to a Fifteen Per Cent Distribution—Delmar Cars on Olive Street.

A few holders in the United Railways Company yesterday received a tip that the long promised Brown Brothers' circular will be out to-day. The text of the circular was received from New York yesterday over the private wire of D. R. Francis Bro. & Co. It is addressed to the holders of participation certificates in the original issue of the United Railways, and is as follows:

"Out of advance sales of bonds we have made a distribution equivalent to 15 per cent to pay the final installment due upon your subscription. You are requested to present your subscription certificate at our office, No. 59 Wall street, New York, in order that this payment may be noted thereon, and in order that the face of the certificate may be stamped with this 15 per cent distribution. For the convenience of the St. Louis holders of our certificates we will have a representative at the St. Louis Trust Company in St. Louis on January 25, 1900, to stamp their certificates there.

"Out of advance sales of bonds a sufficient amount of money has also been provided to pay the $100 per share assessment on the common stock of the United Railways Company of St. Louis called for under the plan of purchase of July 25, 1899."

As holders of these certificates have only paid in 85 per cent of their par value, the credit of the remaining 15 per cent, and payment of the $11 a share on the common stock of the United Railways Company is equivalent to a dividend of $26 a share, with the remainder of the bonds, and all of the common and preferred stock still to be disposed of.

It is said that $2,000,000 worth of bonds have already been sold and that Brown Brothers will take at least $500,000 more of the securities, and probably all of the common stock, but as they have an option on all of the bonds and stock of the United Railways Company until April 1 and are to receive a commission of 25 per cent on all bonds and 1 per cent on all stock which they may sell, it is not probable that they will turn over any securities to holders of participation certificates until the time specified in their option.

As holders of the participation certificates issued by the Maryland Trust Company are entitled to the same privileges as holders of Brown Brothers' certificates, except that they are required to pay additional consideration to the Maryland Trust Company, it is probable that a similar circular will be issued by the latter company.

The payment of the $11 a share on the common stock of the United Railways Company for its exchange for stocks in the St. Louis Transit Company, will give the latter company a cash capital of $1,500,000 free from all obligations, except those under its lease of the lines of the United Railways Company of St. Louis. This will enable the Transit Company to pay for necessary improvements and to pay the interest on the bonds of the United Railways Company and the dividend on the preferred stock of the latter company.

The St. Louis Transit Company is making arrangements to run the cars of the Delmar avenue line of the Lindell division over the Olive street tracks instead of over Washington and Finney avenues, in order to relieve the congested condition of the tracks on the latter streets.

Tracks have already been laid to connect the Delmar avenue line with the Olive street line, and as soon as the arrangements are completed the Delmar cars will run out Olive street over the cable tracks to Boyle avenue, thence over the new tracks to Olive street and Taylor avenue, and thence over Taylor avenue to Delmar.

TO TEST THE VESTIBULE LAW.

Warrants for President Whitaker and Manager Coleman.

Warrants were issued yesterday by Assistant Prosecuting Attorney Richard M. Johnson, charging Edwards Whitaker, president, and Jilson J. Coleman, manager of the St. Louis Transit Company, with failing to comply with the State law which requires that all street cars must be vestibuled at the front and rear platforms. The specific offense charged in the warrant is that car No. 30 of the St. Louis Transit Company's Eighteenth street division has been operated without a vestibule from November 1 to January 19, a period of eighty days. Gallus Paddock of the Paddock-Hawley Iron Company, Jeremiah Kenedy, conductor of the car in question and John Stephens, the motorman, are named as witnesses. Mr. Paddock was a passenger on the car.

The law provides that a fine of not less than $25 nor more than $100 for each offense. For each car operated without a vestibule, and each day it is operated, a separate offense is charged, so if a conviction is obtained Messrs. Whitaker and Coleman may be made to pay from $2,000 to $8,000 for operating this particular car. The statute also provides that one-fourth of all fines collected goes to the Prosecuting Attorney, and Colonel Johnson says that he will issue a number of similar warrants.

Mr. Whitaker had been informed that the warrant had been issued, and had arranged to give bond before the papers were served by the sheriff. C. D. McLure and Henry C. Haarstick went on the bonds of Messrs. Whitaker and Coleman.

Speaking of the warrant yesterday, Mr. Whitaker said:

"The warrants were issued under the same old law that was declared unconstitutional by Judge Murphy. The former cases were never appealed by the prosecutor, and I do not have any fears in this case; but it is annoying for a busy man to be required to appear in court and give bond when he is doing the best he possibly can to comply with the law and accommodate the public."

Mr. Coleman said: "We are vestibuling our cars as rapidly as we can, and I cannot see why warrants should be issued for us. There has been no delay in the work. As fast as the cars in the shops are vestibuled they are placed in use and others are brought in to be vestibuled."

SUBURBAN'S MANAGER FINED.

Convicted of Violating Kirkwood's Special Ordinance.

The trial of T. M. Jenkins, manager of the Suburban Railway system, came up yesterday at 5 o'clock before Police Judge Bennett at Kirkwood. The charge was, running cars through that city without payment of the $50 per year license, provided by ordinance No. 31, passed by the Kirkwood Board of Aldermen. The proceedings occupied little time, as the fact that the cars were running in violation of the ordinance was evident.

The court fined Mr. Jenkins $50 and costs on each of the two indictments. The defendant at once appealed to the Circuit Court at Clayton.

This represents another phase of the warfare upon the street railway company that Kirkwood has been waging because of alleged poor service offered them. Dissatisfaction first arose in November, when the company ceased to run cars straight through from the city to Meramec Highlands, and, instead, forced passengers to change at Maplewood. This dissatisfaction increased markedly as the cold weather began, so considerable trouble followed their trips to and fro from the city.

Kirkwood then took the aggressive by attacking the company for running express and mail cars through the city, there being no provision for these in the franchise given the railway. This case came before Police Judge Bennett, at Fair Oaks, in September of the present year, when the defendant was fined $100 and costs, an appeal being taken to Judge Hirsch.

In December, ordinance No. 31 was passed, and a copy of it sent to the Suburban authorities. Early in January the officials thought that was considered yesterday. The ordinance applied to cars of the St. Louis and Meramec division of the company, as well as those which applied to the St. Louis and Kirkwood line. At the hearing yesterday the question, left to principals, the right of the city of Kirkwood to enact such an ordinance.
