EXCITING FINISH IN STAKE EVENT.

Odnor Defeated Schorr's Crack Youngster Farmer Bennett at Memphis.

GREATLAND IN RARE FORM.

Belle of Memphis and Crocket Finished Behind Him in a Mile Dash — Georgetown II at Long Odds.

Memphis, Tenn., April 19.—Not a favorite finished first at Montgomery Park today and the talent reaped the heaviest harvest of the meeting. In the stake feature, the Lumbermen's Stake, Farmer Bennett was made an odds-on favorite. The start was good and Burns rushed Farmer Bennett to the front. Turning into the stretch for the home run Odnor challenged the leader and in a driving finish beat Farmer Bennett a head for first money.

In the first race, at seven furlongs, Georgetown II, at 20 to 1, won handily. Belle of Memphis, who was played heavily to win the third, opened up a big gap and looked to be winning in the stretch, when Greatland, at 15 to 1, came with a rush and won by a length.

Aronomo won the fifth, a mile hurdle, easily from Tuscovilla, the favorite, while Chopin galloped home in the sixth, beating the Shocard, who was first choice, easily. The weather was cloudy and the track fast.

SIDBOW AND WOODTRICE.

H. Robinson Has Claimed Both of Mrs. Gracia Studdiford's Horses.

Harry Robinson evidently does not believe in opera singers being represented on the turf. A few days ago he claimed Sidbow, who was owned by Gracia Van Studdiford, wife of Charlie Van Studdiford of St. Louis, out of a selling race at Memphis. Wednesday he took her only remaining horse, Woodtrice, out of the mile race, after he had had him tried. Evelyn Byrd was a slight favorite over Woodtrice in this race, but she finished outside of the money. Alpaca won all the way with 7 to 1 about her, and Robinson, who was interested in the race by Mclsaac, led in the winner from $600 to $950 and took her to his barn.

The leading winning owners during the Benning meeting were as follows:

Mrs. R. Bradley	$ 8,915	Gallagher & Shields	3,335
J. R. & D. H. Morris	6,225	G. L. Richards	2,125
J. McLaughlin	1,400	S. D. Bruce	1,350
Thompson Bros.	1,400	F. Johnson	750
R. Wilson	1,400	J. & P. Randolph	750
R. Waldo & Sons	1,375	P. M. Cyril	740

"While on my way from Pinsa to New York," said Jockey Spencer the other day, "I got hold of a paper containing an interview with Johnny Bullman, in which that jockey claimed Pupil would beat Megnetist the next time they locked up in their 3-year-old form. I am not prepared to dispute that statement. Pupil may be better than Megnetist, but I know it will beat them both, and that's Clarendon. I'm not calculating on last year's performances, but on his present form. He's in grand condition, and will certainly make a whole lot to do with the reputation of the Valley of Spearsolds. Any nag that can give him a race at even weights can be set down as a top-notcher."

Oremus, a 3-year-old filly by the renowned Ormonde, and owned by Charles L. Fair, won a race at Prince recently. As a 2-year-old this filly gave promise of making a rare individual, and Mr. Fair sent her East with George Miller's stable. Mike was fond of the horse, but, like the old poerly in the fall at Chicago she failed to and showed Miller so much that he backed her to defeat Golden Rule, Mr. Fair did so, and the horse won, as was expected, the race of the field, which was the largest of the day. Unless a horse is a great many pounds the best, it is impossible in such fields. If it gets off in the race, to win. It is hoped that Mr. Fair's filly will be heard from in Trent frequently. The turf can't have too many men of his standing to support it.

It is with pleasure we note the success of the Burns & Waterhouse horses at Tanforan. Already they have won half a dozen races, representing a cash value of $2,700. Mike Kelly is in charge of the stiling racing, there, and has always shown ability enough if the horses are any account at all. It is clearly noticeable, however, that the horses run better and more consistently over the sandy soil of Tanforan than they do over the Oakland track. During the last three years Burns & Waterhouse have lost more good horses through "breakdowns" than any stable in the country, and the only way it can be accounted for is the fact that they have always been trained over the Oakland track, which has such a hard bottom to it. When the track was rebuilt a few years ago the new bottom was almost cemented, consequently there is no spring to the ground whatever.

Mr. Waterhouse has won several good bets on his horses during the past few days, and is pleased with the good showing Kelly has made with his limited string.

"If I only had a horse to ride," said Kelly, "I think I could win as many more races as I would be sure of a rider who could do the whole, and one who has, in my mind, been one of the best money-winners in the stable."—Frisco Bulletin.

Trainer Alex Shields, with his American Derby candidate, Advance Guard, and nine other thoroughbreds, arrived at the Hawthorne race track Sunday morning. The chestnut son of Great Tom was taken off the cars and given some easy exercise. He looks fit to go the Derby distance right now, and give any horse in the country a good argument in the race. Shields remained in Chicago only a day. He had intended to go straight through to Detroit, but was delayed, and decided to rest his runners for twenty-four hours. Advance Guard is looked upon by his trainer as a sure contender in the American Derby, but he is making no claims at present. He said:

"Advance Guard is right now fit for a good race, and I have every reason to believe that, barring accident, he will be able to give any of the Derby candidates a great race. Of course we know nothing of the others, yet. If Advance Guard holds his own, I think he will be worth watching. I have not yet made plans for the season. I am going to Highland Park and will consult my partner, Mr. Carruthers, as to the advisability of going East before the Washington Park meeting. It is likely, however, that our horses will start at Harlem."

CHICAGO'S RACING OFFICIALS.

Washington Park Club Also Has a Stewards' Board.

Chicago, April 19.—Officials who will have charge of the racing during the twenty-five days' meeting of the Washington Park Club were chosen today at a meeting of the Board of Directors. Besides the judges and other regular officials a new Board of Racing Stewards was created.

This is a return to the system in the old days at the park.

The list is as follows: Presiding steward, John E. Moore; associate stewards, Colonel S. M. Anderson, presiding judge, C. H. Pettingill, associate judge, Charles E. Trevathan, starter, Richard Dwyer, clerk of scales, Harry Kuhl; patrol judges, Hugh E. Keough; assistant secretary, John W. Kelsey.

"I'm Ashamed

To go anywhere with my face in this condition," is the expression of a very natural feeling. To a beautiful woman an eruption on the face is the greatest of calamities, her very beauty seeming to increase the disfigurement. Ninety-eight times in every hundred, eruptions are cured by Dr. Pierce's Golden Medical Discovery, and the skin recovers its maiden bloom and softness. "Golden Medical Discovery" is a medicine which acts directly on the blood, purifying it, increasing its quantity and its richness. Eruptions, blotches, pimples, etc., are but surface signs of the corrupt blood current underneath. "Discovery" cleanses the blood, and so cleanses the skin.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main St., Battlecreek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured."

Dr. Pierce's Pleasant Pellets keep the bowels in healthy condition.

BLACK FASCINATION WON FIVE FIRSTS.

St. Louis Cocker Spaniel Swept Everything Before Him at the Bench Show.

DUNDEE KENNEL'S CRACK DOG.

Millervale Masterpiece Defeated Elwyn Gallopin and Major Victor, Well-Known St. Louis Collies.

Local dog fanciers are winning their share of the blue ribbons at the bench show, which is now in progress at the West End Coliseum.

The Woodbine Hunt Club's pack of imported English foxhounds had things their own way, while the same organization's American-bred foxhounds also had no competition in their class. The Woodbine Hunt Club was founded by J. S. Bratton, A. A. Busch and Louis Lemp last fall. The club's exhibition of foxhounds at the bench show has attracted a lot of favorable comment on all sides.

The cocker spaniel awards were made yesterday, and the competition in this breed was spirited. A. B. Koenig, a local fancier, captured five blue ribbons with his crack dog Black Fascination, who scored in the novice, limit, open, winners' and local classes. Black Fascination is by Champion Piskanin—Deer Park Rose. He was bred by L. Farewell. The Liverock Kennel and Kenwood Kennel furnished the prize winners in nearly all the other cocker spaniel events.

The collie awards also excited a lot of interest. Mrs. J. J. O'Brien's Glory Quayle and J. I. Behling's Brandane Minx both captured three firsts. The Dundee Kennel's Millervale Masterpiece defeated Mrs. Slatter's Elwyn Gallopin and Mrs. Palmer's Major Victor, two crack local collies, in the class for open dogs.

In the class for local bitches, the competition was exceedingly spirited. Jules Smucker's Lady Orsino, winner of the blue ribbon in this ring, will be remembered as the dog that cut a wide swath at the St. Louis Collie Club's show last January.

There is only one old English sheep dog at the show. His name is Tricks, and he belongs to Benjamin Hurl. Tricks secured a blue ribbon yesterday. In the bulldog ring, Al Eberhardt's entries swept everything before them. M. E. Sorg's dogs and the Wesley Kennel's entries captured nearly all the firsts in the corded and curly poodle classes. The attendance yesterday and last night was very encouraging. A summary of the awards will be found below:

Professor Gentry's dog and pony show commences a two weeks' run to-day at Handlan's Park, Grand and Laclede avenues. There will be two performances daily. The first will begin at 2:30 in the afternoon and the latter at 8 in the evening.

Beyond the mere fact of dogs and ponies which have taken the animal equivalent of a college course, Professor Gentry this year has fully matriculated elephants and monkeys. This aggregation of animal talent will prove highly diverting for those who choose to attend.

NAVY PLAN DEFEATED.

House Votes Down $100,000 Appropriation.

Washington, April 19.—The House spent practically the entire day debating a proposition in the naval bill, designed to turn over to the navy the survey and charting of the waters of Cuba, Porto Rico and the Philippines. The bill carried an appropriation of $90,000 for this purpose. Mr. Cannon, chairman of the Appropriations Committee, led the fight against it, arguing that such surveying of these waters as should be made should be performed by the Coast and Geodetic Survey, which, he said, could do the work cheaper and better. In the end, the House sustained his view, adopting an amendment offered by him to appropriate only the regular $9,000 for ocean survey.

The chairman of the Committee of the Whole, Mr. Payne, overruled the point of order against the appropriation for the new Naval Academy, but an amendment, offered by Mr. Cannon, was adopted, providing that before the money appropriated by the bill for the academy be expended plans for the whole improvement, not to cost to exceed $6,000,000, be submitted and approved by the Secretary of the Navy.

Mr. Fitzgerald of Massachusetts offered in open house a resolution to appropriate $5,000 for a monument in Washington to the "unknown battled farmers" who resisted the British at Concord, in the first battle of the Revolution, 125 years ago to-day. It was referred and then, at 5:25 p. m., the House adjourned.

ARMY OFFICERS REMAIN.

Pending Porto Rican Civil Appointments They Will Govern.

Washington, April 19.—In accordance with the recommendation of the President in his message, sent to Congress yesterday, the Senate today passed a joint resolution providing for the administration of civil affairs in Porto Rico pending the appointment of officers under the Porto Rican Government bill recently enacted.

The Alaskan civil code bill was again under consideration, the debate continuing on the alien miners' amendment. Mr. Carter presented formally his substitute for the Hansbrough amendment and delivered a speech in support of it.

Mr. Spooner antagonized both the original and substitute amendments, holding that the courts ought to settle the conflicting claims without interference by Congress.

Mr. Tillman of South Carolina made a characteristic speech and drew a picture of the inauguration of Governor Allen of Porto Rico on May 1.

"We are," said he, "to have a grand pageant on May 1, when the new Governor is to be inaugurated. The inauguration is to take place with the greatest ceremony ever seen in any part of the United States. I imagine that the purpose of this display is to impress the islanders with the grandeur and greatness of the United States as well as to impress the people of the United States with new policy of imperialism by which an American proconsul is to take possession of the island.

"After a while, of course, we will have another Governor sent to the Philippines, and he will be of so much greater importance than the Governor of the little island of Porto Rico that I suppose he must have the navy escort him across the Pacific and must have umbrellas held over him like the Bey of Algiers and the Sultan of Morocco. We will have him attended by our subject Princes in the Sulu Archipelago, with Mohometan body guards and all that sort of thing. If that is the purpose of keeping these army officers in Porto Rico, I will interpose no obstacle to the passage of the resolution."

MILLION DOLLARS NEEDED.

Mr. Gillespie Urges Mississippi River Appropriation.

Washington, April 19.—The Navy Department has secured a 5,000-ton steamer to carry the wheat and other food supplies collected by charitable organizations in New York to the plague and famine sufferers in India. Secretary Long was informed by a cablegram to-day by Fay Director Denniston that he had found a suitable vessel and he replied as follows:

"Close option at the lump sum of $40,000 if the Christian Herald approves, subject to inspection under the commandant of the New York Navy Yard, with whom I will communicate. The department trusts donors will now fill the vessel to her full capacity. LONG."

The last sentence was added because the stores collected at New York, amounting to 3,500 tons, are not sufficient to exhaust the capacity of the ship.

MAY PENSION LONGSTREET.

Senator Gallinger Submits a Bill Calling for $50 Per Month.

Washington, April 19.—Senator Gallinger, chairman of the Senate Committee on Pensions, to-day introduced a bill in the Senate, granting a pension of $50 a month to General Longstreet. The bill gives the General's service as that of Major in the Eighth United States Infantry during the Mexican War, and makes no reference to his connection with the Confederacy.

Congressman Levy Introduces a Bill to Remove the Tax.

Washington, April 19.—Representative Levy of New York to-day introduced a bill to repeal the war revenue act.

FACTIONS USED REVOLVERS.

Alabaman Wounded at a Republican Convention.

Montgomery, Ala., April 19.—A row among the delegates to the Republican Convention started before the body had been called to order to-day. After a scene of great excitement, accompanied by some shooting, in which one man was seriously hurt, the Governor cleared both factions out of the Statehouse building and grounds.

Gaston Scott of Montgomery, a follower of State Chairman Vaughn, was at the rear door guarding it when Moragne of Etowah County, who had been appointed sergeant-at-arms by a majority of the Executive Committee, demanded admission and was refused. This caused a war of words and Moragne shot Scott once in the thumb, once in the breast and one shot went wild. Scott made no effort to shoot. This started a great uproar. Moragne was taken to the Governor's office, where he was when Taylor Scott, a brother of the wounded man, ran to the outside door of the Governor's office and fired two shots down the hall, but hit no one. He was stopped and quieted by bystanders.

Both conventions indorsed the national administration.
