GENERAL ANNOUNCEMENTS.

TO THE PUBLIC.

An article published in the daily papers, signed by the Master Builders' Association, casting reflections on the union carpenters of this city. Therefore it becomes necessary for the Carpenters' District Council to refute such reflections and to give the public a true statement. First—The so-called Master Builders' Association does not embrace more than one-third of the reputable builders of this city.

Second—The amount of work they control, not paying a cent per hour, does not exceed 10 per cent of the work now being done.

Third—All the work that has been contracted for since November 1, 1899, has been at the rate of 45 cents per hour according to their own statements, therefore showing the people and the general public that the strike is forcing the 45 cents to the contractor, and he, the contractor, is trying to deprive the journeyman of their just rights. A.-S. about arbitration.

There is nothing but the same scale to arbitrate. After they have forced on the 45-cent scale, why should we arbitrate the matter of asking them to do in cents more an hour, to be paid to men who already demand in good union men will not, nor we should beg to furnish honest reliable builders for all work that is to be done on the market outside of our own organization. ADVERTISE FAIRLY.
