THREE PEAKS GOLD COMPANY.

Judge F. P. Primm, Redding, Cal., Pres.; Prof. Sam'l Chambers, University of California, Vice Pres. Capital stock only $1,000,000.00. Par value, $1.00, fully paid and nonassessable. The Company has 440 acres of as fine a mineral land as there is in Trinity County, California. Four distinct ledges of ore, one of them 27 feet wide, cross-cut at a depth of 85 feet. Ore has been taken from four shafts which will run $1.00 per pound. Three assays, one $10.00, one $88.00, one $245.00 per ton. We visited this property and panned stringers of pure gold for 1,500 feet along these ledges and in some instances the stringers of gold would reach one-third around the pan. A ten-stamp mill will be in operation in a few days, and the first bar of gold will be shipped to our office for exhibition. The big Dorleska Mine, the Sash Mine, the Gray Mine, the La Grange Mine, the Holland, are all neighbors to "Three Peaks," and they are large dividend payers. The Dorleska is on the same gold ledges as "Three Peaks," down 600 feet, and is commonly referred to as the "Mint." Take our advice and buy "Three Peaks" at 10c a share. Only $15,000.00 needed to pay for the stamp mill and complete the cross-cut tunnel tapping the ledges 200 feet in depth, and the stock will go to par. The largest block of gold ever mined in California was taken from the Gray Brothers' Mine and sold to the United States Mint for $46,000.00. This is a neighbor of "Three Peaks." Abundant water power run stamp mill and all mining machinery. No powder necessary; the ore can be mined and milled for less than $1.50 a ton. Abundance of timber. Buy "Three Peaks" to-day. Market letter free.

The Stock Market.

New York, Oct. 13.—The stock market to-day opened with a rush and prices were lifted sharply all around. The buying was in the speculative railway shares, which have recently been neglected for the industrials, which latter continued the general recession in sympathy with the stock market. The buying was much heavier than for some time past, and the short interest was forced to cover to a large extent, with values strong to a fair extent on all decent motion stock, the best lasting well into the afternoon and the last section of the stock list. The movement was not universal, however, for many issues, but few on sale, indicated the demand was quite good. All leaders were put up, and the list closed the day at a material advance over the last quotations of Saturday. Northern Securities was the most active and after being early at 109½ broke to 108, with a rally right to 109¾, in sympathy, and down to 109 in the last dealing, which was the final one. Rock Island preferred was also weak, the common selling down 2½ in sympathy with the preferred. Stock Island preferred sold down 3½ to 65, and Rock Island common at 30 for a loss of 2 points. Railway bonds were generally lower, and Chicago Great Western 4s declined 2 points, and 2d 4s 1½ points. Northern Pacific bonds sold at 93 for the 4s and Union Pacific bonds at 98 for the 4s, and the preferred at 90½ for the 4s and the preferred at 90½ for the 4s and the preferred at 90½ for the 4s
