WE WILL GIVE

A Trial Bottle of **FLUID STAR LYMPH Free.**

ALL YOU HAVE TO DO IS TO GO AND ASK FOR IT.

FLUID STAR LYMPH is a new clinically established treatment. It is a Serum Lymph in liquid form, so it can be used at home without any instruments.

This preparation is not the result of a day's, a week's or a month's study and deliberation, but is the result of years of careful experimentation in cell production, cell functioning, cell tonicity and cell nourishment.

These experiments are carefully tabulated and this preparation has stood not only all the exacting tests in the laboratory satisfactorily, but has also been specifically tried and results tested on thousands of cases where its use is indicated and the results have been not only gratifying, but a revelation to those conditions of lowered vitality, disordered nutrition and those many nervous ailments involving the kidneys, heart and sexual functions that have heretofore been so unsuccessfully treated.

These conditions react so admirably to this preparation and so rapidly that no one can afford to overlook the value of the same.

INDICATIONS FOR ITS USE.

Only those diseases are named in which the Lymph has been found of distinctly superior medical value.

General malnutrition, anaemia, Neurasthenia and its allied conditions, Epilepsy, Asthma, Chronic bronchitis, Fatty degeneration of heart, Chronic articular rheumatism, Obesity, Chronic kidney disease before decided contraction occurs, interstitial nephritis in first two stages, i. e., before heart exhaustion, Constipation, Catarrh, All diseases of the skin, Gout, Pleurisy, Liver trouble, Scrofula, Blood Poisons, Dysentery, Diseases of women, Neuralgia, and all febrile diseases, Pulmonary Tuberculosis, especially in early stages.

A SPECIFIC IN THESE.

In the treatment of Nervo-sexual Debility, Psychic Impotency, Seminal Emissions, Sexual Neurasthenia, Spermatorrhoea, Senile or Presenile Debilities, Sexual Atonicity, Menstrualgia, Sterility, Insomnia, and as an aid in the treatment of Paralysis and Locomotor Ataxia or any condition where the nervous or nutritive functions are impaired, its value is supreme.

UNDENIABLE FACTS.

(1). The creation of force and activity depends upon properly selected and assimilated reconstructives.

(2). Hypodermic medication is to be avoided as much as possible, and in Fluid Star Lymph we have every one this necessity.

FLUID STAR LYMPH contains all the basic principles necessary to building up the blood and nerve tissue, and restores to normal tone any condition where reconstructive medication is needed. It exercises a germicidal antagonism to microbic infection.

FLUID STAR LYMPH is a powerful tonic in old age, gives new life and tone through its wonderful reconstructive virtue.

FLUID STAR LYMPH does not disturb the most delicate stomach, and is a food against any disease.

FLUID STAR LYMPH is a blood maker, and does not irritate or coagulate like iron, Arsenic, Manganese and Bitter Tonics.

IF FLUID STAR LYMPH fails to cure any case of Neurasthenia or Nervo-Sexual Debility, where we recommend it, send us facts, and money will be returned.

FLUID STAR LYMPH in simple and Sexual Neurasthenia is commended by its chemical formula and backed by thousands of testimonials from physicians, as well as patients that have been restored.

On account of Fluid Star Lymph not being a cure-all, this free distribution takes place only through physicians, and in St. Louis and vicinity we have selected Dr. Meyers & Co., of N. W. corner of Broadway and Market street. Their office hours are 9 to 5 and 7 to 8 evenings. If you cannot call there for a bottle, write to us for circular describing the Fluid Star Lymph.

ATTACHMENTS STOP THE SALE

Creditors Join in Suits Against T. F. B. Sotham.

Chillicothe, Mo., Oct. 27.—Attachments served by his creditors against the farm and city residence of T. F. B. Sotham, the Hereford cattle breeder, to-day caused him to call off a big cattle sale that was in progress.

He had advertised to sell 1,000 Texas Hereford cattle, after which he stated that he would offer to the highest bidder his 400-acre farm and his $12,000 residence. It became generally believed that he was to go to Canada, and there was a run by his creditors.

Elijah B. Martindale of Indianapolis filed suit on a $10,000 promissory note.

There was a large attendance of stockmen at the sale, but after it began a Deputy United States Marshal garnisheed all the bidders in behalf of Martindale, and when about 300 cattle had been sold Fotham stopped the sale. Sheriff Daly took charge of Mr. Sotham's herd on a chattel mortgage held by William Moffett of Mendota, Ill., for $25,000. It developed that this morning Sotham had executed another mortgage on his cattle and farm effects for $40,000 in favor of Sam Weaver of Forsythe, Ill., making a total of about $100,000 that the records show against him.

Sotham further stated that every cent he owed would be paid.

NOT SLEEPING, BUT DEAD.

Bartender Thought Hugh McCourt Was Intoxicated.

Surrounded by a dozen men, who laughed and drank, Hugh McCourt, for nearly two hours sat dead in a chair in Douglas McKim's saloon, at No. 220 Adams street, before his death was discovered.

McCourt came into the saloon about 6:30 yesterday evening and took a seat near a table. Apparently asleep, he remained there until after 8 o'clock, when John Looper, the bartender, attempted to arouse McCourt. Thinking McCourt was intoxicated, Looper was about to lift him to his feet, when he discovered life was extinct. The body was removed to the morgue. McCourt was 46 years old, and lived at No. 220 Adams street.

Bert Edwards Escapes With Sprained Ankle and Bruises.

While climbing over the top of a box car which was standing on the west approach of Merchants' Bridge, Bert Edwards of No. 1966 South Twelfth street, a telegraph operator for the Postal Telegraph Company, missed his hold on the car yesterday morning, and fell to the ground.

Patrolman Ball of the Sixth District called an ambulance and Edwards was taken to the City Dispensary. His injuries consist of a sprained ankle and bruises. He was able to go to his home. Edwards fell forty feet.

WINTER IS COMING BRINGING CATARRH

Every Catarrh sufferer dreads the coming of winter, for with the first breath of the "ice-king" this miserable disease is fanned into life and all the disgusting symptoms return. The nostrils are stopped up and the throat can be kept clear of mucous secretions only by continual hawking and spitting. Catarrh is a nuisance and source of annoyance, not only to the one who has it, but everybody else. The thick, yellow discharge from the head produces a feeling of personal defilement, and the odor of the breath is almost intolerable.

The catarrhal poison brings on stomach troubles and affects the Kidneys and Bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial deafness, the loss of smell, and giving to the voice a rasping, nasal twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a disease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers, powders and salves have proven failures.

The way to cure Catarrh thoroughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed, and nothing does this so surely and promptly as S. S. S. As long as the blood is poisoned with Catarrhal matter the discharge of mucus and other disgusting symptoms of the miserable disease will continue. S. S. S. goes to the fountain source of the trouble and purifies and enriches the blood, and so invigorates and tones up the system that catching cold and contracting Catarrh is not so likely to occur. Keep the blood in order and winter's coming brings none of the discomforts of Catarrh.

Write us particulars of your case, and let our physicians help you get rid of this blood-tainting and stubborn disease. We make no charge whatever for medical advice.

SSS

COULD NOT HEAR THE TICK OF A CLOCK.

Watsontown, Pa., July 13, 1903.

Dear Sirs:

I have used S. S. S. for Catarrh of the inner ear, and have found it an excellent remedy for same. I had been troubled with this disease for years and tried many things in an effort to get relief, but nothing did me any permanent good until I began S. S. S. I had a discharge from my ear and my hearing was so badly affected that I could not hear the tick of a clock. I was in bad shape when I began your medicine. S. S. S. has done away with the discharge and my hearing has been wonderfully improved; so much so that I can now carry on a conversation in an ordinary tone, whereas a year ago this was impossible.

Your medicine has done me a world of good and I do not hesitate to give it the credit it deserves.

W. F. KRUMBHINE.

NO SIGN OF CATARRH IN THIRTEEN YEARS.

Krebs, Ind. Ter., Aug. 1, 1903.

Dear Sirs:

About thirteen years ago I used your remedy for Catarrh. I had been troubled with it for about nine years, but since taking S. S. S. have never been worried with it. I feel able to recommend S. S. S. as a sure cure for Catarrh.

T. MILLWEE.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

UNIVERSITY MEETS NORMAL TO-DAY.

Game With Warrensburg Eleven Will Open Local Season for St. Louis Aggregation.

VISITORS APPEAR STRONG.

Their Line Seems to Average at Least 175 Pounds, but Delaney Is Hopeful of Victory.

St. Louis University and the State Normal team of Warrensburg will meet this afternoon on the gridiron at Sportsman's Park in a match which will open the season for the local eleven.

Delaney will have the first chance to see his team in action to-day, and the promise is for a good game. While St. Louis has had rather a late opening of its season, it is somewhat new at signal work, due to Caldwell just having assumed the post of quarter, and has suffered interruptions in its training, yet the eleven expects to win to-day.

Miller, Lindsey and Campbell will compose a formidable trio at the center of the St. Louis line to-day. Lindsey is the center of last season's Marion-Sims team and has had considerable experience at the game. He is probably as strong a man as any player of the position on local teams.

Hennerich will play left end in place of Caldwell, who has moved up to quarter. Bennett and S. Campbell will be the right and left backs. Bennett is the former Miss court man, and Campbell has had enough practice at the game to make him formidable.

Cupples, who is said to have shown promise in his work, will be fullback. Poelman, of last year's university team, will be right end. Miller, who plays at right guard, is not the same man who some held down center on Marion-Sims, but is said to be a strong lineman.

Delaney's line is probably the best in practice, at least, that has been seen around here for some time. If it can hold together to-day as it did in practice for the last week it ought to be productive of excellent results.

Miller will play center on the Warrensburg team, so two men of the same name will be in opposing lines. Cameron or Walters will serve as quarter. Smith and Riley right guard and center on Warrensburg, are said to be a dangerous pair, and their work is expected to make the St. Louis boys hustle.

Coach Delaney, Captain Caldwell and Manager Murphy are all hopeful of winning to-day's game, but all agree that the hitches in work of the St. Louis boys and the late date at which they commenced to practice would excuse some slight willness in their early play to-day.

The game is set for 3:30 and thirty and twenty-five minute halves will be played. Officials have not been selected.

WARREN-BURG TEAM HERE.

The Warrensburg team got in last night and put up at the New St. James. The boys reached the city about 6 o'clock, and are rather a husky-looking bunch. It appears as if their team would average at least 185 pounds as a whole, and that their line would average about 175 pounds.

This will give them the advantage in weight over St. Louis. Delaney's line, with the heavy candidates at center and guard, will average about 170 pounds, or very close to that figure.

The entire team will probably average about 160 pounds.

Coach Houseman accompanied the boys down from Warrensburg, and believes that the Normal bunch will give a good account of themselves. They certainly seem to be in good shape.

The line-ups will be:

Pechman	Right end	Hyde
Irwin	Right tackle	Mills
Miller	Right guard	Deane
Lindsey	Center	Graham
Campbell	Left guard	Hudson
Brentan	Left tackle	Wolf
Hennerich	Left end	Cullen
Caldwell	Quarter	Cameron
Bennett	Right half	Mell
S. Campbell	Left half	Harris
Cupples	Full back	Pepper

NATIONAL COMMISSION AWARDS.

McIntyre and Ferry, Claimed by Detroit, Go to Buffalo Club.

Cincinnati, Oct. 27.—President Herrmann of the National Baseball Commission today decided several cases where the rights of players were in dispute by two clubs.

Loudenslager was awarded to the Brooklyn National League.

Brooklyn had the player two years ago and claimed that he was simply loaned to Syracuse, while the latter declared that he was released to them.

Outfielder McIntyre and Pitcher Ferry were awarded to the Buffalo club. Pittsburg claimed that the Detroit club's claim for the men was a trick to let Buffalo keep them. It was shown that Detroit had arranged to trade Pitcher Kleinsger, Catcher McAllister and Infielder Yeager for the men.

Other cases to be decided are:

Ambrose Putnam, drafted by New York American, claimed by Spokane; John Hickey, claimed by Seattle, but once awarded to Cleveland, case having been reopened; McPherson and Barry, first purchased and afterwards drafted by Philadelphia National; C. Jones and G. Dundon, awarded to Chicago under peace agreement, case reopened; John J. Dillon, agreement to purchase from Jersey City by Brooklyn, afterwards drafted; T. J. Donohue, drafted by Chicago American, claimed by St. Louis National. The decisions in these cases will be handed out some time this week.

AMONG THE EASTERN ELEVENS.

Yale Rounding Into Form—Woeful Gloom at Princeton.

REPUBLIC SPECIAL.

New Haven, Conn., Oct. 27.—Secret practice was instituted again on Yale Field to-day, and for forty-five minutes the only indication of what play was going on behind the closed gates came from the shouts of the coaches. Plays were put into execution in which any of the five of the linemen carry the ball.

A coach said to-night that, while they are not so versatile in play as last year's champions, there is a growing confidence in the capacity of the team. Spalding, a stocky freshman end rush, was drilled individually in drop kicking. He dropped one goal from the fifty-yard line and several at the forty-six-yard mark.

HARVARD AT HARD PRACTICE.

Cambridge, Mass., Oct. 27.—Harvard had a little practice this afternoon, the scrimmage between the 'varsity and the second team lasting thirty-five minutes, which is the longest line-up the team has had this season. The 'varsity scored on the second three times, but were themselves scored on. The practice was in secret, and there will be only a little open work before the game with the Indians next Saturday.

WOEFUL TALE AT PRINCETON.

Princeton, N. J., Oct. 27.—A woeful tale came from the closed doors behind which the Tigers held football practice to-day. Men closely connected with the team said that without exception the players made known the weakest showing of any during the season. Although neither team scored, the scrub eleven retained possession of the ball and they advanced it the greater distance. The scrubs seemed to have easy work with the 'varsity opponents, brushing them aside given nearly every attempt.

GENERAL FOOTBALL NOTES.

Smith Practices With St. Louis University at Sportsman's Park.

Smith Academy got out to Sportsman's Park for its initial practice yesterday and went through some rather fast work with the university team. The heavier line on Delaney's eleven told when it came to offensive work and gained considerable ground over Smith.

Smith will practice with the university team from now on, although the game of to-day will interrupt the work.

Washington game with Rolla Saturday may possibly be called off. While nothing definite has yet been said on the point, it is rumored that the local eleven is not satisfied with the treatment it has received in the past, and wishes assurances on the matter before it visits the town again.

Light practice was the feature of yesterday. But few men were out, and several members of the team stood on the side lines, watching the others work. Even Stuttle, who has been about as energetic a worker as any of the bunch, stood on the field in street costume and did not take part in the work.

BILLIARDS.

Peterson 50, Adams 49.

In a sensational billiard match at the Grand last night Frank Peterson defeated Adams by a score of 50 to 49.

CORBETT TOO MUCH FOR MURPHY.

New York Lad Becomes So Groggy That Denver Pugilist Quits Fighting.

Boston, Oct. 27.—For ten rounds and a minute and a half in the eleventh, Hughey Murphy of New York stood up against clever defense and landing many blows on the feather-weight champion.

Then came three blows in quick succession, and, although Murphy came up before the count, he was so "groggy" that Corbett refused to continue the fighting and received the decision.

OUTLOOK QUITE PROMISING.

Winter Racing on Pacific Coast Attracts Big Stables.

REPUBLIC SPECIAL.

San Francisco, Oct. 27.—There is every prospect of a big racing season in California this year. Clement E. Pierce yesterday engaged stalls for Charles Dwyer, who will leave New York in a fortnight with all of his string except the great Africander.

Frank McMann, who is now in Chicago, where he has just purchased Major Tenny from Sam Hildreth, applied yesterday for stalls. Wade McLemore wired yesterday that he will ship here at the same time as J. A. Newman, who has Cursus and Dolly Haymond.

Sam Morton, who raced at New Orleans last winter, has applied for stalls for Dodie S. and the balance of his string. C. A. Johnson and J. McAllister, both of whom have been racing at Chicago, are coming. Paul Lane shipped from Palisade yesterday with F. W. Brode, Hipponax, Ripper and three others.

Gus Lanka will bring St. Louis in a few days with six. William Cahill, Tom Ryan, Charles McCafferty and his brother, John, who is making his first visit to the Coast, will leave Chicago at the end of the Worth meeting.

Here is a list of the horses in Schreiber's string that got in yesterday in care of Dick Williams: Crimean, Buckleith, Schwartzwald, Missiona, Blumenthal, Pinkerton, Inspector, Hahsin, Speaker Fontana, Woodlands, B. T. Johnson, Henry Ach, Hersalt, Tim Hurst and Mildred B.

Beside these there were three unnamed youngsters in the stable. In addition, the string that Schreiber has been racing at Chicago, including Schwalbe, will leave there this week.
