Now is Your Time—McMaster, Brice & Ketchin.

OUR CANNASER.—Mr. J. S. McCauley will canvass the county in the interest of the News and Herald. He will receive subscriptions and orders for job work, and is authorized to receipt for any money for this paper.

See our Henrietta Cloths (all wool silk warp), 46 inches wide. We will sell at 25c. D. A. Hendrix.
The Italian Band, of Charlotte, N. C., will furnish the music for the gorman at the armory on October 18.
The managers of State and Federal elections have been appointed and their names may be found in another column.

If you take JERSEY FLATS occasionally you will never suffer with chills and fever. For sale by McMaster, Brice & Ketchin.

A gentleman who recently rode through the Horeb neighborhood reports the cotton crop as turning out very well.

Fairfield stock, as usual, took a large share of the premiums at Chester, and in the races of fleet-footed horses beat everything.

The brick and sand are being hauled for the building of the new Episcopal church, which will commence right away.

Another theatrical troupe will perform in the Opera House in a short time, which is said to be of a superior dramatic order.

Four new scholars from the county entered Mount Zion on Monday, making the total number in attendance one hundred and sixty.

Chairs neatly reupholstered with perforated seat very cheap. Call and see our stock of furniture.

J. J. Geric & Co.
Business ought to be brightening up somewhat, as the Bank paid out \$8,000 on Saturday, and since that time cotton has been coming in freely.

R. M. Huey has just received a lot of choice smoked uncured sugar cured hams and breakfast strips, also mess mackerel in kits.

On Wednesday night we were visited by quite a severe wind and rain storm, but we hear of no serious damage to the cotton crop, although 2.31 inches of rain fell.

We have received from Fenly & Brown, of Simpson's, a fine sample of sorghum which is almost equal to the best New Orleans molasses. This excellent effect is produced by the use of the cane as a dehydrator.

Mr. J. B. Turner will exhibit at the Augusta Exposition twelve head of Guernsey cattle and three thoroughbred horses. He has taken premiums at several Expositions, but his stock is even better than heretofore.

Mr. W. H. Flenniken expects to have his residence completed within ten days. When finished it will be a most comfortable and convenient dwelling, and at the same time presenting a most pleasing appearance.

JERSEY FLATS never fail to cure any case of Malaria or Bilious Chills and Fever. For sale by McMaster, Brice & Ketchin.

The committee on homes for the Methodist Conference to meet at this place November 28, report that they have met with gratifying success, as was to be expected from the well known hospitality of our citizens.

Q. D. Williford & Co., have very tastefully decorated the front of their store with the stars and stripes. It was rather a unique conception, but it adds greatly to the appearance of their already pretty establishment.

H. P. warranted to cure sick head ache in twenty minutes. For sale by McMaster, Brice & Ketchin.

The collection taken up at Horeb last Sunday in aid of the American Bible Society amounted to \$40. Rev. T. H. Law, representing the Society, was present and gave a very encouraging and interesting account of its work.

The improvements on the residence of Mr. W. A. Beatty are nearing completion. When it is painted, which will be done shortly, it will be quite an improvement, and will add to the appearance of that part of Congress street.

The Mayor had two colored boys before him on Saturday in the persons of Bill Greeley and Bob Crosby, colored, who were up for fighting. Greeley got one dollar or one day, and Crosby three dollars or three days. They paid up.

We will offer this week our \$1.00 Black Cashmere at 75c.; our 75c. Black Cashmere at 62c.; our 50c. Black Cashmere at 45c.; our 35c. Cashmeres, blue, red and brown, at 25c. These Cashmeres are 36, 38 and 40 inches wide. D. A. Hendrix.

The list of premiums at the Chester Fair have not been yet announced, but among the exhibitors of blooded stock from this county were Messrs. John B. Propst, D. M. Nilling, Moses Clowney, and W. T. Coleman. From gentlemen who were present we learn that our exhibitors took a full quota of the prizes.

Another mad dog was killed at Mr. H. L. Elliott's on Wednesday evening. The dog was running about the premises when Willie Elliott got his gun and killed it. So far as known the dog did not do any harm before killed. This makes two mad dogs dogs killed on the premises within a month.

If some of our men think they can buy goods cheaper in other places than in Willsboro some of our women do not. A prominent merchant told us

of seeing a farmer selling his cotton in Columbia, but the very next day his wife was trading in Willsboro and bought a large bill of goods from him alone. The women know a good thing when they see it.

Why suffer with thataching head when you may be cured with Ayer's Cathartic Pills? Send a 2 cent stamp to Dr. J. C. Ayer & Co., Lowell, Mass., for a set of their attractive album cards.

THE COTTON MARKET.—The price of cotton commenced to run down recently, but on Wednesday it was about stationary, the best bringing in this market between 8 1/2 and 9 cents. These prices keep pace, however, with any other place.

DEATH.—Mr. Geo. Brown, an old and respected citizen of the Rock City neighborhood, died on Saturday night after a long and painful sickness, with cancer of the face. His remains were buried on Sunday in the old Alston and McKinstry grave yard. He leaves a family all of whom are grown.

MARRIED.—The many friends of Mr. Miles P. Refo, formerly of this place, but now of Charleston, will be pleased to hear of his marriage in that city. Mr. Refo was married on 3rd October to Miss Coralie Miller, of Charleston, at the residence of the bride's mother. We extend congratulations.

SUDDEN DEATH.—A young negro girl died suddenly in the Albion neighborhood on Monday. It seems that the girl was in the house probably lying down and when found was dead. Trial Justice Henry empaneled a jury and held an inquest. The verdict was that the deceased came to her death from natural causes.

CONFERENCE MEETING.—The fourth Quarterly Conference of the Fairfield Circuit convened at Bethel church, this county, on the 13th inst., lasting through the 14th. Presiding Elder Jones was present and preached two powerful and instructive sermons to the large assemblage present. The conference adjourned on Sunday.

BIG RATTLESNAKES.—Mr. Joseph Gummell told THE NEWS and HERALD of two large rattlesnakes that were recently killed on his place a few days ago. They were killed in a day or two of each other one having nine rattles and the other seven. The largest was about five feet six inches long, and when the skin was stuffed it took three and a half pecks of bran to do it, having an unusual dimension in size.

UNCLAIMED LETTERS.—The following is a list of letters remaining in the Postoffice at Willsboro, S. C., Oct. 14, 1883:

Henry Cloud, Melton Cook, Daniel Ford, Paris Harper, Mrs. Emmie Hawthorne, Mrs. Vina Homes, Mrs. Sarah Wilson, McDaniel Young.

Persons calling for any of the above letters will please say they were advertised. DuBoise Egleston, Postmaster.

GOOD COTTON.—Mr. Jas. D. Turner, in a short talk on Wednesday, said that he had planted a variety of cotton known as the Duncan mammoth, from which, out of one hundred pounds of seed cotton he had ginned thirty-eight pounds of lint. Mr. Turner thinks this by far the best cotton yet, and incidentally mentioned that the bolls sometimes measure six inches in diameter. Mr. Turner believes that he can improve this cotton by crossing it with other varieties, and he proposes to try the experiment.

GORTON'S MINSTRELS.—This excellent troupe performed at the Opera House on Tuesday night before a large audience. The performance in every particular was a splendid one and was greatly enjoyed by the audience as the frequent applause and uproarious laughter attested. There was nothing bordering on the coarse or vulgar as is so frequent in such companies. The band is a fine one, and during the afternoon and immediately before the performance, they discoursed excellent music on the streets.

PERSONAL.—Miss Sadie Crawford has returned after an extended trip to Tennessee.

Miss Alice Kinloch, of Charleston, is visiting relatives in town.

Mr. A. F. Gooding is in town on a short visit to relatives and friends.

Mr. F. H. McMaster has been elected editor-in-chief of the South Carolina University magazine.

Rev. Jno. T. Chalmers and family have returned after a short vacation.

The Rev. Neill E. Pressly is visiting in town.

ACCIDENT.—While Mr. Wylie Yarborough, with his daughter and son, were on their way to Willsboro on Sunday morning, when just beyond Glenn's Bridge, coming down a hill, the horses broke and the two horses hitched to the buggy became frightened and ran away. They dashed down the hill and ran into an embankment overturning the buggy and precipitating the occupants to the ground. None were injured except Mr. Yarborough himself, his knee being considerably wrenched and skinned. His injuries were not serious, however, beyond the pain incident to the accident, but he was unable to continue his journey.

In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

THE SOJA.—Mr. J. M. Stewart has shown us a stalk of the soja bean, a Chinese vegetable raised by him. The stalk has five hundred and three pods and each pod has two or three beans. Forty or fifty bushels can be raised on an acre. There are several varieties, but this is the only one which will mature in our climate. The beans are excellent for both table use and feeding to stock. A great advantage possessed by this bean is the ease with which it is gathered. The stalks are pulled up and carried into a room where the pods burst open, the grains drop out, and are easily scraped in a pile and bagged. The soja is quite a salamandra and stands our hottest and driest summer weather without damage.

Every wife and mother in the country should know the great value of Ayer's Sarsaparilla, as a blood purifier. It gives tone, health, and strength, to the vital organs, corrects all irregularities, and expels impurities from the system. Young and old use it. Price 25c.

A LOSS TO WILLSBORO.—The announcement that Mrs. Eunice Bacont and family expect to move to Columbia on the 25th of this month will be received with deep regret by their many friends in Willsboro. Miss Lillie Bacont will also accompany Mrs. Bacont to her new home. Mrs. Bacont has secured a dwelling near the South Carolina University, where she will keep a students' boarding house. It will be a great loss to Willsboro when these estimable and popular ladies shall leave, but their friends, while regretting it, wish them great happiness in their new home.

Mrs. Bacont's residence has been rented to Mr. R. T. Matthews, who will occupy it shortly after her departure.

BIBLE ASSOCIATION.—The South Carolina Bible Association will hold its annual meeting in Columbia on November 7 and 8. The meetings of the Association will be held in the Y. M. C. A. building where there will be addresses of welcome, devotional exercises and enrollment of delegates. Besides the reports from the various societies in the State any other business calling for consideration will be attended to. There will be a union mass meeting in one of the churches of the city where addresses will be delivered by special prominent speakers of the State. There are one or two societies in this county, which will doubtless send delegates. The Society formerly in active operation at this place, while not having kept up its work, will probably send delegates to the meeting.

ANNUAL CONFERENCE.—The annual conference of the Methodist church in this State will meet in Willsboro on November 28. A committee consisting of the Rev. G. P. Watson, chairman, J. F. McDowell, J. N. Center, and S. C. McDowell has been appointed to make a canvass of the town in the matter of entertaining the members. This body consists of 250 members, and is the largest religious meeting that has ever assembled in this place, and is the first meeting of the annual conference in Willsboro. The well-known hospitality of our citizens will be equal to the occasion, and everybody will receive a warm welcome. It is undecided where the meetings will be held, but it is probable that the Opera House will be engaged for the occasion, as no church in town will seat the delegates as an audience which will be present.

THE HUDSON MONUMENT.—This monument, which stands in front of Mount Zion College, certainly needs some attention from the Board of Trustees. In passing it the other day it was noticed that the monument is terribly abused. It always has been abused by thoughtless boys, and such is the case at the present. It is blackened with lead pencil marks, and parts of it have been recently chipped off. It is impossible for the teachers to prevent this vandalism, as our own experience attests, having been a teacher in the same institution. The only remedy that suggests itself is the erection of an iron fence around the monument of sufficient height to prevent thoughtless boys and others from defacing it. We hope the proper authorities will take the necessary steps to preserve this monument from further defacement.

Rev. Dr. Burrows, pastor First Baptist Church, Augusta, Ga., says: "I have used H. P. myself and in my family for years and find it to be the best remedy known for sick headache, constipation or bilious disorders. I advise any one suffering from these troubles to use it and keep it in their family." For sale by McMaster, Brice & Ketchin.

A NEGRO AND HIS WORK.—Andy Mayo, a colored man living on Jim Fair's place, a few miles out of town, swore out a warrant before Trial Justice Cathcart on Thursday for the arrest of one Harris, alias Buzzard.

It seems that Buzzard, who is also a negro, is going through the county pretending to be a great doctor and by working upon the credulity of simple minded negroes he readily practices his fraud upon them.

About September 15 the services of the "doctor" were engaged by Mayo, whose wife was sick. After going through certain forms for several days he demanded and received from Mayo five dollars in cash and two dollars worth of chickens as compensation for his services. He then said he would leave for a day or two and return and complete the cure. He not only left, but refused Mayo's thirteen-year-old daughter to leave with him, and they have not been heard from since. Mayo, therefore, wants to find him and give him a taste of the law.

The True Method

Of curing habitual constipation, and liver and kidney ills, is to avoid the use of the bitter drastic liver medicines and cathartics, and to take only the pleasant liquid fruit remedy, Syrup of Figs. It cleanses as well as strengthens the system, and does not leave the bowels constive, so that regular habits may be formed, and the invalid permanently restored to health. It acts promptly and effectively; it is easily taken, and perfectly harmless.

THE CAMPAIGN MEETING AT COLUMBIA.

On Friday a small number of gentlemen left Willsboro to be present at the campaign meeting in Columbia. The programme as published, besides the addresses in the Opera House, included the firing of cannon and a torch light procession, but for some cause this part of the exercises was not adhered to.

At the appointed hour for the speaking the Opera House was packed from pit to dome by those who desired to hear the distinguished speakers. Congressman Mansur, of Chillicothe, Mo., was the first speaker, and for over one hour he entertained his audience with an address upon the tariff in all its phases. His speech was frequently interrupted with cheers and applause. After Congressman Mansur had finished, the audience was addressed by Senator Butler on the same subject. It was with regret that the Fairfield delegation had to leave to take the train for home almost at the beginning of the Senator's speech.

The meeting, in so far as the speaking was concerned, was a great success, and one could not help being impressed with the fact that if possible such meetings should be held in every county, where the people could learn in a short while from men versed in national politics, the monstrous evils of the iniquitous tariff, and the best way of remedying them.

JERSEY FLATS' Chills and Fever Cure

THE CHESTER BALL.

A party consisting of Mrs. J. Q. Davis, Misses Floride Dwight, Addie Hanahan, Nellie and Annie Davis, and Messrs. W. O. Brice, T. W. Landersdale, Dr. R. B. Hanahan, Jr., Thos. F. Davis, Sumter Crawford, R. E. Brice, and Jas. Q. Davis, left town on Thursday for Chester to attend the ball given by the C. F. Y. & L. Club. This Club, like the Fairs held in Chester, is composed of gentlemen from the four counties of Chester, Fairfield, York, and Lancaster, and it is proposed to give an entertainment during each Fair. Mr. J. H. McClure is president and N. C. Walker secretary, and having been only recently organized this is the first entertainment. The ball was given in the Odd Fellows Hall and the Italian band from Charlotte discoursed sweet music. Thirty-five couples were on the floor and the seats in the hall were occupied by dignified chaperons and gentlemen who told of "how we used to dance." Besides the four counties Charlotte and Columbia were both represented, the former contributing her belle, the pretty Miss Hartly. A description of the costumes will not be attempted. They were all both handsome and becoming, and it was seldom seen our good fortune to see so many pretty girls together. The Willsboro representatives were frequently complimented on the gracefulness of their dancing. Misses Rachel and Mallie McMaster, who are attending the Fair, joined the Willsboro party at the ball. Dancing was kept up to an early hour on Friday, when the southern bound train brought back to Willsboro a merry party who had greatly enjoyed the first ball of the C. F. Y. & L. Club.

Bucklen's Arnica Salve.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at McMaster, Brice & Ketchin's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size 50c. Every bottle warranted.

WANTED.

A TEACHER for the white and colored schools in No. 18. Apply to T. B. MCKINSTRY, Chm. Bd. Trustees. 9-22x13

ADVICE TO MOTHERS.

Mrs. Willsboro's SCOTCHNESS STARCH should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep; by relieving the child from pain, and the mother from anxiety, it is a "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes. Twenty-five cents a bottle. June 25th

TAXATION.

Some Figures that will be of Interest to Taxpayers.

From the books of the Treasurer we glean the following statistics regarding county taxation which will doubtless be read with interest by all taxpayers:

The total tax assessed in the county is \$43,000 as shown by the Treasurer's duplicates, and is divided as follows:

| | |
|--|-------------|
| State tax | 16,786.45 |
| Ordinary county tax | 11,750.53 |
| Special county tax | 2,517.97 |
| Two-mill school tax | 6,714.59 |
| Four-mill school tax | 1,678.97 |
| Pol tax | 3,709.99 |
| Special school tax paid by the C. C. A. Railroad | 84.00 |
| Total | \$43,240.91 |

Of this amount of the railroads in the county pay \$6,025.18, which is about one-seventh of the total tax.

It may be interesting to compare the present taxation with that assessed in Radical times. The last tax duplicate of Radical times in the Treasurer's office shows a total assessment of \$78,000 for this county. About \$15,000 of this amount remained in the county, which, under various conditions, was distributed among the people, the balance, \$63,000, went to Columbia where it was grabbed by the corrupt men then in office. Under the present State of affairs about \$16,786.45 goes to Columbia which is disbursed under honest and proper methods, leaving a balance of \$36,454.46, which, in the ordinary course of business would be distributed among the people of the county. How wonderful then, is it that our people should have stood such unjust taxation!

While on the subject of taxation, it will be matter of interest to know what taxes corporations pay. The Willsboro National Bank, for instance, pays \$72.88, which is the tax on real estate owned by it. The tax paid by the stockholders of the institution, however, makes the Bank taxation much larger than the above sum. Under the new law relating to the assessment of bank stock the tax that is due on the stock is assessed upon the individual stockholders and not upon the bank, as heretofore. Under the old law the bank paid the tax on the capital stock.

Other interesting figures will be found below:

The largest tax paying school district is No. 14, which pays \$3,300 of the total tax, followed by Brice township, or school district No. 2, which pays \$3,000, on through the list to school district No. 17, which pays \$419.

From the above figures it will be seen that No. 14 pays nearly one-fifth of the total taxes.

The county is divided into twenty-one townships. The largest number of persons paying poll tax is in Brice township, 448 in number, ranging from that figure to 41 in No. 16. Many other interesting figures could be given, but these will suffice for the present.

THE METHODIST CONFERENCE

Will assemble in Willsboro on the 27th of November. This is a large gathering, each one having been admitted by a careful scrutinizing vote. While some have been taken in upon promises and expectations which have not been fully realized, the most of them are elegant men, good and true. They have a long time heard of Willsboro as a grand old town; they remember that Sherman said he found a silver mine here, and are now all agog with anticipations of their visitation. The noble women of Willsboro propose to take these men to their homes, as guests for six or seven days, and wish to sustain their reputation. While Sherman took away most of their silverware, he did not get it all. What remains is a little tarnished, but can be made as good as new by an application of

TAPPAN'S RELUCENT.

which we have in greater variety than anywhere before, from cheap Calico to handsome Silk Dress. Come early and get a choice selection. Remember we study to please.

Our sale of hats for the past season has been simply enormous. Owing to the competition and for the coming season we offer to sell millinery at prices that will enable every one to get new hats. All we ask is a call to convince you of the fact.

ONE WORD MORE!

We have in stock an elegant line of the latest novelties in Ruching, Sewing Silk, and Fancy Vellings, which we are now running off at 25c. a yard. Our New York Scarfs are varied and beautiful—we do not hesitate to say the prettiest and cheapest that can be procured in town. Our Socks, such as Collars, Cuffs, and Handkerchiefs, are too cheap to mention. All we want is customers.
